COMMERCE AND MARINE.

TUESDAY MORNING, AUG. 8, 1865.

The Daily British Whig is the only Kingston Newspaper which procures the Daily Market Prices of Montreal.

Gold in New York yesterday was dull but firm. The lower quotation for 5-20's at London has checked the downward tendency of Saturday, and the premium is 1 per cent higher, also a considerable amount of specie is sent south.—The Commercial Advertiser says the amount has averaged one million per week. Silver sells at 8 to 10 per cent below gold.

MARINE ITEMS.—The business transacted in the harbor on Sunday was very fair. The R. M steamer Grecian passed down in the morning, and the Spartan up in the evening. The Am. Ex. steamer Ontario passed down also in the morning. The steamer Bytown arrived from Ottawa, and schooner England from Oswego. The schooner Jessie left for Bear Creek, light, and the schooner Almira arrived from Clear Creeks, with 150,000 feet of deals for Glassford, Jones & Co. Yesterday the weather was very boisterous, and a very heavy sea kept up on the lake all day, and vessels did not venture out. The ferry steamers ran as usual. The steamer Huron arrived from Hamilton, and passed down in the morning. The Whitby, from Montreal to Hamilton, arrived in the morning, but was obliged to lay over till the wind would subside. The steamer Bytown left for Ottawa in the morning. The schooner Clyde, from Toledo to Boston, passed down on Friday evening last. The following vessels arrived at Garden Island since Saturday, and reported yesterday at the Custom House:—Schooner W. H. Merritt, Goderich, elm timber; schooner Tranche-Montagne, Toronto, pipe staves; brig Sir Charles Napier, Windsor, timber; schooner Mary Grover, Kingsville, timber; schooner Arctic, Point Pelee, staves.

THE ROYAL CANADIAN BANK.—This institution is now open for the transaction of business, under the management of Thomas Woodside, Esq., late manager of the City Bank, Toronto. The men who compose the directory and basis of this Bank are all among the most substantial and influential of our merchants and wealthy citizens, and as a guarantee to the public for every confidence and trust reposed in them and their new enterprise. We have no doubt that a long and prosperous career of usefulness is before the new institution.—Globe.

CROPS IN THE UNITED STATES.—The most favorable accounts continue to reach us of the growing crops in all parts of the country. The wheat harvest is now in progress throughout a great part of Western New York, and by the close of the present week it is thought the largest part of the wheat will be in sheaf. Here and there we hear of the rust and the weevil, but, as a rule, the reports are favorable, and a fair crop is anticipated. The winter barley is mostly secured in good order and with a fine yield in promise. Throughout Ohio, Indiana, Illinois and Wisconsin, the general prospect could scarcely be more encouraging. In some portions of Southern Illinois, perhaps, the wheat is not so promising as elsewhere, but concerning the corn there seems to be no room for mistake.—N. Y. Express.

AYER'S CATHARTIC PILLS

ARE the most perfect purgative which we are able to produce, or which we think has ever yet been made by anybody. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distempers, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief, were they not substantiated by men of such exalted position and character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted, suffering fellow men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use and certificates of their cures, of the following complaints: Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be suppused they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand Ayer's and take no others. The sick want the best aid there is for them, and they should have it.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by E. H. Parker, Kingston, and all Druggists. Northrup & Lyman, Newcastle, General Agents. 2mo15

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

"* * * Thou will send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use.

H. B. KINGSLEY,

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner.—Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

"* * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 150 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

The ship Anna Schmidt, which was destroyed by the Alabama off the coast of South America, had on board a quantity of Ayer's Cherry Pectoral for California. Dr. Ayer & Co. now appeal for redress direct to the British Government, as the responsible party in this wicked business, and base their claim for payment and protection on the ground of humanity, as their commodities are wholly for the sick. Their point is well taken, and will doubtless be pressed with the pluck and persistency which characterize the operations of these celebrated chemists.—[Baltimore Clipper. 159
