EDITORIAL NOTES

LET US all resolve that everything we consume must be the product of Canadian or British labor. Ask the merchants for Canadian made goods only and refuse to buy goods from other countries. There is no good reason for sending our money out of the country. Keep it at home and get better and cheaper products. The European war has temporarily stopped the importation of foreign goods to this country. Now is the time to use and to recommend "Made-in-Canada" or British articles.

ONE OF THE questions which has been brought prominently before the public during the past week in connection with the war situation is the fact that Canada is the principal exporter of nickel in the world. In latter years there has been compounded a metal of which nickel is the principal ingredient, which is used as armor plating for our great "Bull-dogs" of the sea. The metal has proven great power of resistance. But, the point in the present situation is that by exporting our nickel to United States for refining, not only is Canadian nickel available for the use of the British navy, but for that of the German navy as well. Some effective means should be conceived whereby it is not possible for to draw means of destruction of the British fleet from within the confines of the British Empire. A heavy excise duty is one suggested solution.

MUNICIPAL COUNCIL IN SESSION

Brief Session held Monday Evening. Small Docket of Accounts

FIRE ENGINE ACCOUNT ON HAND

Our municipal legislators met in session Monday evening at half past seven.

Members present: McDonald, Cooper, Brown and Smith, with the Reeve presiding.

The minutes of last session were read by the Clerk and confirmed.

Finance Minister McDonald on behalf of the Finance Committee presented and recommended that the following accounts be paid:

General	
Municipal World, supplies	.60
Henderson & Co.	.19
N. F. Moore, freight and cartage	32.50
	$32.29
Electric Plant	
N. F. Moore, freight and cartage	4.90
Canadian Tungsten Lamp Co., supplies	40.00
	$44.90

The budget of accounts were passed.

Specifications and estimates from J. B. Mackenzie for a porch over the entrance to the fire hall were laid before the Council by the Reeve. The estimate called for an expenditure of $47.00. Mr. Mackenzie was granted the contract, and was ordered to proceed with the work at once.

It was brought before the attention of the Council that the Fire Brigade was without an assistant engineer, B. F. Caldwell having resigned. In the discussion precipitated over a successor it was made plain that the Council were anxious that a man with a thorough knowledge of an engine be appointed, if even at greater expense.

Several names were mentioned but nothing definite could be done until these persons were seen. Specific information is to be laid before the Council at next session.

The fire engine has returned from the factory, where it has been undergoing repairs since the disastrous Beardmore fire last winter. It is now the equivalent of a new engine and the Council is exceedingly anxious that it be kept so.

The Reeve strongly recommended that the engineer be impressed with the desirability of having it thoroughly cleaned after being used. He even made the radical suggestion that the engineer be made personally responsible.

He also brought to the fore the desirability of having the engine regularly inspected by an expert so that a re-occurrence of last winter's disaster be impossible.

The account for repairing the engine was before the members. Surprise was expressed by the members at the aggregate expenditure for repair, which will total approximately $1,000. The account was laid over until more funds were available.

Some desultory conversation ensued regarding some needed grading and street repairs.

Adjournment took place 8.10 p. m.

CRAWFORDS CORNERS

A number from here attended the anniversary services at Siloam Church on Sunday.

A large number from here attended Acton Fair last Thursday and pronounce it better than ever. Mr. John Bennett was one of the successful exhibitors, having won several first and second prizes on potatoes, apples and horses.

A large number will also attend Rockwood Fair on Friday.

Mr. and Mrs. R. Comstive, Acton, visited at Mr. J. Crawson's over Sunday.

Messrs. J. and C. Lantz, West Toronto, visited their brother, Mr. O. Lantz, last week.

Mr. W. Coleman, Acton, visited friends here on Sunday.

Mrs. M. Crawson returned home on Saturday after spending several weeks very pleasantly at the home of her son, Mr. M. Crawson, Puslinch.

Miss Nora Van Norman, Guelph, spent a few days at the home of her grandparents, Mr. and Mrs. J. Gamble.

SIR JAMES WHITNEY DIES SUDDENLY

Ontario's Premier Passed Away Last Friday After his Long Illness

TRIBUTE BY N. W. ROWELL, K. C

Sir James Pliny Whitney, Kt., K. C. M. G., L. L. D., D. C. L., K. C., Prime Minister of the Province of Ontario since 1905, died suddenly at noon last Friday, at his home, 113 St. George Street, Toronto. Lady Whitney and Miss Whitney were the only persons at the bedside. Dr. Herbert J. Hamilton had been hurriedly called but when he arrived the premier had passed away.

Sir James' death was due to cerebral hemorrhage caused by hardening of the arteries. He had been confined to his home through illness since August 1st.

A hardening of the arteries, such as Sir James suffered from is not curable, yet Hon. Dr. Pyne and Dr. Hamilton had both hoped the premier would be able to once more attend to his duties.

Lady Whitney and one son and daughter survive.

THE LATE SIR JAMES P. WHITNEY
Premier of Ontario

Sir James Whitney was born at Williamsburg, Dundas County, in 1843, being the son of Richard Lest Whitney and Clarissa Jane Fairman, his wife, and a descendant of the United Empire Loyalist stock.

Sir James spent the early boyhood of his life on a farm in the township of Cana-Luck, in the county of Stormont on the St. Lawrence front, where his parents moved a few years after his birth. He was educated at the local public school and at the historic Cornwall Grammar School. He began the study of law in the office of the late John Sandfield Macdonald, premier of the old province of Canada before Confederation and the first provincial premier of Ontario after Confederation.

Mr. Whitney was called to the bar in 1876, and began the practice of his profession at Morrisburg. In 1883 he contested Dundas for the seat in the Ontario house and was defeated by the small majority of 25. The successful candidate was unseated at the end of the session and in the bye-election which ensued on January 31st, 1888, he was elected to the Legislature for the first time, by the majority of 28, three more than his opponent had been credited with formerly. From that time onward he represented his home constituency in the Legislature twenty-six years. In April, 1897, Mr. Whitney, on the retirement of Mr. Marter, was chosen leader of the party, then in opposition, and through the long years of his able's minority in the House he fought with undiminished vigor and determination.

N. W. Rowell, K. C., M. P. P., leader of the Opposition in the Ontario legislature, who is in Ottawa attending the Methodist General Conference, said, in reference to the death of Premier Whitney:

"The news of Sir James Whitney's death comes as a great shock to the people of the Province. All political differences are forgotten, all political controversies are silenced, in the presence of deep and universal sorrow at his death. It is difficult to realize that his strong and dominating personality will no longer preside over the work of the government and legislature.

"Our provincial parliament has lost its most commanding figure, and the province one of its most devoted public servants. Sir James Whitney's ability, his untiring energy, his strong convictions, and the vigor and tenacity with which he maintained them, as well as his unselfish devotion to what he believed to be his public duty, were, I venture to think, the most conspicuous features of his character.

"In addition to an abiding interest in all that pertained to the province of Ontario, he was deeply concerned as to the future of Canada and the Empire. His devotion to Britain and British ideals and in the maintenance of the strength and stability of the Empire, could not but command respect and admiration."

Mr. David Henderson, M. P., went to Toronto on Monday to pay his personal tribute to the memory of the deceased Premier. He viewed the remains lying in state in the Chamber of the Legislative Assembly. The casket was arranged before the desk from behind which the Premier so long served his province. Hon. Dr. Reaume was the only member of the cabinet present and to him Mr. Henderson expressed his sorrow at being unable to attend the funeral.

When interviewed by the FREE PRESS as to the personal worth of Sir James Mr. Henderson said: "In the death of Sir James Whitney the country has, no doubt, lost a man of very great worth, and a man who enjoyed the respect and confidence of not only political friends, but people generally. His place will be hard to fill and doubtless the party will have considerable anxiety in securing a successor to the late Premier."

There are times when it is better to be never than late.

It isn't every fancier who can tell a dogwood tree by its bark.

When the money of some people converses it uses a megaphone.

The wild cat crop is never a failure.

The faults a man boasts of show what a fool he is.

Money is a splendid substitute for brains in some case.

Prof. Franklin demonstrates that COD LIVER OIL generates more body-heat than anything else.

In SCOTT'S EMULSION the pure oil is so prepared that the blood profits from every drop, while it fortifies throat and lungs.

If your now subject to cold hands or feet if your children are pale and poorly, give them SCOTT'S EMULSION only one month and watch for good results.

14-40 REFUSE SUBSTITUTES.

Just The Weather For Sweaters and Sweatercoats

FALL weather only emphasizes the fact that Sweater Coats are not a luxury but a necessary garment to have. Nothing takes their place to slip on when the cool evenings come or to withstand the cold winds at any time of the day.

We have provided an exceptionally fine range from the best makers.

FOR GIRLS—

Good warm soft coats, in the most popular colors and best wearing weaves for both small and large girls, from $1.00 to $2.00.

FOR BOYS—

The strong sturdy, all wool kind, in plain colors and color combinations. Nothing pays better than a real good Sweater Coat for a boy. From 75c. to $2

FOR LADIES—

An extensive range of ladies' sizes in attractive colors and in styles and weaves that give them a dressy as well as a comfortable look. $1.50 to $3.25

FOR MEN—

Our Men's Sweater Coats have a reputation that needs no argument—Our range this year of the famous "Ballantyne" coats is better than ever and we also have the lower priced staple lines. From $1.50 to $4.50.

All chopping will be done speedily and well on plates or stones.

Flour - Oatmeal
Bran - Shorts
The best at lowest prices.

HARRIS & CO., Limited
ROCKWOOD - ONT

Pringle's Bargains
Are Truly Genuine

It is not a question of cost. We have to give up the store at the end of the year and the goods must go.

If you need a wedding present now is your chance.

G. D. Pringle

Jeweller
