BORN

MOFFAT—In Esquesing on the 3rd February, to Mr. and Mrs. Thomas Moffat, a daughter.

MOFFAT—In Halton, on the 10th February, to Mr. and Mrs. J. Alin Moffat, a daughter.

MARRIED

TURNER—SMOOD—In Trafalgar, on Wednesday, Feb. 12th, by Rev. T. Amy, Wm. H. Turner, of Manitoba, and Miss Ida May Smood, daughter of Wm. Smood, back concession, Trafalgar.

McPHERSON—KIRBY—At the residence of Thos. Foster, Cheltenham, father of the bride, on Wednesday, February 12th, by Rev. J. H. Edmison, B. A., Malcolm McPherson, of Esquesing, to Mrs. Ellen Kirby.

DIED

MUIR—In the Lorne Block, Esquesing, on Thursday, Feb. 6th, Miss Daisy Muir.

HELSE—at Hamilton, Manitoba, on Feb. 5th, Sarah, wife of Abraham Helse and sister of Michael Helse, Newmarket, in her 52nd year.

HAMILL—At the residence of her sister, Mrs. Lewis Sargent, Fergus, on Monday, 10th, inst. Jane Salmond, wife of Wm. J. Hamill, of Guelph, aged 39 years.

McCULLOCH—At the Methodist Parsonage, Newmarket, on Thursday Feb. 20th, 1902, after a brief illness, Rev. George McCulloch, pastor of the Methodist Church, and Chairman of the Bradford District, aged 49 years.

WEED—At Lake City, Minn., on Saturday, 22nd, February, Mrs. Mary Weed, mother of Mrs. Josie Grant, Acton, aged 85 years.

The Acton Free Press

THURSDAY, FEBRUARY 27, 1902.

EDITIAL NOTES.

The bill to prohibit members of Public School Boards from being elected members of Municipal Councils has passed the committee stage in the Legislature, and and will probably become law.

Milton citizens have set an example in reference to the Fire Brigade which Acton could follow with credit. For several years a banquet has been provided the members for the splendid services rendered, by the citizens. Who will move along similiar lines in Acton?

The proposition to establish Canadian commercial agencies in Great Britain where the manufactures and products of the Dominion could not only be seen but their merits heard from men competent to advocate what they talked about, is much discussed among Canadians resident in Great Britain in a position to judge and who heartily endorse the suggestion.

It has been suggested to the Fire Paras that a Board of Trade might possibly be instrumental in inducing the G. T. R. to build a new station. Boards in other towns have been successful along this line. If there is any possibility of supplanting the old shack which has done duty here as a station for the past forty-five years without improvements, by all means let us have a Board of Trade at once.

The most important feature of "the Washington's Birthday Number of *The Youth's Companion* is a letter on the necessity of good citizenship, written seven years ago by Theodore Roosevelt, then a member of the United States Civil Service Commission. The fact that this letter outlines a course of life which the President's public career has notably illustrated gives its publication at this time a unique and striking interest.

The cry for compensation to hotel men in case the proposed prohibition referendum carries, may as well be regarded as a forlorn hope from the outset. It is not a reasonable request. Since the "Crooks' Act" came into force about one-half the taverns formerly in existence in Ontario have been closed. Why has not compensation been asked for these? The truth is that the liquor traffic is a "permissive business," and as such is outside the range of compensation.

One of the most active members of the Opposition in the House of Commons the present session is Mr. D. Henderson, M. P. for this county. He was the first to present petitions—three of, them—all relating to railway matters in Halton. One asks that railway companies indemnify owners of cattle injured by reason of defective guards another advocates better protection at railway crossings, and a third asks for the appointment of a railway commission. Mr. Henderson has been a standing interrogation point in the legislative chamber and has keep the Government hustling some days to kept pace with him in answering his numerous questions.

The Rev. S. D. Chown, of Toronto, made the unique suggestion that if the referendum bill is fair, it would be equally fair to reverse the arrangement. "He says: "Let Mr. Ross turn his measure the other way around, permitting the prohibitionists to stay at home; and making the liquor party turn out, by compelling them to secure a majority for the retention of their trade. That would be fair play, as the trade enjoys privileges in the Province which we do not. We are seeking nothing for ourselves. They are, and should have the task of securing a majority in their favor if we must have a referendum, particularly as the bill is presented to the House in redemption of a pledge to give us prohibition." If it was fair for the hotel men to be required to secure a majority for the repeal of the Scott Act, why is it not equally fair that they should be required—if a referendum is necessary—to secure a majority against the Government's long-pledged prohibition bill?

At the meeting of the Council on Monday evening Councillor Hynds, Chairman of the Committee on Fire and Light, with the desire to ensure ample power to meet the growing demand for electric current, strongly recommended that a condenser be put in as an adjunct to the engine at the Power House. This would cost between $100 and $500 and it is claimed would increase the capacity by 15 to 25 per cent. The recommendation is worthy of consideration and chairman Hynds manifests his grasp of the situation in his department by this early in the year bringing the matter to the attention of the Council. A further remedy is within the power of the Council to adopt, by which the amount of current at the disposal of the electric light plant, can be increased by an additional 20 or 25 per cent. We are satisfied from careful observation and personal study of the metre system, that by its general adoption in town the saving of current effected would reach fully the above precentage. The metre system is the fairest for all concerned. The consumer pays for all the current he uses, no more and no less. This cannot be said with respect to those on the flat rate. The most careful and fair-minded consumer would burn considerably less current than he does if his lamps were on the metre system. If all contracts embracing, say, six lamps and over, were required to adopt meters the result would be highly satisfactory to the corporation and there would be no injustice to any consumer. The matter is worthy of the consideration and investigation of the authorities.

A COSTLY INCIDENTAL.

The Board of Health Present Audited Accounts For Expenses of Small Pox Outbreak of $1,600.

A CONDENSER FOR THE POWER HOUSE.

Council met on Monday evening, in regular session.

Members present, Reeve Williams and Councillors Henderson, Hynds, Swackhamer and Agnew.

During the past two or three weeks the Board of Health has been burning midnight light in wrestling with the accounts which accumulated during the recent small pox outbreak. As a result a list aggregating $707.86, which had passed their audit, was presented at this meeting, and this, with some $750 previously passed by Council, brings the sum to $1,466. There are, however, a number of accounts yet to be considered by the Board and when the total cost of the certificate of immunity from small-pox given Mrs. Vance by the Medical Health Officer of Toronto Junction is settled, it will reach over $1,600. This sum will be somewhat reduced as far as the net cost to the municipality of Acton is concerned. The Township of Esquesing will pay several hundred dollars for the care of one of the patients who was a resident of that township, and a considerable further sum is chargeable to the patients individually, as provided by the Public Health Act. Then it is confidently believed the Council will succeed in collecting a large portion of the balance from the town of Toronto Junction for the culpable remissness of their Medical Health Officer, whose action saddled Acton with the disease. Ratepayers generally will endorse the Council's action in putting up a a stiff fight to secure what is equitable and just in the way of restitution from Toronto Junction.

There have been numerous enquiries at this office as to the particulars of the small-pox accounts. The matter came before the Council at this meeting and it was decided that as soon as the Board of Health has completed their audit the accounts will be given the press for publication. In the meantime it was explained, any ratepayer has a right to demand a scrutiny of the accounts. It is but fair to the Board of Health to say, however, that every account has been carefully scrutinized by them and all the circumstances taken into consideration in their audit, and wherever claims have appeared to be unreasonable they have either been reduced or thrown out.

The Committee on Finance presented their fourth report and recommended payment of accounts as follows:

Town Hall:—	
R. J. McNabb, Agent Economical Fire Ins. Co.	$ 35 00
J. H. Kennedy, Agent Anglo-American Fire Ins. Co.	35 00
J. C. Hill Coal	7 35
Electric Light.	
James Brown, Sawdust, Power House	10 00
Fred Malets, Exp. to Toronto and Galt	5 35
Wm. Hall, 1½ Cords of Wood	35 00
Henry Grindell, Pipes, and Valves	19 45
United Electric Co., Repairs	4 40
do Supplies	16 50
Fairview Cemetery.	
W. L. Worden, Work	9 25
Board of Health,	
Third list of smallpox accounts	707 86
	$ 941 30

Moved by John A. Henderson, seconded by George Hynds, that the fourth report of the Committee on Finance just read be adopted—Carried.

Moved by George Hynds, seconded by John Agnew, that the report of the auditors for the year 1901 be accepted and that three hundred copies be printed in pamphlet form for distribution.—Carried.

Moved by John A. Henderson, seconded by George Hynds, that an additional sum of five dollars each be paid the auditors of the municipality for auditing the books of the corporation for the year 1901—Carried.

The tavern license by-law was considered to be in force until repealed and there was consequently no by-law submitted as has been customary prior to the 1st March in each year.

Mr. Hynds, chairman of the Committee on Fire and Light, recommended that in order to increase the power of the Electric light plant that the Council consider the question of putting in a condenser. This would increase the capacity of the plant by some fifteen or twenty per cent. and give a corresponding increase in revenue.

Councillor Swackhamer recommended that before any definite action was taken the committee should investigate the efficiency of condensers in operation at other places.

Reeve Williams was of the opinion that if the engine is over-loaded the Council should at once take steps to remedy the matter.

After considerable discussion the matter was left with the Fire an Light committee to take action if they deem advisable.

The Council then adjourned.

The Montreal *Star* points out that "one of the humors of the Lisgar election is that Mr. Richardson is beaten by Mr. D. A. Stewart, who was formerly his school teacher at Balderson's Corners, Ontario. So that probably this is not the first time Rob has been licked by Stewart. The pupil missed a great chance of getting even with the teacher."

It is a lamentable fact that the number of applications for divorce in Canada has increased at a most surprising rate. From Confederation down to a few years ago, it was a rare thing for the Senate to have to deal with more than one application for divorce in a session. Indeed, there have been less than two dozen divorces granted in thirty-five years; but recently an epidemic seems to have broken out in the matter of divorce, and no less than eleven applications for a severance of the marital tie have been made this year.

Reports from New Ontario indicate not only an increased amount of industrial activity in that part of the province, but the prospects for a large number of new settlers going into the country this year. The importance of the rapid development of New Ontario from a commercial point of view is fully appreciated by mercantile firms in Old Ontario. Orders from New Ontario for the spring are already showing a large increase over previous seasons and the movement of staple goods to new centres of industry and settlement on the opening of the spring will be very large.

A Card.

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar, if it fails to cure your cough or cold. We also guarantee a 25 cent bottle to prove satisfactory or money refunded.—A. T. Brown, Acton.

SETTLED AT GRETNA, MAN.

Rev. T. R. Forbes, formerly of Churchill, Pastor of the Presbyterian Church There.

The following interesting letter from Mrs. Forbes was received last week:

Mr. Forbes has been so much taken up with his new field of work that he has not had time to write. We came to Gretna about the middle of October and it took us a long time to get settled in our new home and surroundings. It is a great change from life in the East. We have very few English speaking people here. The land around us is taken up by Russian Mennonites. In the town we have many nationalities: Germans, Swedes, Poles, Austrians, Dutch, the Germans predominate and German is the language spoken. All nationalities seem to understand the German. The Presbyterian Church here represents 13 denominations so we have to adapt the service and ourselves as much as possible to these. The work is carried on with much anxiety.

The Mennonites are a people who live entirely among themselves. They are very primitive in all their modes of life and simple in living. They are Anabaptists, and don't believe in going to law outside of the church; don't take oaths, or take up arms to fight. They choose their minister from amongst themselves and don't believe in, nor desire to educate him. They are outlaws and were driven from Russia because they refused to rise up in arms in time of war. The condition of their settlement here, it is said, is that they be not asked to take up arms in time of war in this country. I am told not one will keep a weapon in his possession or home.

We have a German school in addition to the Public School, a German Mennonite Church, Lutherian, Baptist, Presbyterian, and Roman Catholic.

We have great difficulty in speaking to those who can't speak English, when we come across them in visiting. We called at the home of an English lady who had a Galician servant. She could not speak English with the exception of a very few words. They are Greek Catholics and don't understand English manners and customs. I never met people so stupid. It will take some time and education and great patience to train them to modern life. The school teachers here have a very hard time training the children, but the spirit of God is quietly working.

We have had two cold spells this winter when the thermometer went down to 40 below zero. People remark, "what a mild winter in Gretna."

Mr. Forbes joins me with best wishes,

Yours sincerely,

REBECCA FORBES.

Gretna, Feb. 17th, 1902.

ESQUESING COUNCIL MATTERS.

The Board of Health Submits a List of Smallpox Accounts.

The Council of Esquesing Township met last week pursuant to adjournment. Reeve Near was in the chair and all the members were present except McGibbon, who is very ill at Milton.

The Auditors' report of the finances of 1901 was presented and adopted.

The Treasurer was ordered to pay the following accounts:

A. Y. Brown, Acton, Druggist, supplies	$ 5 50
Bell Telephone Co.	60 15
Dr. Nixon, Georgetown	5 35
Dr. C. A. Warren, Acton	17 00
Dr. McKeague, Acton	4 00
Geo. Campbell, Acton, Sanitary Constable	24 00
Frank Simonsen, Esquesing, Sanitary Constable	33 75
Hospital for Sick Children, Toronto	10 00
Philip Drummond, Speyside, to support him while recovering from an accident	10 00
County of Peel House of Refuge, support of James Munro, 365 days	91 00
Municipal World, for stationery	17 50
Dr. Lowry, attendance of John McIlhaddon, at Guelph General Hospital	50 00
Robert Leslie, for support of Mrs. Edwin Temple	10 00

The Clerk was instructed to have 250 copies of the Auditors' report printed for distribution.

Council adjourned to meet on Monday, 17th March.

FARMERS' INSTITUTE WORK

Excellent Results are Being Realized in The Maritime Provinces.

Mr. Simpson Rennie, of Toronto, in speaking of his recent trip through New Brunswick in connection with the Farmers' Institute work of the Province, says that the meetings were generally well attended, and a lively interest taken into the discussions. Mr. Rennie also attended the Nova Scotia Dairyman's meeting at Amherst, on the 23rd., 24th., and 25th. of Jany., and the meeting of the New Brunswick Farmers and Dairyman's Association at Fredricton, on the 28th., 29th., and 30th., delivering addresses on the "cultivation of Corn, field roots, and potatoes" and "the requirments of the beef markets." At both these meetings, the delegates and others present, appeared to take a great interest in the proceedings. "Judging from what I could see when travelling through the country", continued Dr. Rennie, "Very much more should be done in the breeding and feeding of both cattle and hogs but before very much is done a better class of animals should be introduced. Sheep raising should be more extensively gone into, especially where the land is dry and rolling. Dairying is carried on somewhat extensively and with fair success, but in some localities the isolated condition of the patrons is found to be a great drawback to the industry. From my observations, thousands of acres of land are only yielding small returns for want of underdraining but when these things are better understood, considering the intelligence of the people, we may look for great things in the near future

F. W. HODSON,
Live Stock Commissioner.

Don't rail against the weather, although you think it strange; be patient for a minute and its pretty sure to change.

Children of poor parents are lucky; they have no inheritance to lose.

ROCKWOOD.

Mr. James Gray, of Lorne Mills, met with a serious accident on Wednesday evening. He was putting the cows into the stable, when one of them attacked her, knocked her down and gored her. The infuriated beast also stamped upon her and would doubtless have killed her but for the timely arrival of Messrs. John Webb and James White, of Eden Mills, who drove the brute away with pitchforks. Mrs. Gray is badly hurt, a wound in the neck requiring six stitches. Her condition is said to be critical though she is gradually recovering.

EVERTON.

Miss Sarah Robertson, who was stricken with paralysis last Tuesday, is little, if any, better yet.

The C. O. O. F. here had their annual oyster supper Thursday evening when an enjoyable evening was spent at Forester's Hall and residence. Among those taking part in the programme were, Mr. George Anderson and Miss Beldie, of Ospringe, singing and instrumental; Rev. Mr. McLeod read Tennyson's "Lady of Chalot," and made some timely remarks in favor of the C. O. O. F. society of which he is a member, Mr. Forester, of Oakville and Mrs. Horton sang a duett; Mr. George Pearen in his speech expressed the regrets of the society at the expected removal from our midst of friend Morton and family this spring. Our new Councillor, Mr. John Hunter ably filled the chair.

Mr. and Mrs. Wm. Blimpson, of Corwhin, spent Saturday night with Mr. Marshall's.

MILTON.

The magistrates of the county met yesterday at the Court House at the invitation of Judge Gorham. They had a very interesting and important conference.

The Jubilee Anniversary services in the Methodist Church last Sunday was a most interesting and memorable occasion. The able sermons by Rev. Dr. Blackstock, of Toronto, and Rev. James McAllister, of Galt, were much enjoyed. These venerable gentlemen are fathers of the church and have been intimately associated with its history since the early days of the country. A feeling of sadness pervaded the services owing to the sudden death of Rev. Chas. Fish, who was first engaged as one of the preachers at the anniversary.

The Jubilee entertainment on Monday evening was both unique and enjoyable. The addresses by Revs. W. P. Wilson, President of Hamilton Conference, Dr. Blackstock, J. McAllister, E. P. Hall, Smith, R. L. Whyte, Esq., were all replete with interest. The history of the Church in Milton was inspiring. The "Old-Time Choir," including leader and members of fifty years ago was a feature much enjoyed by the large audience.

The following citizens attended the Grand Council R. T. of T. at Guelph, last week: Dr. Robertson, Grand Medical Referee; W. J. Armstrong, Grand Trustee; Miss E. E. Earl, Muptr of Junior Work; E. F. Earl, J. H. Peacock, and F. Pearen, Representatives.

The Ladies' Aid of Knox Church purpose giving an "At Home" in the Sunday School room on the evening of St. Patrick's Day, March 17th.

GEORGETOWN.

W. A. Hill, baker, has sold out to W. H. McCullough.

Mr. Allan Embury, P. E. I., of Peel, gave an address in St. George's Church Georgetown, on Sunday evening. His subject was "The Significant Life." It was listened to with interest by an unusually large congregation.

Major Grant is having plans prepared for a fine new residence to be erected down town on the site of his present office building. It will be sure to be an attractive place, for the Major's residence and grounds have been one of the town's 'beauty spots' above the white bridge.

The hockey match on Friday night resulted again in victory for Storey's team, from Acton. They whitewashed our boys completely in a score of 2 to 0. The Acton team was well supported by Acton sympathizers, over a hundred being counted in the rink among the crowd of spectators.

The Masons had an interesting session on Friday evening. It was the occasion of the annual visit of the D. D. G. M., of the District. A number of brethren from Acton and Milton were present.

The new horse market will be inaugurated on Friday, March 14th. The interest of prominent citizens in the matter will go far to ensure success.

Arnold Bros. have put their tanners at work, and the fine new factory will soon be in operation.

A meeting of Halton Farmers' Institute will be held in the town hall here on Monday, 3rd March.

REFERENDUM ACCEPTED.

Ontario Convention Asks For Changes in Bill.

The prohibitionists of the Province met yesterday at the Pavilion, and after several hours of keen debate decided upon the line to take with regard to the present situation. The report of the Executive Committee of the Ontario branch of the Dominion Alliance was carried, and 1 o'clock to-day a deputation of thirty or forty of the leading prohibitionists of the country will wait upon Hon. Geo. W. Ross and the Ontario Cabinet, and press upon him the views of the convention. Summarized, the attitude of the convention is that the prohibitionists are displeased at the action of the government insisting upon the referendum, but will, under protest, accept the situation and throw themselves into the campaign. They demand, however, a revision of the terms of the referendum, in the direction of having the vote taken on the day of the municipal election, and of having the question decided by a simple majority of the vote cast.

The man who used to talk about those old fashioned winters has been dumb on the weather subject for several weeks.

VERY LOW RATES TO THE NORTHWEST.

March 1 to April 30, 1902, the Chicago, Milwaukee & St. Paul Railway will sell tickets to Montana, Idaho and North Pacific coast points at the following greatly reduced rates: From Chicago to Butte, Helena and Anaconda, $30.00; Spokane, $30.50; Portland, Tacoma, Seattle, Victoria and Vancouver, $33.00. Choice of routes via Omaha or St. Paul to points in Montana, Oregon and Washington.

For further information apply to any coupon ticket agent in the United States or Canada, or address A. J. Taylor, Canadian Passenger Agent, 8 King St. East, Toronto, Ont.

As a pin is bent, so is it inclined to carry its point.

Let well enough alone—unless you are a physician.

HOPE FOR CONSUMPTIVES

HOW THE RAVAGES OF THIS SCOURGE MAY BE STAYED.

Statistics Prove That More Deaths Occur From Consumption Than From All Other Contagious Diseases Combined—How Best to Combat the Disease.

The ravages of consumption throughout Canada is something appalling. In the Province of Ontario, where statistics of deaths from all diseases are carefully kept, it is shown that 2,266 of the deaths occurring during the year of 1901 were due to consumption, or about 40 per cent. more than the number of deaths occurring from all other contagious diseases combined. These figures are startling and show the urgent necessity for taking every available means for combatting the disease that yearly claims so many victims. The time to cure consumption is when the lungs are hopelessly involved and the doctors have given up hope. Taken in its early stages consumption is curable. Consumption is a wasting disease of the lungs and at the earliest symptom of lung trouble steps should be taken to arrest the waste and thus stop the disease. Consumption preys upon weakness. Strength is the best measure of safety. Dr. Williams' Pink Pills are the best tonic and strength builder known to medical science. The record of this medicine speaks for itself and proves conclusively that taken when the symptoms of consumption develop they build up, strengthen and invigorate the patient to a point where disease disappears. In proof of this the case of Hilage St. George, of St. Gerome, Que., who says:—

"About a year ago I became greatly run down. I lost color, suffered constantly from headaches and pains in my sides; my appetite left me, and I became very weak. Then I was attacked by a cough and was told that I was in consumption. The doctor ordered me to the Laurentian Mountains in the hope that the change of air would benefit me. I remained there for some time but did not improve, and returned home feeling that I had not much longer to live. I then decided to use Dr. Williams' Pink Pills. After using several boxes my appetite began to return, and this seemed to mark the change which brought about my recovery, for with the improved appetite came gradual but surely increasing strength. I continued the use of the pills, and daily felt the weakness that had threatened to end my life disappear, until finally I was enjoying good health, and now, as those who know me can see, I show no trace of the illness I passed through. I believe Dr. Williams' Pink Pills saved my life, and I hope my statement will induce similar sufferers to try them."

These pills are also a certain cure for the after effects of la grippe and pneumonia, which frequently develope into consumption. Through their blood-renewing, strengthening qualities they also cure anæmia, heart troubles, kidney and liver ailments and the functional weaknesses that make the lives of so many women a source of constant misery. There are many imitations of this medicine and the health-seeker should protect himself by seeing that the full name, "Dr. Williams' Pink Pills for Pale People," is on every box. Sold by all dealers in medicine or sent post paid at 50 cents a box or six boxes for $2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

CONSUMPTION.

Thousands of Persons are Hastening towards their Graves as a Result of this Dread Disease.

A few of the many symptoms of this destroyer of the human race:

Have you a cough?
Are you losing flesh?
Do you cough at night?
Have you pain in side?
Do you take cold easily?
Is your appetite variable?
Have you stitches in side?
Do you cough until you gag?
Are you low-spirited at times?
Do you raise frothy material?
Do you spit up yellow matter?
Do you cough on going to bed?
Do you cough in the mornings?
Is your cough short and hacking?
Have you a disgust for fatty foods?
Is there tickling behind the palate?
Have you pain behind breast bone?
Do you feel you are growing weaker?
Is there a burning pain in the throat?
Do you cough worse night and morning?
Are you pale, thin and weak?
Have you chills and fever, and night-sweats?

These are a few of the many symptoms which usually alarm and give the sufferer warning that you may have in your body the seeds of that most dangerous disease—consumption.

A cure is now within the reach of every sufferer.

PUL-MO

If used as directed, will check the progress of this fatal disease, and restore the afflicted to perfect health. Do not go to Hoosic Mackerel Cabbage Measure the Rocky Mountains. Remain at home with friends and have none to disturb you and let Pul-Mo, which is the acknowledged of the century, as applied science. Pul-Mo is an absolute cure for Consumption, Throat and Lung Trouble, Coughs, Colds and all other consumptive symptoms.

Pul-Mo is inexpensive, being sold by druggists at $1.00 per large bottle, or you may procure a sample bottle free of charge.

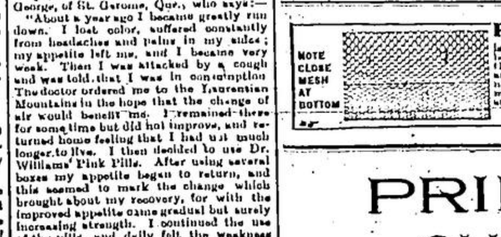
Pul-Mo stands alone—the use of key other books cost no assistance is need necessary. Eat good plain, nourishing food, get plenty of fresh air and outdoor exercise, and use **Pul-Mo** as directed, that is all—Nature will do the rest.

If your druggist has not got Pul-Mo in stock, a sample bottle will be delivered to any part of the world.

FREE.

By remitting 25 cents to cover cost of postage Pul-Mo a trial and convince yourself that it cures. Address all letters to the **PULMO CO.**, Toronto, Canada.

For Sale by A. T. BROWN, Druggist, Acton.



Page Acme Poultry Netting

is close meshed at bottom and does not require rail or board support at edge, having strong straight wires (No. 12 gauge) at top, bottom and in centre, cannot sag and is easy to erect. The "Page Acme" netting is of neat appearance, very durable and cheap. We also make farm and ornamental fence, gates, nails and staples. The name of Page is your guarantee of quality.

EXECUTORS' NOTICE TO CREDITORS.

In the Matter of the Estate of Alexander Mann, Deceased.

NOTICE is hereby given pursuant to R. S. O., 1897, chapter 129, section 37, that all persons having claims against the estate of the said Alexander Mann, late of the Township of Esquesing, in the County of Halton, farmer, who died on or about the 8th day of February, 1902, are required to send by post prepaid or to deliver to DONALD MANN, Esq., farmer, Acton P. O., one of the Executors of the said estate, on or before the 20th day of March, 1902, their names, addresses and descriptions, and a full statement of the particulars of their claims and the nature of the security (if any) held by them, duly certified, and after the said day the Executors will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which they shall then have had notice.

Dated this 22nd day of February, 1902.

WM. A. McLEAN,
Solicitor for
DONALD MANN,
DUNCAN McDONALD and
PETER McDONALD,
Executors of the said Estate.

NOTICE TO CREDITORS.

In the Matter of the Estate of Jane S. Keith, Late of the Township of Esquesing, in the County of Halton, Widow, Deceased.

NOTICE is hereby given pursuant to the Revised Statutes of Ontario, 1897, chapter 129, that all creditors and others having claims against the estate of the said Jane S. Keith, who died on or about the 27th day of December, A. D., 1901, are required on or before the 15th day of March, A. D. 1902, to send by post prepaid or deliver to A. J. McKinnon, of the Village of Acton, in the County of Halton, Solicitor for the Executors of the last will and instrument of the said deceased, their christian and surnames, addresses and descriptions, the full particulars of their accounts and the nature of the securities, if any, held by them.

And further take notice that after such last mentioned date the said Executors will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice and that the said Executors will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been then received by them at the time of such distribution.

Dated this 15th day of February, A. D., 1902.

A. J. McKINNON,
Solicitor for the Executors.
