RAIN IN SUMMER

How beautiful is the rain!
After the dust and heat,
In the broad and fiery street,
In the narrow lane,
How beautiful is the rain!

How it clatters along the roofs,
Like the tramp of many hoofs!
How it gushes and struggles out
From the throat of the overflowing spout!

Across the window pane
It pours and pours;
And swift and wide,
With a muddy tide,
Like a river down the gutter roars
The rain, the welcome rain!

—Henry W. Longfellow.

WHEN SHE SPOKE

Mike Murphy, a contractor, became rich and got a handsome automobile. Mrs. Murphy invited Mrs. Clancey for a ride in the auto. "Whatever you do Mrs. Clancey, don't talk to the 'shoffer at all; not a word or a whisper to him, for it takes his mind off what he is doing." So they started out at a rapid clip. The chauffeur went zip around the corner and zip around another corner; sometimes the auto would be on two wheels. Finally Mrs. Clancey touched the chauffeur on the back and says—"Mr. Shoffer, I beg your pardon; I was told not spake to you at all, but let me tell you that Mrs. Murphy hasn't been in the car for the last ten minutes."

THE ONES WHO NEED A CHANGE

If all the members of the family cannot enjoy a change of scene in vacation time, see that those who need it most are not deprived of it. Most young folks get enough variety throughout the year so that however pleasurable the change brought by the summer may prove, it is not essential to health or happiness. But the father of a household, sticking to business early and late, and the mother confined at home so closely by the cares of family life, both need a real change when the vacation season arrives. And the sons and daughters of the family should see that they get it.

TWO GOOD TURNS

Part of the creed of the Boy Scout is to do a "good turn" to some one each day, and apropos of this rule, Baden-Powell told an entertaining story while he was in Glasgow. A Scout master had asked a small boy what he had done as a good turn, and after some thought the laddie replied—"I took a mouse out of a trap." "Yes," said the Scout master, "Was that all?" "No, I gave the mouse to the cat!" replied the youngster.

ACCORDING TO ANALOGY

A schoolboy who gave "a nanny-goat" as the definition of buttress was asked by his teacher how he arrived at such a conclusion.

"If a billy-goat is a butter," explained the pupil, "it seems to me that a nanny-goat ought to be a buttress."

Kidneys Wrong?—

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gall Stones and the deadly Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try

THINK FROM THE SUPERSTRUCTURE

Someone has said that sculpture is a very simple thing. All that is necessary is to take your block of marble and chisel off the part you don't want. While the correctness of the method cannot be questioned, perhaps it simple is certainly a misnomer.

To free life of the superfluous, is the secret of success. To be objective is to have the ideal before the mind, and important, is the ideal after which we are striving. But it is no more simple than to reach the statue in the block of marble, by chipping off the stone we do not need. Each task calls for the chisel of a master.

WORTH WORKS

A Scotch minister had been away on a vacation, says a writer in Punch, and on his return asked the sexton how all had gone in his absence.

"Very well, indeed," was the cheering response. "They do say that most preachers leave someone worse than themselves to fill the pulpit when they go away—but you never do that, sir."

As we have not far to journey together in this world, we can well afford to overlook one another's failings, and treat all with a love which will endure the strain of parting.

IF YOU WISH TO BE WELL
YOU MUST KEEP THE BOWELS OPEN

Any irregularity of the bowels is always dangerous, and should be attended to at once. If the bowels cease to work properly, all the other organs become deranged.

Milburn's Laxa-Liver Pills work on the bowels gently and naturally, and will cure the worst cases of constipation.

Mrs. J. Hubbard, Port Colborne, Ont., writes:—"I have tried many remedies for constipation and never found anything so good as your Milburn's Laxa-Liver Pills. We always keep a vial in the house, for we would not be without them. I always recommend them to my friends."

Milburn's Laxa-Liver Pills are 25 cents per vial, or 5 vials for $1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Imagine the feelings of the Puritans if they could see the modern suffragette.

Revive Jaded Condition.—When energy lags and the cares of business become irksome; when whole system is out of sorts and there is general depression, try Parmelee's Vegetable Pills. They will regulate the action of the deranged stomach and a disordered liver, and make you feel like a new man. No one need suffer a day from debilitated digestion when so simple and effective a pill can be got at any drug store.

ONE ON THE DRUMMER

A few weeks ago several commercial travellers had to change at a roadside station far from any sign of refreshment. One of the number whiled away the time by chaffing the solitary porter. He had been at this game for some time, when the porter's turn came. "I say," asked the funny traveller, "what made them build the station so far away from the village?" "I don't know," replied the porter gravely "unless they thought it would be more convenient to have it down here near the railway."

MISSING THE FIRST CHANCE

The second chance is never as good as the first. Some boys drop out of school at thirteen or fourteen, and then years after, recognising that mistake, start in again to get an education. They have done the best thing possible under the circumstances, but all the world knows that their life can be as much of a success as if they had accepted the first chance.

Some young people are very philosophical when they lose an opportunity they comfort themselves with the assurance "There will be another." That is true, but the same opportunity comes later will make up for losing the first.

THE VALUE OF VEGETABLES

Spinach, containing as it does a large amount of iron, can scarcely be ignored as a valuable spring vegetable dish. Rhubarb is rich in oxalic acid, which does much to tone up the system. Onions contain much nutrition, but are most valuable for their pungent oil, which is rich in sulphur. Asparagus, cabbage, cauliflower and celery are chiefly valued for their mineral salts and for the bulk, variety and relish they give to the diet. Cabbage contains a great deal of sulphur and for that reason frequently causes flatulence. Cauliflower, which is of the same family, is more easily digested. Celery is said to be more digestible cooked than raw. Beets, carrots and parsnips all contain a large percentage of sugar. Carrots and parsnips when young and tender are very nutritious.

Hope for the Chronic Dyspeptic.—Through the lack of consideration of the body's needs many persons allow disorders of the digestive apparatus to endure until they become chronic filling days and nights with suffering. To these a course of Parmelee's Vegetable Pills is recommended as a sure and speedy way to regain health. These pills are specially compounded to combat dyspepsia and the ills that follow in its trail and they are successful always.

PLEADED GUILTY

A distinguished divine of unusually solemn and impressive appearance went out to a country town not long ago to address a temperance society. He arrived early in the afternoon, and all the town, of course, "spotted" him within five minutes as a good and saintly man. He went into a chemist's and in tones that froze the young blood of the assistant behind the counter said—"Young — man — do — you—smoke?" "Y-yes, sir," said the trembling druggist, "I'm sorry, but I learnt the habit young, and haven't been able to leave it off yet." "Then," said the great divine, without the movement of a muscle or the abatement of a shade of the awful solemnity of his voice, "can you tell me where I can get a good cigar?"

SUFFERED WITH LAME BACK
WAS NOT ABLE TO STRAIGHTEN UP

Mr. C. Grace, Hamilton, Ont., writes: "I was suffering with lame back, and for two weeks was not able to straighten up to walk, and hardly able to sit down for the pains in my back, hips and legs. I had used different kinds of pills, plasters, liniments and medicines, without any relief. One day there was a B.B.B. book left at our door, and I read about Doan's Kidney Pills, and I decided to try them. Before I had half a box used I felt a great deal better, and by the time I had used two boxes I was cured. I have no hesitation in recommending Doan's Kidney Pills to all suffering as I did, or from any illness arising from diseased kidneys.

Price 50 cents per box, or 3 boxes for $1.25, at all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct, specify "Doan's."

Less tobacco is consumed in Great Britain, in proportion to the inhabitants, than in any other civilized country.

Attacks of cholera and dysentery come quickly there seldom being any warning of the visit. Remedial action must be taken just as quickly if the patient is to be spared great suffering and permanent injury to the lining membranes of the bowels. The readiest preparation for the purpose is Dr. J. D. Kellogg's Dysentery Cordial. It can be got at small cost at any drug store or general dealer's, and it will afford relief before a doctor can be called.

HAVING A DEFINITE AIM

Have a definite aim. The people who want to "do better" without concentrating on any particular fault to be mastered, or end to be reached, make slow progress. To strive for "success" without defining it, fails nine times out of ten. The first essential in getting what you want is to know what it is.

SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For two years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. Christina Reed, 105 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jeannette, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed.

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. Joseph A. Lynch, Jeannette, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

150,000 Free Homesteads
ALONG THE LINE OF THE
CANADIAN NORTHERN RAILWAY
IN
Manitoba, Saskatchewan and Alberta

The Government has thrown open for entry 150,000 Free Homesteads—160 acres each—along the lines of the Canadian Northern Railway in Manitoba, Saskatchewan and Alberta. At least 75,000 of these are within a radius of 20 miles of operated lines of the Company, while the balance will be served by Branches now under construction or projected.

Alberta, the Province already noteworthy for its fertile lands and salubrious climate—takes first place in the total of homesteads offering. But the wonderful Wheat Lands of Saskatchewan are well represented in the free Farms which have been thrown open for entry. Manitoba—the oldest settled of the three—holds cast a large number.

Manitoba, 21,800 Saskatchewan, 48,080 Alberta, 74,000

Western Canada is so big that practically every farming condition is met with in the combined total. There is open prairie, the bluff country, which needs some clearing, and also the rolling land where loam and climate are admirably adapted to the needs of mixed farming. The atmosphere—Clear, Dry and Invigorating—makes this land the best land to live in.

The best Homesteads are rapidly being taken up, and intending settlers will be well advised to make their selection without delay.

Write for a free booklet giving the location and a description of the land being offered. A copy will be mailed to anyone making application to R. L. Fairbairn, Asst. General Passenger Agent, Canadian Northern Building, Toronto, Ont.

LAZY BRAINS

More people are more lazy with their brains than with their hands and feet. It is the exceptional person who is willing to let someone else do his work for him, but it is to be feared that the majority are satisfied to let their thinking be done to someone else's brain.

It is well to have respect for concensus of opinion. It is easier for one person to be mistaken than for a hundred to be in the wrong, yet every now and then it happens that the one man is in the right, and the big majority mistaken. Our habit of believing what we are told explains why the day of the locomotive and the steamboat did not arrive till the nineteenth century.

Predigested mental food is not the sort which makes the mental muscle. We must think for ourselves, or lose, little by little, the ability to think.

Only those things that are put into living are learned.

A CAPRICIOUS APPETITE

"It's awful trying, this catering to a sick girl," Mrs. Douglas confessed to the friendly visitor who had called to inquire for Amy.

"I believe this convalescent business comes harder on me than her real sickness," continued Mrs. Douglas with a deep sigh. "I'm that put to it to get something that she'll eat with a relish, I get all riled up sometimes trying to tempt her."

The visitor whispered something sympathetic, and thus encouraged, Mrs. Douglas went on.

"Only yesterday," she said, "I got her a pork chop and five cents' worth of marshmallows for her dinner, and if you'll believe me she turned up her nose an' said she couldn't eat a bite!"

The Friend of All Sufferers.—Like to "the shadow of a rock in a weary land," is Dr. Thomas' Eclectric Oil to all those who suffer pain. It holds out hope to everyone and realises it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever enquired for.

Mrs. H. L. Steadman, Pleasant River, N.S., writes: "A year ago this fall, my little boy was suddenly taken ill with diarrhœa and vomiting, and as our doctor is ten miles distant, it seemed as if I could not get help soon enough, but on going to the country store I purchased a bottle of Dr. Fowler's Extract of Wild Strawberry, and after the first dose could notice an improvement, and the next day the child was better and regained health. Since that time I always keep it on hand."
