The Acton Free Press.

THURSDAY, MAY 2nd, 1907.

To Subscribers in the United States.

The recent postal arrangements between Canada and the United States require the payment on newspapers of one cent for each four ounces, or fraction thereof. This means that the FREE PRESS must hereafter pay 52 cents postage on every subscription in the United States. The future subscription price of the FREE PRESS sent to the United States must necessarily, therefore, be $1.50 per year. When $1.00 is sent in renewal of subscriptions to the United States, eight months' credit will be given.

EDITORIAL NOTES.

Hon. Mr. Fielding announced to the House on Friday that Sir Wilfrid Laurier had intended, before he left to introduce a bill providing for the celebration of the 300th anniversary of the founding of Quebec by Champlain, making the occasion one of a national character. The bill will be brought down next session.

Trade returns for the nine months ending with March show some interesting increases. For the nine months closing the fiscal year the total increase in trade was $55,018,726, or nearly 15 per cent. over the corresponding per cent. of 1905-6. Imports increased $17,590,476, and exports increased $37,502,250. The aggregate trade for the nine months was $411,815,616.

Some fear is being expressed in the West over the delay in seeding operations which has been caused by the continued cold weather. The spring wheat crop in Western Canada generally is now behind time and it is expected seeding will this year be two or three weeks behind last year. This may effect the total acreage, although under favorable conditions the matter may look brighter later.

The immigration movement to Canada for the year seems to be now in full swing. During a period of twenty-four hours at Halifax last week twenty-four hundred passengers arrived from Europe. The immigration of Austrians and Russians has been heavy recently. Those who have come through Halifax are a strong, sturdy looking class and nearly all farmers. They are destined for Winnipeg, Edmonton, Portage la Prairie, Brandon and quite a number for points in Ontario and Quebec.

The action taken by the Colonial Conference in constituting itself a stated quadrennial gathering is more advanced than was expected and exactly on the lines that are regarded as wise. The more that is practical in empire building the better; the more unconscious and invisible and natural the steps by which things move forward the better. The British constitution has come into being in this way, and, by reason of its own vitality, has never ceased to evolve new phases.

Premier Whitney made the following statement to the press on Tuesday in reference to the question of issuing licenses in districts where local option has been carried, but by an irregular vote. Instructions have been sent to the commissioners in every one of the municipalities where local option by-laws having been passed have been set aside by the courts for technical reason, instructing them that the government desires that no licenses be issued in the coming year. This action of Premier Whitney in recognizing the will of the people will be appreciated generally.

A remarkable little booklet has been compiled under the title of 5000 facts about Canada, by Frank Yeigh, of Toronto, the well-known writer and lecturer on themes Canadian. Perhaps no one in the Dominion is better qualified to make such a compilation. Its value is, as claimed, "worth its weight in Yukon gold or Cobalt silver." The idea is a clever one, viz.: a fact in a sentence, giving a wonderful mass of information in the smallest compass on every phase of our commercial and industrial life and our natural resources. The booklet is sold for 25 cents and may be had from newsdealers or from the Canadian Facts Publishing Co., 637 Spadina Avenue, Toronto.

VERY SUCCESSFUL ANNIVERSARY

The Methodist Sunday School's Anniversary Concert a Gratifying Success

IMPRESSIVE SERMONS BY THE PASTOR.

The anniversary of the Methodist Sunday School last Sunday and Monday was in all respects successful and full of encouragement for the workers of the School.

On Sunday the school attended the preaching services morning and evening, filling the choir alcove and large platform, and half a dozen of the centre pews. The platform was decorated with flowers and plants. The young life of the church and school in their youthful enthusiasm was prominently in evidence.

Rev. G. W. Barker, the pastor, delivered two very practical and timely addresses. In the morning he directed his remarks especially to the scholars, using his watch as an object lesson, from which he drew a series of well impressed truths. The scholars entered heartily into the service and answered promptly the numerous questions put to them. At the evening service Rev. Mr. Barker gave a very vivid synopsis of the life and lifework of the late Samuel H. Hadley, the superintendent of the famous Water Street Mission in New York City. His interesting recital of the splendid work of Mr. Hadley and the mission in reclaiming drunkards and outcasts was listened to with rapt attention.

The hymns used during the day were from the Torrey and Alexander collection and the choir and school sang them most heartily together. The Sunday School Orchestra was also present at both services and rendered most acceptable service.

The annual concert on Monday evening was a pronounced success. Miss Amy L. Doty, of London, the accomplished directress of Sunday School entertainments, again demonstrated most manifestly her marvellous ability to train an entire school to a most creditable state of proficiency within a fortnight. Every number was put on with a high degree of excellence and reflected a large measure of credit upon both Miss Doty and the 115 scholars who took part.

The massing of the school on the platform and in the choir alcove at eight o'clock was in itself a very pretty and attractive sight. The young ladies in robes of white first appeared and were artistically arranged in pyramidal form in the alcove; then came the young men in their sailor suits of white and blue; then the younger scholars, and finally the wee tots from the primary classes and the cradle roll.

The programme opened with a grand chorus "Tell It Out," and the pastor then led in an invocation. Following in unbroken succession were the addresses of welcome by six boys; a solo and chorus by Miss Amy Speight and sixty children—"Katy Didn't," a companion to the "Katy Did" of last year. Then Robbie Price recited ably "The Methodist Way." He was followed by a chorus of sixty scholars "Hear the Raindrops Fall." This and the chorus and drill, "The Snow Flakes" by forty girls including the littlest scholars, were among the cutest numbers of the evening. The little folk revelled in the performance and the audience roared and vociferously applauded. The dialogue "Things Inside" by eight boys was listened to with interest, while the quartette "Aunt Jerusha's Cat" by Ernest Speight and Wilfrid Craig, Ethel Craig and Lizzie Walker brought down the house. The rainbow drill by the following twenty-one young ladies completed the first part of the programme: Misses Hazel Hurd, Edith Faulkner, Amy Speight, Prudence Thompson, Alice Prout, Bessie Husband, Ruth Nelson, Nora Kenney, Katie Morris, Margaret Brown, Irene Snyder, Bertha Brown, Minnie Taylor, Dorothy Nelson, Ethel Faulkner, Abbie Taylor, Mildred Matthews, Meta Price, Gerty Pearson, Jessie Thompson, and Jean Beattie. It comprised a march, a chorus "See the bright Colors," recitations in concert, a drill; a chorus and a march. The rainbow colors were very effective and the marching and evolutions were intricate and pretty.

During the intermission, and also while the audience was gathering, the Orchestra rendered a number of selections which were appreciated. Miss Pearl Wright, of Bay City, Mich., a violinist of ability, assisted both on Sunday and at the concert.

The first number of the second part was "Topsy Turvey" by a dozen boys, who presented the laughable illusion of singing a chorus while standing on their heads with their feet waving skyward. Miss Mildred Matthews recited "The Children" with elocutionary effect. The vocal duet "Tell Us Merry Birds of Spring" was very creditably rendered by Misses Bertie Smith and Hazel Mason, whose voices blended exceedingly well. A sailor drill "Sons of the sea" with chorus and whistling refrain won much admiration. It was presented by A. T. Brown, Chas. Mason, T. B. Akins, H. L. Nicklin, F. Coleman, Dr. Hore, James Webster, Chas. Mallows, Chas. A. G. Matthews, Roliston Brown, Jos. Chipperfield and Anson Thurston. The young fellows presented a very fetching appearance in natty sailor suits of white with collar and tie of navy blue. Miss Doty, the directress, recited "A cure for Strikes" in which splendid directions for domestic felicity and for attracting the boys to the home rooftree were impressed. Miss Doty told the story with marked effect, as she knows so well how to do. A delsarte pantomine entitled; "Queen Vashti's Lament," was presented by Misses Bertie Speight, Myrtle McCreight, Leolia Denny, Clara E. Moore, Sophie Coleman, Annie King, Annie L. Hudson, Clara Ebbage and Sadie Turton. Miss Doty recited the well-known lament of the queen and the young ladies in Greek robes and royal crowns put into effect by gesture and posing the various moods represented by the queen. It was a most impressive and artistic representation. The closing number, perhaps the crowning one of all, was a fitting climax to the programme. It was the International Flag Drill, and was given by the following young ladies: Misses Bertie Smith, Eva Simmons, Laura Moore, Lottie Mason, Edith Smith, Wilda McCreight, Emma Burt, Maggie Bennett, Florence Speight, May Hall, Maggie Shields, Pearl Stewart, Blanche Thompson, Fern Brown, Lucinda Bauer, Mabel Williamson, Nellie Thurston, Hazel Mason, Pearl Main and Myrle Richmond, and the young men who represented sons of the sea. Canada of course took the leading role, but was supported by America and England, Scotland, Ireland and the sailors. Miss Nellie Thurston ably represented Canada, and Misses Hazel Mason, Pearl Main and Myrle Richmond in characteristic costume represented England, Scotland and Ireland respectively. The marching, the evolutions, the patriotic choruses, concluding, with "Canada Fair Canada," "The Land of the Maple," and "The National Anthem," were very effective. It was most artistic and called forth repeated applause.

To Miss Ethel Coleman much credit is due for her splendid accompaniments throughout the entertainment. Miss Coleman's part was a very difficult one, but it was fulfilled with entire satisfaction.

Miss Doty left by Tuesday morning's train to commence work on a similar entertainment at Thorold. The school here has engaged her valued services for their annual concert next year which will be held early in April.

SOME OBSERVATIONS.

The recent bi-monthly reports of the Municipal Council afford matter for serious consideration. What is the use of "prominent citizens" and others talking about incorporation as a town when the "fathers" in a mere village body are snapping and snarling as in a veritable "bear garden?" Surely enough serious business accumulates in two weeks to consider without descending to "You don't play tricks on me;" "There's others as smart as you are;" "That's purely personal," and so forth. While the water floods the pavements, and the streets remain uncleaned, and the electric light posts are leaning, and the wires sagging, and no lights at all some places, and corporation property needing renovating, and drunkenness and disorder frequently rampant, surely our Council should rise to the occasion and act with statesmanlike policy. It may be that there is some "Playing to the gallery" in these nonsensical outbursts, but surely there is a more excellent way.

In passing after all that is said and done, there are those who ask: "Supposing that the Reeve is sinner above all who have dwelt at the Council table; or are his alleged irregularities emphasized in this new rush to "Do business on business principles?"

The intimation given in last issue that the school garden idea is likely to be vigorously prosecuted this year, and the editorial comments thereon, may well meet with approval. Not only in the educational influences on mind and character of the pupils, but in its decorative aspect might the matter be considered. Viewed from Main Street, our school premises present a very attractive appearance, but not so from the highway on the great iron road, in the rear, which is travelled by thousands weekly, many of whom are doubtless interested in conditions surrounding their own "Little red schoolhouse," and would receive much inspiration if the barrenness of our railway front were relieved. Not only gardens, but more trees, better looking fences, better appearing outbuildings, and even a neat verandah surrounding the school. The latter would also be very useful at times. There are gentlemen on and connected with our Board whose own private properties show considerable taste. One of them is Chairman of School Property, and who, if encouraged, would probably readily rise to the occasion.

TORTURING RHEUMATISM.

Suffered for Five Years—Cured by Dr. Williams' Pink Pills.

Agonizing pains, sometimes in one part of the body, sometimes in another, more often in the back or joints—that's rheumatism. Do not delay in finding a cure. Each day makes the disease worse—increases the torture. Dr. Williams' Pink Pills have cured thousands. They cured Mr. Horace Plante, of Sorel, Que., of a most aggravated case of rheumatism. What they did for Mr. Plante they can do for you. He says: "I was seized with rheumatism. I walked as if my boots were filled with pebbles. The pains, starting in my feet, spread to all parts of the body; my back and joints became affected. For upwards of five years I suffered the greatest agony. Often I was confined to bed, hardly able to move. Nothing seemed to help me. I despaired of ever being well again. By good chance Dr. Williams' Pink Pills were brought to my attention and I decided to try them. I got six boxes—before they were gone I felt a great improvement. I continued the treatment and my health gradually came back till now I do not feel the least pain—I am totally cured. It was a surprise to my friends to see me on the street again well and strong after five years of torture. They wanted to know what brought about the change. I told them Dr. Williams' Pink Pills, for I took no other medicine once I began their use. Rheumatic sufferers give Dr. Williams' Pink Pills a fair trial they will surely do for you what they did for me."

It is in the blood—poor blood—that such troubles as rheumatism, indigestion, dizziness, heart palpitation, anæmia, weakness and a host of other diseases find their root. It is the blood that Dr. Williams' Pink Pills act on. They make it pure, rich, red and health-giving. That is why they cure all the common ailments of everyday life. Sold by druggists or by mail at 50 cents a box or six boxes for $2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

—85 per cent. of headaches are due to eyestrain. Chas. J. Weston's scientifically fitted glasses will positively cure eyestrain with all its attending afflictions. Consult him at Brown's Drug Store on Tuesday, May 7th.

Health Insurance for Women.

"Woman's work is never done." There is always something to do—running up and down stairs, lifting, bending, straining—no wonder the Kidneys become affected. That is why so many women suffer with headaches, lame back, dragging pains through the hips, nervousness, weak spells. When the Kidneys are weakened or strained, the delicate female organs are disturbed and inflamed, bringing on a train of female complaints.

Bu-Ju
The Gentle Kidney Pill

"Insures health to women who work. Bu-Ju keeps the Kidneys strong and healthy, purifies the blood supply, and acts as a gentle, strengthening tonic on the delicate female organs."

BLAIR, ONT.

"I am not able to do my own work in the house, and was hardly able to dress myself. My fingers and hands were all swollen up with pain. I think there is nothing like Bu-Ju. Am able to do my own work now with comfort, which I was not able to do before taking Bu-Ju."
MRS. JAS. MCLINCHEY.

Bu-Ju is invaluable during pregnancy. All expectant mothers should take a Bu-Ju Pill at bedtime, to insure her own health and that of the child. 50c. a large box. At all druggists, or from

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

ANY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated.

The homesteader is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such persons residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.
