EDITORIAL NOTES

UNITED STATES customs receipts for November fell off about $4,500,000 compared with November of last year. November was the first full month of operation for the new tariff. If the month was a fair test of the bill's revenue-producing powers the annual return from this source will decline more than $30,000,000.

MIDDLESEX County Council is already taking steps to secure for the farmers of that municipality the advantages of Hydro-Electric power. Steps have been taken to secure data as to the cost and the adaptability for the farm needs. A demonstration of Hydro power as applied to the farm is being made at the Winter Fair at Guelph this week.

FIGURES OBTAINABLE at the Winnipeg Grain Exchange show that up to December 1st the farmers of Western Canada marketed 143,000,000 bushels of grain, for which they received in actual cash $90,000,000. This is the greatest movement ever known, and it is but part of the story of Western prosperity, for the grain is coming along more rapidly than ever, and there is no sign of abatement.

A PARLIAMENTARY COMMITTEE rather than a Government Commission to enquire into the high cost of living is the present probability. The only really definite statement which can be made is that, while the Government is prepared to deal with the high cost of living, it has not yet decided on the best method of doing so. Citizens generally of this great dominion will be glad to learn the secret of reduced living expenses at the earliest possible date.

THE next Lieutenant Governor (or Governor) of Ontario will be Sir William Ralph Meredith, now Chief Justice of the Province in the Appeal Division. The appointment of Sir William to succeed Sir John Gibson Lieutenant-Governor will not take place until the expiry of the latter's extended term of office next September, but that the appointment is already arranged for is known in Ministerial circles. It will be remembered that the Provincial Premiers at their last conference went on record as favoring the title "Governor" instead of the present designation, "Lieutenant-Governor."

IN A SPEECH that inspired his audience with new confidence Sir George Paish, editor of "The Statist," London, in Toronto last week analyzed the financial situation in Canada. His remarks were optimistic and at the same time sane. He spoke first of Canada's relation to the world, and especially England, as a borrower, and stated that her total borrowings amounted to $3,000,000,000 of which England has contributed the greater proportion. For this Canada has to pay an annual interest of $135,000,000. He expressed his belief emphatically that Canada was well able to provide for this amount and that her loans had been placed most advantageously.

IN VIEW of the acute situation which has developed on the Pacific coast through the decision of Chief Justice Hunter, in regard to the entrance of Hindus, it is very probable that the Government may avail itself of the clause of the Immigration Act which gives power to exclude for a specified period any class who are considered either unsuitable to the climate whom it is considered or desirable to prevent entering Canada. Under this clause the Government may temporarily issue an order-in-council forbidding the entrance of all laborers or artisans to British Columbia ports, owing to the state of the labor market. This would not discriminate against Hindus, but would apply equally to all races and labor.

LOCAL OPTION CAMPAIGNS

Local Option campaigns are now in full swing in 45 Ontario municipalities, and the fight between the Alliance forces and the liquor interests is growing steadily warmer with the approach of the January elections. "In all but half a dozen places or thereabouts the liquor traffic is being attacked for the second or third time. 'The liquor men are withdrawing without a fight in 235 places,' is the statement of the secretary of the Alliance. Among the more important places in which the by-law will be voted on are Sault Ste. Marie, Paris, Barrie, Cobourg, Aylmer, Tillsonburg, Meaford, Wiarton, Napanee and Arnprior.

BRITAIN AND UNITED STATES TO PLEDGE ETERNAL AMITY

The American committee having in charge the preparation of a programme for the celebration next year of one hundred years of peace among English-speaking peoples has concluded its work. The erection of an international monument around which Great Britain and the United States will pledge themselves to keep eternal peace was urged in a resolution adopted unanimously by the conference. The civic organizations, patriotic societies, schools, the nation and individuals were requested to co-operate in the proper observance of the centennial.

OBITUARY

THOMAS GOWDY

On Saturday afternoon there was laid to rest at Guelph the remains of one of nature's noblemen—Thomas Gowdy. He was born in the embryo city of Toronto—Muddy Little York—eighty-three years ago. When a lad he removed to Guelph, and for half a century has been one of the leading spirits of the Royal City. Rarely, if ever, have the citizens assembled in such numbers, to do homage to one of its residents. Six sons of deceased bore the body of their father to the grave.

For several months he was noticeably growing frail, but with his characteristic energy was able to attend the various industrial and insurance boards of which he was a member up to their last meetings. Death came somewhat suddenly, apparently the result of a fall. But it was evident the sands of time had about run out.

The late Mr. Gowdy was successful in every undertaking he entered, honest and upright in his business affairs, and a man universally respected by all who knew him. When a young man he worked at his trade as a plasterer and became a contractor in this line, and after a short time entered into partnership with Mr. John Stewart. Later he went into the lime business and organized what is known as the Toronto Lime Co., of which he was president up to the time of his death. His son William is the very successful manager.

He was always interested in the growth and progress of his city. His fellow-citizens recognized this and honored him with election to the Mayor's chair in 1889 and 1890. He was one of the original directors of the Guelph Junction Railway.

Mr. Gowdy was financially interested in numerous institutions. He was at the time of his death President of the Toronto Lime Co.; and director of the Wellington Lime Co., Toronto; Dominion Life Assurance Co., of Waterloo; Wellington Mutual Fire Assurance Co., of Guelph; and the Waterloo Mutual Fire Insurance Co. He was for many years director of the Guelph General Hospital.

In private life Mr. Gowdy was greatly beloved. He was essentially a lover of his home and took a keen interest in the welfare of his large family of children. He did not belong to any secret society, but as an ever faithful member of Dublin Street Methodist Church he did a great deal of good. He was a Christian in every sense of the word, and served his God with faithfulness and fidelity all through his long career.

Deceased was twice married, his first wife being a Miss Cunningham, Nichol Township. There was but one child, Annie, the wife of Ex-Mayor Kennedy, as the result of this union. He later married Miss Margaret Moore, of Acton, daughter of the late Thomas Moore, Sr., who survives him. There are also two daughters, Mrs. Prof. J. H. Reynolds, of the O. A. C., and Miss Nettie, at home, and seven sons, Joseph and Samuel, of Guelph; Thomas, of Nanton, Alberta; Alexander, of Kansas City, Mo.; William, of Limehouse; Edward, of Buffalo and Angus, of Toronto. Three sisters of the deceased all reside in Guelph, Mrs. Thos. Whitlaw, Mrs. Thos. Carter and Mrs. Geo. Bruce. The sorrowing family will receive the sympathy of a host of friends in their hour of bereavement.

CREWSONS CORNERS

The annual Christmas entertainment of the Methodist Sunday School will be held on Monday evening, 22nd inst.

The feeling is strong here against the closing of the Post office.

Mr. H. H. Brown, of the Royal Bank, Guelph, spent the week-end with his parents here.

CANADIAN PICTORIAL

Canada's Most Artistic and Popular Magazine

This elegant magazine delights the eye while it instructs the mind concerning the picturesque doings of an interesting and highly entertaining world.

Each issue is literally crowded with the highest quality of photogravures, many of them worth framing.

It's a "love at sight" publication and it has departmental features of great interest to the young woman and the home-maker.

Of it—just to quote one man's praise from among thousands—the Canadian High Commissioner in London—the Rt. Hon. Lord Strathcona, wrote:

"The 'Canadian Pictorial' is a publication which, if I may be permitted to say so, is a credit to Canada." (Signed) STRATHCONA.

On trial to New Subscribers—Twelve months for only 65 cents.

TWO SAD SUICIDES NEAR ERIN

James Coke, Near the Village, and William Burton, Credit Forks

WERE BOTH BURIED IN ERIN

The body of James Coke living about a mile below Erin village was found on Tuesday afternoon of last week hanging in an outbuilding.

The whole neighborhood was shocked when the sad event became known. He was an extensive and wealthy farmer, very highly respected and a heavy breeder in Polled-Angus cattle.

No reason has been assigned for the rash act. A strange feature of the case is that the deed was committed while another suicide from Credit Forks, Mr. Burton, was being buried in the Erin Cemetery, which is on a portion of the Coke farm.

Mr. William Burton, of Credit Forks, committed suicide on Saturday, 29th inst. by taking a dose of Paris green. The deceased was well known, being overseer of a portion of the C. P. R. No reason is assigned for this rash act. A widow and several small children are left to fight the battles of life through this untimely act. The remains were interred in the Erin Union Cemetery on Tuesday, the C. O. F. attending in a body.

The one farm newspaper that stands for the farmer in and out of season and has done so during the last twenty-three years is the Farmer's Weekly Sun, of Toronto. If you are making a business of farming you will find the Sun, the farmer's business paper, of great help, not only to you, but to every person on the farm. Let us send you sample copies.

BANK OF HAMILTON

Your Successful Friends

THOSE envied boyhood companions of yours who have made a success in the business world, probably made their own fortunes by systematic saving. When their opportunities arrived the accumulated savings were large enough to take advantage of them.

Few successes are attained without money—to the man with a savings account many things are possible.

Without further delay you should open an account with this bank. One dollar is enough. Make saving a habit; and your regular deposits, together with the interest they will earn, will build up your balance in a surprisingly short time.

HOW HE COULD SEE THE SHOW

Poor little Potts strained his head in vain endeavors to see the stage. The immobile back and great head of the man in front of him completely hid his view.

By a most uncomfortable contortion he just managed to see some scenery occasionally by peeping over the man's shoulder.

Suddenly the big man turned.

"What's the matter, matey; can't you see anything?" he asked.

"Can't even see a streak of the stage through you," murmured little Potts pathetically.

The big man grinned sarcastically.

"Ah, well, son, just keep your eye on me and laugh when I do!"
