The Acton Free Press.

THURSDAY, NOVEMBER 19, 1903

EDITORIAL NOTES.

Hon. T. A. Bussey, speaking in his constituency the other day, said that anyone who visited Canada this year must have returned convinced of the great Canadian development which would take place in the near future, if Mr. Chamberlain's policy was carried through.

Sir William Holland, of London, Eng., on Monday evening refering to his recent visit to Canada, said: "I am morally certain that under the able guidance of the men of character and enterprise whom we had the honor to meet, Canada is destined to play in the future a bigger role than that which we have hitherto seen in the development of our common Empire."

It is only a few years since women were admitted to the universities, but they are making good use of their advantages. One-third of all graduates in America are now women. And it is also said the women graduates carry off considerably more than their share of honors, and it has become a common thing to see a young lady at the head of the graduating class.

The citizens of Meaford presented their Mayor, Mr. Hamill, with a purse containing $000 the other day. It was a recognition of the vigor and originality displayed by the Mayor in increasing the industries of the town and improving the harbor. Here's a pointer for Acton's chief magistrate. Our citizens will be pleased to have him secure new industries for the town.

An increase of over $22,000,000 in aggregate foreign trade for the four months ending October 31st, as compared with the same period of last year, is the splendid showing which Canada makes. The aggregate for the four months was $170,254,645. For the four months ending October 31st, 1902, the figures were $157,289,002. The total imports were $85,652,255, showing an increase of $15,018,713. Of this sum imports of free goods amounted to nearly one-half.

The demand for wheat is very attractive among the milling interests in the province, but the deliveries continue so small that difficulty is found in getting sufficient to fill orders for flour. The fine weather has enabled the farmers to keep at outdoor work later than usual this season, and that accounts for late deliveries of grain at the country markets. The effect of this condition is felt to some extent on general business in the country.—Bradstreets.

THAT FOOTBALL MATCH.

EDITOR ACTON FREE PRESS.

DEAR SIR:—I noticed an article in your valuable paper claiming a victory for Acton against the Scotch Block. As a spectator of the match at Georgetown I cannot say I agree with your views. The disputed "goal" by which the Acton team claimed the match, the ball certainly went over the tape, as any of the spectators or Acton players that were in a position to see and are true sportsmen will tell you. I believe the Scotch Block boys did the proper thing in leaving the ground, as to continue the match would only be recognizing the "goal." Hoping you will find space for above.

A SPECTATOR.

Mansewood, Nov. 17th, 1903.

ACTON MUNICIPAL COUNCIL.

Another Brief Session—The Business of the Year Nearing Completion.

Council met on Monday evening in regular session, Reeve Swackhamer in the Chair and Councillors Hynds and Janes present.

The Committee on Finance presented their twenty-second report and recommended payment of accounts as follows:

D. McGregor, work on streets	$30 75
H. P. Moore, printing	2 25
J. H. Matthews, supplies for Power House	1 65
	$34 65

Upon motion the report was adopted.

The Council expected the report of the engineer respecting assessments for the permanent pavements laid the present year, but they had not come to hand. As soon as received a by-law will be passed and Court of Revision arranged for to confirm the individual assessments.

The Council adjourned at 8.30 o'clock.

THE FREE LIBRARY BOARD.

Membership Increasing and Number of Books Issued Larger Last Month than Usual.

The Board of the Free Library met on Friday evening at the call of the Chairman.

Members present: Thomas T. Moore, Chairman, Jno. Cameron, A. J. MacKinnon, Rev. A. E. Smith, B.D., and H. P. Moore.

The report of the Librarian for the month of October was presented as follows:

Members enrolled during October	6
Total previous membership	226
	232
Books issued	341 volumes
History	80 "
Biography	10 "
Voyages and Travels	21 "
General Literature	70 "
Poetry	3 "
Fiction	83 "
Miscellaneous	51 "
Religious	3 "
Science and Art	11 "
Cash receipts—	
For Catalogues	$2 65
Fines	40
Cards	45
Non-Resident Fees	50
	$4 00

The report was adopted.

The Secretary was ordered to procure necessary supplies for use of the Librarian.

The Board then adjourned and met with a number of resident ministers and leading citizens to consider the question of a reading room. Steps with that end in view are being taken and the probability is that the people in town will soon be able to enjoy the privileges of a reading room.

THE HIGH SCOOL CONCERT.

An Excellent and Varied Programme and a Large and Appreciative Audience.

An entertainment, unique in the annals of local history, was the first annual concert of the High School Department of Acton Public School, held in the town hall last Thursday evening. The event was an unqualified success; the large audience was well pleased, and the esprit de corps engendered in the students of the High School will be beneficial to the School, and of enduring influence on the participants.

The decorations of hunting, flowers and school colors were attractive, and mystic initials prominently displayed impressed the fact of the High School's existence upon the audience.

At eight o'clock Mr. D. Henderson, M.P., took the chair. The first number was a cornet and piano duet by Misses Lettie and Hazel Mason, which all enjoyed. The May Pole dance by twelve pretty High School girls followed, and their expert handling of the ribbons representing the school colors, their graceful marching and counter marching in weaving the ribbons on the pole, and their skilful posturing were all much admired and vociferously applauded. The dozen of artists comprised: Misses Myrtle Matthews, Ruby Clark, Ena Pearson, Annie Oram, Maggie Bennett, Ettie McDonald, Annie Corry, Florence Holmes, Alice Chapman, Sadie Devitt, Vida Foster and Maggie Johnston.

The chairman's address was next given. It comprised a brief and interesting description, by this experienced member of Parliament, of the House of Commons, its composition, the character of its members, mode of procedure, etc.

Mr. A. C. Chapman then sang "The Little Patch of Red." He brought down the house and in response to the encore sang "Mandy Lee."

A well-rendered recitation "The Jiner" was given by Miss Minnie Holmes. Miss Holmes has all the qualities of a first-class elocutionist, a fine presence, pleasing manner, perfect articulation, and keen interpretation of the author's thoughts.

Miss Jessie Nicklin and Mr. A. H. Devitt sang "Jack and Jill" in very pleasing duet. Their voices harmonized well and their rendering evoked very flattering comment.

Miss Laura Gray, one of Acton's newest musical artistes, rendered "The Blush of Spring," a delightful piano solo, in a very skilful manner. Miss Gray is taking high standing in her course in music at Toronto College of Music.

Louisa Alcott's drama, "Little Women," was next put on by the following students: Misses Ida Laird, Myrtle Matthews, Jennie Smith, Ena Pearson, Sadie Devitt, Maggie Johnston, and Masters Harold Nicklin and Joe Arthurs. Very creditably indeed did they perform their various parts showing that in their training a due attention had been given not only to naturalness in action, but to well-modulated expression when speaking. The drama was received with manifest appreciation.

Miss Nicklin then sang a solo in her usual splendid manner. Mr. H. P. Moore read Mark Twain's "Literary Nightmare," and Mr. Chapman sang "Kiss and Be Friends Again." Each of these numbers was accorded applause.

Mr. W. H. Stewart, the head master of the High School, gave a brief but very interesting address on "The Triangular Man." This he illustrated by a chart on which a well-defined triangle represented the knowing side, the feeling side and the willing side of man. To be an all around man, he said, these three sides must be well developed. Instances were given of nations unduly developed on one side and the others neglected, in which failure followed. It is necessary that all kinds of useful studies should be taken up and to this end the High School is giving valuable opportunities. In further illustration of the complete triangle he showed that mathematics developed the willing side, science the knowing side, and literature the feeling side. In concluding his address Mr. Stewart thanked the citizens for their splendid support in this first public effort, and expressed high appreciation of the tireless energy and accomplishments of Miss Dingman who has been the prime factor and instructor in the preparation for the entertainment. The financial results were encouraging, he said, and the proceeds would be expended in further equipment of the science department.

The closing number was a pantomimic representation by a large number of the High School students of "What We're Coming to." The girls were busily engaged in sawing wood, office work, legal duties, etc., while the boys were baking bread, sweeping floors, nursing babies, sewing and other feminine pursuits.

Miss Jennie Smith, Mrs. A. C. Chapman and Miss Georgie Young were the accompanists of the evening.

This very gratifying evening's proceedings were terminated with the National Anthem.

A MAMMOTH HOLIDAY ISSUE.

The December Delineator (Christmas Number) represents, the high-water mark of beauty and utility, and possibly in circulation also, in a woman's magazine, having a first edition of more than a million copies. It contains 240 pages. To produce this mammoth edition 728 tons of paper and 40 presses working 25 days were required. In addition to exquisite color work, clever fiction and strikingly illustrated articles, the number includes a display of charming Winter fashions covering forty-two pages, letters from the foreign fashion centres and illustrated articles on the fashionable fabrics and trimmings, millinery, etc. There are many beautiful art features, among them four pages in colors representing Babyhood, Childhood, Girlhood, Motherhood—the work of Bernard J. Rosenmeyer. For the children there are entertaining games and stories, and for the housewife many practical suggestions in cookery and other departments of the home, for the Christmas season.

GENERAL ELECTIONS AT HAND?

An Impression Abroad that the Dominion Parliament May be Dissolved Any Day.

COUNTRYS PRESENT SPLENDID CONDITION.

Tuesday morning's Globe gives what many believe is a strong hint that a general election is one of the probabilities of the near future. It says:

The party bugles are blowing. There is a general impression that the Dominion Parliament may be dissolved any day and the verdict of the people asked upon the acts of the Government of Sir Wilfrid Laurier. The Premier himself gives no sign. An eager politician, returned from the capital, reported as saying that Sir Wilfrid, when asked if the election would be postponed till after another session, replied:—"There is only one man in Canada who knows when the election will take place and he will not tell."

Meanwhile both sides are organizing the new constituencies as mapped out by the redistribution act and preparing for the campaign. In the coming conflict the administrative record of the Government will figure largely, and the prosperous condition of the country will be properly, and no doubt effectively, urged as a reason for renewing the Liberal lease of power.

The world of to-day shows no such record of material advancement, of abounding prosperity, as is shown by Canada under the Laurier Government. The trade statistics of all nations prove that Canadian trade expansion during the past seven years has been greater per capita than that of any other nation. In every department of industry and commerce stagnation, indifference and fear have given place to strenuous activity, alertness and unbounded faith in the future of the Dominion.

A WOMAN'S FACE.

PLAINLY INDICATES THE CONDITION OF HER HEALTH.

How to Obtain Bright Eyes, Rosy Cheeks and the Elastic Step of Perfect Health.

"A woman's face," said a well known physician, "is a mirror which reflects unfallingly the condition of her health. One can tell at a glance if she is well or not and usually one can tell what the trouble is. It so often happens that instead of bright eyes, rosy cheeks and an elastic step, there are dull eyes, pale, shallow or a greenish complexion, and a languidness of step that bespeaks disease, and perhaps an early death if the right treatment is not resorted to. The whole trouble lies in the blood, and until it is enriched and invigorated there will be no release from suffering and disease. Unquestionably the greatest of all blood-renewers is Dr. Williams' Pink Pills. Good blood means health, vigor life and beauty, and the one sure way to make your blood good is to take Dr. Williams' Pink Pills.

Out of many cases which illustrate the truth of this may be cited that of Miss Amanda Hamphoussie, Ste. Annie de la Perade, Que., who says: "For more than six months I suffered greatly from weakness, bordering almost on nervous prostration. I suffered from headaches, palpitation of the heart, pains in all my limbs. I had no energy, no appetite, no color, and my nights were frequently sleepless. At different times I consulted three doctors, but none of them seemed to be able to cure me. A friend strongly urged me to take Dr. Williams' Pink Pills and I finally followed her advice. With the use of the first box my health began to improve, and five boxes completely restored me. I have now a good appetite, headaches and pains have disappeared, and I never felt better in my life than I do now. If I am ever sick again you may be sure that Dr. Williams' Pink Pills will be my only doctor."

If you have any disease like anæmia, indigestion, heart palpitation, neuralgia, rheumatism, or any of the host of troubles caused by bad blood, Dr. Williams' Pink Pills will surely cure you. Be careful to get the genuine, with the full name "Dr. Williams' Pink Pills for Pale People," printed on the wrapper around the box. Sold by all medicine dealers or sent post paid at 50 cents a box or six boxes for $2.50, by writing to the Dr. Williams' Medicine Co., Brockville, Ont.

GEORGETOWN.

This town had quite a sensation on Saturday when Detective Forest, of Toronto, came up and arrested Albert H. Whitesell, who is charged with obtaining $150 by false pretenses from Miss Emily Platte, of Toronto, whom he pledged to marry. He has been in gaol at Napanee on a similar charge and is alleged to have secured $000 from Miss Emma Allison, of Newmarket, promising also to marry her. In court at Toronto on Monday Whitesell was remanded until Friday.

Rev. Ian McDonald, the new rector of St. George's Church, conducted the service last Sunday morning. In the evening the Rev. J. R. Shields Boyd, one of the Church of England Missionaries to China, addressed the congregation in a highly interesting description of his work.

Mrs. John R. Barber and Mrs. McLeod attended Mrs. S. F. McKinnon's reception to Mrs. H. M. Wetherald at Toronto on Saturday.

Principal Hutton, of Toronto University, will lecture on "The Roman, the Greek, the Englishman, and the Frenchman" on the 4th Dec., under the auspices of the High School.

Those who have not paid their taxes for 1903 will now be charged 5 per cent. extra, announces Collector Search.

Auctioneer Milligen, of Allan, will shortly move to town.

A nice souvenir of Acton is an "Acton" cushion top. See them next week at C. F. Goodeve & Co's.

J. H. MATTHEWS wishes to inform the Public that he has full control of the celebrated Newland & Co., Saskatchewan coats and robes for Acton and vicinity, all others offered in Acton are imitations. Any one wishing an imitation robe can have one from him at $7.50 and a coat for $12.00

Pains in the Back

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning it is extremely hazardous to neglect, so important is a healthy action of these organs.

They are commonly attended by loss of energy, lack of courage, and sometimes by gloomy foreboding and despondency.

"I was taken ill with kidney trouble, and became so weak I could scarcely get around. I took medicine without benefit, and finally decided to try Hood's Sarsaparilla. After the first bottle I felt so much better that I continued its use, and six bottles made me a new woman. When my little girl was a baby, she could not keep anything on her stomach, and we gave her Hood's Sarsaparilla which cured her." MRS. THOMAS INNIS, Wallaceburg, Ont.

Hood's Sarsaparilla

Cures kidney and liver troubles, relieves the back, and builds up the whole system.

BALLINAFAD.

General regret is felt because of the proposed removal of Mr. F. W. Botts. He has sold his general business here and will remove to Georgetown.

Messrs. Harry Shortill and Bert Rogers have gone to New Ontario where they intend to spend the winter. If they find the country as glowing as reports make it they will settle there.

The house which Mr. W. Harding called home until recently has been torn down and will be rebuilt in Acton.

MILTON.

Knox Church will hold a Scotch concert in the town hall on St. Andrews night, Nov. 30.

The cement walk has been finished at last.

Mayor Dice was in Muskoka last week to see about getting out material for barrel staves which will be manufactured here.

Messrs. T. and F. Greenlees have gone back into the Temiskaming district prospecting for lumber.

The Curling Club has been re-organized with Judge Gorham as Patron; William Panton, President, and J. B. Lawrence, Sec.-Treas.

Mr. E. F. Benson, carriage maker, of Hamilton, has opened a carriage and blacksmithing business in the stand formerly occupied by the late Wm. McKenzie, Martin St.

J. H. Peacock shipped three carloads of hogs to Collingwood—costing $2,030, last week.

Have you seen the "Laurier" cushion top? Expect them in next week.—C. F. GOODEVE & Co.

Many persons, after they become learned, cease to be good; all other knowledge is harmful to him who has not the science of honesty and good nature.—Montaigne.

—Our complete Xmas announcement will be issued in a couple of weeks. Look out for it.—C. F. GOODEVE & Co.

PEEL COUNTY'S BARONET DEAD.

Sir Melville Parker, of Cooksville, Died on Tuesday after Three Months' Illness.

Sir Melville Parker, of Cooksville, died Tuesday morning, after a lingering illness, dating from last August, when he was stricken with paralysis. Lady Parker died about four years ago, and with him at the time of his death were his only daughter, Mrs. Gordon, Miss Wilson, a niece, and Mr. Gordon, a grandson. Sir Melville Parker was in his eightieth year, and after his long illness death came very peacefully.

Sir Melville Parker was born in England, February 11, 1824. His father, Sir William Parker, of England, settled him on a farm in Peel in 1841, and he has been a very worthy and useful citizen of that county for upwards of sixty years.

"If they're Williams' Shoes they're proper."

WILLIAMS'

Good Shoes are the foundation of correct dress. Williams' Shoes are the best good shoes for Men, Women or Children. They contribute ease and grace to the feet, and are the limit of comfort and durability. In short, the acme of shoe perfection.
