Public Meeting Thursday Night

Every property owner in our town should attend at the Gregory Theatre Thursday (to-morrow) evening, Dec. 2nd at 8 o'clock, in support of the High School addition. The High School Orchestra will give a number of selections. 1t

LOCAL NEWS

—First day of December.

—Tuesday 21st is the shortest day.

—Esquesing Council meeting Dec. 13th.

—Christmas three weeks from Saturday.

—Regular meeting of Town Council next Tuesday evening.

—Ice is in the making at the Arena and this cold spell is assisting materially.

—Esquesing Nominations will be held at Stewarttown on Monday, December 27th.

—And don't forget the Firemen's Ball and Supper on New Year's eve. More particulars later.

—W. H. Bradbeer has taken over the agency of the Equitable Life Insurance Co. in this district.

—Election in town next Monday for Reeve and Councillors in Ward Three. Also at the same time property owners will vote on the proposed new addition to our High School.

—A public meeting will be held in the Gregory Theatre to-morrow, Thursday night in the interests of the proposed addition to the High School. You are invited.

—Amateur Contest sponsored by Norval Juniors at Norval Hall, Dec. 17th. Good cash prizes. Entries to be sent to Harold McClure, Brampton R. R. 2 not later than Dec. 15th. Admission 25c. 1t

—The Women's Association of Knox Presbyterian Church are holding their annual bazaar and sale of home baking on Saturday, Dec. 4th in the school room. Tea served from 3.30 p.m. 1t

—"Good Health" is the name of a new breakfast cereal that has recently been introduced by Brown's Bakery, Georgetown, and has already become a favorite cereal with many of his patrons in town. It is put up in 1 lb. packages and sells for a very moderate price.

Many Enjoy Dance

There was a large attendance at the dance given under the auspices of St. George's Women's Auxiliary in the Arena last Friday night. Willis Tipping and his Blue Dragoons supplied the music that always delights a Georgetown gathering and the ladies served a dainty lunch, which materially added to the pleasant event. The lucky spot dance was won by Mary Feller and Leslie Clark, and the lucky number dance by Ethel Riddall and Mr. Price.

Won Speaking Contest

Miss Irene Leslie, 12 year old daughter of Mr. and Mrs. George L. Leslie, 4th Line, Esquesing, has again brought honor to her school and Esquesing Township by winning the county public speaking contest held at Milton on Tuesday, Nov. 23rd. The prize was a beautiful Waterman pen and pencil set. Miss Leslie qualified for this event by winning the rural school contest on Thursday, Nov. 18th. She took as her subject: "Paper making." By winning the county event she qualified for the Guelph District contest in December. Congratulations Irene and we wish you success in your next contest.

PERSONALS

Mrs. J. B. Gray is spending a few weeks at her home in Bala.

Mr. Charles Erwin of Rochester is visiting with relatives in town.

Mr. and Mrs. Arthur Tyndall, Mrs. William Tyndall and Mrs. John Bell spent Sunday at Cobourg.

Mr. Robert Reeve, who has been taking treatment at Toronto General Hospital, returned home on Sunday much improved in health.

Mr. Charles E. Parker, who has been confined to his home for the past ten days, is improving nicely and hopes to be around as usual in a few days.

Mr. and Mrs. J. J. Gibbens and Mr. James Scott left today for Lakeland, Florida, where they will spend the winter. We wish them a pleasant trip and safe return in the spring.

Answers to Ratepayer's Enquiry

A ratepayer in town has asked the Herald the following questions:—

1. Will the proposed gymnasium and assembly room in connection with the High School, if erected, be available to the youth and other citizens of Georgetown, or is it for the use of High School students only?

The chairman of the Board has informed the Herald that the gymnasium and assembly room will be available to the youth and citizens of the town.

2. How many mills will the tax rate be raised to meet the required debenture payments if the proposed new addition to the High School is erected?

The rate would be raised approximately from one and a half to two mills.

ACTON

Mr. Thos. Watson received a scalp wound and was badly shaken up and bruised in a motor accident late Saturday afternoon. In driving his car unto the highway from the fifth line, he failed to notice a car approaching from the west, and the machines crashed at the intersection.

Favored with a bright fall day, the Ninety-fourth anniversary of the Acton Baptist Church had good congregations at both services, and the occasion was very fitting in marking the years of service in the community that lie back of the Baptist Church here.

Miss Lottie Mason had the misfortune to trip and fall on the stairs at the home on John Street yesterday morning, and in falling fractured her left wrist.

A fine of $15 and costs and cancellation of his driving permit for three months was the assessment against R. Mason, for reckless driving and travelling at 80 miles per hour.

The Georgetown Lumber Co. will move their lumber yard and mill shortly to the glove factory building on Main Street. The new quarters will be most commodious for the Acton part of this firm's business.

Rev. A. C. Stewart, a former pastor of Knox Church, Acton, but now of Chalmers Church, Toronto, has accepted a call to the Presbyterian Church at Midland. Mr. Stewart will assume his duties in the new charge early in the new year.—Free Press.

CHURCH NEWS

ONTARIO FARMER WINS WORLD'S OATS CROWN

Eastern Canada held its first world championship for oats today because of victory by Alex. Stewart, Alma Craig, Ont., at the International Grain, Hay and Livestock Show in Chicago.

Stewart, reserve champion last year, won the grand prize with Alaska Dac No. 157, a variety developed by the Ontario Agricultural college and weighing 47.7 pounds to the bushel. Canadians have won the oats title 10 times in 18 years.

John Wiener of Miami, Man., won the barley championship with a Canada Thorpe variety in the two-rowed class. W. J. Brodie, Stouffville, Ont., showed the champion carlot of lambs with 50 native lambs.

CARD OF THANKS

I wish to thank the persons who proposed and seconded my nomination as Councillor for Ward One in the Town of Georgetown, and also to the ratepayers who have shown confidence in me by electing me by acclamation. I will make an effort to do everything possible in the best interest of our town, and try to make Georgetown a better town than ever to live in. Wishing one and all the Season's Greetings.

NORMAN H. BROWN.

THE ROMANCE OF READING
Super-Clean
ANTHRACITE

Imagine a whole section of this country crushed and twisted and distorted in the mighty hands of Nature! Imagine earthquakes so terrible that they made the land break up into huge mountains under the stress of forces too great to calculate!

That is what actually happened in Eastern Pennsylvania millions of years ago, when Nature formed the finest fuel that man has ever discovered—Reading Super-Clean Anthracite.

Through the long ages, Nature had been setting the stage for this dramatic climax. Great forests had grown and been leveled. Marshes filled with decaying vegetation to depths from 100 to 8,000 feet had covered the eastern part of what is now Pennsylvania. The warm, life-giving sunshine had been stored in these swamps in the form of carbon.

A LAYER CAKE

As the centuries rolled around, the ocean had flowed over the swamps, covering them with layers of sediemnt that later hardened into rock. Time after time, this took place until a huge "layer cake" of rock and hardening vegetation had been built up, with the rock corresponding to the layers of cake and the coal to the filling between the layers. Fourteen layers were thus made in eastern America.

The coal "filling" between the layers of rock, at this time, was soft and crumbly—the kind of soft coal that is found in many sections of the country today. But, luckily, Nature was not content to leave the coal that way.

THE GIANTS WAKEN

One day, titantic forces were loosed and eastern Pennsylvania was put to torture. Slowly, terribly it was crushed and broken, folded and squeezed.

There was no escape from the tremendous forces pressing on the coal. So it was compressed and hardened. Because of the nature of the vegetation in the Pennsylvania marshes, and because it was subjected to greater pressure over a longer time than was coal in other fields, this anthracite became the most refind of fuels.

The ages went by, and as the warm sunshine and rain mellowed the ground so that foliage could grow again, strange beasts roamed above the coal beds.

Richest Hard Coal —Now SUPER-CLEANED

Today, the mountains are being turned inside out. The seams of anthracite that were left flat, tilted or on end are being followed into their depths. The sunshine of millions of bygone years, stored in ancient vegetation now hardened into Reading coal, comes to warm you without fail, to heat your home without dirtying it, to serve you silently, safely, faithfully and economically.

Reading Anthracite comes from the richest mines in the world's largest single hard coal property.

This better hard coal is SUPER-CLEANED by the most modern machinery and by man's skill in The Philadelphia and Reading Coal and Iron Company's great plants. Because of SUPER-CLEANING, you get all the rich goodness that makes Reading Hard Coal famous.

From among all other fuels we have selected Reading Super-Clean Anthracite for your use, because it is the ideal fuel for this community. We have it in the correct sizes for YOUR heater.

Buy a load and be convinced that Reading Super-Clean Anthracite is Nature's Finest Fuel!
