STOMACH AGONY

Abolish the Colick, and Misery and Distress of Indigestion Will Vanish

Can indigestion be cured? Hundreds of thousands of people who suffer from belching of gas, billiousness, sour stomach, fullness, nausea, shortness of breath, bad taste in mouth, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been quickly and permanently cured by the use of Mi-o-na, the mighty dyspepsia remedy that cures by removing the cause, they would go to A. T. Brown this very day and get a large box of Mi-o-na tablets, and start themselves on the right road to health at once.

The price of Mi-o-na tablets is only 50 cents, and A. T. Brown guarantees them to cure indigestion, or money back.

Thin or lean or scrawny people will find in Mi-o-na a maker of flesh and blood, because it causes the stomach to extract more nutritious matter from the food, which quickly enriches the blood.

HYOMEI (Pronounced High-o-me)

CURES CATARRH, ASTHMA, Bronchitis, Croup, Coughs and Colds, or money back. Sold and guaranteed by

A. T. BROWN, Druggist, Acton.

Be sure you're right, and then take another look.

Dare to say no. To refuse to do a bad thing is to do a good one.

Keep your promises, even though doing so causes you inconvenience.

Beautiful is the activity that works for good and the stillness that waits for good.—Collyer.

The preparations were made for a fraternal visit by the members of Georgetown Baptist Young People's Society to their Acton friends last Friday evening, but owing to the big snow storm they were unable to come. They may be here to-morrow evening.

All Dogs to be Chained or Muzzled

Chief Lawson received notice from the Deputy Minister of Agriculture, at Ottawa, on Tuesday that owing to the prevalence of rabbies throughout western Ontario, that all dogs in this county must either be securely chained in an outhouse or other building or kept under lock and key, or be completely muzzled with effective metalic muzzles, in a manner satisfactory to the veterinary inspectors of the Department.

Stock Car Wrecked on Sunday

About six o'clock on Sunday morning a car on a stock train going east was wrecked by coming in contact with the rear of a train standing on the cross-over. The side of the car was ripped off and the two-dozen cattle within were at once liberated. They were uninjured and ran off in all directions and the railway employees had a lively two hours' run to get them corralled again for re-shipment. The auxilliary train came up from Toronto and after an hour's work had the derailed car in place again.

The Rink Being Restored

Upon permission being given by the Municipal Council, Mr. Walter D. Beardmore had a score of the firm's workmen commence the restoration of the skating rink on the power house lot bright and early on Tuesday morning, and they have been at work there since. To-day or to-morrow the premises will be in "apple-pie order" again. The entire property will now be under the complete control of the Council. The Hockey Club and the young people generally will appreciate this action of Mr. Beardmore very much.

Quietly Wedded at the Manse

A quiet wedding was celebrated at Knox Church manse last Wednesday afternoon when Mr. Lyle Grindall, Inspector for the Bell Telephone Co., with headquarters at Brampton, was joined in the bonds of holy wedlock with Miss Ettie McDonald, daughter of the late Donald McDonald, Main Street. The bride and groom spent their childhood days here and grew up in our midst earning the esteem of all who knew them. For several years Miss McDonald has occupied a responsible position in the store now conducted by Mr. W. E. Moore and here she made hosts of friends. Mr. and Mrs. Grindall will reside in Brampton.

The S. S. Orchestra Concert

The Methodist Sunday School Orchestra's Concert in the Methodist Church on Monday evening was highly entertaining. There was a good-sized audience and the programme was one of real merit. It included a large number of selections by the orchestra; a well-rendered solo, "Love's Old Sweet Song," by Miss Bertie Smith; a baritone solo, "Rocked in the Cradle of the Deep," by Mr. L. Worden; trombone, 'cello, clarinet and cornet solos by members of the orchestra, every one of which was well rendered and enjoyed by the audience. Mr. C. W. Mason, the leader of the orchestra, deserves credit for the manner in which he has maintained the orchestra and added to its numbers. There are now thirteen members.

THE HALTON PRESS ASSOCIATION

A. S. Forster, of the Oakville Star, the New President

ENJOYABLE MEETING AT MILTON

The annual meeting of Halton Press Association was held in the Council Chamber at Milton last Saturday. Nearly all the members were present and a very interesting session was held. Matters of general interest to the members of the association was discussed.

Officers for the year were elected as follows:

PRESIDENT—A. S. Forster, Star, Oakville.

1ST VICE-PRES.—R. White, Reformer, Milton.

2ND VICE-PRES.—E. A. Harris, Gazette, Burlington.

SEC.-TREAS.—J. M. Moore, Herald, Georgetown.

ASST. SECRETARY—W. J. Fleury, Record, Oakville.

EXECUTIVE — The Officers and Messrs. W. Panton, Champion, Milton, H. P. Moore, Free Press, Acton, R. M. Wilson and R. D. Warren, Herald, Georgetown, C. A. G. Matthews, Free Press, Acton, and G. G. Mitchell, News, Oakville.

HISTORICAL COMMITTEE — H. P. Moore and E. A. Harris.

When the new President had taken the chair, a cordial vote of thanks to Mr. Warren, the retiring President, for his able, genial and experienced conduct of the affairs of the association during the two years he had occupied the office, was moved by H. P. Moore, and seconded by R. White. Messrs. J. M. Moore, Major Panton, and President-elect Forster also spoke in very kindly terms of Mr. Warren's able presidency.

Mr. Warren said he appreciated the motion and every word spoken in its support. It had been a great pleasure to him to have the confidence of the members and he had much enjoyed the closer relationship of the press men of the county during the ten years they had been meeting in the summer and winter sessions.

The members of the association were entertained at dinner at the McGibbon House by the local pressmen, Major Panton and Mr. R. White.

Upon adjournment at three o'clock Mayor Doscon had a double sleigh standing at the door of the town hall to give the members the pleasure of a drive through the avenues of splendid residences of the thriving county town, and incidentally to make brief calls at its growing manufactories. The large buildings of the Willmott Agricultural Works were visited. It is hoped that the stay in proceedings is now about over and that spring will see the works running full blast. A call was made at the carpet factory, with its many looms and other machinery and the interesting work of carpet weaving was fully explained. The shoe factory of Messrs. Winn & Co. was found to be a hive of industry. It is well worth a visit at any time. The new screw factory of P. L. Robertson & Co. was also a point for an interesting visit. This important new industry is likely to become one of the most prominent in the county.

The drive was much enjoyed and the kind and thoughtful attention of the Mayor gave a much more intelligent knowledge of the many attractions of the county town than has been gained heretofore by business visits of the members to the centre portions of the municipality. The residential sections of Milton will compare very favorably with those of any other town in the province.

HOW LOCAL OPTION WORKS

Constables and Magistrates Have Little To Do

The Peterborough Examiner says: "Constable Cochrane says that since Local Option has been introduced into East Peterborough, including, of course, Norwood, Lakefield, Warsaw, Westwood, McCracken's, etc., the business done at the court of County Magistrate Edmison, K. C., is practically nil. Previous to this, however, his diary shows a large number of infractions of the criminal and quasi-criminal law, most of which could be and were traceable directly to "the cratur." The transformation under the new conditions, he says, is wonderful, notwithstanding some cynical comments to the contrary. Facts speak louder than fault-finding and East Peterborough, speaking generally, is a vastly improved riding.

Make Each Animal Worth 25% Over Its Cost

On ⅓ of a Cent a Day

Nobody ever heard of "stock food" curing the bots or colic, making hens lay in winter, increasing the yield of milk five pounds per cow a day, or reducing run-down animals to plumpness and vigor.

When you feed "stock food" to your cow, horse, swine or poultry, you are merely feeding them what you are growing on your own farm. Your animals do need more food, but something to help their bodies get all the good out of the food you give them so they can get fat and stay fat all year round; also to prevent disease, cure disease and keep them up to the best possible condition. No "stock food" can do all these things. ROYAL PURPLE STOCK SPECIFIC can and does. It is

Not a "Stock Food" But a "Conditioner"

ROYAL PURPLE STOCK SPECIFIC contains no grain nor farm products. It increases yield of milk from three to five pounds per cow per day before the Specific has been used two weeks. It makes the milk richer by and able fresh faster than any other preparation known. Young calves fed with ROYAL PURPLE are as large at six weeks old as they would be when fed with grain or meal rations at ten weeks.

ROYAL PURPLE STOCK SPECIFIC builds up run-down animals and restores them to plumpness almost magically. Cures bots, colic, worms, skin diseases and debility permanently.

Ben McIlkan, the horseman, says: "I have used ROYAL PURPLE STOCK SPECIFIC practically on the feeding of the Lady Laurier, Grand Circuit winner of 1909, and 'Henry Winters,' 2.00½, brother of 'Allan Winters,' winner of $30,000 in trotting stakes in 1908. These horses have never been off their feed since I commenced using Royal Purple Specific almost a year ago, and I will always have it in my stables."

Royal Purple

STOCK AND POULTRY SPECIFICS

One 50c. package of ROYAL PURPLE STOCK SPECIFIC will last one animal seventy days, which is a little over two thirds of a cent a day. Most stock foods in fifty cent packages last but fifty days and are given three times a day. ROYAL PURPLE STOCK SPECIFIC is given but once a day, and lasts half again as long. A pail containing four times the amount of the fifty cent package will last 200 days. ROYAL PURPLE will increase the value of your stock 25%. It is an astonishingly quick fattener, stimulating the appetite and the relish for food, assisting nature to digest and turn feed into flesh. As a conditioner it is leader. It will save many times its cost in veterinary bills. ROYAL PURPLE POULTRY SPECIFIC is our other specific for poultry, and for stock. One 50 cent package will last twenty five hens 200 days, or a pail costing $1.50 will last twenty five hens 200 days, which is four times more material for only three times the cost. It makes a "laying machine" out of your hens, summer and winter. It prevents fowl cholera, fowl pox, roup, gapes, and all poultry diseases. Every package of ROYAL PURPLE STOCK SPECIFIC or POULTRY SPECIFIC is guaranteed.

Just use ROYAL PURPLE on one of your animals and any other preparation on another animal in the same condition after comparing results you will say ROYAL PURPLE has them all beat to death, or else back comes your money. Help—Ask your merchant or write us for our valuable 32 page booklet on cattle and poultry diseases, containing also testimonials and full page picture about ROYAL PURPLE STOCK and POULTRY SPECIFICS.

If you cannot get Royal Purple Specifics from merchants or agents, we will supply you direct, express prepaid, on receipt of $1.50 a pail for either Poultry or Stock Specifics.
