EDITORIAL NOTES

An observant reformer says: "If the church people were just courageous, had the courage to come out and say where they stand, not be afraid they will lose a little business or that their taxes will be increased a few dollars if they will come out and say they are for sobriety and good citizenship there will be no trouble in sweeping the saloon out. This nation needs men who are willing to stand open, all alone if need be, when the storm rages around. Let us do our duty."

W. H. Snow, the crop expert, has just returned to Winnipeg from a tour of the western wheat fields of Canada, and he states it as his opinion that the total yield will amount to a hundred million bushels, or possibly a hundred and five million. This is considerably below Mr. Snow's previous estimate, but it agrees fairly well with the estimates of other authorities at the present moment. As indicating how adverse conditions have been during the past few weeks, Mr. Snow says, if the country could have harvested during the second week of July the yield would have totalled 130,000,000 bushels.

True to its policy as an educational institution and not a racing institution, the management of the Canadian National Exhibition, Toronto, August 31st to September 11th, have this year paid special attention to the Applied Arts, Public Schools and Women's and Children's Department. The prizes have been increased and the building rearranged in order to make more space, and, in short, everything has been done to make this section of the exhibition worthy of the country and better than anything that has gone before. That this is being appreciated is proved by the fact that entries have been received from all parts of the Dominion.

The Canadian Magazine for August is light and summery, being composed mostly of illustrated travel and outing articles and short stories. In fiction it is particularly strong, the feature being a complete novelette by the popular writers Alice and Claude Askew, entitled "Elizabeth's Lover." Besides the novelette there are capital short stories by N. de Bertrand Lugrin, H. A. Cody, Gower Glynn and Bradford K. Daniels. The leading article deals with the Indian tribes of Labrador, and is well illustrated. The author is Clifford H. Easton, who accompanied the late Leonidas Hubbard to that frozen region of the North, and therefore had excellent opportunity to study the native tribes. Altogether the number is most seasonable.

THE BOARD OF EDUCATION.

Rev. J. C. Wilson, B. A., Takes His Seat as a Member.

Board of Trustees met Monday evening in regular session.

Members present: Geo. R. Agnew, Chairman, J. A. Mowat, Dr. E. D. Ault and Henry Grindell.

Rev. J. C. Wilson, B. A., was present, took the declaration of office, and was given a seat at the board.

The Committee on Finance presented their ninth report and recommended payment of accounts as follows:

C. S. Wynne, Examiner's fees and expenses	$33 85
Chas. B. Eubanks, new laboratory cupboard and doors	23 50
George Hynds, examination papers	1 25
Corporation of Acton, tile	20
R. F. Johnstone & Co., supplies	5 67
C. O. Speight, supplies	7 11
	$71 56

The report was adopted.

The generous gift of Dr. Jno. M. Macdonald to the school of a microscope and other scientific articles was cordially acknowledged.

Moved by E. D. Ault, seconded by J. A. Mowat, that Rev. J. C. Wilson be and is hereby appointed a member of the Committee on Finance in place of J. S. Coleman, and A. E. Nicklin a member of the Property Committee in place of J. Francis, Messrs. Francis and Coleman having resigned.—Carried.

The Board then adjourned.

BALLINAFAD.

Mr. David A. Russell, who has gone for a few weeks' health and pleasure trip to Manitoba and the North West, writes from Hamiota, Man., that prospects for a banner crop this year in that locality are very promising. Farmers estimate the yield of wheat at 30 to 35 bushels per acre. On August 12th no harvesting had commenced there and on that date he reports a heavy frost which did some damage about Miniota and considerable damage not yet to be estimated in the Hamiota district.

Mr. Russell notes the most difference in western life from that down in Ontario. One thing that presents itself forcibly is the increase of bush since the land has been settled and broken. This is attributed to the absence of prairie-fires which would in former years sweep everything before them. The timber is all poplar and the growth is phenomenal considering the comparatively short growing seasons. In one grove near Hamiota which he was shown, just seventeen years old, the trees measured from 8 to 10 inches in diameter.

One drawback to this locality is the water in most places it is bad. This season too is a rather unhealthy one there, typhoid, diphtheria and other throat troubles being very common.

Miss Carrie Zimmerman, of Victoria, B. C., has been a guest the past week at the home of Mr. Thomas Bennett. Miss Zimmerman who has been a trained nurse has decided to go to India as a missionary, and will leave in October after a farewell convention to Baptist Missionaries at Ottawa.

ONE BURGLAR SENT DOWN

Two Suspects Released at Barrie Gaol but no Evidence Against Them.

WANTED HOWEVER, FOR G. T. R. CHARGES.

Henry Pembroke, was arrested at Georgetown last week on a charge of breaking into G. T. R. cars. While he was in the lockup there awaiting his trial Chief Lawson concluded from information supplied him, that Pembroke was one of the three men who burglarized Kenney Bros. store and his office on Sunday night, 9th August. He went to Georgetown and arrested the man and he was brought before H. P. Moore, J. P., on Thursday. When confronted with the charge he pleaded guilty and was committed to the County Gaol for trial. While in town in company with Chief Lawson he pointed out the place where the case of surgical instruments were thrown when the burglars were chased, and the case was recovered.

On Friday Detective Hodge, of the G. T. R., telephoned Magistrate Moore that two men answering the description of Pembroke's accomplices in the burglary had been arrested at Barrie. The Crown Attorney advised that they be brought to Acton to stand trial. Chief Lawson went to Barrie Monday morning and returned with the prisoners that evening. They came before the magistrate on Tuesday morning, but there was no evidence forthcoming to identify them as the burglars wanted. An information was then laid against them as vagrants, to which charge they pleaded guilty. They were sent to Milton goal for fifteen days.

Detective Hodge of the G. T. R. had instructions to arrest them as soon as the necessary papers would arrive for alleged burglary of a G. T. R. station in the Province of Quebec, and other misdemeanors.

LaVie and Brennan, the two suspects, are lads who allege they came from New York City to Canada about four weeks ago. LaVie is 18 or 20 years of age and Brennan about 15. Pembroke claimed to have come from Copperfield, N. H. He is about 22 and seems to be well acquainted will goals and lockups. While in Georgetown lockup he removed a part of the brick wall over the door and would have gained his liberty had not Chief Lawson gone down to secure him to answer to the charge here.

On Monday night about eleven o'clock a man was found dead drunk lying at the corner of Mill and Main Streets. Constable Carnahan was notified. He arrested the man and locked him up. He came before H. P. Moore, J. P., Tuesday morning, pleaded guilty and was fined $1.00 and costs. He gave his name as Robert Parker, of Guelph.

CHURCHILL.

It is a very rare occurrence to have two interments in the cemetery here within a week, but such was the case the past week. On Friday the remains of Mrs. John Gibbons were laid at rest and on Monday the interment of the late George H. Snyder was made there.

Mrs. Gibbons was one of the oldest residents of the vicinity. She was a daughter of the late Jacob Swackhamer, and was born near Beamsville ninety years ago. When about twenty years of age she came with her parents to the farm, lot 32, Con. 1, Esquesing. About sixty-five years ago she was joined in wedlock to the late John Gibbons, who pre-deceased her by some fourteen years. Three sons and a daughter survive: Mr. Robert Gibbons, Crewsons Corners, Albert of Erin and Harry on the homestead, and Mrs. Wm. Sayers, Acton. Mrs. Gibbons was a woman much esteemed. She was one of the first members of the Congregational Church, Churchill, and was a faithful member until her death. The funeral last Friday was conducted by Rev. Mr. Gott, in the absence of Rev. B. A. C. Willoughby, her pastor.

Another home in this vicinity was sadly bereft on Friday through the death of George H. Snyder, the youngest son of Isaac Snyder of the third line. George, who was thirty-eight years of age, had a period of illness covering a couple of years. A little over two years ago he had an attack of typhoid and was never in possession of rugged health afterward. Last January pernicious anæmia set in and for more than six months he was confined to the house. Mr. Snyder was a young man of sterling character and was held in high esteem. He was a sincere Christian, an active member of the Siloam Church. Although the prospects for life were very bright and attractive to him he was perfectly resigned to the Master's will and peacefully fell asleep. The funeral on Monday afternoon was largely attended. The remains were conveyed from the residence to the Church, where Rev. Mr. Taylor preached an impressive sermon, after which the cortege proceeded to Churchill Cemetery for interment. The following from a distance attended the funeral: Mr. and Mrs. David Snyder, Brampton; Wm. Snyder, Elora; Adam Snyder, Mt. Forest; B. Leslie, Thamesford; Mrs. Fred Stewart and Miss Stewart, Elfrida.

~~SOMETHING CAN BE DONE.~~

To Stop the Increase of Catarrh in Acton.

Catarrhal troubles are increasing, not only in Acton, but all over the country.

Catarrh is a germ disease and to cure it, germ life in the nose, throat and lungs must be destroyed, and this can be done only by breathing Hyomei.

There is no dangerous stomach dragging when Hyomei is used; no tablet or liquid mixtures whereby the digestion is often destroyed.

Breathed through the neat pocket inhaler that comes with every outfit, its healing balsams penetrate the most remote air cells, destroying the catarrhal germs so that quick recovery follows. The complete outfit costs but $1.00, and A. T. Brown agrees to refund the money should Hyomei fail to do all that is claimed for it.

ON THE BOWLING GREEN.

One Rink at the Dominion Tournament, Toronto, This Week.

One rink from Acton Bowling Club went to the big tournament of the Dominion Bowling Club at Toronto on Monday. The members were W. J. Gould, skip, A. J. McKinnon, W. S. Chisholm and D. M. Henderson. They played in the Trophy, the Ontario Cup, and the Consolation contests. In each they went up against strong men, ending in the Consolation with Willison, of the Canadas, one of the best bowlers in Canada. The three games ended their contests in the tournament.

Fraser of Georgetown did some fine playing and remained in the trophy series for two days.

Three rinks from Guelph are expected to-day to play two 18-end games.

The Canadian Outlet and Bowler for August, in its notes of the Ontario Bowling tournament at Niagara-on-the-Lake last month, says: "W. J. Gould's rink from Acton, made up of H. P. Moore, W. S. Chisholm and A. J. Mackinnon, went out for the trophy at the early request of O. P. Casey's St. Kitt's aggregation, but they were still lingering in the other competitions when some of the crack rinks were enquiring the time the boat left."

"POTCHERS."

Secretary Hynds submits the following "Don'ts" for the edification of the frequenters of the Bowling Green on Franklin Square:

Don't argue with your skip. He has the last think, and under the rules of the game is entitled to it.

Don't waste bowls trying to lay guards. Get some back bowls in and let the other fellow run the Jack, if he can. Chances are he can't.

Don't quit because the other fellow leads seems to assure him victory. The game's never lost till the enemy is nine up with only one end to go.

Don't be too lazy to throw the Jack in practice. If you're looking for a lazy game stick to checkers and cards.

Don't cuss a bowl that goes wide till the end has been counted. You never know where the Jack is going to lie at the finish.

Don't cheer when the other fellow misses a shot. If you can only win on the other fellow's errors, take a few days off and practice.

Don't knock if your skip falls down. Remember that it is human to err but divine to forgive, and that his humanity is your opportunity to go into the divinity business.

Don't be afraid to strike an attitude after you deliver your bowl. It doesn't affect your appetite and adds greatly to the enjoyment of your fellow bowlers.

Don't use strong language or strong waters during the progress of a game. The one spoils yours temper and the other your breath and your steady eye.

J. J. HILL'S HAND TORN.

The Railway Magnate Injured in his Automobile's Machinery.

St. Paul, Minn., Aug. 17th—James J. Hill will not lose his hand, as was feared when surgeons first examined the injury yesterday, following the accident to the railroad magnate while repairing his automobile in the country near Grasston, sixty miles north of here. He was accompanied by his daughter and when the motor car halted on a rough road he assisted the chauffeur in making repairs. The chauffeur started the engine before Hill had withdrawn his hand. The skin was torn from the back and his hand painfully crushed. A local surgeon dressed the injury and accompanied Hill by train to this city, where he is now receiving treatment from the family physician.

ACTON CONTINUES TO LEAD.

Defeated Milton at the County Town Last Saturday.

In a keenly-fought game with Milton on Saturday Acton baseball team won with a score of 8 to 6. Brampton won against Georgetown with a score of 9 to 8.

This leaves two games for Acton to play, both of which will be with Brampton. The game next Saturday will be in Acton.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

NASSAGAWEYA.

After a few days' illness Arch. McTavish, Sr. passed away at the General Hospital, Guelph, on Tuesday evening, 11 inst. Deceased was born in Argyleshire, Scotland, 80 years ago, and came to Canada with his parents when but two years of age. They settled in Nassagaweya and for 78 years he resided in this township.

Mr. McTavish was a man held in high esteem. He was of a quiet rather retiring disposition, but of sterling integrity. A number of years ago he was elected an elder of the Nassagaweya Presbyterian Church, but declined the honor, feeling that the office was too sacred for him. He was for years a member of Prospect Division Sons of Temperance. In politics he was a Liberal, but was not so prejudiced in favor of the party, but that he could take an independent stand when in his judgment circumstances warranted it.

Mrs. McTavish predeceased him by some four months, having been called to rest last spring.

Six sons and four daughters survive. They are: James, at Tama, Iowa; Rev. Dr. W. S., at Kingston; Archy, in Acton; Angus, Malcolm and John in Nassagaweya. Mrs. (Dr.) McTaggart, Brooksville; Mrs. A. Ramshaw, at Guelph.

The funeral was held last Friday to the Presbyterian Cemetery.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

ANY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

The homesteader is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.
