EDITORIAL NOTES.

Owing to the stringency in the money market in the United States capitalists are becoming apprehensive of financial affairs there. It is rumored that English and French capitalists are about to establish a trust company in Montreal with a capital of $5,000,000. They feel quite safe in making large investments in Canada.

Municipal councils all over the province have been doing illegal acts in regard to remission of taxes. Only Courts of Revision can so remit. The Municipal World says: "This subsection authorizes the Court of Revision to remit taxes at any time during the year in which the assessment was made, or before the first of July in the following year. Nowhere is power given to councils to remit taxes. Only the Court of Revision can act legally.

It evidently pays to be methodical and careful in the preservation of receipted bills, especially receipts for taxes. Thorold's tax collector decamped, leaving shortages in his accounts of about $3000. Those tax payers who can furnish receipts to show they have paid their taxes the last two or three years are nothing out by the existing state of affairs. Those who cannot show the receipts, having neglected to keep them from year to year, simply have to pay over again, and no amount of arguing and circumstantial evidence has any effect. Preserve your tax receipts.

The railroads of Western Canada continue to advance their lines in all directions. The Canadian Pacific Railway has just made arrangements with a Winnipeg contractor for an extention of the line running north-west from Moose Jaw to Lacombe and Edmonton. Such a move on the part of this great railroad should tend to convince people who have doubts regarding the immediate future before that part of the country. Railroads do not spend vast sums in extensions when they have reason to fear anything in the nature of a set-back to prosperous conditions.

A glance at the general revenue for the first quarter of the current fiscal year ending 30 July, '07, will disclose a remarkable condition of affairs. The total revenue for the past four months amounts to $32,291,888; during the same period the total expenditure has been $17,191,663 on consolidated fund account and $1,501,611 on capital account. For the first four months of the current fiscal year the surplus of ordinary revenue over ordinary expenditure is $19,100,223. In short, the affairs of the Dominion have been conducted upon such a sound basis that there is a visible surplus of $19,100,223 in four months.

DIED FROM TAKING PARIS GREEN.

Joseph McGlaughlin, Nassagaweya, Died in a few Hours after taking the Poison.

A MUCH RESPECTED RESIDENT.

Last Friday while in a condition of mental aberation, resulting no doubt from poor health, Joseph McGlaughlin took a quantity of paris green, and he passed away from the effects in a couple of hours.

He had been outside and when he came in it was noticed that his moustache and beard bore manifest traces of paris green and members of the family ascertained that he had taken a quantity. Medical aid was at once sent for but the Dr. arrived too late to be effectual in saving his life.

Deceased was born in Ireland 72 years ago. He came to Canada with his parents sixty years ago and settled in Nassagaweya.

With other early settlers he went into the new country and by enduring hardships and by persevering efforts of the pioneer he won for himself a home which might well be envied.

It is some four years since his wife died. Five daughters and three sons still survive. The five daughters are:—Mrs. Hill, New York State; Jane and Emily, at home, and Kate and Zan at Guelph. The three sons:—Wm., on the old homestead; Walter in Michigan, and John in the Northwest.

A staunch member of the Presbyterian Church the deceased ever commanded the high esteem and respect of all who met him, and was much beloved by all who were favored with a more intimate friendship.

BABY'S HOLD ON LIFE.

Baby's Own Tablets cost 25 cents a box. A box bought now may save your baby's life. Summer complaints come often without warning, and thousands of little ones die from them every summer. If children's stomachs and bowels are kept in order there is little danger of those troubles, and that is just what Baby's Own Tablets do. They are good for the new born baby or the well grown child—and they are absolutely safe. Give your child an occasional dose of Tablets and you will keep it well. If you have not got a box of Tablets in the house now, send for them at once, and you may feel that your little ones are safe. Mrs. Wm. Parrott, Myrtle, Ont., says: "My little boy suffered greatly from colic, and cried almost continuously. A few doses of the Tablets cured him, and now I give the Tablets occasionally to prevent the trouble from returning." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The New York & Bermudez Co. has been fined $5,600,000 for inciting rebellion in Venezuela.

The great printing paper merger in the North Central States is being organized by the International Paper Company of New York.

ANOTHER WEEK OF BOWLING.

Acton Wins from Three Clubs on the Green Here.

LOST AT GUELPH BY 8 POINTS.

The past week has been a most interesting one for local bowlers. Four matches have been played, in three of which our bowlers were victorious, and in the fourth they lost by only eight points to Guelph on their own green in that city.

Erin came down on Wednesday of last week and the members of the two clubs enjoyed the afternoon in a friendly match. The scores were as follows:

On Thursday afternoon three rinks came down from Guelph. Acton naturally expected to go down before the doughty champions of the Royal City. But in a stubbornly fought match the local bowlers come off with the laurels and one point majority to their credit:

On Tuesday afternoon Acton visited Guelph with four rinks—the largest number of players the club ever entered in a match. They had a highly satisfactory game on Guelph's splendid green, and were gratified that they were able to hold their own remarkably well against the crack bowlers of the Royal City. The scores were as follows:

HARVEST HELP WANTED WEST.

The C. P. R. Runs $12 Excursions to Winnipeg.

Upwards of 20,000 men are wanted in Manitoba, Saskatchewan and Alberta to assist in harvesting, and to meet the demand to some extent the Canadian Pacific has arranged to run low rate farm laborers' excursions. Leaving dates are Aug. 27, 30 and September 4. (Advertisement in another column gives territory and further particulars). From all Ontario stations one-way tickets will be sold to Winnipeg at $12. Men are engaged at Winnipeg and are given free tickets to points where help is needed east of Moose Jaw. After working at least thirty days and having the employing farmer certify to the fact, a ticket back to original starting point is issued on payment of $18. This is a splendid opportunity to see the golden west and to make something more than expenses. Local C.P.R. agent is well posted and will be glad to give anyone full information.

CREWSONS CORNERS.

This week will see about all the grain cut in this vicinity.

Mr. W. Y. Gray has been fortunate in finding his horse which had strayed to within a few miles of Brampton.

A number from here took in the I.O.O.F. garden party at Speyside on Friday night and report a good time.

The G.T.R. are unloading heavy steel rails along the line here.

Miss Jennie Crewson, of Toronto, is spending two weeks holidays at her home here.

Deputy-Reeve A. B. Murray and Mr. Wesley Murray were in Stratford on Aug. 10th on business.

Miss Taylor, of Toronto, spent a few days visiting her uncle, Mr. R. Taylor.

Miss Emma Tompkins, of Georgetown spent Sunday at Mr. Jas. Gamblin's.

Miss Colena Nickell is to be congratulated on having received her teachers certificate at the recent exams.

The events of twenty years ago have been read with great interest by the many readers of the FREE PRESS. Gallaher's picnic, or the Donyhcok Fair, was then (like the oil well now) the nine-day wonder of Crewsons Corners. Picnics have been held here since then but none have been the success in point of attendance or in the sale of bad booze which gained for this place the undesirable name of the Devil's half acre. The beautiful maple grove where the picnic was held is now a thing of the past. Very few of the then residents are here now.

NASSAGAWEYA.

As Mr. Wm. Reid and family of Campbellville were on their way to attend the funeral of the late Mr. Hurst their horses were frightened by one of the occupants putting up her parasol. The horses started to run at a lively pace and the Misses Annie and Jessie Reid jumped from the carriage. Unfortunately Miss Jessie broke her ankle and Dr. Carbert, of Campbellville, and Dr. Wickson, of Milton, were immediately called to set the broken bone. The many friends of Miss Reid will be pleased to learn that she is doing as well as can be expected, although she will be confined to the house for some time.—Reformer.

Harvest home sermons will be preached in Ebenezer Church next Sunday by Rev. R. W. Woodsworth, Toronto, morning and evening. On Monday evening an enjoyable harvest home entertainment will be held on the church lawn.

GUELPH — ONTARIO

"The wonderful resources of Western Canada and the infinite possibilities for a large population, happily and comfortably settled, was one of the things that struck me most on our Western trip." This was the statement of Mr. Ernest Brain, of The London Times, one of the party of British journalists who arrived in Toronto Monday. "I was very favorably impressed with the country," he continued. "I was impressed with the finished appearance of the cities and towns where one would expect to see a great deal of crudeness in such a new country. The architecture of the churches and public buildings is decidedly creditable and compares very favorably with that of towns of the same size in England. I noticed also the great number of comfortable homes in residential districts of the towns. Coming back to Ontario, I was struck with the home-like appearance of the country. It was very much like rural England as we came to Toronto by train from Owen Sound. The orchards and farm houses and the fences present a scene quite different from Western Canada, and remind me very much of the old land."

The harvest has commenced in Southern district, Sask., and the yield is reported good.
