CANADA'S NATAL DAY.

Next Wednesday, July 1st, will be Dominion Day—Canada's national holiday—a day of which we should be as proud and loyal as our friends to south are of their "Glorious Fourth." The Dominion of Canada will be thirty-six years of age next Wednesday, the federation of the provinces having been consummated on July 1st, 1867. There are sentimental and patriotic impulses at work which will ultimately make Dominion Day the great Canadian holiday. It is a day exclusively our own, and as the sons of Canada let us observe it loyally and show the rising generation that we appreciate our position as one of the youngest, most progressive and prosperous of nations.

EDITORIAL NOTES.

Statistican Snow, of Chicago, who is touring Manitoba and the Northwest Territories with an excursion party of agriculturalists, reports crop conditions as near perfect as possible. He estimates the spring wheat acreage as 20 per cent. larger than last year, and the wheat crop at 85,000,000 bushels, compared with the official estimate of 68,000,000 bushels last year.

The indemnity of members of the Ontario Legislature for this session has been fixed at $1,000, an increase of $100 on account of the session's unusual length. The Premier announced that for future sessions the indemnity would be $800. Mr. Whitney expressed his approval of the increase. The sum of $1,000, he thought, was a reasonable one, not only for this session but for all subsequent ones.

Owing to the number of crimes committed by tramps and other vagrant characters, who roam about the country without working or having fixed places of abode, the provincial authorities have given instructions to all constables and officers of the law to promply arrest all such. The County Crown Attorney of Halton has advised the Magistrates of the county when called upon to adjudicate in such cases to impose the full penalty.

The first number of the Georgetown Conservator was issued from its own plant at Georgetown last week. Mr. Tuer, the new publisher, has quite revolutionized the make up of the paper and improved it in some respects. The FREE PRESS welcomes the new publisher to the journalistic ranks of the county, and only regrets that he has cast his lot in a county none of whose towns are able to support two papers with any degree of success.

"Profitable Poultry Farming" (revised edition) has been received at this office from the chief of the poultry division, Department of Agriculture, Ottawa. It is a bulletin of 43 pages describing the construction of poultry houses, the feeding of poultry, the hatching, rearing, fattening and marketing of chickens, and also the diseases and parasites of poultry. The bulletin is a complete poultry guide; it is filled with practical information, and is well illustrated. "Profitable Poultry Farming" will be mailed free to any address on application to Ottawa. Postage is not required when writing for the bulletin.

We are always hearing from liquor organs that prohibition in a State is a bar to prosperity. The condition of Maine, according to her savings-bank reports, shows that, on the contrary, Maine, the leading prohibition State, goes ahead of any other state in the Union for the amount of money saved per capita and deposited in the banks. There is nothing in Maine to produce large fortunes. Its people are for the most part, persons in humble circumstances. But the State reports for savings banks are 183,108 depositors out of a population of 650,000, with deposits amounting to $93,122,077, or more than $500 for each depositor.

The people of Acton should be thankful that the FREE PRESS is not called upon to sing such a mournful dirge over the financial position of the town as the Oakville Star thus indulges in: "Instead of waterworks, Oakville has been loaded with a mortgage, instead of fire protection our debt is increased, and instead of granolithic sidewalks there are broken boards and a mortgage big enough to have laid cement walks all over town. Is that a backward march or a war movement?" Acton has the fire protection, the granolithic walks, successful municipal franchises in operation, an increasing population, and real estate values on the rise. Let us be thankful and loyal to the old town which sustains us.

When a woman begins to assert her rights she magnifies her wrongs.

Things that interest some people are those that are better left unsaid.

The Best Medicine.

Mrs. Alma Caquin, Cape Bald, N. B., says: "I had an attack of Liver Trouble and Indigestion, and decided to try Laxa-Liver Pills. They had a better and more lasting effect than any remedy I ever took."

DEATH OF REV. DR. DEWART.

One of the Pioneers of Canadian Methodism Passes Away Suddenly.

Toronto, June 18.—The sudden death Wednesday afternoon of Rev. Dr. Dewart, from heart disease, came as a great shock to thousands of Toronto's citizens, and the announcement will be received with deep regret throughout Canada, for the name of Dr. Dewart was well-known from ocean to ocean.

Dr. Dewart, who was 75 years of age, is survived by a widow and two sons, Hartley H., K.C., County Crown Attorney, and Edward, of the Bank of Commerce.

In the death of Dr. Dewart the Methodist Church in Canada loses one of its oldest and foremost representatives. He was a man of great natural ability and force of character, a vigorous writer, a powerful debater and an able preacher. He was in the true sense of the term a self-made man, with his success largely attributable to his indomitable perseverance and unwearied application.

At the funeral service Rev. Dr. Withrow said: "Dr. Dewart was one of Canada's great men, great in elevation of character, in moral earnestness, in intellectual vigor, and in literary power and grace. Though the manner of his taking off was one of tragic suddenness, yet after the first shock was over, was it not an ideal one to die? 'He walked with God, and he was not, for God took him.' The chief organ of the Church was a trumpet in his hands. On all the great questions of the day it rang out loud and clear. He was undaunted in his rebuke of wrong in high places and in low, a true guardian and defender of the rights and liberties of the people in both Church and State. Of him as of John Knox it might be said, 'There lies one who never feared the face of man.'"

THE MERCHANTS BANK.

At the annual meeting of this Bank held in Montreal a week ago a successful year's business was reported, as shown below:

Net profits for the year	$ 750,245 15
Rest was increased to	2,000,000 00
Capital remains at	6,000,000 00
Notes in circulation	4,077,257 00
Deposits	21,354,656 41
Total assets	34,675,806 46

The bank has now 93 branches, 69 of which are in Ontario and Quebec and 24 in Manitoba and the North-west territories.

It will be gratifying to all friends and patrons of the Acton branch to know of the continued success of the Merchants Bank, one of the oldest financial institutions of Canada, and also to learn that a material share of the prosperity is due to the very satisfactory volume of business transacted here under the progressive management of Mr. A. Harvey Devitt.

CHURCHILL.

Owing to the critical illness of Mrs. Drysdale, the pastor was not able to be in the pulpit on Sunday afternoon. An able and very helpful sermon was preached, however, by Mr. Sunderland Taylor, of Acton, formerly of Rochdale, Eng. Mr. Taylor is a thoughtful and impressive speaker, and by his thorough preparation his sermons are more acceptable than those of the average local preacher.

Anniversary services will be held on the 12th July. Rev. W. S. McAlpine, B.D., will be the preacher of the day.

CREWSONS CORNERS.

—A large number from here took in the Halton excursion to the O. A. C. on Satuday.

Mr. J. Bennett raised a large addition to his barn on Thursday last.

Mr. Samuel Lauby, one of our highly esteemed young farmers, was united in marriage to Miss Jennie Stewart, daughter of Mr. and Mrs. J. Stewart, Nassagaweya, on Wednesday afternoon last. They have taken up their residence on Mr. Lauby's farm where their many friends join in wishing them every success and prosperity.

Mr. Cameron McMillan left on Thursday for the Northwest where he intends spending several months.

AFTER OTHER HELP FAILED.

Dr. Williams' Pink Pills Restore a Young Lady to Full Health and Strength.

Doctors and nurses recommend Dr. Williams' Pink Pills because they have seen their wonderful power to make new, rich, red blood, and to cure all diseases due to poor blood or weak nerves. Dr. Williams' Pink Pills are not a common medicine. They do not purge and weaken. They contain no poisonous drugs. They are safe, sure, simple, stimulating and scientific. That is why these pills should be taken by all who are weak, bloodless, nervelose and shaky. Here is a bit of very positive proof of the wonderful power to conquer disease which Dr. Williams' Pink Pills possess: Miss Esther E. Lewis, Lynn, N. S., says: "At the age of sixteen my health failed me completely. At that time I was attacked by la grippe, which was followed by measles, from the after effects of which I was left in a deplorable condition. I became very pale, suffered from headaches, dizziness and want of appetite. I tried several medicines, but they did me no good; on the contrary I was growing weaker and finally became so bad that I would take spells of unconsciousness lasting from fifteen minutes to an hour at a time, and I had become so weak that I could hardly move about. At this stage I was advised to try Dr. Williams' Pink Pills, and I have good reason to bless the day I began their use. I had only taken them a few weeks when I began to recover and under their continued use for some time longer I fully regained my former good health. I will be glad if my experience will be of benefit to some other poor sufferer."

When buying the pills see that the full name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around each box. Sold by all dealers or sent by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

NAGSAGAWEYA.

On Wednesday, June 17th, the house of Mr. James Clark, Nassagaweya, wore an aspect of festivity. Miss Florence, the eldest daughter of the home, was united in marriage to Mr. Thos. Dymond, Rev. E. L. Flagg performing the ceremony. The bride wore a beautiful gown of white clinging goods, trimmed with chiffon and satin ribbons; and carried a bouquet of snowy-white carnations, mixed with asparagus and fern leaves. The guests were limited to the immediate relatives. The tables, artistically adorned with vases of pink and white flowers, were richly supplied with palatable dainties. The company spent a most pleasant evening with music and games, after which the happy pair, showered with good wishes, left on a westward-bound train.

Preparations are being made for interesting services in the Methodist Church of Nassagaweya Circuit on June 28th, the date of the 200th commemoration of John Wesley's birthday.

A whole community rejoices over the fact that Mr. Jno. Kitching, of Corwhin, who was so seriously ill, is steadily regaining health and vigor. He was able to sit up at the dinner table on Saturday.

DUBLIN.

An enjoyable programme of attractions has been arranged for the Annual Dublin Picnic to be held next Wednesday—Dominion Day. This will be the eleventh annual picnic held in Mr. D. McDougall's grove. Prizes will be given for a number of athletic contests. There will be music by Acton Orchestra. Supper will be served at 5 o'clock. The games will be contested at six. The committee in charge are, D. McDougall, R. J. Waldie and J. Thompson.

The school grounds have been much improved by the neat new fence recently erected by Mr. N. F. Moore, of Acton.

A Sure Cure for Headache.—Bilious headache, to which women are more subject than men, become so acute in some subjects that they are utterly prostrated. The stomach refuses food, and there is a constant and distressing effort to free the stomach from bile which has become duly secreted there. Parmelee's Vegetable Pills are a speedy alterative, and in neutralizing the effects of the intruding bile relieves the pressure on the nerves which cause the headache. Try them.

The duty which no one can disclaim, the test which no one may evade, and the prize which no one will despise are all included in the homely word of usefulness.—Bishop Thorold.

A Merry Heart Goes All the Day.—But one cannot have a merry heart if he has a pain in his back or a cold with a raking cough. To be merry one must be well and free from aches and pains. Dr. Thomas' Eclectric Oil will relieve all pains, muscular or otherwise, and for the speedy treatment of colds and coughs it is a splendid medicine.

What notes compose the most favorite tunes, and how many tunes do they compose? Bank notes and they compose (four) fortunes.

Summer Coughs.

Are often hardest to shake off, and frequently lead to consumption. Better have them cured promptly by Dr. Wood's Norway Pine Syrup, the best remedy for healing the lungs and curing all kinds of coughs and colds.

What coat is finished without buttons and put on wet? A coat of paint.

To Those of Sedentary Occupation—Men who follow sedentary occupations, which deprive them of fresh air and exercise, are more prone to the disorders of the liver and kidneys than those who lead active, outdoor lives. The former will find in Parmelees' Vegetable Pills a restorative without question the most efficacious on the market. They are easily procurable, easily taken, act expeditiously, and they are surprisingly cheap considering their excellence.

We should give as we would receive, cheerfully, quickly and without hesitation, for there is no benefit in a grace that sticks to the fingers.—Seneca.

"I purchased a bottle of Dr. Low's Worm Syrup for my little girl 2½ years old, and gave her the medicine. The result was that she passed fifteen round worms in five days."

MRS. B. ROY, Kilmanagh, Ont.

An angry man is again angry with himself when he returns to reason.—Publius Syrus.

Severe Headaches.

"For some time I was troubled with very severe headaches. I tried Milburn's Sterling Headache Powders and got immediate relief.

MRS. N. BURKE, Lindsay, Ont.

Anger, if not restrained, is frequently more hurtful to us than the injury that provokes it.—Seneca.

Hagyard's Yellow Oil reduces swelling, allays inflammation, takes out pain, and cures cuts, burns, bruises, sprains, stiff joints, etc., more effectually than any other remedy.

There is not in nature, a thing that makes man so deformed, so beastly, as doth intemperate anger.—John Webster.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"I suffered dreadfully from rheumatism, but have been completely cured by Hood's Sarsaparilla, for which I am deeply grateful." MISS MARGUERITE SMITH, Prescott, Ont.

"I had an attack of the grip which left me weak and helpless and suffering from rheumatism. I began taking Hood's Sarsaparilla and this medicine has entirely cured me. I have no hesitation in saying it saved my life." M. J. MCDONALD, Trenton, Ont.

Hood's Sarsaparilla

Removes the cause of rheumatism—no outward application can. Take it.

We have received from the publisher, Mr. W. S. McKowan, of Denver, Colo., an advance copy of "Forward C. E. March," published as a souvenir for the International C. E. Convention, to be held in Denver July 9 to 13. Mr. McKowan is a Canadian and is the publisher of "Forward," the official organ of the Denver Endeavorers, and has issued this march principally to advertise the special souvenir of "Forward," which will contain about fifty pages of illustrations of the Rocky Mountains and Denver, besides a full detailed report of the convention. Send him ten cents in silver and he will mail you a copy of the march and particulars of the Souvenir Report, which should be in the hands of every Endeavorer. Address "Forward," 1129 South Fifteenth Street, Denver, Colo.

The fact that we are able to pick up seasonable goods at special prices right in the midst of a busy selling season speaks for itself of the buying capabilities of this store. Old-fashioned Honesty

In Buying Wool!

We have no trick to put on the farmer who brings his wool clip to the doors of this mill for sale. Perhaps there ought to be no need for emphasizing honesty, but the farmers tell us that they get fooled sometimes. We continue to do business in the good old fashioned way that our fathers did it—treat our customers courteously—give them full weight every time—assure them of fair inspection—and pay them the best current prices that are going for wool.

In selling us your wool clip you can be paid for it entirely, if you like, in the splendid value goods that can always be found in our store. You can have part cash and part goods, if you say so, or all cash.

The goods we offer in exchange include some splendid values of our own manufacture, such as:—All wool blankets—same as made so long—$4.50 and $5.25 a pair; Union Blankets, excellent for sheets, $3.00 and $3.50 a pair; Woollen Sheetings, 35c, 40c and 70c per yard; Horse Blankets, shaped, strap and buckle, $5.50, $5.50 a pair; All Wool blankets, 28 inches wide 35c; Tweeds, 50c, 60c and 75c; Overcoatings (our own manufacture) double width, from $1.50 to $2.50 Ladies' Suitings, 54-inch, cannot be beaten for serviceable wear, 75c, $1.00 and $1.25; Some lines to clear at 50c and 60c; Yarns, good strong thread, pure wool and thoroughly clean, 40c, 45c and 65c.
