THE ORIGIN OF SOAP.—The application of soap as a detergent is not of high antiquity. Like other useful things, electric communication, for instance, it seems to have been known as a fact for a considerable time before it was turned to its most serviceable account. Soap at first was merely a cosmetic for smoothing the hair and brightening the complexion. When once its valuable detersive powers were discovered—doubtless by accident—its employment spread rapidly. Numerous soap manufactories sprang up in Italy, notable in the little seaport town of Savona, near Genoa, whence the French name of soap, "savon." The manufacture spread in Spain and France. Marseilles became famous for its marble "soaps" may come from the Latin "sapo," which is mentioned by Pliny as an invention of the Gauls. As woolen garments preceded linen, so the fuller's art (for cleansing, scouring, and pressing cloths and stuffs) is older than the washer-woman's being due, it appears to one Nicias the son of Hermias. His grand discovery would be the employment of an earth, since named after the persons who use it. The Roman fullers, who wash dirty togas were persons of no little importance.—Their trade, and the manner of carrying it on, were regulated by laws, such as the Lex Metella de fullonibus. At one time, fuller's earth (found of a very superior quality in Staffordshire, Bedfordshire and other English counties) was considered so indispensable for the dressing of cloth that, to prevent foreigners from rivalling English fabrics, it was made a contraband commodity, and its exportation made equally criminal with the heinous and wicked export of wool! How completely public opinion has changed. No weathercock could make a more perfect gyration from north to south, from east to west. What is it criminal to export now? Convicts and contraband of war, perhaps; but certainly not harmless earth and wool.—Dicken's All the Year Round.

COMMERCE AND MARINE.

MARINE ITEMS.—Yesterday was very fine. The harbor was as dull as usual. Owing to a great scarcity of barges, a number of grain vessels were lying idle at the wharves, waiting to be discharged, and the elevators seemed as if there had never been any life in them. There are 50,000 bushels at Chaffey's wharf ready to be elevated, and as much more will arrive for the firm as soon as a favorable wind can carry the vessels down. The scarcity of barges is owing to the firms having engaged part of the barge fleets in the lumber trade, not fancying that there would be any rush of grain. The R. M. steamer Spartan passed down in the morning with a very large load, and the Magnet up in the evening. The steamer City of Ottawa arrived in the morning from Ottawa, and left on return in the afternoon. The propeller Norman arrived from Chicago in the morning, with 14,873 bushels of corn for G. Chaffey & Bros., and discharged at Berry's mill. The propeller Brockville arrived from Montreal in the morning, and passed on to Chicago. The schooner Belle Case arrived from Oswego, with 100 bbls of plaster and 500 sacks of corn meal. The schooner Princess Alexandra left in the morning for Charlotte, with a cargo of lumber, shipped by Myles & Co. The propeller Enterprize, a new one, the mate of the Perseverance, belonging to St. Catharines, passed up during Thursday night. The steamer Huron passed down the same night.

ANOTHER BARGE ACCIDENT.—We hear that one of Messrs. J. H. Henderson & Co.'s barges was sunk in the early part of the week, at Ferrin Point, near Dickinson's Landing, while in tow of the str. Ottawa from Montreal. She had on board 4000 sacks salt for Kingston, 200 of which were saved by the hands, and placed on another barge. The barge had sprung aleak, and before the leak was discovered the water had gained so much headway that she could not be prevented from sinking.

☞ Chicago advices of May 30th state that lake freights for grain ruled dull and nominal on that day. Shippers were offering 7 a 7¼ cents for wheat to Oswego and Kingston, with but few charters transpiring at inside rates.

A CHEESE FACTORY.—A large cheese vat in course of construction for the factory of Mr. Wm. Vandervoort, of Sidney. The apparatus is very simple, consisting of a wooden vat 10 x 4 feet, inside of which is a tin vat. The milk is placed in the tin vat; the wooden vat containing the hot water which is conveyed by an iron pipe from an iron boiler. When the proper temperature is obtained, the whey is drawn off, and the curd is then ready for moulding into cheese. This vat, which is simple and cheap, only costing about $80, will make cheese from the milk of 400 cows.—Intelligencer.

GOLD.—Gold rose about six per cent this week in New York on account of an export demand of about three millions weekly. The exports of the United States, especially in breadstuffs, have fallen off greatly, and gold is wanted to pay for importations.

IN THE YEAR 1845

Mr. Mathews first prepared the VENETIAN HAIR DYE; since that time it has been used by thousands, and in no instance has it failed to give entire satisfaction.

The VENETIAN DYE is the cheapest in the world. Its price is only Fifty Cents, and each bottle contains double the quantity of dye to those usually sold for $1.

The VENETIAN DYE is warranted not to injure the hair or the scalp in the slightest degree.

The VENETIAN DYE works with rapidity and certainty, the hair requiring no preparation whatever.

The VENETIAN DYE produces any shade that may be desired—one that will not fade, crock or wash out—one that is as permanent as the hair itself. For sale by all druggists.—Price 50 cents.

A. L. MATHEWS,
General Agent, 12 Gold St., New York.

Also, Manufacturer of Mathews' Arnica Hair Gloss, the best hair dressing in use. In large bottles, price 50c. 13

CHIRIQUI IMAGES.—We have had the pleasure of examining a quantity of gold received by Dr. J. C. Ayer & Co., from Honduras, in payment for their medicines, which are extensively sold throughout Central America. Among massive crosses, bracelets, and chains, are the rude images which have been taken from the graves of the Chiriqui chiefs—birds, turtles, serpents, bugs and reptiles done in solid gold. They carry us back beyond historic times, to periods and places where barbarism reigned supreme. They seem to come here now in mute appeal from the winding sheets of their ancestors, to ask for the simple Indians in the mountains, medical protection from cultivated skill, against diseases which gather them up in too early graves. Ignorant and unlettered as they are, they have learned of the white man enough to know where to apply for relief, and what will bring it. Our well known townsmen, above named, inform us that they require their remittances from foreign countries now to be made in silver and gold.—(Lowell, Mass.) Sentinel.

AYER'S SARSAPARILLA

IS a concentrated extract of the choice root, so combined with other substances of still greater alterative power, as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venerial Disease is expelled from the system by the prolonged use of this Sarsaparilla, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this Extract of Sarsaparilla.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used Ayer's—then, and not till then, you will know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who call for it.

Ayer's Cathartic Pills, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn, arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly, and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., and sold by E. E. Parker, Kingston, and all Druggists. Northrup & Lyman, Newcastle, General Agents. 4mo88

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

"* * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.
