Changes at the G. T. R. Depot.

Mr. Harry McLeod, who has been engaged as baggageman at the G. T. R. station the past year has been promoted to Berlin. A young man from Pt. Colborne has been appointed to the vacancy.

Pastor Appreciated by His People.

When Rev. Charles A. Cook, of Bloomfield, N. J., returned home last week after visiting his mother and brothers here, he found that in his absence the Board of Deacons of his Church had met and increased his salary $200 per annum, making it now $2000. This energetic and successful son of Acton, has been pastor of his present charge for fourteen years past, and evidently lives in the hearts of his people.

A Coasting Accident.

On Saturday afternoon Master Frank Havill, son of Mr. George Havill, had the outer end of his right collar bone fractured while coasting down Agnes Street, near his father's home. With scores of others he was enjoying the rare sport, to his full, but in descending the hill on a large hand sleigh with three other boys the sleigh struck an obstruction and Frank was thrown off with considerable force. His shoulder struck the end of a projecting culvert plank with the above result. The injured shoulder is very painful at times but Frank has rare grit in his composition and bears up bravely.

Sermons on Up-to-Date Topics.

We observe that the Rev. T. Albert Moore, Zion Tabernacle, Hamilton, has been preaching a series of sermons on the great themes of the Sunday-School lessons for the last six months and the New Testament doctrine of the Incarnation and Redemption. The pulpit may greatly help the Sunday-school by such comprehensive survey of its current teachings.—*Onward.* From the Hamilton *Herald* we notice that Rev. Mr. Moore commenced last Sunday another series of sermons covering two months on "Life's Battles and How to Win Them." In preparing these sermons he has corresponded with the men of Canada who are at the top of the ladder in national, business and professional life. The opinions of these practical and successful men will be freely quoted in each sermon.

A Serious And Painful Accident.

About five o'clock last Friday afternoon Mr. John Brown, machinist at the Acton Tanning Company's works, met with an accident in which he almost miraculously escaped fatal injuries. With other workmen he was engaged in setting up a new bark cutting machine, and was carrying a heavy casting belonging to the machine across a ten foot opening between the brick work of the two steam boilers of the works on a plank footway, when about the centre of the opening the plank broke and he was precipitated to the bottom of the pit below and fell on his back upon a pile of broken bricks, steam pipes, &c. Fortunately no bones were broken by the fall. His back was painfully injured, however, and his hips very badly bruised in addition to minor injuries. Mr. Brown is progressing favorably, but it will be some time before he is able to resume his work.

Acton Victorious in First Match.

Acton's first match in the Esquesing Hockey League took place in Georgetown rink last Friday evening. This match was between Storey's Hockey Team and the Georgetown Town Team, and resulted in Acton's favor by three goals to two. About seventy-five citizens accompanied the team The game was an exciting one throughout. The first half was in Georgetown's favor, their team scoring their two goals in succession. During the second half the Acton boys got on their mettle and gave a fine exhibition of first-class hockey. In the last fifteen minutes of the match they scored three goals running. The second match is expected to be played with the hotel team, of Georgetown, on Friday, 21st. All the matches are to be played in the Georgetown rink. The proprietor, Mr. F. J. Barber having donated a handsome silver trophy on that condition.....The game has since been protested, charges having been made against the condition of the rink, and the position of the goal sticks.

ASHGROVE.

Mr. and Mrs. B. K. Ruddell spent Friday and Saturday at Sheridan, the guest of Mr. and Mrs. Will Dean.

A number from here attended the semi-annual session of Halton District Division Sons of Temperance at Sheridan on Friday. Mr. J. L. Robinson, of Hornby, was elected D. W. P. for the ensuing year.

There are two sad homes in Hornby this week, those of Mr. Will McHugh and Mr. Joseph Boyd. From each house an only son has been called away. On Saturday, Mr. and Mrs. McHugh buried their only child, a baby boy of two years. Appendicitis was the cause of his death. On Saturday evening, Wilbert Boyd, a lad of ten years passed away after an illness resulting from tubercolosis. An operation had been performed in each case.

RESTLESS LITTLE ONES.

Peevishness and Sleeplessness a Sure Sign That Baby is Unwell.

When babies are restless, cross or peevish it is the surest possible sign of illness. Well babies sleep soundly and are cheerful and playful when awake. When baby is cross too many mothers give so-called soothing medicines, which contain opiates that deaden but do not remove the trouble. What is a medicine that will go right to the root of the trouble and make baby sleep well, eat well and be cheerful in a natural way. Such a medicine is Baby's Own Tablets, which are sold under an absolute guarantee that they contain no opiates or other harmful drugs. All mothers who have used them for their little ones speak of them in terms of warmest praise. Mrs. Albert Young, Stratford, says: "My baby, who is now five months old, has always been very cross and peevish. She was very constipated and sleepless. She was a thin delicate looking child and cried nearly all the time. I did not know what to do with her. I tried several medicines but they did her no good. A friend who had used Baby's Own Tablets advised me to try them. I did so and since using them baby has been quite well, her bowels are regular, and she has grown plump and good-natured. I am delighted with the tablets and keep them on hand all the time, and whenever baby gets cross and feverish I give her a Tablet and she is all right."

These Tablets are the best medicine in the world for simple fevers, colic, diarrhoea all stomach troubles, constipation and other minor ailments of little ones. They are for children of all ages, and dissolved in water, or crushed to a powder may be given with absolute safety to the youngest infant. Mothers who once try them will never afterwards use any other medicine for their little ones. Sold by all dealers in medicine or sent post paid at 25 cents a box by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Rheumatism

No other disease makes one feel so old. It stiffens the joints, produces lameness, and makes every motion painful.

It is sometimes so bad as wholly to disable, and it should never be neglected.

M. J. McDonald, Trenton, Ont., had it after a severe attack of the grip; Mrs. Hattie Turner, Bolivar, Mo., had it so severely she could not lift anything and could scarcely get up or down stairs; W. H. Shepard, Sandy Hook, Conn., was laid up with it, was cold even in July, and could not dress himself.

According to testimonials voluntarily given, these sufferers were permanently relieved, as others have been, by
