NEWS OF LOCAL IMPORT.

Conscience Money.

Last Saturday Mr. C. F. Goodeve received in his mail a letter which had been posted on the train, enclosing a sheet of paper bearing the words "Conscience money" and a $5 bill. Mr. Goodeve has no idea as to the personality of the sender, but appreciates very fully the spirit which prompted the restoration of this amount which was evidently due him by some party now anxious to do right in the sight of God and man.

Looks Like a Coal Famine.

The strike among the coal miners this summer is seriously jeopardizing nex winters' supply of coal. Dealers are unable to sell to their usual customers who lay in a supply at this season of the year, for the reason that they cannot possibly secure coal to fill orders. The prices of soft coal such as is used at the electric power house and at the public school is rapidly creeping up in price and during the past week advanced fifty cents per ton. The present indications are that coal the coming winter will command fancy prices.

Baseball Items.

The Wellingtons, of the city league, Toronto, came to town on Saturday afternoon for a match with the base ball team here. A good game was expected, but on account of the rain and storm it had to be called off.... On Monday evening the club arranged a baseball match and band concert at the park. The match was between Storey's tannery and a team picked from the town and after seven innings the town had the best of the score by 14-10. The band furnished an enjoyable concert to the considerable crowd which attended.... The team go to Galt on Saturday to play a match with the ball team of that town.

A Talented Young Preacher.

Rev. W. A. Gifford, a young preacher who is supplying the pulpit of the Askin Street Methodist Church during the absence on holidays of the pastor, is drawing large congregations. The young man is possessed of a remarkable fund of enthusiasm. The earnestness which characterizes very thoughtful discourses is refreshing and wins rapt attention.—London Free Press. The young preacher referred to is the son of Rev. Dr. Gifford, a former pastor of Acton Methodist Church, and was the little Willie who was about the parsonage the three years of Dr. Gifford's pastorate here.

An Immense Downpour.

The present summer has been the wettest experienced in Ontario for years, but the storm of greatest volume was that of Saturday afternoon. During thy two hours of its continuance a very large amount of water fell. The storm was accompanied by thunder and lightning which were very vivid. Damage was done at many outside points but this vicinity escaped with very little. The residence of Miss Lizzie Moore, Wilbur Street, was struck, the lightning knocking off shingles and ridge boards and entering through the roof and the room below and passing out through a small hole through the plaster to the conductor pipe. The barn of Mr. A. T. Mann was also struck but slight damage was sustained. The crops were somewhat injured by the downpour but the effects are very slightly apparent now.

A Thoroughly Enjoyable Outing.

It was with joyous hearts that the members of Knox Church Sabbath School and their friends marched from the Church to the G. T. R. depot on Tuesday morning to entrain for their annual excursion to Hespeler and Idylwild Park. There have been so few bright warm days this month that the clear skies and glorious sunshine were thoroughly appreciated. The march from the Church was an earnest of the enjoyment of the day. The bright faces, holiday attire, merry shouting and waving of flags were sufficient to cheer everyone they passed. The members of the school were so cordial in their welcome to friends outside to join them that all the other Sunday Schools in town were represented, and the number of excursionists were swelled to 207. Every event of the day seemed to contribute to the enjoyment of all participating. The games and sports at the park; the street car trips to and from Hespeler, Preston and Galt; the pic-nic dinner and tea under Idylwild's leafy shade were all contributary to the day's pleasures. The success of the excursion, the highly enjoyable time, and the entire absence from accident of any kind to mar the outing, is due to the careful personal supervision of the Pastor, Rev. H. A. Macpherson, the superintendent, Mr. George Hynds, and the teachers and officers of the school.

BRIEF LOCAL ITEMS.

—Remember the Ladies' Aid Social at the Methodist Parsonage, Park Ave., next Monday evening.

—Church Street is likely to be added to the list of streets to be laid with granolithic pavement. The pavement will extend from Main to Guelph Streets.

—Citizens generally will be pleased to learn that Mr. James Lackey has become a property owner. He has purchased the Levi Lambert property on Church Street.

—Col. Allan has kindly handed the FREE PRESS copies of the Durban, South Africa, Advertiser. The next in detail of Kitchener's peace negotiations are published in these numbers.

—The License Commissioners have gone back on their splendid record of the past few years. At a special meeting a couple of weeks ago a liquor license was issued to James Dobson of the Bronte Hotel.

—Another party of young people visited Rockwood last Thursday and spent the afternoon and evening among the rocks and on the river. An enjoyable time was spent though the frequent showers interfered somewhat with the arrangements.

—The report of the International Sunday School Convention at Denver, and a trip through the Rockies, given in the Methodist School Room last Thursday evening was enjoyed by those present. A cordial vote of thanks was moved by Messrs. A. E. Nicklin and A. A. Worden.

—The wise father will try to bring up his children in the way that he should have gone.

PAVEMENT PETITIONS INCREASE.

Bower Ave. Walk, Paved, West Bower Ave., Willow St. North and Church St. Under Consideration.

THE SMALLPOX ACCOUNTS AGAIN

Council met on Monday evening in regular session. Members all present, Reeve Williams in the chair.

The committee on Finance presented their fifteenth report and recommended payment of accounts as follows:

Royal Artificial Stone Paving Co., on account	$200.00
Graham Lawson, Wood for Power House	15.00
John Harvey, freight and cartage	9.00
Henderson & Co. supplies	7.77
The Municipal World, Register for births, marriages and deaths	3.75
T. T. Moore, Postage	2.00
	$238.18

Moved by John A. Henderson, seconded by George Hynds, that the report of the Committee on Finance just read be adopted.—Carried.

Petitions were presented from W. H. Storey, J. Kenney, jr., James Brown and others for a four foot cement walk on Bower Ave. from Willow St. to Wilbur St., and from the Trustees of St. Alban's Church, and Miss Lizzie Smith for a four foot walk on West Bower Ave. from Willow to Main Street.

Moved by H. Swackhamer, seconded by John Agnew, that the petition of Mr. W. A. Storey, John Kenney and others for the construction of a cement concrete walk under the local improvement by-law on the North-West side of Bower Ave extending from Willow St. to the end of the present plank walk at Wilbur St., such petition being sufficiently signed, be granted, and such work to be proceeded with as soon as possible.

With reference to the West Bower Ave. petition, their being a slight incompleteness in the signing of the petition, it was decided to leave it over for consideration at a special meeting, when the petition for the Church St. Walk is expected to be presented.

A petition was also presented for a permanent pavement on Willow St. from Bower Ave. to the Power House. This was signed by Messrs. Francis and Matthews. It was stated that the authorities of the Presbyterian Church had also authorized that the petition be signed in behalf of the parsonage property. This will be considered when the other petitions come before the Council.

After the adjournment of the Council a general conversation took place respecting the smallpox accounts. All present felt that the time for definite action had come. In all probability the municipal solicitor will receive instructions within a few days to proceed against the parties who are liable including the town of Toronto Junction.

A NEW DEPARTURE.

The Chicago, Milwaukee & St. Paul Railway has recently put in service on its Pioneer Limited trains the largest and handsomest dining car ever built. It is 82 feet in length from tip to tip, and it's body is 6 inches wider and higher than the usual dining car. It seats 30 people comfortably in movable chairs, and has a kitchen large enough to permit the working of six cooks which with six waiters and a conductor make up the crew. The dining-cars heretofore in service did not provide sufficient space to properly care for the large number of patrons of the Pioneer, so that it became necessary to have a larger car.

WERE PAID IN GOLD.

The Canadian Soldiers Have Brought Home About $150,000 In Sovereigns.

OTTAWA, July 28.—Nearly 32,000 new English sovereigns have just been brought into Canada under somewhat peculiar circumstances.

When, on June 25th, Col. Evans received only four hours' notice to entrain his men for Durban and home there was little time to procure supplies, and about all the colonel was able to do was to present the check for the regimental pay at the bank in Durban. The manager had no notes, and told Col. Evans that he would have to take it in gold. This the men received on board ship and brought home with them.

WABASH SPECIAL EXCURSIONS

August 1st to 9th, round trip tickets will be sold to Los Angles and San Francisco, California, at less than the one way first-class fare, good to return until September 30th. Tickets are good going and returning via direct routes.

Special one-way and round trip excursions during July, August and September to Colorado, Utah, Montana and other western points.

Time-tables and rates from from any agent, or J. A. Richardson, District Passenger Agent, northeast corner King and Young Sts., Toronto.

NASSAGAWEYA.

The accommodation train to Guelph on the Guelph Branch of the C. P. R. Friday morning met with a somewhat serious mishap. A freight car jumped the track, dragging with it the baggage car and coach, overturning into the ditch. None of the train hands were hurt, beyond a few bruises, but several of the passengers got badly shaken up. Mr. R. L. McKinnon, barrister, of Guelph, had his collar bone broken, and was otherwise injured. A. Bradenberg, commercial traveller of Stratford, suffered slight injuries to head and shoulder; Mrs. Blair, wife of Rev. A. Blair, B. A., of Nassagaweya was bruised and had her ear cut; George Hutt, of Moffatt, fingers jammed and bruised about the head; C. J. Little, ankle sprained. Mr. McKinnon is the only one that was severely hurt, but is progressing favorably.

The Main Street pavement will not only costly improve the appearance of that thoroughfare but will render the property adjacent to it more valuable. No pavement in town will do more for the property owners than on Main Street.
