MONTREAL MARKETS.

(Special Telegram to the British Whig.)

Montreal, Oct. 3, 1865.

William Nivin & Co., Commission Merchants, Corner of St. Nicholas and St. Sacrament Streets, Montreal, report:—

Flour—Superior Extra, $7,75 a 8,00; Extra, 7,45 a 7,50; Fancy, 6,25 a 6,40; Welland Canal Superfine 5,30 a 5,90; Superfine No. 1 Canada Wheat, 5,87½ a 6,40. Barley per 50 lbs., 70c. Butter—Dairy, 22½c. Gold in New York at 12 o'clock, 144½. Market firm; fair demand.

LOWER PROVINCE TRADE.

The trade from the St. Lawrence to the Lower Provinces is gradually, but surely, developing, and complaints are made of insufficient vessel accommodation. The Montreal Gazette publishes the following extracts from a letter received by a gentleman engaged in trade with the Maritime Provinces. It is written by a merchant of Pictou, and dated 20th September:—

"The steamer starts immediately on arrival of the mail from Halifax, and passengers are almost invariably driven to the steamer without landing. The Lady Head touches at a number of ports on the way up and down. The more profitable part of her business at present is done between Quebec and Shediac. I have no hesitation in saying the Lady Head is very insufficient for the route. She has neither sufficient room for freight nor passengers. Freight has constantly to be declined, and passengers are at times so huddled together, that few would travel by her for pleasure. Yet with all these drawbacks, I am told she has cleared a handsome sum each year. It is remarkable when facilities are offered for trade how it developes itself. Two years ago, while an American steamer was put on between Boston and Charlottetown, the many predicted it would be a failure, but now two are required to do the work.

Our railroad to Halifax, when finished, would greatly help this route. Pleasure passengers have no fancy for travelling 40 miles in a crowded stage coach. Should the Reciprocity Treaty not be renewed, a trade of vast magnitude must spring up between these lower ports and Canada. We must have your breadstuffs and a great variety of other articles; and you must have our fish and many other things we have to send for. Pictou alone will import 25,000 barrels flour the present year, and our rapidly increasing mining population have increasing wants that must be supplied. I have understood the Lady Head has made up and down as high as $3,000 a trip. I should judge from the best information I can obtain, the average would be $4,000."

Mr. Brydges has stepped in to aid this intercolonial traffic with an offer to carry flour from Montreal to St. John, N. B., via Portland, for 30 cents a barrel, and it is said that at that rate it can be sold cheaper than if sent from New York to Boston. The high rates of freight and charges of all kinds in the great cities of the States, the result of an inflated currency and heavy taxation, give our traders very important advantages which they have not hitherto enjoyed. The growth of this trade with the Lower Provinces is a proof that the Intercolonial Railway, when it is built, will not be without a through as well as a local traffic. It will, of course, supply most of the inland country lying between the St. Lawrence and the Bay of Fundy and ocean, and it may even carry flour and other provisions to the ports of Halifax and St. John, in spite of the unquestioned advantages of the sea route.—Globe.

Picton, Sept. 30, 1865

A SCHOONER IN JEOPARDY.—The schooner Thistle, from Wellington, bound for Oswego with a cargo of 5,000 bushels of barley, is ashore at West Point and in a bad condition.

THE DEMAND FOR PORK.—The Stratford Beacon says that dozens of buyers are in the country buying all the pork they can lay their hands on at seven and eight cents per pound, live weight, at the farmers' doors, and many are paying the cash now, so as to secure the pork in winter.

MARINE CASUALTY.—The propeller City of New York, of the Northern Transportation Line, was towed from North Port, Grand Traverse, Mich., by the propeller City of Boston.

It appears this vessel broke her crank and injured some minor portions of her engine several days ago.—She passed up the Milwaukee river yesterday for repairs.—Milwaukee Wisconsin.

TRADE WITH THE LOWER PROVINCES.—Mr. Brydges, the Managing Director of the Grand Trunk Railway, has intimated to the forwarders and grain dealers of Montreal, that flour will be carried by the company to St. John, New Brunswick, via Portland, for fifty cents a barrel. This intimation is timely, for the Montreal merchants have already begun to ship by way of the gulf, in their earnestness to secure the Lower Province markets; and, better still, the Lower Provincials are coming to Montreal to buy on their own account, having been driven out of the New York and Boston markets by the high and unsettled prices which prevail there. It is to be hoped that the trade thus diverted will be permanently secured.

The New York Tribune says, "the reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The Tribune just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size.—At least twenty imitations and counterfeits have sprung up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an immediate beneficial effect. Facts are stubborn things.

New Bedford, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine glassful after dinner.—Feeling better by degrees in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully,
JUDITH RUSSEL."

"* * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
254 Broadway."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them.—They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of refilled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

AYER'S PILLS.

ARE you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

AYER'S AGUE CURE,

For the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole classes of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions.

MORRISON has 250 barrels Extra Family Flour, from new Wheat.

MORRISON has 300 bags No. 1 Superfine Flour, to arrive this week.

MORRISON sells good Family Flour as low as some of those two-penny half-penny shops sell an inferior article.

Buy your Bran from Morrison; it is fresh ground from fall Wheat—none of your two-year old musty stuff.

Buy your Shorts from Morrison, fresh and sweet; it will do your animals good.

If you happen by accident to drop into one of those two penny half-penny concerns, dart out at once, and make tracks for Morrison's, where you will find everything to suit you, where everything is well regulated and in good order, where no inferior goods are sold, and you will at once arrive at the conclusion that you have found the Toronto Wholesale FLOUR STORE, and a man that understands his business, in MORRISON.

Kiln-dried Oatmeal, the best in Canada.
Double Bolted Cornmeal for family use.
Wheatmeal from picked new Fall Wheat.
Cracked Wheat from fresh ground best white Winter Wheat.

The above goods are specially manufactured for my customers, and I defy competition.

SELF-RISING OR PATENT FLOUR.

I have received a small quantity of Patent Flour, and as most of my customers are fond of good things, I would recommend it as being very good for bread, Windsor tea cake, very superior luncheon cake, pastry, &c., &c. An excellent pudding may be made by merely mixing some of the flour and water together, boiling it in a cloth, or steaming it, with room for expansion, and using a little nice melted butter with sugar for sauce. Pancake fritters &c. are very superior when made of this flour—no eggs need be used.

N. B.—I have a few choice SUGAR-CURED HAMS still on hand.
