EDITORIAL NOTES

The suggestion that the present system of License Commissioners should be done away, and the administration of the law committed into the hands of a central board, was heartily endorsed by the Dominion Alliance at its recent convention, and will be pressed upon the attention of the Government. It is said to be the intention of the Department to take up the whole question of the license administration as soon as the Legislature adjourns, with a view to a thorough revision at the next session.

The Rev. Henry Brunet, parish priest of the Jesuit Memorial Church, recently wrote the Mayor and Council of Penetanguishene, demanding that there should be a reduction in the number of licenses, and a general improvement in the conduct of the liquor business. Failing this he plainly intimated he would take steps to bring on a Local Option campaign, though he admitted he is not entirely enamored of such a course. Father Brunet's letters to the Council are couched in vigorous terms, give a vivid picture of conditions at Penetanguishene, and make interesting reading. — Orillia Packet.

STRINGENT DRAINAGE BY-LAW

BILLIARDS AND POOL LICENSES NOW APPLIED FOR

Council met on Monday evening in regular session. Members all present. Reeve Hynds in the chair.

The Committee on Finance presented their fifth report and recommended payment of accounts as follows:

Sunbeam Incandescent Lamp Co., supplies	$55 38
Acton FREE PRESS, printing, etc.	33 48
G. A. Black, machine oil	7 00
Alex. Mann, teaming water for crusher	7 00
Municipal World, printing	2 80
Gutta Percha and Rubber Co., supplies	1 50
Bell Telephone Co., telephoning	1 45
G.T. R., freight	3 65
	$111 36

Mr. C. W. Mason, leader of Acton Citizens' Band, addressed the Council on behalf of the Band requesting a grant and the use of the Committee Room in rear of Council Chamber for practice.

Moved by A. T. Brown, seconded by Wm. Cooper, that a grant of $25.00 be given to Acton Citizens' Band.—Carried.

Moved by Alex. Bell, seconded by Murray McDonald, that the Electrician be instructed to put extra lights in the Committee Room in rear of Council Chamber.—Carried.

Applications were presented by D. & J. Ross and Charles Brower for pool and billiard licenses.

The applications were laid over for further consideration.

It was remarked that previous Councils, at the request of large deputations of citizens, had already refused to grant billiard licenses on at least two occasions.

The matter of passing regulations governing the bowling alleys is being considered, it being deemed desirable to regulate the hours of closing and the age of boys permitted to frequent the alleys, complaints having been made that the bowling alleys were being kept open too late and that boys under age are permitted to frequent them.

A by-law to regulate for sanitary purposes, sewage and drainage and the deposit of filth in the town drains, was introduced, read the required number of times and passed.

The by-law forbids the deposit or draining upon, to or into any drain belonging to the corporation of Acton, any filth, refuse, vegetable or animal matter or impure drainage of any kind, or any other substance of unsanitary nature, which may at the time or thereafter endanger the public health. Penalties for infraction up to $50 and costs may be imposed, and it is the intention to strictly enforce the by-law.

Mr. W. E. Moore, waited upon the Council to request a rebate in the amount paid by him as business tax last year. His business tax assessment was $1200, and according to statute the taxes due on that amount was $16.50, whereas Collector Smith had collected $21 from him.

The assessment rolls were produced and scrutinized and members of the Council found several other irregularities and it was decided to go carefully into the whole matter. Glaring errors like the one affecting Mr. Moore's assessment will no doubt be rectified by the Council.

WILL ENFORCE LOCAL OPTION

Acton Citizens' League, With a Strong Executive of 57 Business Men and Citizens, Formed

"ENFORCEMENT" THE WATCHWORD

The meeting called for Tuesday evening to receive the final report of the Committee appointed by the electors last May to carry on the Local Option campaign was attended by a very representative body of citizens.

The President, Rev. J. C. Wilson, B. A., said that when the by-law was carried on the 3rd of January, the work of the Citizens' Committee was practically completed. The object of this meeting was that they might give their final report and know what the people further desired.

Dr. Gray, Mr. R. J. McNabb and Rev. Dr. Antliff reviewed the work of the past nine or ten months and expressed the gratification they had experienced in the passing of the by-law. Now that the by-law was carried they were not slow to see that the work was not more than half done. Acton must have a strong, representative committee of citizens to see that the law is rigorously enforced, and, if necessary, provide accommodation for the travelling public. If this is not done the state which will exist will be worse than that under license, if that were possible. The matter of accommodation would, it was stated, follow the principle of supply and demand.

As the work of the Citizens' Committee had ended in such a magnificent victory, and realizing that there was yet much work to be done, it was therefore:

Moved by Dr. T. Gray, seconded by R. J. McNabb, and resolved, that inasmuch as the Local Option by-law was carried on the 3rd January, 1910, through the efforts of the Citizens' Committee, at the request of the electors; was subsequently given its third reading and finally passed by the Municipal Council, and will come into force on the 1st of May next; and whereas it is very desirable that the by-law be well enforced, and, if necessary, steps be taken to ensure proper accommodation for the travelling public, so that Acton may enjoy the best possible reputation under the new regime, be it therefore resolved that we, the citizens here assembled, proceed at once to effect an organization with the necessary officers and committees for carrying the by-law into effect or seeing that it is put into effect, in the most desirable manner, and that the name of this organization shall be Acton's Citizens' League.—Carried unanimously.

The officers of Acton Citizens' League were then elected as follows:

President—Rev. J. C. Wilson, B. A.
Vice-Pres.—Nicholas Forbes.
Secretary—H. P. Moore.
Treasurer—Dr. Thos. Gray.

The officers, with the exception of Mr. Forbes, as Vice-President, are the same who were at the head of the Citizens' Committee, it being felt by citizens present that as their efforts had been so successful on the old committee they were the men needed for the new one.

The following strong committee of business men and interested citizens was appointed to back up the officers in their undertakings:

R. J. McNabb, Rev. J. C. Antliff, D. D., C. C. Henderson, Hugh Wallace, A. T. Brown, John Cameron, George Soper, Thomas Gamble, William Williams, G. A. Black, Robert Fisher, Thomas Storey, John Harvey, J. H. Denny, Jas. Matthews, Wm. Sayers, C. W. Mason, Jas. Henderson, Geo. Stovel, Isadore Clavel, Jas. Dron, Adam Stewart, James Moore, George Dills, A. E. Nicklin, J. L. Warren, D. Williamson, John A. Mowat, W. H. Speight, Robert Moore, Geo. Wheeler, Robert Wallace, John C. Hill, John R. Kennedy, John S. Coleman, W. H. Denny, J. H. Reed, John Russel, W. J. Chapman, N. F. Moore, D. M. Henderson, W. E. Moore, Dr. H. A. Cox, W. J. Gordon, T. P. Martin, J. C. Nelson, Sunderland Taylor, Nathaniel Hardy, Dr. E. D. Ault, R. G. Brown, James Symon, W. McNabb, W. H. Stewart, Wm. Brown, Wm. Lynd, C. B. Ebbage.

The President said, "We were told we could not carry Local Option, but we did; and we are now told that we cannot enforce it. I would like to see the man who will violate the law in the face of the executive just elected."

The citizens then gave this strong executive power to act, in the following resolution:

Moved by John Cameron, seconded by Wm. Sayers, and resolved, that this Citizens' League hereby empowers and directs the officers and executive to take such steps as they may deem desirable from time to time to ensure the proper enforcement of the Local Option by-law, and such other action as they may find advisable, to satisfactorily accomplish the objects of this organization.—Carried.

After Dr. Antliff had moved a vote of thanks to the late officers of the Citizens' Committee for their splendid work, and to the Council for the interest they had taken in the introduction and final passage of the by-law, the meeting closed with the doxology and benediction.

Constipation is the root of many forms of sickness and of an endless amount of human misery.

thoroughly tested by over fifty years of use, have been proved a safe and certain cure for constipation and all kindred troubles. Try them.

LIMEHOUSE

On Monday evening Mrs. G. T. Coo entertained about a score of her most intimate friends, the occasion being the birthday of her guest, Mrs. Aberdeen, of Haileybury. With games and music a very enjoyable time was spent with Mr. and Mrs. Coo, who were the kindest of host and hostess. The early part of the evening was spent in playing games, prizes being awarded to the winners. Much interest and pleasure was taken in the game of chute-the-chutes. The prizes were a handsome smoking set for the gentleman and a writing set for the lady, and were won by Mr. James McDowell and Miss May O'Neill. The euchre prizes were won by Miss Ada Holmes, Acton, and Mr. J. McDowell.

At midnight a very dainty supper was served in the dining room, the table being very pretty with bright colors and lighted candles. Miss May O'Neill and Miss Ada Holmes assisted Mrs. Coo and were most attentive in looking after everybody.

After supper Mr. and Mrs. John Nickell favored the guests with several choice selections on the violin and organ. Mr. Wm. Gowdy also sang.

Responses were made by Mr. and Mrs. Coo to the profuse thanks voted them by all, who were indeed delighted with the pleasant evening spent.

Among those present were, Mrs. Aberdeen, Haileybury; Miss Nettie Moffat, Toronto; Miss Ada Holmes, Acton; Mrs. McCannah, Georgetown; Mr. and Mrs. Wm. Gowdy, Mr. and Mrs. James McDowell and others.

PHYSICAL CULTURE FOR MARCH

Because of the current interest in the diet question resulting from the high prices of meat, the leading contributions to Physical Culture for March are particularly readable. In "What Shall We Eat," Upton Sinclair, author of "The Jungle," makes some pithy and pertinent comments upon the vegetarian diet as opposed to one in which meat is the chief factor. Physical Culture's editor, Bernarr Macfadden, also touches at length upon the advantages of a vegetarian diet as a refuge from the exorbitant prices of meat.

The menus of vegetarian dishes, with the recipes which accompany them, published in Physical Culture each month, are of especial interest to those seeking to cut down their ration of meat because of either choice or necessity.

MI-O-NA

Relieves Stomach Misery Almost Immediately

If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion, and quick action should be taken.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

Mi-o-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress, Mi-o-na will relieve instantly.

But Mi-o-na unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach, where the gastric juices are produced.

A large box of Mi-o-na tablets costs but 50 cents at A. T. Brown's and are guaranteed to cure or money back. When others fail, Mi-o-na cures. It is a producer of flesh when the body is thin; it cleanses the stomach and bowels; purifies the blood and makes rich red blood.

WORN OUT ALARM CLOCKS

Pringle the jeweler of Guelph has invented a system of renewing the pivots in alarm clocks by which it can almost truly be said that there need be no more worn out clocks. In ten minutes at the farthest, he can repoint a worn out balance pivot making it as perfect as when new. This has usually taken the average clock repairer over half an hour, and then very imperfectly done. For fifty cents (never any more) Pringle will put an ordinary alarm clock in as good running order as when new. No matter how much is wrong with it the charge will be no more than fifty cents, and it will be warranted to go.

Japanese Menthol is unequalled as a pain relieving agent. Applied in the "D. & L." Menthol Plaster it is the most effective remedy known for Lumbago, Sciatica, Rheumatic Aches and Pains. Try a "D. & L." Menthol Plaster the next time you are suffering from any one of these complaints and be convinced. 25c. each at druggists.
