FURTHER BY THE CUBA.

London, Feb. 26.

The London Times has an editorial on the accounts of the recent conference. It points significantly to Mr. Seward's admission that a proposition for a combined effort at some extrinsic policy or scheme was deliberately considered and thinks that the North came best out of the affair. It says that the arbitrament of war is accepted afresh, with more desperate determination. We deplore the result, but it must be more evident than ever that neutrality, if we are but allowed to maintain it, is the only policy for England.

The Index continues its efforts to frighten England into a recognition of the South; by pointing out that Lee's army is for the present the defence of Canada, and the uncertain tenure of that defence.

The Army and Navy Gazette states authoritatively that the rebel Government have cancelled orders for large numbers of torpedoes and infers that they intend to abandon the coast or have faith in an early peace.

In the House of Lords, Earl Granville said nothing had been done towards the establishment of a new colony in the Hudson's Bay and Red River territory and thought nothing desirable pending the Confederation negotiations in Canada.

Paris, Feb. 25.—The bourse closed firm at 67f. 75c.

Liverpool, Feb. 25.—Breadstuffs—Flour dull. Wheat very slow, and the slight improvement of Tuesday fully lost; red western 7s 9d @ 8s 4d per cental. Corn steady, and partially a shade dearer; mixed and yellow 27s to 27s 6d per 480 lbs. Provisions—Beef has been more active, but rather easier prices ex shipping. Pork scarce and firm. Bacon in steady demand at 50s to 55s. Cheese firm, and 1s to 2s demanded. Lard dull at 60s to 60s. Produce—Ashes—small sales at 30s 3d for pots and 31s for pearls. Sugars opened quiet, and closed firmer and fully 3d dearer. Coffee quiet. Rice quiet but steady. Petroleum market steady; sales of refined at 1s 10½ to 2s

London Markets.—Messrs. Baring Bros. & Co. report:—Breadstuffs unchanged Red Wheat, 38s to 41s. Sugars fully 6d dearer. Coffee generally steady. Tea without change. Rice quiet but stead.

The funeral of Cardinal Wiseman took place with much pomp. The procession was three miles long.

The Paris correspondent of the Times gives a report that France has assured the American Government that there was no truth in the reported cession of Mexican territory. The transaction is a mere lien on the products of certain mines, as security for French expenses. He repudiates the rumors of contemplated recognition of the South by Napoleon.

LATEST COMMERCIAL.

Liverpool, Feb. 25, evening.—Cotton, sales to-day 12,000 bales, including 4,000 bales to speculators and exporters. The market closed firmer, with a trifling advance. Breadstuffs market inactive. Provisions quiet and steady.

Portland, March 9.—Two heavy guns have just been heard, probably fired from the steamship Belgian, which is said to be below. The weather at present is too thick to signal her. The European dates by her have been anticipated.

NEW YORK MARKETS.

Canadian flour 5 @ 10c better for common grades; sales 500 bbls at 10,30 @ 10,50 for common, and 10,55 @ 11,05 for good to choice extra. Money on call at 6 @ 7 per cent. Gold opened at 195 and closed at 196¼.

SEAWEED.—Seaweed has heretofore constituted the sole commercial source of iodine, an article which is extensively used not only in medicine but in the arts. There is said however, to have been lately discovered in Chili a mineral consisting of a mixture of iodine of lead with the oxide and chloride of that metal in such proportion as to contain ten per cent of iodine. This mineral is believed to exist in considerable abundance, and if it really does so, a great reduction in the commercial price of iodine must be a speedy result of its discovery. Such a result would be a great boon to the art of photography, and also to that of dyeing since the brilliant dye recently discovered by Dr. Hoffman, though the first, will doubtless not be the last, having this element among its constituents.

POLICE COURT.

Thursday, March 9th.

There was but one prisoner before the court, and he was discharged.

We did not believe in "cure-alls" until we tried AYER'S inimitable PILLS, and now we think the whole secret lies in the fact, that purgatives are the natural remedy for disease, and Dr. Ayer has made the best of purgatives. They cure all our complaints.—Logan (O.) Press.

TO CONSUMPTIVES.

IN THE YEAR 1845

Mr. Mathews first prepared the VENETIAN HAIR DYE; since that time it has been used by thousands, and in no instance has it failed to give entire satisfaction.

The VENETIAN DYE is the cheapest in the world. Its price is only Fifty Cents, and each bottle contains double the quantity of dye to those usually sold for $1.

The VENETIAN DYE is warranted not to injure the hair or the scalp in the slightest degree.

The VENETIAN DYE works with rapidity and certainty, the hair requiring no preparation whatever.

The VENETIAN DYE produces yan shade that may be desired—one that will not fade, crock or wash out—one that is as permanent as the hair itself. For sale by all druggists.—Price 50 cents.

General Agent, 12 Gold St., New York.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Recollect that all sickness arises from impurity of the blood, and that Judson's Mountain Herb Pills will as surely find out and cleanse these impurities from the system, that disease cannot exist. So simple are the herbs and plants that compose them, that it is not necessary to have them sugar coated in order that the stomach can bear them. In most cases, Pills are sugar coated because the materials of which they are composed are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with the disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine will not help them; let not even these despair; incredulity and skepticism is overthrown by a host of testimony which is truly irresistable. At first the virtues ascribed to the Mountain Pills were deemed fabulous. The public had been so often deceived that they could not believe the simple truths put forward by their discovery. Yet facts undeniable, attested by witnesses of the highest character and respectability have proved, and are proving each day, the virtues of this mighty healer. They mark, by their miraculous efficacy and power a new era in medicine

Sold by all Medicine Dealers.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford great relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled Consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy, and the pale, thin features of him who was lately lusty and strong whispers to all but him, CONSUMPTION. He tries everything; but the disease is knawing at his vitals, and shows its fatal symptoms more and more all over his frame. He is taking CHERRY PECTORAL now; it has stopped his cough and made his breathing easy: his sleep is sound at night: his appetite returns, and with it his strength. The dart which pierced his side is broken: Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it causes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easy cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.
