An Interesting Debate To-night.

A debate will take place in Knox Church this evening, under the auspices of the Young People's Society, which gives promise of being full of interest. The subject is: "Resolved that Home Missions are more deserving of support than Foreign Mission." Messrs. Dr. Ault and W. S. Chisholm will argue the affirmative side and Messrs. John Cameron and W. J. L. Hampshire, Spoyside, the negative.

Longboat's Friends Play Here.

The management of the Lacrosse Club are providing a special attraction for the opening of the season by engaging the Royal Canadian Lacrosse Club for an exhibition game in the park on Saturday afternoon. These famous players are Onondaga Indians, and are relatives and friends of Longboat, the great champion Marathon runner. The game will no doubt draw a very large audience. As the Club is under heavy expense to secure these famous players citizens generally will no doubt give generous support.

Rev. Mr. Menzies' Visit.

Rev. D. Menzies, of Montreal, preached interesting and instructive sermons in Knox Church last Sunday morning and evening. His subject was the evangelization work carried on by the Presbyterian Church among the Roman Catholic French Canadians of Quebec, particularly the work of Point aux Trembles School. The need for this work he strongly emphasized, bringing out in evidence the illiterate condition of many of the people of that province. A statement made in the Quebec legislature in connection with school legislation—that in many townships in the province there could not be found men to act as trustees who could read and write—illustrates this. Mr. Menzies made a strong plea for the support of this work. He is making a canvass of members of the congregation this week.

Six Guelph Banks Lose $1400.

The six banks of Guelph have been done up to the tune of about $1,400 by an unknown man, who forged the name of Mr. John Gillies, a well-known farmer at Marden. On the 28th of February the forger interviewed Mr. G. B. Morris, manager of the Royal Bank, representing himself as John Gillies, and stating that he required money to buy some horses at an auction sale. Mr. Gillies' rating was all right. Mr. Morris thought the price the man proposed to pay for the horses rather high, but on being assured on this point agreed to advance it on a note, and also, if it were not used and returned at once, to charge little or nothing for the loan. The same game was played on the other banks. When the notes began to fall due Mr. Gillies was notified, and declared they were forgeries. He had borrowed no money. The banks are following up an active chase in a laudable effort to locate the fictitious Mr. Gillies.

Death of Jailer Van Allen.

Wm. Van Allen, Governor of Halton County Jail, died at his residence in the county buildings on Sunday evening. His health had been failing for some time, but he was unable to go out more or less until the 30th ult. An attack of grippe came on and finally pneumonia developed. Mr. Van Allen was born at Toronto and grew to manhood at Oakville. About 50 years ago his father, the late Joshua Van Allen, was appointed jailer, and deceased came with him to Milton as turnkey, a position which he held until the death of his father, more than a quarter of a century ago. The appointment went from father to son. Mr. Van Allen was a model official. Under his superintendence Halton's county jail has always been known to be one of the best managed in Ontario. To his fellow-citizens he was known as one of the most honorable of men. He was an earnest and sincere Christian and a member of the Methodist church. He left a widow, his second wife, to whom he was married about ten years ago, but no children. He was the oldest surviving member of St. Clair Lodge, No. 135 G.R.C., in which he was initiated shortly after it was established in 1860.—Champion.

The Bowling Green Opens To-morrow.

St. Alban's services here are expected to be conducted next Sunday by the late principal of Berlin high school, and on Sunday, June 2nd, by Mr. T. Saunders, police magistrate of Guelph.

Remitted Debt After 30 Years.

A letter arrived in Acton on Saturday from Cheyenne, Wyo., for William Perryman, enclosing a post office order for $10.00. This was sent by a stone cutter who worked at Silver Creek thirty years ago and boarded with Mr. Perryman. He left suddenly for the west and forgot to pay the last $10.00 due for his board until last week. The letter was forwarded to Mr. Perryman's address in Toronto.

A $2,000,000 Lumber Deal.

John Waldie and associates of the Victoria Harbor Lumber Company, have purchased the Rainy River lumber properties and mill of the Cook Bros., at Spragge, about 190 miles west of Sudbury. Two million dollars was the price paid, and the deal is supposed to be the largest ever put through in Canada. A new company will be formed. Among the names of the shareholders and directors we notice that of C. G. Marlatt, of Oakville.

Annual Meeting of County Institute.

The annual meeting of the Halton Woman's Institute was held in Georgetown last Wednesday. Mrs. James Geo. Havill, W. J. Chapman, W. Sayers, J. Cullen, H. Jones, N. F. Moore and Miss Mamie Doels attended from Acton. The county was well represented. Mrs. (Dr.) Bennett was re-elected County President, and Miss Hattie Cook, Secretary. The ladies of Georgetown Institute entertained the visitors to a dainty tea in the Council Chamber.

Rev. J. K. Godden M. A Honored.

The Canadian Churchman says: "The Rev. J. K. Godden, M.A., rector of Caledonia, has been appointed by the Bishop Rural Dean of Haldimand in the place of the Rev. P. L. Spencer, who is removing from the Rural Deanery. The election of Mr. Godden to that office at the recent ruridecanal meeting of Haldimand being thus confirmed by the Bishop." The FREE PRESS joins Rev. Mr. Godden's numerous friends in hearty congratulation upon receipt of this distinctive honor.

Toronto Exhibition Prize List.

The prize list of the Canadian National Exhibition of Toronto is just out. Many changes are made, making it more convenient for reference by exhibitors. The regulations are changed so that all animals exhibited in the live stock sections must be registered in the Canadian Herd Book registers. The general arrangement, throughout the prize list this year is alphabetical, so that the finding of any section is made easy. The aggregate amount of the prizes is $39,000, not including the $3,000 given in the speed department. This is the largest purely agricultural prize list on the American Continent.

Georgetown Baptist Ch Re-Opening.

The renovation and re-furnishing of the Baptist church, Georgetown, which has been progress some time, will be completed this week. The audience room is being re-painted, carpeted and new seats and other furnishings are being installed. The re-opening services will be held on Sunday, May 26th, in the audience room when Rev. H. C. Priest, pastor, will preach morning and evening. On Monday evening a concert will be given in the church by the Beverley Male Quartette, of Toronto, assisted by Miss Parker, late of the Boston School of Elocution. The committee hope to meet all indebtedness by the close of the re-opening services.

Eloquent Sermons by Rev. A. D. Robb.

The pulpit of the Methodist church was occupied by Rev. A. D. Robb, of Elora, whose discourses both morning and evening last Sunday were much enjoyed. Rev. Mr. Robb, is a fluent speaker and he has the faculty of putting his subject matter very impressively before his hearers. His sermons were replete with gospel truth and were listened to with rapt attention by the congregation. Rev. Mr. Robb is president of the Hamilton Conference Epworth League. Rev. Mr. Barker preached Sunday School anniversary sermons at Elora, and was given a very cordial welcome there.

Linen Gowns Are Now the Vogue.

"There are so many different styles in the linen gowns this summer that this fact may be regarded as an important new feature of the season's modes," writes Grace Margaret Gould in Woman's Home Companion for June. "There are linen gowns suitable for almost any occasion, and some of them, with their combinations of Irish lace and artistic embroideries, are quite as elaborate as the silk frocks. The linen frock with the jumper waist having the large armhole, and the skirt with fan plaits, is a very charming model, and will look well made up in any of the fancy linens. A scalloped edge finishes both the opening of the waist and the skirt.

Death of Mrs. Arthur Farrow.

On the 16th May of last year, Mr. Arthur Farrow, of Elizabethville, near Port Hope, led Miss Mary McDougall, daughter of Hugh McDougall, Acton, to the altar, a happy bride. On the 17th the happy couple arrived at their home at Elizabethville. On the 17th May, 1907, death entered the home and the bride of one year was called away. Last fall Mrs. Farrow took a severe cold and it rapidly developed into consumption. Miss Nellie McDougall, her sister, was with deceased for some four months and did all in her power to minister to her relief and comfort. Mrs. Farrow was a member of the Baptist Church and was much beloved by her friends. General sympathy is felt for the bereaved husband and the family here. The remains were brought to Acton on Monday and the funeral took place on Tuesday afternoon to Fairview Cemetery.

Better far the silent tongue, but the eloquent deed. S. Smiles.

FROM COBALT AND VICINITY.

The People are Most Sanguine as to the Future in Discovering Fabulous Wealth.

The following paragraphs from the facile pen of Rev. T. Albert Moore, General Secretary of the Lord's Day Alliance, who has been spending a fortnight at Cobalt and other points in New Ontario, will be read with interest:

This is a very backward spring up here. The snow is just disappearing from the ground, while there are still several feet of it in the woods. The lakes and rivers are still covered in many places with ice. The roads are horrible. The clay is execrable. It is like Winnipeg mud of the years gone by, only very much more so. It is also very cold and disagreeable.

Yet everybody wears the smile of the optimist. In fact all the people have every confidence in the success of this country. Most all have stocks in some mining company, or have staked out several claims for themselves. Some have already become very rich. A number whom I knew in places where I have lived in Ontario, as laborers, or carpenters, or depending upon their daily wage for their daily bread, are here worth their twenty, or thirty, or fifty thousand dollars, and enjoying all that wealth brings with it. Some of the stories are fabulous. The story of the wealth of silver and other minerals that has been discovered sounds like some of those delightful fairy tales we used to read in the days of our boyhood, knickerbockers and early yearnings. There are many thousands here, too. The whole country is full of prospectors and floaters of companies of more or less value. A strong impression prevails that there is even better yet to be discovered. Cobalt is a busy hive of mining industry. But all the country for forty miles has been staked for mining claims. And so it is up at Larder Lake, along the Montreal River, and away through the thick forest, over the rocky hills and valleys. What a wonderful mineral wealth is ours.

And the moral conditions are away ahead of any other mining camp I ever visited. The government deserves great credit for its splendid enforcement of law. Of course that could be better, and I believe it will improve as time passes. The withholding of liquor licenses is a great blessing here. It would be better still if there was not a solitary license in all this district. I was glad to know that the Government refused nearly twenty applications for licenses. I wish all had been refused, but a few, granted some years ago, are allowed still to continue. Of course many persons bring in their flasks, but there are soon emptied, and there are some "blind pigs," but these are being weeded out. One day this week a "dealer" was sentenced to four months in gaol for selling liquor without a license. He claimed to sell in Montreal, where he holds a license—but in the minds of many people the appeal will not be allowed and he will have to serve his time. A few cases of that kind will do much to root out the illegal sale of liquors.

WORKING WOMEN

They Hard Struggle Made Easier—Interesting Statements by a Young Lady in Quebec and One in Beauport, Que

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements or a large irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Mlle. Alma Robitaille, of 78 rue St. François, Quebec, Que., tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"Overwork and long hours at the office together with a neglected cold, brought on a very serious female trouble until finally I was unable to go to work. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent out for a bottle. I finished that and took two more before I really began to improve, but after that my recovery was very rapid, and I was soon well and able to go back to work again. I certainly think your medicine for sick women worthy of praise, and am indeed glad to indorse it."

Miss Clara Beaubien of Beauport, Quebec, writes:

Dear Mrs. Pinkham:—

"For several years I have suffered with female trouble which has been a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I tried many medicines but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was very much better and stronger, and in four months I was well, no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound and I consider it without equal for the ills of women.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for twenty-five years she has, under her direction and since her decease, been advising sick women free of charge.

ANOTHER TRAGEDY IN HALTON.

John E. McGowan, late of Belfast, Ireland, Commits Suicide with Carbolic Acid.

The remains of John E. McGowan were discovered in Mr. Arch. McDougall's bush, lot 5, con. 2, Esquesing, about three miles from Milton, last Thursday.

McGowan was last seen alive on the 10th April last. He had been drinking during the week, and evidently came to the conclusion that he would end his life, for a bottle labelled "carbolic acid" was found near the remains.

Deceased came to the county several months ago from Belfast, Ireland. He was a well bred young man of very gentlemanly bearing, and except for his fondness for liquor was a man of fine parts. He had no friends in Canada.

Dr. McColl, of Milton, held an inquest, at which an open verdict was brought in.

Wm. Frazer, of Campbellville, has been elected by acclamation to fill the vacancy in the township council of Nassagaweya, caused by the death of the late John R. Nickell.
