MURDER-SUICIDE NEAR GUELPH

Albert Adams, Blacksmith, of Welsenburg, Bought Revolver in Guelph and Double Tragedy Resulted

SHOT WIFE, AND THEN HIMSELF

A murder and a suicide was the climax of a week of drinking and quarreling, when Albert Adams, a well-to-do blacksmith, of Welsenburg, shot his wife and later himself, on Wednesday afternoon of last week. The shooting occurred after Adams had returned from Guelph, where he had purchased a 32 calibre revolver.

"Have you anything to say?" he asked his wife, who was busy papering the neat little home, along with a hired girl, Louisa Hauck, the only witness of the tragedy. Mrs. Adams replied she was too busy to talk.

"Well, its now or never," Adams said, and walking up to his wife he pressed the muzzle of the revolver against her breast and fired. She stumbled out of the house calling for help. He then shot himself. When Rev. Father Foerster, and Dr. Kirby, of New Germany, arrived, the body of the woman was lying under a hedge and Adams' dead body in the kitchen. Miss Hauck had soothed Mrs. Adams' last moments by bathing her forehead. Three children, Mina, aged 10, Hughie, aged 7, and Harold, aged 5, are left.

Adams was comparatively well-to-do, and owned his home and blacksmith shop. Drink and a bad temper were his undoing.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Special Lord's Day Services

Impressive sermons relative to the proper observance of the Lord's Day and the securing of a day of rest in seven for citizens of the Dominion, were preached in the various Churches last Sunday. The union prayer meeting, with the same topic, to be held in the Methodist School-room this evening, will be a service of general interest to the Christian people of this community.

Moved to Larger Quarters

Proctor & Merritt, dealers in agricultural implements, found it necessary by their growing business, to secure larger quarters, and have moved this week from the shop opposite Hill's weigh scales, to the shop formerly known as Grindell's blacksmith shop. These larger premises enable them to show their implements, wagons and carriages, wheelbarrows, cream separators and sewing machines to better advantage.

A Little Lassie's Narrow Escape

Little Margaret, the three-year-old daughter of Mr. N. F. Moore, had a narrow escape from serious injury last Wednesday about six o'clock. While Mrs. Moore's back was turned she climbed to a high shelf of the kitchen cupboard and secured a small bottle containing carbolic acid. She pulled the cork with her teeth and got a few drops of the poisonous acid on her lips and tongue. Fortunately none was swallowed and beyond the burnt lips and mouth no serious consequences followed.

The Balmoral Company To-Night

This famous company of Scottish entertainers, direct from Scotland, will appear in the town hall to-night, under the auspices of Ivanhoe Camp, S. O. S. The company comprises Miss Ruby Heath Grant, Scotland's sweetest soprano, Miss Elsie Dixon Craig, entertainer inimitable; George Neil, Scotland's peerless tenor, late star of the Royal Scots Concert Co., Andrew Ross Love, solo pianist, and Gordon Muir, manager. The Sons of Scotland here feel that in this engagement they are providing our citizens a treat almost unprecedented.

Social Evening at the League

An enjoyable social evening was given at the Epworth League on Tuesday evening. The programme included vocal solos by Misses Emma Bert and Bertie Smith, and instrumental solos by the Misses Mason and Mr. James Smith. A very interesting feature of the programme was the recital of particulars of their recent visit to Boston with the Toronto teachers by Misses Bennett and Hudson. The descriptions of their visits to the many points of historical and general interest in Boston and its environs were so vivid that all present felt they would enjoy traversing the same itinerary. Mr. Frank Kennedy presided. Sandwiches and coffee were served at the close.

The Spence-McKinnon Nuptials

A pretty wedding was held at the home of Mrs. John McKinnon, Main Street, Acton, on Wednesday, April 6th, when Effie Catherine, daughter of the late John McKinnon, was united in marriage to Mr. George Spence, of Nassagaweya. The bridal party entered the parlor to the strains of the wedding march played by Miss Georgia Spence, sister of the groom. The ceremony was performed by Rev. A. Blair, B. A. The bride was very becomingly dressed in cream silk and carried a bouquet of bridal roses. Little Miss Lena Ball, niece of the bride, acted as flower-girl. She also looked very pretty dressed in white silk and carried a basket of white and pink carnations. After the ceremony the guests, numbering about thirty, assembled in the dining room and partook of the wedding repast. The groom's present to the bride was a gold watch, and to the flower-girl a gold bracelet. The bride and groom left on the evening train for points east.

The Boys and Girls of Long Ago

The poem "Lest We Forget," in last issue of the Free Press, stirred up considerably a number of the old boys and girls of school day fellowships of forty years ago. Letters from various quarters have been received by the Free Press since suggesting that another re-union of old pupils be held, similar to those held here in 1891 and 1900. One letter from Penetanguishene says: "How I would like to see another re-union at Acton, before we older ones pass out. I would be sincerely glad if H.-P. M. would be influenced to undertake the bringing of the old boys and girls together again." Another from Orillia says: "I wish we could have another of those delightful re-unions. I awfully hate to ask you to undertake to work up another, but, oh, if you would, we would all be there." An old pupil in Toronto expresses the wish for a third re-union every time he meets the secretary of the last two. Perhaps if a general interest is manifested the way may open up for another gathering of the old girls and boys who were school mates in the long ago of 1865 to 1875.

An English Chemist Has Discovered How to Grow Hair

In England, the ladies have entirely abandoned wearing rats, which is due entirely to this new discovery.

It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

This preparation is called SALVIA, and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. Mr. E. J. Hassard, your druggist, is the first to import this preparation into Acton, and a large generous bottle can be purchased for 50c.

An impossible thing to find, a plaster equaled to "The D. & L." Menthol, and it is being imitated. Get the genuine. For side aches, backaches, stitches, nothing equals it. Made by Davis & Lawrence Co.

SOCIAL AND PERSONAL

Miss Irene Snyder spent the week with friends at Erin.

Mrs. Jennie Smith spent the week with friends in Toronto.

Mrs J. L. Stones leaves this week to visit her old home in England.

Misses Lottie and Hazel Mason visited relatives in Erin on Sunday.

Miss Evelyn Cook was home from West Toronto for a visit last week.

Messrs. Henry Bell, C. McMillan and James Mills left on Friday for Mydale, Sask.

Reeve Earl, of Milton, spent Thursday afternoon in town the guest of Reeve Hynds.

Mrs. T. D. Hamilton, of Nelson, B. C., was a guest of Mrs. Principal Stewart last week.

Mr. and Mrs. C. K. Thompson, of Hamilton, were guests at Sunderland Villa this week.

Mr. T. B. Akins left the Homewood Sanitarium on Saturday. He and Mrs. Akins will spend the summer in Berlin.

Mr. Robert Brown, Sr., has so far recovered from his recent serious illness as to be able to walk down street again.

Mrs. D. M. Henderson, who was so seriously ill a couple of weeks ago, is rapidly convalescing, and is able to be up part of each day.

Mr. T. J. Edmiston, who has been at Wilcox, Sask., for a number of years, has gone west a couple of hundred miles and is now settled at Kindersley, Sask.

A letter to the editor on Saturday posted by Inspector J. S. Deacon at Falmouth, Eng., on March 31st, stated that Mrs. Deacon and himself are enjoying their visit to the old land very much.

Rev. J. C. Wilson, B. A., leaves next Tuesday on a trip through the North West and British Columbia. He will make stops at Winnipeg, Edmonton, Calgary and at Vancouver. He may also take a trip down the Pacific Coast if time permits.

WARNING

Since its introduction into Canada the sales of Parisian Sage have been phenomenal. This success has led to many imitations similar in name. Look out for them; they are not the genuine. See that the girl with the auburn hair is on every package. You can always get the genuine at A. T. Brown's.

Parisian Sage is the quickest acting and most efficient hair tonic in the world.

It is made to conform to Dr. Sangerbond's (of Paris) proven theory that dandruff, falling hair, baldness and scalp itch are caused by germs.

Parisian Sage kills these dandruff germs and removes all trace of dandruff in two weeks, or money back; it stops falling hair and itching scalp and prevents baldness.

And remember that baldness is caused by dandruff germs, those little hard working, persistent devils that day and night do nothing but dig into the roots of the hair and destroy its vitality.

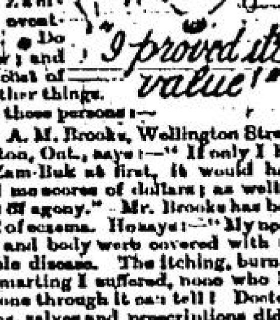
Parisian Sage is a daintily perfumed hair dressing, not sticky or greasy, and any woman who desires luxuriant and bewitching hair can get it in two weeks by using it. 50 cents a large bottle.

—The trout fishing season opens two weeks from next Monday.

Mr. R. F. Johnstone has just received a stock of Wood-Lac Stain from the manufacturers. The quality of this stain is the highest that science and human skill has ever produced for floors, furniture and woodwork it has no equal.

$&¢ ASPECT OF ZAM-BUK
IT SAVES MOTHER'S MONEY!

Zam-Buk spells saving to you! Suppose husband, wife or some member of the family sustains a cut or a bad scratch, which festers or turns to blood-poisoning. Result—off work! What does that mean at pay day? Zam-Buk prevents wounds, cuts or injuries "turning the wrong way." Apply it immediately, and it kills the poison and starts healing.



There is another aspect. If you have in the family, eczema, ringworm, ulceration, or any skin disease, try Zam-Buk first—don't spend money on experimenting! You will have to get Zam-Buk eventually. Do it now; and save cost of the other things. Hear these persons:—

Mr. A. M. Brooks, Wellington Street, Steelton, Ont., says:—"If only I had got Zam-Buk at first, it would have saved me scores of dollars; as well as hours of agony." Mr. Brooks has been cured of eczema. He says:—"My neck, chest and body were covered with the terrible disease. The itching, burning and smarting I suffered, none who has not gone through it can tell! Doctors' lotions, salves and prescriptions didn't do me a bit of good; and from one thing to another I passed, only to find them useless. With Zam-Buk it was different, and without going through a long story, I can say that a few weeks' treatment with this great healing balm healed the sores, and rid me for good of the terrible eczema, which had held me in its grip for over ten months!"

"If I had applied Zam-Buk in the first place, instead of trying the other preparations, I should have saved myself a lot of money." So says Mrs. R. E. Bedwell, of 237 Provencher Ave., St. Boniface, Winnipeg. Mrs. Bedwell had a cut finger, which became poisoned. She says:—"It became swollen and discolored, and my whole arm ached and throbbed violently. I called in a doctor and he lanced it. You may imagine how I suffered, and despite the doctor's treatment the finger still festered, and got so bad that the doctor advised me to go into the hospital. I feared, if I did, they would cut it off, so refused. One day we were advised to try Zam-Buk. We left off everything else and gave this balm a trial. Well, it only took about four days to draw out the soreness! Then, bit by bit, it began to heal, and in less than three weeks from first applying the Zam-Buk the finger was healed and perfectly healthy. If only I had got Zam-Buk at first!"

All skin injuries and diseases are cured by Zam-Buk. Eczema, eruptions, pimples, ulcers, piles, inflamed patches, cuts, burns, scalp sores, chaps, etc., cannot resist its healing virtue. 50c. box, all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Refuse all imitations.

When it Comes to Pie, Madam, Words Fail Us

Even in the long ago when the preacher said "Dearly Beloved", even then did we tickle our fancy with the greedy thought that he *really* meant—PIE.

For pie, in each of its myriad varieties, is the grand wind-up to a joy spread, the last act of a play with a happy ending.

Do *you* make *good* pie, Madam—pie that *is* pie? Do YOU?

Says the eminent editor of the New York Sun:

"The apex of a wedge of pie "is the alluring overture to a "crescendo of a delight which "reaches its climax in the "crust end", and as this "crust becomes part of ourself "one knows what pie is for."

"The "crust end" is the final "coma of pie itself, its raison "d'être, the solution of the "blissful riddle, why is pie."

But the crust is made of flour, you know, and FIVE ROSES is a *wonderful* flour for pie crust, and puff paste, and such like.

Because, Mistress Housewife, FIVE ROSES makes your paste close grained, even of texture and eating qualities.

With a delicate, indescribable flavor, sweet as a nut, tender and rich in color and appearance.

If you should make such pies, Madam, with the FIVE ROSES "crust end"—

Whether of apple, or lemon, or tartlike peach;

Whether of healthy custard, juicy pineapple, glorious mince or dear old pumpkin and squash, or all soppy with the rich red juice of the cherry—

Why, you get *the flower of the pie family* every time (no black sheep in that family), a truly succulent, tasty article.

With rich filling of your own composition, daintily baked in a crust that leaves no unpleasantness.

Never fear the dire vengeance of any offended stomach, or any calamity due to "inside information"

—If you use FIVE ROSES, Madam.

Then watch the hungry wedges disappear, showing fine appreciation of YOUR culinary skill.

To say nothing of the surreptitious pieces between meals, you know.

And pie it is at its *very best* when wrapped up in a FIVE ROSES crust.

So, Madam, use your *own* judgment.

YOUR SUMMER VACATION

This fine weather brings to mind the question "Where shall I go for a holiday?" or perhaps a "wedding trip" and as it is necessary in order to secure comfortable accommodation to engage rooms in advance, you are recommended to make application to Grand Trunk agents, or address J. D. McDonald, D. P. A., G. T. Ry., Toronto.

—Don't throw waste paper on the street. It gives the town a slovenly appearance. It may scare horses. It is a violation of the by-law.

The beneficial effect of iron upon the system weakened through illness, overwork or anemia, is well known. Ferrovim is a preparation which supplies the valuable element in the most efficient way, combining with it the nourishing qualities of beef and the mildly stimulative effect of sherry wine. LOCAL OPTION AT BOWMANVILLE

A Greater Success Than was Ever Anticipated

The last issue of the Bowmanville News says: We had a call the other day from the Rev. W. G. W. Fortune, B. A., Red Deer, Alta., who is now on a visit to towns in Ontario in which Local Option is in force to see how the by-law is working. He interviewed as many business men and others, including Police Magistrate Horsey, Chief Jarvis, Postmaster McMurtry, Vice-President Mitchell of the D. O. & P. Co., Manager Rehder and others, as time would permit, and the unanimous verdict of all was that Local Option is a greater success than ever anticipated. He was shown through Hotel Bowman and was highly pleased to find such a splendid hostelry with every necessary convenience and a home-like appearance that is very inviting.

The by-law will never be repealed in this county. The only regret now is that it was not passed years ago. It has been proven beyond question that all fears that trade in Bowmanville would be injured by Local Option were entirely groundless, for most of the merchants report a substantial increase in business since the by-law came into force.

Mr. W. M. Horsey, Police Magistrate, reports that he has not had a "drunk" or "disorderly" before him for six months and the business of the Police Court has been almost nil since it was shown by the authorities that the by-law would be enforced.

When a man brags about himself it is a sign other people don't brag about him.
