On Thursday evening about 6.20 the smoke stack at Henderson's saw mill was found to be on fire. Red hot cinders flew out in all directions alighting on the roof, on lumber piles and dry slabs. A bucket brigade of nearby citizens held these in check until the Fire Brigade arrived and their powerful streams averted all further danger.

A Pretty Pet Lamb

Miss Howslaugh has a splendid pet lamb on the farm of Messrs. G. & A. McDonald, lot 30, fourth line, Esquesing, which is quite an attraction. It is a twin Merino, between three and four months old and its mother had given all her attention to the other twin and discarded this one. Miss Howslaugh has made a great success of both rearing and training it and it is now larger and more attractive in every way than the one the mother favored.

"Observer's" Interesting Articles

DEAR MR. EDITOR: "I write to tell you how much I have enjoyed article by "Observer" in last issue of the FREE PRESS. It is certainly good and instructive. What a story the work of the pioneer tells! It is hardly to be realized by the present generation."—Jode W. Oram, Toronto. Observer's observations have been pleasing our readers now for more than a decade. This observant writer pens his articles merely for the pleasure it gives him and the benefit which may accrue to the community. He is not connected with the FREE PRESS staff, as many of our readers have from time surmised but is a leading citizen who holds a position quite distant from literary circles. We would gladly give his name to our readers but he much prefers to remain incog.

Children's Day at the Baptist Church

Rev. F. G. Burrell, B. A., preached a special sermon to children last Sunday morning, subject: "Bricks," and illustrated by three samples from a brickyard representing good, partly good and no good. After explaining the process of making brick he likened the temptations boys and girls meet in life to the firing, showing as a result, some are ruined, some partly so and others are made stronger. He then described the different uses to which the several kinds of bricks are put and to draw parallels from the different classes of men. The whole service was decidedly interesting and helpful. The children especially gave close attention. Next Sunday Mr. Burrell preaches in Barton Street Church, Hamilton, and his brother, Rev. C. E. Burrell, will speak here both morning and evening.

Is Practicing in Markham

Dr. A. L. Hore was in town last week having his furniture and household goods shipped to Markham, where he has opened a practice. The Dr. was for a month or so at Unionville looking after the practice of a physician there, and while in that section became acquainted at Markham, was attracted with the town and decided to settle there. Their numerous Acton friends will wish Dr. and Mrs. Hore success in their new home. When Dr. Hore came to Acton he followed Dr. J. M. Macdonald whose practice he purchased nearly five years ago, selling out to Dr. Holmes last October. When he sold out here Dr. Hore went to the post-graduate Medical School in Chicago, where he took a thorough general course and also a special course in surgery. Since returning from Chicago he has spent four months in Toronto General Hospital in clinics. The Dr. has splendid prospects in Markham.

WOMEN'S WOES

Acton Women are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy sold in Acton at Brown's Drug Store for kidneys only that helps and cures the kidneys.

Mrs. Elizabeth Hirtz, of Main St., Brampton, Ont., says: "I was practically cured of kidney complaint by the use of Booth's Kidney Pills. I suffered with hard kidney weakness, the secretions contained a pulpy sediment there were pains around the spine and over the small of my back. My spine felt cold and I became weak and run down from this difficulty. I had never received relief from the trouble until I used Booth's Kidney Pills and this remedy did its work to perfection. I do not wish to withhold my endorsement of this fine remedy."

Sold by Dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents.
