EDITORIAL NOTES.

At Osgoode Hall last week, Mr. James Haverson, K. C., moved before Chief Justice Meredith for an order quashing the local option by-law passed by the village of Weston last January. His Lordship dismissed the motion, and ordered that Lex Wynn, the Weston hotelkeeper, who made the motion, should pay the costs.

The Canadian pavilion at the Irish Exposition, Dublin, opened on Saturday, received unanimous praise from the press, being generally described as the most interesting of the special features. It is suggested that it might pay the Dominion to have such a pavilion permanently in the west of Ireland.

Sir Wilfrid Laurier addressing the Canada Club in London, Eng., the other night, said he had no fear that Canada would be Americanized. The American immigrants in Canada were a practical people who had left the United States for Canada because they believed it a better country with better laws which were administered tenfold better than the laws of the United States. He was a great admirer of the American republic, he said, but the American who crossed the border knew that his property and life were securer than in his own county.

The Upper lake fleets of grain carriers of the Canadian Pacific Railway will begin operations this week, thus very greatly assisting the grain movement which has, until now, been very considerably delayed. There is talk of a strike of grain shovellers at the docks at Port Arthur and Fort William, but it is sincerely hoped such trouble may may be averted. With the opening of navigation, on the Upper Lakes and the overcoming of the blockaded condition of the Western railroads, there is reason to expect a decided improvement in the matter of western collections.

ASSESSMENT ROLL RETURNED.

Over $6,000 Increase in the Aggregate Over Last Year.

ELECTRICIAN BULLARD RESIGNS

The Council chamber was well filled with citizens on Monday evening. The session was brief and quiet. There was no fire flying and no playing to the galleries. Just a sensible keeping down to business and an apparent effort to get through with good natured feeling all round. The session was one which would have called forth the admiration of "Observer" had he been present.

There were, however, important issues for consideration. Among these, the assessment roll; the resignation of electrician Bullard; the vacancy in the school board; the matter of new pavements and other matters demanding consideration.

Council met at eight o'clock.

Members all present, the Reeve in the chair.

The committee on Finance presented their eighth report and recommended payment of accounts as follows:

G.T.R. duty on coal	$21.50
Can. Gen. Elec. Co., supplies	12.00
Acton Free Press, printing	11.00
Can. Contract Record, adv	2.00
T. T. Moore postage	2.00
Acton Tanning Co., repairs	1.70
	$50.00

The report was adopted.

Moved by T. Gray, seconded by Alex. Bell, that the Secretary be instructed to write the Secretary of the Ontario Hydro Power Co., asking particulars concerning a probable contract for electric power which this municipality may contract for.—Carried.

A letter from the Secretary of the Public School Board advising the Council of the vacancy of the Board caused by the resignation of W. J. Humphries, was read.

Moved by Alex. Bell, seconded by W. Williams that the municipal Clerk take the steps necessary for the election of a person to fill the vacancy on the Public School Board, and that the nomination be held on the 20th May, and the election, if any, to be held on the 27th May.—Carried.

The Assessor presented his roll for the current year. The total assessment is $380,803, an increase of between $6,000 and $7,000 over last year.

Moved by C. C. Speight, seconded by W. Williams that the assessment roll be received.—Carried.

Moved by A. Bell, seconded C. C. Speight, that the Council meet as a Court of Revision on Wednesday, 3rd June.—Carried.

The matter of damage to the edges of the pavement in various streets by promiscuous driving over them, at points where there are no regular crossings, was referred to. It was decided that this destructive practice must be stopped. Teamsters will do well to take notice.

The question of pavements to be laid this year was introduced. It is conceded that crossings must be put down on Mill and Church streets where they were taken up when the macadam roadways were being constructed. New pavements are talked of for the south side of Bower Avenue; Wilbur street; the completion of Mill street on the south side from Frederick street to the G. T. R.; the completion of the portion unfinished on Elgin and Main streets, and several minor sections at various points.

There is likely to be an unusually lively time at the Court of Revision. Mr. N. Hurst complains that his assessment and many others are too low and he is going to do his best to place himself in a position where he may have the privilege of paying an amount as taxes into the treasury of the corporation commensurate with the advantages of living in so progressive and down-to-date a town.

The resignation of W. H. Bullard, electrician, was presented.

In his letter Mr. Bullard said he had been offered a more lucrative position and felt that it would be unreasonable to himself not to accept it. He has secured a competent man to run the plant until a substitute has been secured.

A letter of thanks from the Woman's Institute was presented for the use of the Council Chamber for their meetings.

In response to the appeal of Acton Citizen's Band at last meeting it was moved by Dr. Gray, seconded by A. Bell, that a grant of $25.00 be made to the Band.—Carried.

Moved by Dr. Gray, seconded by W. Williams, that the sum, of $3.00 be refunded to St. Alban's Church—that amount being the sum paid for use of piano during the recent bazaar.—Carried.

Moved by A. Bell, seconded by W. Williams, that the resignation of W. H. Bullard, electrician, be accepted in accordance with the terms of contract with the corporation.—Carried.

Moved by A Bell, seconded by Dr. Gray, that the Clerk be instructed to advertise for an electrician in the daily Globe on Wednesday, Saturday and Wednesday of next week.—Carried.

This having completed the business the Council adjourned and the Council Chamber clock pointed to the hour of eleven.

He who refuses honor to others usually lack the roots of honor in himself.

The crooked man believes this would be a straight world if the upright were out of it.

A bill prohibiting the sale, manufacture or giving away of cigarettes or cigarette papers in the state of Arkansas was passed by the House of Representatives last week. The bill now goes to the Governor for his signature.

Credit is due to the Canadian Magazine for bringing to the attention of students of literature some interesting sidelights on the characteristics of some of the early Victorian poets, particularly of Dickens and Wordsworth. The May number contains an article by Mr. O. J. Stevenson, entitled "The Eccentricities of Genius," in which it is shown that Dickens declined to contribute towards the erection in Westminster Abbey of a tablet to the memory of the poet Cowper. Wordsworth supported the proposal, and the difference between the letters on the subject, by these two distinguished writers, is striking and decidedly interesting.

Council adjourned till the 13th of May.

A TRAGEDY AT PALERMO.

White Man and Negress Burned to Death in a Shack while Drunk

ON SUNDAY MORNING LAST.

A tragedy by which two people are believed to have lost their lives under very strange circumstances occurred about one mile and a half from Palermo about 12 o'clock Saturday night.

It appears that a white man, called William or James Clark, had been for some time living with a negress by the name of Fanny Jones in a log shack standing on the side of the road. The two were, so the neighbors say, of somewhat dissolute habits, and both had been drinking heavily for some weeks.

On Saturday evening they were visited by a man by the name of Thomas Jones, who decided to remain for the night.

His story is that about midnight he was aroused by the cries of the negress who he says called out, "The house is on fire!" upon which he managed to crawl out, and it appears simply lay down in the bushes near by and went to sleep evidently too drunk to trouble himself about the others, who must have been overcome by the smoke, and were apparently burned to death, for in the morning nothing remained but ashes and a few incinerated bones.

Investigation leads to the belief, in spite of the peculiar circumstances, that the fire was an accident. Dr. McCrimmon, of Palermo, the coroner, is making inquiries, and may hold an inquest.

Although there was a farmhouse immediately across the road, the occupants were not aware of the fire, or of the tragedy enacted, until they saw the smoking ruins next morning, and the discovery of Jones sleeping in the bushes nearby.

SYNOPSIS OF CANADIAN NORTH-WEST

HOMESTEAD REGULATIONS.

ANY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated.

The homesteader is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such persons residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.
