MARRIED.

FAWCETT—HYNDS.—At St. Phillips Church, Toronto, on Thursday evening, 14th May, 1903, by Rev. Canon Sweeny, Mr. Robert Ross Fawcett, Merchant Tailor, Spadina Ave., Toronto Gressie youngest daughter of the late George Hynds, Esq., of Toronto, and sister of Councillor Hynds, Acton.

DIED.

CAMPBELL.—At the home of his sister, Mrs Wm. Sunter, Jr., Guelph, on Monday, 18th May, 1903, John Campbell, late of Acton, aged 83 years.

The Acton Free Press

THURSDAY, MAY, 21, 1903.

EDITORIAL NOTES.

The astounding success of the British Transvaal loan emphasizes the high place which Canada's 3 per cent. stocks now enjoys in the British markets. While the new Transvaal loan was issued at par and Australian, South African and other colonial stocks range from 90 to 96, Canadian threes stand at 103.

The movement of grain, cattle and other products of the farm from interior points to the seaboard is steadily expanding and it seems almost certain that the transportation companies will have all they can do to handle the traffic now in sight before the new crops begin to come on the markets.

Acton is very much in need of a new map of the municipality. The last map was prepared at the time of incorporation, thirty years ago. Since then the Christie and Henderson survey, the W. E. Smith survey and the Adam Cook survey have been added; new streets have been opened, and several have changed names, so that the map at present in use is neither as accurate nor as comprehensive as it should be. As a consequence it is very difficult in conveying property in various parts of the town to make a satisfactory description. The Council should take this matter up without delay.

The question of sewers and drainage, which has been a vexed one for years, is again a live issue with the Council. Now that the Municipal Act provides for drains and sewers to be put in under a by-law similar to the permanent pavement by-lay, on the frontage system, the Council should at once proceed to put the by-law into force. This question has always been a troublesome one, and will ever be if continued on the basis of past operations. Citizens generally are unable to understand why four-fifths of the ratepayers should be put to the expense of draining cellars on properties which have been in the corporation for thirty-years without incurring public expense, for the advantage of the other one-fifth only. The drains at present under consideration will cost $400 or $500. By all means a by-law on the frontage system should be adopted. Such a by-law would be fair to the town, and would give the desired benefit to properties requiring it at a very low cost spread over a period of years. To do otherwise will be inequitable and unfair to the large majority of citizens.

The Toronto Star sets forth Canada's position in trade relations in the following succinct manner: "Canada nicely situated at the present time the matter of trade, for the country is doing a phenomenal business, and great nations are disturbed as to how they can make better arrangements with her. Great Britain is considering the advisability of giving our products a preference. The United States is considering the necessity of arranging some kind of reciprocity with us. Both these nations have come to see things in a new light within the past half dozen years. Each fears the other so far as Canada and her swiftly multiplying trade are concerned. Great Britain does not want to see Canada enter into a comprehensive scheme of reciprocity with the neighboring Republic. The Washington Government does not want to see Canada enter into a closer trade union with Great Britain. And as business is business, Canada can just go ahead, pretty secure in the knowledge that somehow she will get wider and better markets out of this growing appreciation of her importance in the world."

TEMPERANCE BILL POSTPONED.

Premier Announced There Would be No Legislation This Season.

PROHIBITIONISTS DISAPPOINTED

TORONTO, May 20.—Premier Ross announcement last Thursday to a deputation of Prohibitionists that he would not introduce the promised temperance legislation this session after all, is received with much surprise by temperance people. The deputation consisted of Mr. F. S. Spence, secretary of the Dominion Alliance; W. H. Orr, Treasurer; G. F. Marter, ex-M. P. P., Mr. L. O. Peake and several others.

The reply which the Premier gave to the delegation was in substance as follows:

"The Government had intended to introduce a measure of advanced and useful legislation. It would be desirable and necessary to have such a measure before the House long enough to allow of it's receiving the fullest consideration by the members and the country. There had been prepared a bill, which the Government had expected to introduce early in the session. The Gamey charges and the discussion and action resulting therefrom, had interfered with the Government's plans and with the business of the house. The ten service bill was one of the measures delayed. He did not consider it practicable now to bring down the bill, and have it as fully discussed by the Legislature and the country as it ought to be before being passed. It had, therefore, been decided to hold over the proposed measure, and introduce it early at the next session."

A Provincial Prohibition Convention will be held in the Guild Hall on Thursday, May 28th, at 9 a. m., when the statement of Premier Ross will be discussed and decision arrived at as to what action the prohibitionists will take.

THE BEARDMORE ASSESSMENT.

The Firm Offers to Agree to An Assessment of $25,000, an Increase of $15,000.

COURT OF REVISION WILL DETERMINE.

Council met on Monday evening at 8 o'clock. Members present, Reeve Swackhamer and Councillors Hynds, Holmes and Brown.

The Committee on Finance presented their ninth report and recommended payment of accounts as follows:

The Canadian General Electric Co., supplies	$42 30
W. H. Storey & Son, coal	26 02
The Acton Free Press, printing and advertising	8 15
John Harvey, cartage	2 65
H. Wallace, Teaming	1 50
R. D. Graham, postage	1 00
	$82 31

Moved by Geo. Hynds, seconded by James Brown, that the ninth report of the Committee on Finance just presented be adopted.—Carried.

Reeve Swackhamer reported that several complaints had been made by residents on the north side of Bower Ave., East of Alice Street, that the water in the corporation dam was being held at a point above high water mark, and was flooding gardens and woodsheds in that section.

The municipal officer was instructed to have the pond lowered at once.

The following letter was received from Messrs. Beardmore & Co:

Acton, May 11th, 1903.

GENTLEMEN: In regard to the taxation on our tannery plant and stock of hides and leather, would say that we would be pleased to have the matter settled at the meeting of your Council on Monday.

The writer, Mr. A. O. Beardmore, who appeared before you, set forth pretty well everything that was to be said in regard to the matter. A suggestion was made that you fix the assessment at $30,000. This we considered too high and suggested $20,000. Don't you think a fair compromise would be $25,000, which would be equal to an assessment of $18,000 more than we have been paying on before.

In considering this matter we would again draw your attention to the disadvantage we are under in carrying on business here.

As you know, in selling sole leather we come in direct competition both in this country and European countries (where we sell nearly half our products) with tanneries situated in the bark growing districts, where bark costs from $1.50 to $2.00 a cord less than it does us, and, as you know, bark is the largest item of expense in manufacturing sole leather. Moreover, we do not know a sole leather tannery that has been put to such expense as we have been in the matter of drainage, which with us has been a very serious item of expense.

In conclusion we beg to say that we put ourselves in your hands, feeling that you will deal with the assessment in a just and equitable manner, and in a way that will encourage us to continue to do business in Acton as long as possible. Yours truly,

BEARDMORE & CO.

The Council decided that owing to the expiry of the fourteen days after return of the roll for appeals the matter must be allowed to rest until the holding of the Court of Revision on Monday evening, 1st June.

Messrs. R. R. Johnston and C. F. Goodeve waited upon the Council to request that a sewer be put in on Main Street opposite their properties in order to drain their cellars.

Council will meet this evening to specially consider this request.

Mr. H. L. Ross waited upon the Council to protest against the use of the newly-acquired addition to the cemetery for burial purposes.

He was informed that there was no intention of using the property for that purpose at present.

Moved by George Hynds, seconded by James Brown, that the Council do now adjourn to meet as a Court of Revision at 8 o'clock p. m. on Monday, June 1st, in the Council Chamber, and that the clerk be hereby instructed to give notice through the columns of the FREE PRESS of said meeting.—Carried.

Council then adjourned.

GAMEY'S $1,200 IMPOUNDED.

The Judges Demand that he produce the $1,200 of Alleged Bribery Money He Still Holds.

ARGUMENT TO COMMENCE TODAY.

TORONTO, May 20.—The evidence in the Gamey case was practically concluded on Saturday. It proved to be a continuation of the fishing which took up the time of the court for several of the preceding days. The only matter of importance was the announcement of the Chancellor that he and the Chief Justice thought it incumbent upon Mr. Gamey to place in the custody of the court the $1,200 which he claimed to have borrowed from Sullivan's share of the alleged $3,000 bribe, as he had already placed the $1,500. Mr. Gamey said nothing.

Mr. Gamey was called by the Chancellor to produce his account book. It covers a period from October, 1900, to March 1903, and was supposed to include all his financial dealings, but had no reference to $1,500, half of the $3,000 said to have been divided with Frank Sullivan in September, and $1,200, which he said he borrowed from Sullivan, or of $900, which he said in Buffalo was gathered during the summer, but which he testified was part of that $1,200, or of $500, which he said was half of the $1,000 divided with Sullivan in January. He further said he had no books which did contain references to these sums except the bank books.

It has been arranged that the Commission will meet again at 2 o'clock today to hear the evidence of the ladies from Peterborough if deemed necessary, and that the argument is to commence at 10 o'clock on Thursday morning. The Chancellor intimated his desire that the argument should not last more than two days, saying that the commissioners will sit a little later on Friday if necessary in order to finish it.

Great men are ordinary men with their shoes carefully polished.

—Just What You Need.

Chamberlain's Stomach and Liver Tablets are just what you need when constipated; when you have no appetite, feel dull after eating, and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by A. T. Brown.

ESQUESING S. S. WORKERS.

A Highly Helpful and Interesting Convention at Ballinafad Last Friday.

BALLINAFAD'S SPLENDID HOSPITALITY.

The thirteenth annual convention of Esquesing Township Sunday School Association, held at Ballinafad last Friday was a crowning success in all respects. The attendance of workers from throughout the township was large and representative. Every number on the programme was presented as arranged and there were absolutely no disappointments from the moment Reeve Near, the President, opened the convention a few minutes after two o'clock until Rev. Mr. Milne, the pastor of the pretty Presbyterian Church where the sessions were held, pronounced the benediction at 10 p. m.

After devotional service was conducted by Revs. H. A. Macpherson and W. S. McAlpine, Miss Marion S. Noble, of Norval, Secretary-Treasurer, presented her very interesting report for the year. The report had several encouraging features, principal among them being the large increase in missionary offerings.

The Committee on Nominations recommended the following officers for the ensuing year:

President—J. A. Curray, Stewarttown.

1st Vice.-Pres.—John McLean, Ballinafad.

2nd Vice.-Pres.—A. H. Goodenow, Georgetown.

Sec.-Treas.—Miss M. S. Noble, Norval.

Delegate to County Executive—F. S. Near, Ballinafad.

These were elected by the convention.

The first speaker was Mr. W. V. Hopkins, of Burlington, who gave a stirring address on "The Superintendent's Work and Qualifications." He showed with apt illustrations and passages from personal experience and observation that the helpful, successful superintendent must be a wide-awake leader, with a cheerful disposition and indomitable perseverence, and a readiness to take suggestions as to the conduct of the school. He must be filled with enthusiasm, and plan his work and work his plan so that the school will run successfully and be a power in the community. Above all he must be a consistent, self-sacrificing Christian.

A very helpful conference on "Methods" was led by Mr. A. L. Noble, of Norval. Methods of organization, of management, of discipline, and of work were each emphasized and in the free discussion which was a feature of the conference many points of value were brought out and impressed.

"Sunday School Esprit de Corps" was treated by H. P. Moore, Acton, in a half hour address, the essence of which was an appeal for a spirit of common devotedness, sympathy and support among the members of every school. Plans for securing this comradeship and loyalty for and pride in the school were given in detail, the ideal superintendent, officers, teachers, scholars and visitors being portrayed. Homely examples of esprit de corps in college, school and church life impressed the various points presented.

At 5.30 the large audience adjourned to the public hall for tea. Here the ladies of the community had prepared an abundance of the choicest edibles and all were served lavishly. Words of thanks and appreciation were heard on all sides for the bountiful spread.

After spending an hour in strolling through the grassy lanes, and blossom-perfumed orchards, or taking a quiet walk in the village churchyard "where all the air a solemn stillness holds," and, as the glimmering landscape faded on the sight, the company reassembled in the church. The large attendance of the afternoon was now considerably augmented and many were unable to gain admittance.

Rev. Mr. Milne conducted the devotional service and the retiring president in a few timely words introduced Mr. Curray, his successor. Mr. Curray spoke of the value of the Convention to the Sunday School community and then called on Rev. Wylie C. Clark, of Brampton. His theme was the emphatic statement that "Training should be done in childhood." We should so train our children that they will be conversions while they are young. While you are engaged in work to accomplish the salvation of one grown person you may save ten children. The first trainers are the parents, and the second the Sunday School teachers. The Sunday School teacher is an adopted parent in a measure to every scholar in the class. In concluding his very able address Mr. Clark elaborated these points: We must train our children: 1. To be truthful; 2. So that they may work; 3. To be accurate. We owe their careful training to the land which we love.

Inspector J. S. Deacon, the President of the County Association, followed with a most helpful address on "Sunday School Helps and Helpers." The helps he enumerated, outside those recognized as the necessary requirements of all teachers, as a well-furnished room, pictures on the walls, piano or organ, etc. The helpers are the parents, the officers and the teachers of the school. The helpers will be self-sacrificing and each will feel that God has given him specific work to do. Mr. Deacon's address was practical throughout and coming from one of our most successful workers carried with it a prestige which was very manifest.

The closing address was delivered by Rev. R. J. Drysdale, of Georgetown, and was a special and eloquent message from a young man to young men to "Keep Your Record Clean." The scriptural injunction to "Keep thyself pure that you may be lifted to high places in Christ Jesus" was the burden of this forceful address. To those who are pure in heart is given a vision of God, he said. I appeal to your patriotism to keep your record clean. It is ours as young men, either to make or mar this Canada of ours. For the sake of the development of a strong manhood; for the sake of business success; for the sake of your friends, keep thyself pure. This fine address closed with an impassioned appeal, and a fitting illustration from personal experience showing the value and influence of a clean life of a companion, now deceased.

During the day the singing was led by the united choirs of the Presbyterian and Methodist Churches and was much appreciated. The choir sang anthems during the offertory both afternoon and evening, and Miss Noble, of Norval, sang "The Master Stood in His Garden," and Miss Brown, of Ballinafad, "Oh, Lord Correct Me," both of which were well rendered.

Cordial votes of thanks were passed and the Convention was characterized as one of the very best ever held in the township.

DR. HARTE'S CELERY-IRON PILLS.

The Remedy we Positively Guarantee will Cure You or Your Money Refunded.

There has never been a remedy offered to the public with such an honest guarantee of cure behind it as Dr. Harte's Celery-Iron Pills. This remedy is the best treatment in the world for such troubles as Anæmia, Chlorosis or Green Sickness, Pale and Sallow Complexion, Nervousness, Sleeplessness, Brain Fag, Impaired Memory, Loss of Appetite, Dyspepsia, Nerve Exhaustion, Nervous Headaches, Hysteria, St. Vitus Dance, Female Weakness, Pimples and Eruptions, Heart Palpitation, Shortness of Breath, Dizziness and Faintness, General Weakness and Debility.

It is a great boon to weak, worn-out run-down men and women, giving them that vigorous health that makes life worth living.

There is nothing better for pale, listless, hollow-eyed girls to make them rosy-cheeked and full of bounding health.

If you are anxious to try Dr. Harte's Celery-Iron Pills, we will sell you 6 boxes for $2.50 with the understanding and with the guarantee that if you feel you are not deriving benefit from the use of the Pills, after taking three boxes according to directions, you may return the 3 empty boxes, together with the 3 unopened ones, and have your money refunded.

By the single box the Pills are 50c.

LADY MINTO'S HOSPITAL SCHEME.

On the invitation of Lady Minto more than a score of Toronto gentlemen met her Excellency at the temporary vice-regal residence in Queen's Park, Toronto, on Saturday afternoon to consider the question of strengthening and extending the Lady Minto Cottage Hospital scheme. Hon. George A. Cox, C. D. Massey, E. B. Osler, D. D. Mann and Dr. Wilkie were appointed a committee to advance the matter in Toronto. Of the $50,000 subscribed to the fund in Toronto on Saturday, Mr. D. D. Mann contributed $5,000.

COULD NOT WALK.

A Young Lady Tells of the Torture She Suffered From Rheumatism.

Miss Myrtle Major, Hartland, N. B., is one of the thousands who have proved that Dr. Williams' Pink Pills will cure rheumatism. Miss Major says: I suffered from the trouble for nearly a year. I had the advice of a doctor and took his medicine, but it did not help me. The trouble was located chiefly in my ankles, and the pain I suffered at times was intense. As a matter of fact at times I was quite unable to walk across the room, and for some six months I was confined to the house. I used liniments and other medicines prescribed for rheumatism, but they did me no good. Then some of my friends urged me to try Dr. Williams' Pink Pills. I acted on their advice and before I had used three boxes I began to feel better. I took nine boxes of the pills altogether, and before I finished the last box not a trace of the trouble remained. It is now nearly two years since I took the pills and as there has not been a symptom of the trouble since it proves that the pills make permanent cures."

Rheumatism is a disease of the blood and can only be cured by treating it through the blood. That is why Dr. William's Pink Pills always cure this trouble. Good blood makes every organ in the body strong and healthy, and as every dose of Dr. Williams' Pink Pills makes new, rich blood, it follows that they cure such troubles as anæmia, neuralgia, indigestion, heart trouble, Kidney ailments, erysipelas, the after effects of la grippe and fevers, etc. They also relieve and cure the ailments from which so many women constantly suffer. See that you get the genuine pill with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around every box. Sold by all medicine dealers or sent post paid at 50c. a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

GEORGETOWN.

There have been two smashups with freight trains here the past week.

A number of Sunday School workers under the pastoral care of Revs. McAlpine and Drysdale attended the Convention at Ballinafad last Friday.

Mrs. Allan Holmes, who has had much a prolonged and critical illness, is improving.

Victoria Day races will as usual form Georgetown's attractions next Monday. There will be a concert in the evening.

Trooper Wilson, late of South Africa, was the guest of Mr. J. M. Moore on Saturday. He leaves his home in Guelph this week for British Columbia.

The Teachers' Convention to-day and to-morrow will bring a large number of the members of this important profession to town from all parts of the county.

The heavy shower on Monday afternoon was very refreshing to the thirsty land and everything is growing rapidly.

Rev. A. E. Smith, B. D., preached in the Methodist Church on Sunday to good congregations. Mr. Smith is a thoughtful preacher and was listened to with interest.

Which animal has the most property to carry with him when he travels and which two have the least? The elephant has the most because he carries his trunk, the fox and cock the least because they have only a brush and comb between them.
