NOVEL MODE OF THRASHING A HUSBAND.—A case of separation is to occupy the forensic talent of Lyons, arising from a most origina cause. A husband of colossal strength coml plains of having been beaten by his wife. It appears for several months the neighbours of this ill-assorted pair have been disturbed by the cries and moans of the wife, caused by the blows inflicted from the herculean arm of her lord and master. The lady vowed vengeance in words not loud but strong; and thus she fulfilled her purpose. The husband retorted one evening unusually weary from hunting, dined and drank copiously, retiring to bed, when he was soon in the arms of Morpheus—dreaming perhaps, but not of the long packing needle and strong twine which, by the fair hands of his wife, was fast enclosing him a helpless mass, in his sheets. The preliminary measure taken by the lady, armed with a powerful stick, returned with interest the accumulated blows of past years, till, exhausted by the exertion, she was compelled to pause.—After an instant's rest she made a deep curtsey to her belaboured husband, and announced to him her intention of eloping to her parent's residence. The trial which will be the result excites immense curiosity.—Correspondent of the Morning Star.

DIVORCE IN VIRTUOUS MASSACHUSETTS.—The Newburyport Herald, speaking of divorces, says, "in this little State of Massachusetts one per day would be a mere fraction of what annually occur. There are probably more in this little city in one year than there were in a generation, in the whole State, prior to a century ago. There is a single law office here that does up more than one a month; and it is not uncommon to have fifty or a hundred upon the docket of a county court at one term. Go into the court, and one perceives that sundering the ties is not considered of any consequence. The whole process does not often consume more than a half hour, and perhaps not half of that. It may be the prevailing opinion that this is all right, and tells well on the community; but we cannot help believing that our entire action in the divorce business is demoralizing and degrading to the utmost extreme."

UNCOMMONLY COOL.—On Thursday, the 22nd ult., on the Midland Railroad Company's new line between Whalley Bridge and Buxton, at a place called Bugsworth one of the sides of a deep sand cutting, at the mouth of a tunnel, suddenly gave way, killing one man and imprisoning eleven others and four horses in the tunnel. A number of men were set to work to remove the fall of sand, and the night had far advanced before they had effected their object. To their surprise they found the eleven navies had been steadily pursuing their works in the tunnel all the time. The men had held a consultation, at which they had come to the conclusion that proper steps would be taken to liberate them, and as they could do nothing towards it themselves they might as well pursue their ordinary tasks. From 200,000 to 300,000 tons of earth had fallen at the mouth of the tunnel.—London Star.

STRANGE STORY.—Paris journals have a story of a man of middle age who recently ordered a dinner for eight at a restaurant there, paying for the repast liberally in advance. He came in at the appointed time alone placed upon the unoccupied places slips of paper inscribed with the names of the notes of music, and ordered the viands to be served as if every chair was occupied by a guest.—The whole course of the banquet was gone through with, even to eight cups of coffee after the desert, and then the man placed a pistol in his ear and fired. The waiter, suspecting the design, had previously drawn the charge from the weapon, but the explosion of the cap convinced the lunatic that he was killed, and he has ever since insisted, in the asylum to which he has been carried, that he is dead and in purgatory. It appears that the poor fellow was once an opera singer, that he lost his voice by sickness, and that he thought it would be a rather brilliant idea to take his leave of the world by giving a parting banquet to the notes which had so cruelly deserted him.

ANOTHER OUTRAGE IN A RAILWAY CARRIAGE IN ENGLAND.—On Tuesday evening a man was arrested at the Richmond Station, on the Southwestern Railway, while actually perpetrating an outrage on a young lady who was a fellow passenger with him in the train from Reading. When the train came to the station a gentleman was observed clinging to one of the carriages, as he stood on the step, and crying out 'murder!' Police!' The door of the carriage was open. A constable in the employ of the company rushed to the carriage, which was a second-class one, and saw a man struggling with a young lady, and in a position which was in itself an indecent and brutal outrage. The lady was in a fainting condition. The offender was mad drunk. His name is said to be James Sain, a barge builder, of Blake's yard, Reading. The next morning he was taken before the magistrate in petty sessions, and remanded to Wednesday next. He was admitted to bail, on his own part in £100, and with two sureties for 150 each.

THE CARGO OF HORSES FROM CANADA.—The horses brought from Canada a few weeks since in the steamer Merritt bound to Havana, and landed at Halifax, will shortly be re-embarked for their destination in the American schooner Okotona, which is at present discharging a cargo of coals at this port. These animals comprise sixty in number, some forty odd having been lost either on the passage from Quebec, or died of injuries received on board the ship, since their arrival at Halifax. It is stated that the expense of attending and providing for the horses, during their stay in this city, amounts to about $400 per week.—Halifax Reporter.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

" " " I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER,
Madrid, N. Y."

" " " Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.

Thy Friend, ASA CURRIN,
Philadelphia, Pa."

" " " I have been a great sufferer from Dyspepsia, and had to abandon preaching. " " " The Plantation Bitters have cured me.

REV. J. S. CATHORN,
Rochester, N. Y."

" " " Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & Co.,
Proprietors Willard's Hotel,
Washington, D. C."

" " " I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. D. ANDREWS,
Superintendent Soldiers' Home,
Cincinnati, O."

" " " The Plantation Bitters have cured me of liver complaint, with which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY,
Cleveland, O."

" " " The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers, &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

We find in Ayer's American Almanac, (now ready for delivery gratis, by R. H. Parker) the remarkable statement that the temperature of the earth has not diminished more than 1-306th part of one degree Fahrenheit for 2000 years. To our enquiry how he could make such an assertion, Dr. Ayer writes us the following answer:—"Hipparchus gives the exact record of an eclipse in his time. This enables us to measure with extreme accuracy the earth's diurnal revolutions since to any eclipse now. Diminution of its heat would by concentration, shorten its axis and consequently its time of revolution on its axis. The data show that this change has been only such as I state it, mathematically and indisputably true."—(New York Journal.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine will not help them; let not even these despair; incredulity and skepticism is overthrown by a host of testimony which is truly irresistable. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine.

AYER'S CHERRY PECTORAL.

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

SO wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon our community have failed and been discarded, this has gained friends by every trial conferred benefits on the afflicted they can never forget and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the complaints they cure.

Those who require an alternative medicine to purify the blood will find Ayer's Comp. Ext. Sarsaparilla the remedy to use. Try it once and you will know its value.

IN THE YEAR 1845

Mr. Mathews first prepared the VENETIAN HAIR DYE; since that time it has been used by thousands, and in no instance has it failed to give entire satisfaction.

The VENETIAN DYE is the cheapest in the world. Its price is only Fifty Cents, and each bottle contains double the quantity of dye in those usually sold for $1.

The VENETIAN DYE is warranted not to injure the hair or the scalp in the slightest degree.

The VENETIAN DYE works with rapidity and certainty, the hair requiring no preparation whatever.

The VENETIAN DYE produces an shade that may be desired—one that will not fade, crock or wash out—one that is as permanent as the hair itself. For sale by all druggists.—Price 50 cents.
