EDITORIAL NOTES.

The following question, it is said, will be put to every candidate for the Provincial Legislature by the prohibitionists: "Are you in favor of the prohibition of the liquor traffic to the full extent of the ascertained powers of the province?"

The census returns for 1901 presented to the Newfoundland Legislature show a total population for the colony of 220,210, of which Newfoundland has 216,615 and Labrador 3,631. In 1891 Newfoundland had 197,630 inhabitants, while Labrador had 4,166.

Thursday, 29th June—Coronation Day—will be observed throughout Canada as a public holiday. It will be one of the most important historical events of the present generation and should be emphasized in a manner which will be remembered.

The Ontario Statutes for the past session, 2 Edward VII., were issued on Monday. The volume, which has been issued with a great deal of promptness, the House only proroguing on March 13, contains 602 pages, of which 82 are taken up by the liquor act.

According to the amendment made during last session to the petty trespass act, it is now an offence to trespass upon any lawn or garden, although it may not be enclosed. Previous to this amendment there could be no prosecution against trespassers on private property unless the same was altogether enclosed.

After a lengthy discussion and conference with delegates from Wentworth County Council, at a special meeting of Halton County Council last week, it was decided to co-operate with Wentworth County in buying the Hamilton and Nelson gravel road from the Company and a committee of two was appointed to act with Wentworth in interviewing the Company.

The outlook for the farmers and stockmen in this Province is very promising this year. Much money has been made in live stock markets and the demand now is very keen for export, and prices are higher than for many years. The past week higher prices were paid for cattle than for a long time past in this market. The demand for hogs is keen and the prospects are that the number fed this year will be found to be very large.

At a prohibition meeting in Galt last week a mass meeting was held at night. Rev. Dr. Williamson, a former pastor of this county for several years, now of Berlin, was the principal speaker. In the course of his address he said he waived any personal opinions he might have had as to the referendum and its conditions, and exhorted temperance people to work for and carry the referendum. And they could do it. He had been told that one man in every three was a Methodist, and if Methodists were true to their creed they would vote for prohibition and the referendum. And the other denominations would do likewise if they had the cause at heart. If the temperance people were true to their cause, if they would pray and labor between now and the day of voting, the necessary number of votes would be polled and the referendum passed.

Halton is one of the very few constituencies of the Province where the candidates have not yet been officially put in the field by the respective parties. Here, although the general elections are fixed for five weeks from to-day, neither party has put their candidate in the field. The Conservatives will hold their convention next Tuesday, and the Liberals announce a mass meeting at Milton for next Wednesday at three o'clock, so that the standard-bearers will soon be definitely known. It is, however, a foregone conclusion that the party candidates will be John R. Barber, the present member, for the Liberals, and Dr. Nixon, of Georgetown, in the Conservative interest. The prohibitionists of the county are also talking of putting a candidate in the field, and the matter will no doubt be discussed at the executive meeting to be held in Milton this afternoon, but the probability is that the contest will be confined to Mr. Barber and Dr. Nixon.

PEACE NEGOTIATIONS.

A Majority of Burgher Delegates Favor Accepting The British Terms

BOER LEADERS CONFERRING WITH THEIR FOLLOWERS.

LONDON, APRIL 21.—The government leader, A. J. Balfour, in the House of Commons on Friday made the following important statement: "After two conferences between Lord Milner, British High Commissioner, and General Lord Kitchener, and the Boer delegates at Pretoria, Lord Kitchener, while refusing to grant an armistice, on military grounds, has agreed to give facilities for the election and meeting of representatives of the various Boer commandoes to consider the position. The Boer leaders have, therefore, left Pretoria to carry out this plan."

Mr. Balfour added that it was not expected that communication between the British authorities and the Boer leaders could be resumed in less than three weeks' time.

PRETORIA, APRIL 21.—An earnest prayer for the success of the present peace negotiations was offered in the Dutch Reformed Church here on Sunday.

GEORGETOWN.

The town has come out in Appleyard v. Corporation with flying colors. After the successful appeal to Judge Gorham Mr. Appleyard entered suit claiming some $2,000 damages to property, wounded feelings and general anxiety. Judge Meredith assessed the aggregate of these damages at $10, and ordered that each party pay his own costs.

BABY CONSTIPATION.

Can Be Cured Without Resorting to Harsh Purgatives.

Constipation is a very common trouble among infants and small children—it is also one of the most distressing. The cause is some derangement of the digestive organs, and if not promptly treated is liable to lead to serious results. The little victim suffers from headache, fever, pain in the stomach and sometimes vomiting. While in this condition neither baby nor baby's mother can obtain restful sleep. If proper care is taken in feeding the child and Baby's Own Tablets are used, there will be no trouble found in curing and keeping baby free from this disorder. Mrs. T. Guymer, London, Ont., says:—"My baby was a great sufferer from constipation. She cried continually, and I was about worn out attending her. I tried several remedies, but none of them helped her till I procured some Baby's Own Tablets. These tablets worked wonders, and now she has the best of health. I can now go about my work without being disturbed by baby crying. I consider Baby's Own Tablets a great medicine, and would advise mothers to keep them in the house for they will save baby from much suffering by curing or preventing the minor ailments common to infants and small children."

Baby's Own Tablets are sold under an absolute guarantee to contain no opiate or other harmful drug. They are easy to take, mild in action, promote healthful sleep and will be found a never-failing cure for constipation, baby indigestion, simple fever, diarrhoea, sour stomach, colic, etc. They allay the irritation accompanying the cutting of teeth, break up colds and prevent croup. Price 25 cents a box at all druggists or sent by mail, post paid, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

ROCKWOOD.

Rev. A. I. Snyder's lecture "A Woman's Tongue," in the Methodist church last evening was one of the most interesting ever delivered here. The audience appreciated very much the reverend gentleman's effort.

Rev. Mr. Hagar, of Acton, preached in the Methodist Church last Sunday to a large congregation. His scholarly discourse was listened to with attention.

Sayers' mill narrowly escaped destruction by fire on Tuesday at noon. A spark from the smoke stack lodged in a pile of shingle bolts and in a few seconds there was a fierce fire raging. It then ignited the logs and soon a number of them were blazing. An alarm was sounded and the neighboring farmers hurried to the scene and with the united efforts of mill hands and farmers the flames were subdued. Owing to the westerly gale blowing at the time the mill and lumber piles were in imminent danger.

MILTON.

Mr. J. D. McGibbon's splendid pair of roadsters won first prize at the Toronto Horse Show. W. A. Lawrence won second on his team, and second on his four-in-hands. The Mail & Empire says: Mr. Lawrence, of Milton, came in for a good deal of applause on account of the timely names he had bestowed upon his pair; Plebiscite and Prohibition.

The corporation of the town and the Milton Electric Light & Power Co., Limited, have come to an understanding on the proposed purchase by the town of the company's plant. They have mutually agreed on James Milne, of Toronto, electrical engineer, as arbitrator, and to accept his award as final, subject to the approval of the ratepayers.

ASHGROVE.

Death of John Clarridge From Appendicitis—The Week's Visitors.

This community was shocked on Saturday last to hear of the death of Mr. John Clarridge of Terra Cotta. The deceased had been employed with Mr. James McDowell for some three weeks when he was taken down with appendicitis. An operation was performed on Wednesday last by Drs. Stuart, Nixon and Elliott. Although temporary relief was obtained, the young man sank until death came to his relief on Saturday morning. A short service was held on Sunday last by Rev. Mr. Nie, of Hornby, and Rev. Mr. Potter, of Georgetown, after which the remains were conveyed to his father's home in Terra Cotta, from which place interment took place on Monday.

There was a large attendance at the Epworth League on Sunday evening Mrs. S. K. Ruddell took the topic in her usual creditable manner.

Mr. J. Coyne, of Trafalgar, spent Sunday with his sister, Mrs. R. Graham.

Miss Cora and Mr. Willie Cook, of Streetsville, Miss Annie and Mr. Dempsey Chisholm, Miss Mabel and Mr. Wellington Cook, of Hornby, spent Sunday with friends in the Grove.

Rev. Mr. Perrin, of Georgetown, held prayer meeting in the Methodist church last evening.

D. M. McDermid is doing a large business in wall paper this season. His samples are far superior to any we have seen here previously, both in quality and price.

Mr. J. R. Lindsay, of Toronto, visited friends here during the week.

Mrs. Edmondson is home after spending the winter in Chicago with her daughter.

Mr. Ivens and family, of Toronto, have returned to Limehouse. Their many friends will be pleased to have them back.

Mrs. Dr. Sutherland, of St. Catharines, is spending a few weeks with her brother, Mr. John Lindsay.

The Presbyterian and Methodist congregations united in last Sunday afternoon's service—Rev. W. H. Garnham, B. A, B. D., of Rockwood, preached an earnest sermon.

Improvements are in progress at the cement mill. A change is being effected which will secure more power.

HEART TROUBLE.

THE SYMPTOMS OFTEN MISUNDERSTOOD BY THE SUFFERERS.

The Trouble at All Times an Extremely Dangerous One—How to Promptly Relieve It.

There are many forms of heart disease, some of which manifest themselves by symptoms that are misunderstood by the sufferer and ascribed to indigestion or some similar cause, when the heart is really affected. The slightest derangement of this important organ is extremely dangerous. If at times the action of the pulse is too rapid and the heart beats violently, resulting in a suffocating feeling, or, if the heart seems inclined to stop beating, the pulse becomes slow, and you feel a faint, dizzy sensation, you should take the best course in the world, and that is to take Dr. Williams' Pink Pills for Pale People. You will find that the distressing symptoms promptly disappear and that the heart at all times acts normally. Mr. Adelard Lavoie, St. Pacome, Que., bears strong testimony to the value of these pills in cases of heart trouble. He says: "For nearly three years I was greatly troubled with a weak heart and in constant fear that my end would come at any time. I placed myself under the care of a good doctor but did not get the desired relief. In fact I grew worse, the least exertion would overcome me, and finally I had to discontinue work. While in this condition a neighbor advised me to try Dr. Williams' Pink Pills and I procured a supply. They simply worked wonders in my case and when I had used six boxes I was again enjoying good health. I have had no sign of the trouble since and I can cheerfully recommend the pills to similar sufferers."

Blood troubles of all kinds are also cured by these famous pills. If you suffer from headaches, dizziness, languor, boils or skin diseases of any kind, your blood is in an impure condition and Dr. Williams' Pink Pills are what you need. These pills are not a purgative and therefore do not weaken like medicines of that class. They are tonic in their nature and make new, rich, red blood with every dose, thus restoring health and strength to hopeless and despondent sufferers. But you must get the genuine, which always has the full name, "Dr. Williams' Pink Pills for Pale People," on every box. Sold by all dealers or sent post paid at 50 cents a box or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

At the time of enlistment he was a member of (Acton) Company No 6, 29th Lorne Rifles, and will no doubt bear as good a record as the other members of that company have done in South Africa. His many friends here are proud of the noble step he has taken and wish him a safe journey and that he may be spared to return again.
