MONDAY MORNING, JAN'Y 16, 1865.

KINGSTON MARKETS.—The market on Saturday was very poor, owing to the snow storm. Part of the butchers have located themselves in private shops and part in the fish market. This is very inconvenient to buyers, who do not yet know where to buy. The grain market was poor and the same prices are paid as in last week's quotations. Beef was in small quantities and some not very good. From $3 to $5 was paid per hundred. Pork brought from $5.50 to $6.50. Hay and straw remain the same.

THE WEATHER.—Saturday was very stormy, and a good deal of snow fell. The snow is very deep in some parts of the townships, where it has drifted heavily, while in other parts it is quite bare. The snow appears to have fallen much heavier near Watertown and Rome, N. Y., it being about three feet on a level. Some passengers who left New York on Tuesday morning did not arrive till Friday evening, being detained nearly the whole of the time on the route between Rome and Cape Vincent. The ice is perfectly safe for travel by team to Cape Vincent and passengers and mails are brought daily in that way.

CITIZENS' SKATING RINK.—The Citizens' Rink was well crowded on Friday night, and the ice was in capital order. The evening was warm, which induced a great many to come out. A great deal of rowdyism is carried on on the ice, and the attendance of a Police Officer for a night or two would not be amiss.

GARDEN ISLAND RINK.—The Garden Islanders, not to be behind the age, have instituted a Skating Rink near the Island, which was opened last week. The Rink is lighted with large lamps, and is not much behind the Citizens' Rink. The Garden Island Band played on the Rink on Friday night, and plays every other night or so.

THE EASTERN FISHERIES.—The catches of herrings off the eastern coast of late have been on a very large scale. In two days last week 1,800 lasts or 23,760,000 fish were landed at Great Yarmouth. Prices have ranged from 4l. to 14l. per last, averaging about 9l. per last. A Lowestoft report also states that the boats connected with that port have been prosecuting the herring voyage successfully.—Thus, on one day last week 220 lasts of fish were landed at Lowestoft. Details such as these give us a glimpse of the enormous food resources of the great deep.—London Times.

POLICE COURT.

Saturday, Jan. 14th.

Before Dr. Robison.

CHARGE OF ROBBERY.

Daniel Barrett and his wife, Catharine Barrett, were brought up charged with stealing a large sum of money from John Drew on Tuesday night last. It appears that Drew entered the Inn of John Keys, where the prisoners were stopping, on the evening of Tuesday, and went to sleep. Not waking for some time, he found $48 which he had in his pockets had been abstracted. He suspected the prisoners, who keep a shebeen shop at Kingston Mills, and who were in town on business, and had them arrested. They were remanded till Monday after some evidence had been taken. A $2 Bank bill, which was torn at the corners, was described by Drew to the Police, who found it in the possession of a man who had got it from Catharine Barrett. The prisoners were the only ones in the house who could have committed the deed.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated, because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine will not help them; let not even these despair; incredulity and skepticism is overthrown by a host of testimony which is truly irresistible. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

SO wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon our community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the complaints they cure.

Those who require an alternative medicine to purify the blood will find Ayer's Comp. Ext. Sarsaparilla the remedy to use. Try it once and you will know its value.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

" * * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER,
Madrid, N. Y."

" * * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use.

Thy Friend, ASA CURRIN,
Philadelphia, Pa."

" * * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHORN,
Rochester, N. Y."

" * * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & Co.,
Proprietors Willard's Hotel,

" * * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. D. ANDREWS,
Superintendent Soldiers' Home,
Cincinnati, O."

" * * * The Plantation Bitters have cured me of liver complaint, with which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY,

" * * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one-half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

We find in Ayer's American Almanac, (now ready for delivery gratis, by E. H. Parker) the remarkable statement that the temperature of the earth has not diminished more than 1-300th part of one degree Fahrenheit for 2000 years. To our enquiry how he could make such an assertion, Dr. Ayer writes us the following answer:—"Hipparchus gives the exact record of an eclipse in his time. This enables us to measure with extreme accuracy the earth's diurnal revolutions since to any eclipse now. Diminution of its heat would by concentration, shorten its axis and consequently its time of revolution on its axis. The data show that this change has been only such as I state it, mathematically and indisputably true."—(New York Journal. 7

Mr. Mathews first prepared the VENETIAN HAIR DYE; since that time it has been used by thousands, and in no instance has it failed to give entire satisfaction.

The VENETIAN DYE is the cheapest in the world. Its price is only Fifty Cents, and each bottle contains double the quantity of dye in those usually sold for $1.

The VENETIAN DYE is warranted not to injure the hair or the scalp in the slightest degree.

The VENETIAN DYE works with rapidity and certainty, the hair requiring no preparation whatever.

The VENETIAN DYE produces an shade that may be desired—one that will not fade, crock or wash out—one that is as permanent as the hair itself. For sale by all druggists.—Price 50 cents.

MESSRS. MORLAND, WATSON & Co., GENERAL AGENTS.

FIRE DEPARTMENT.

The Company commenced business in October, 1861, as a Fire Office, and was called into existence to modify the excessive rates demanded by the combined Offices after the Great Fire in Tooley Street, London. The success which has attended the Company's operations has been such as fully to realize the most sanguine expectations of the Directors, and has induced them to extend their operations to Canada, where the General Agents are prepared to take proposals for Insurance against Loss by Fire of Property of every description.

LIFE DEPARTMENT.

The marked preference shown for an Office which studies the interests of the Public as well as of its Proprietary, induced the Directors to transact Life Business with the intention not to favor one class of Policy-holders at the expense of another, but, resolved that the same liberal views which have gained for the Office the confidence of the Public in its Fire Branch, shall guide them in the management of the Life Department, they extend to the Assured every benefit which science warrants or experience suggests.

Among the benefits of this Company may be enumerated—Moderate Rates o Premium—Eighty per cent of the Profits divided among the Assured—Very liberal surrender value given after three years—Thirty days allowed for payment of Premiums, and further extension of time on easy terms—Unchallengeable Policies—Credit System—Service permitted in Volunteer Corps—Convenient and liberal terms, whereby no Policy need lapse, through any temporary difficulty, in the payment of a Premium.

Further and fuller information may be obtained by calling at the Office, Nos. 221 and 223 St. Paul Street.
