EDITORIAL NOTES.

The Brant County branch of the Dominion Alliance has passed a resolution pledging support to the candidate of the party, Government or Opposition, which shall first send word in writing to the secretary of the Dominion Alliance, Ontario branch, that the said party will insert a plank in their platform that a simple majority shall title to lead and a contested [illegible]

The Canadian Press Association at its annual meeting in Toronto last week, approved the action of the Dominion Government towards a revision of the postal agreement between Canada and the United States. It will be remembered that some weeks ago Mr. Lemieux gave notice to the Washington Government that it was the desire of the Canadian Post Office Department to abrogate that clause in the

The retail merchants of Western Canada are moving to obtain legislation favoring the easier collection of small debts. It has long been felt by those interested that the court proceedings in this regard were too expensive, so much so that a great number of debts which otherwise would have been collected were not sufficiently large to warrant bringing into court, as they would be entirely eaten up by costs.

special postal convention between the two countries which allows for mutual exchange of newspapers and other periodicals. The truth is that the enormous influx of magazines and periodicals from across the line has become an intolerable burden on the Canadian postoffices, while our demands on the services of American postoffices have increased in only a trifling degree. Much of the American matter carried free into this country is purely of an advertising character and some of it of an objectionable nature.

Replying to a statement that his speech seemed simply to mean that the Government contemplated the possibly of a free trade Empire surrounded by a tariff wall, Winston Churchill writes that there could be no question, as far as the Government was concerned, of any change in the free trade policy of the United Kingdom. He says that if and in so far as a continuation of colonial reciprocity should lead to free trade within the Empire the result would be a matter for general satisfaction.

Our municipal rulers are commencing the year in a business-like manner. The rule laid down at the first meeting that no expenditures are to be made by the chairman of any committee without the approval of all his fellow-members, and that there be no expenditure above the special appropriation by any committee, without first obtaining consent of the Council at a regular meeting, was a commendable step. The action at the meeting on Monday evening of requiring an inventory of all electric supplies, etc., on hand is also a step in the right direction. The members are endeavoring to acquaint themselves with all the details of the property and responsibilities entrusted to their care.

The requiring of a three-fifths vote to secure the adoption of a Local Option by-law, means that those favoring Local Option, in order to win, must poll sixty votes for every forty polled by the liquor party. In other words, they must poll fifty per cent. more votes than those favoring the the bar-room system. Sixty-seven liquor sellers and their friends can outvote a hundred citizens who want the traffic restrained and its evils minimized. This requirement has taken away from the people of Ontario rights which they enjoyed for many years and which had never been abused. It has conferred upon the liquor traffic special new protection and power which were never given to it before. The people are demanding that this unfair and inequable legislation be amended.—Pioneer.

THE THREE-FIFTHS CLAUSE.

Will Very Likely be an Issue in the Legislature the Present Session.

The keen interest which exists in the public mind regarding what action the Legislature will take in regard to temperance legislation is clearly shown by a little event which transpired in the Legislature last week. From the Toronto News we clip the following report:

Just as the House was about to adjourn the Opposition leader rose.

"I have one question," said Mr. Graham. "As a result of the recent polling on local option, is it true that the Government is contemplating a repeal of the three-fifths clause?"

Mr. Whitney was on his feet in a moment.

"So far as I can learn or observe," he declared, "the results have proved the effectual working of the Act as it now stands."

No more was said, but there are those who view Mr. Graham's query as significant. In his declaration of Liberal policy the new leader left the question of temperance severely alone. It would seem that he desired first to determine the course the Government purposed pursuing. This information he has now obtained. Before the session ends it is believed that a very radical resolution, may emanate from the left of the Speaker.

Although it will be noted that practically nothing was said by way of committing the Government to any line of policy, yet almost every paper gave a full report of this little incident and showed the importance they attach to it by giving it in prominent headings, the inference being that the most important thing before the Legislature was this question.

The public are certainly watching the Legislature closely regarding this matter.—Pioneer.

THE LEAGUERS' WINTER SCHOOL.

The Closing Sessions of Equal Interest With Those of the First Days.

THE OFFICERS FOR THE YEAR.

At the close of the session of the Winter School of Guelph District Epworth League, in the Methodist Church, on Wednesday afternoon last, the delegates were given an hour for social intercourse. At six o'clock they were invited into the school room where the ladies of the Acton Epworth League had spread a bountiful repast. The tables were beautifully decorated with china, silverware and cut flowers, and presented a handsome and inviting appearance. After a hearty meal had been partaken of, in which repartee and goodly fellowship had been mingled, President Barker called upon several for brief addresses. Speeches were given by Revs. H. A. Facey, D. Norman and A. D. Robb, and Messrs. H. P. Moore, W. R. Leadley and others, congratulatory to the Acton Epworth League for their hospitality and kindness and rejoicing in the prosperity of the Methodist Church and of the continued progress of the Young People's Societies.

The devotional exercises of the evening service were conducted by Rev. R. A. Facey.

The feature of the evening was an address by Rev. D. Norman, B.A., on Japan. The lecture was illustrated most generously by stereopticon views, many of them original and taken by Mr. Norman himself. The lecture and views were much enjoyed by a large congregation. The views are excellent, the best that have been seen in Acton on this subject, and gave not only a conception of the work of our missionaries and of the mission property of the church, but also of scenery and points of interest in Manchuria and of many of the attractive places in Japan and of the conditions ruling in the homes, towns and cities of the Japanese people. The lecture was most interesting and as the audience looked at the views and listened to the address they were led into deeper sympathy with the Japanese and our missionary workers.

On Thursday morning the lectures on Christian Stewardship were concluded when some of the results of tithing were related.

For the balance of the forenoon the Winter School was divided into four conferences representing the Christian Endeavor, Missionary, Literary and Social departments. The Vice-Presidents of these departments at the afternoon session gave to the entire School the result of these conferences. New methods and those which had been tried were recommended.

Rev. D. Norman closed his series of addresses on missions with a talk on "Moral Conditions in Japan." It was felt as he unfolded the conditions of social life in that land that there was need for aggressive work by the church to establish the kingdom of God among the Japanese.

Miss Jolliffe, of Rockwood, the missionary Vice-President, reported the following as the contributions from the various Leagues of the District the last two years toward the support of Rev. B. C. Freeman, missionary to the Indians at Port Essington, B. C.:

The officers for the year were elected as follows:

Honorary President—Rev. W. J. Smith, B. A., Guelph.

President — Rev. J. M. Wright, Fergus.

1st Vice-President — Mr. A. T. Brown, Acton.

2nd Vice-President—Miss A. Jolliffe, Rockwood.

3rd Vice-President — Mr. Ralph Steele, Guelph.

4th Vice-President — Miss Wright, Elora.

Vice-President of Junior Department—Miss Palmer, Eden Mills.

Sec. Treasurer—Miss Ethel Beatty, Fergus.

Conference Representative—Rev. R. A. Facey, Nassagaweya.

The invitation of Elora to hold the Winter School there in 1908 was unanimously accepted.

This very successful Winter School concluded with a fellowship service, and as experiences were related it was realized that this first venture in holding a Winter School had proved a great inspiration. As handshakes were given and good-byes said the resolve of the delegates was to return to their work to do all in their power for Jesus Christ.

An incident during the visit of the delegates was a trip through our principal manufactories. The management of Messrs. W. H. Storey & Son, Limited, and The Acton Tanning Company, were very cordial in giving permission to go through these interesting establishments, and the delegates fully appreciated and thoroughly enjoyed the experiences. Mr. A. A. Sproul, J. P., escorted the company through the Canada Glove Works, and ex-Councillor C. R. McIntosh through the leather works and tan yards of the Acton Tanning Co.

The Ontario Government has decided to ask legislative authority to permit persons who have made locations under the Veterans' Land Grants Act to surrender the same for a cash equivalent. The sum to be secured by this commutation is $550.

Two conductors and a motorman, charged with robbing the Street Railway Company at Hamilton, have been committed for trial.

MUNICIPAL OFFICER NOT CHOSEN

Three Applicants for the Position. Appointment to be Made This Evening.

DR. HOBE IS MEDICAL HEALTH OFFICER.

The members of the Council found a considerable volume of business on their hands at the regular fortnightly meeting on Monday evening. The auditors' report was presented and accepted; the power by-law was given its third reading; the applications for the position of municipal officer were laid on the table; the resignation of the fire engine teamster was made and the new chief of the Fire Brigade was introduced. Various minor matters also came up for discussion and the hour for adjournment arrived before the business was completed. A special meeting will be held this evening to appoint a municipal officer and an assessor for the year.

Reeve Swackhamer and Councillors W. Williams, C. C. Speight, Dr. Gray and Alex. Bell were present.

The Committee on Finance presented their second report and recommended payment of the following accounts:

Henderson & Co., town hall supplies	$ 2 25
A. Stephenson, supplies	1 40
McDonald and Wilson, supplies	1 65
A. Bell, lumber and supplies	8 22
J. Harvey, express and cartage	10 60
R. Noble, supplies	1 15
C. C. Speight, polling booth	3 00
Garlock Packing Co., supplies	32
Mail Printing Co., advertising	6 50
Canadian General Electric Co., supplies	66 32
	$100 87

The report was adopted.

Mr. John Williams sent in his resignation as teamster of the Fire Brigade, and the same was accepted with regret, the Council by resolution expressing its appreciation of Mr. Williams' past services, which were rendered without charge for years past. For the present it was decided to leave the post vacant, on the understanding that the team that reached the fire hall first after an alarm should haul the engine and receive the fee for same.

Mr. Wm. H. Smith, the new Chief of the Fire Brigade, was introduced to the Council.

Moved by Alex. Bell, seconded by C. C. Speight, that Dr. Hobe be appointed Medical Health Officer for the year 1907.—Carried.

A few words were spoken at the Council board concerning the misdeings of some of the dogs around town. It might perhaps be advisable for some of the owners to keep their canines tied up.

A vote of thanks to Mr. Thomas Gamble, late chief of the Fire Brigade, was passed.

Moved by Alex. Bell, seconded by Dr. Gray, that the Auditors' Report for the year 1906 be accepted, and that 300 copies be secured in pamphlet form.—Carried.

Moved by Dr. Gray, seconded by Alex. Bell, that By-Law No. 466, to authorize the Corporation of the Village of Acton to enter into a contract with the Electro-Power Commission be now read a third time and passed, the Council going into a committee of the whole, Councillor Gray in the chair.—Carried.

Three applications for the position of Municipal Officer were received, but were left over for consideration at a special meeting to be held to-night.

Moved by Dr. Gray, seconded by C. C. Speight, that the electrician be asked to furnish an inventory of all supplies at the power house and report as to the present condition of the power plant.—Carried.

Council adjourned at 10 o'clock.

TORTURED BY INDIGESTION.

Dr. Williams' Pink Pills Cured After Doctors Had Failed.

Mrs. T. J. Jolin, 328 King street, Quebec, wife of circulation manager of L'Evenement, is one of the best known and most estimable ladies in the city, and her statement that Dr. Williams' Pink Pills cured her of a very severe attack of indigestion will bring hope to similar sufferers. Mrs. Jolin says: "About a year ago I was seized with indigestion which had an alarming effect upon my health. Day by day my strength grew less. I suffered from terrible headaches, dizziness, palpitation of the heart and sleeplessness. I was in this condition for about six months. I consulted two doctors and although I followed their treatment carefully it did not help me in the least. Last October, seeing that instead of regaining my health I was growing worse, I decided to try Dr. Williams' Pink Pills. After I had taken the second box there was a change for the better, and after taking the pills for a month longer the trouble entirely disappeared, and I am again enjoying the best of health. I have so much confidence in Dr. Williams' Pink Pills that I always keep them in the house and take them occasionally as a safeguard."

Just as surely as Dr. Williams' Pink Pills cured Mrs. Jolin's indigestion they can cure all other ailments which come from bad blood. Dr. Williams' Pink Pills actually make new, red blood. That is the one thing they do—but they do it well. In making this new rich blood this medicine strikes straight at the root of such common ailments as anaemia, headaches and backaches, general weakness, nervous debility; neuralgia, rheumatism and the torturing weakening ailments that afflict women and growing girls. You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BEST WAY TO GET ON.

A young man once wrote the celebrated Thomas Carlyle, asking his advice about the best way to get on. The following was the quaint answer: "Study to do faithfully whatsoever thing in your actual situation you find, either expressly or tacitly, laid to your charge. That is your post; stand to it like a soldier. Silently devour the many chagrins of it, as all human situations have many, and see that you sin not to quit it without doing all that it at least requires of you. A man perfects himself by work much more than by reading. They are a growing kind of man that can wisely combine the two things—wisely, valiantly, can do what is laid to their hand in their present sphere, and prepare themselves withal for doing other wider things if such be before them."

Your Doctor

Can cure your Cough or Cold, no question about that, but why go to all the trouble and inconvenience of looking him up, outlay of having his prescription filled, when you can step into any drug store in Canada and obtain a bottle of SHILOH'S CURE for a quarter.

Why pay two to five dollars when a twenty-five cent bottle of SHILOH will cure you as quickly?

Why not do as hundreds of thousands of Canadians have done for the past thirty-four years; let SHILOH be your doctor whenever a Cough or Cold appears.

SHILOH will cure you, and all druggists ask up this statement with a positive guarantee.

The next time you have a Cough or Cold cure it with
