ACTON - ONTARIO

SAY!

Some 30 miles from Toronto,
About one hour's ride,
In a place they call Georgetown,
J. A. Willoughby resides.
He lists about 400 farms,
Of different shapes and sizes;
No fancy talk no idle yarns
He sure has got some prizes,
If your farm is not so good,
Your profits getting low,
Just take a trip to Georgetown,
Good farms to you he'll show.

THURSDAY, SEPTEMBER 7, 1916

BRIEF LOCAL ITEMS

—Acton Fall Fair—September 20th and 21st.

—Some farmers have sown their fall wheat.

—Georgetown drug stores now close at 7.30 p.m.

—Rain is much needed in preparing for fall seeding.

—Don't forget the travelogue in the Town Hall this evening.

—The tennis courts in town have all been much in commission the past week.

—Mrs. Tulley, of Waterloo County, is the new teacher at Bannockburn School.

—The merry peals of the school bells were resumed again on Tuesday morning.

—Acton Fall Fair—open to the world—Wednesday and Thursday, 20th and 21st insts.

—Labor Day weather was very pleasant. The day was very generally observed as a holiday.

—An interesting letter re Acton Boy Scouts and their Scout Master will appear next week.

—Secretary Hynds will supply you a copy of the prize list of Acton Fall Fair on application.

—Three rinks of Acton bowlers enjoyed a very interesting game at Guelph on Labor Day.

—Miss Wilson, of Georgetown, the new teacher at Lorne School, commenced her duties on Tuesday.

—The Shoe Factory By-law will be given its first reading at the meeting of the Council next Monday evening.

—A meeting of the Daughters of the Empire will be held in the Parish Hall next Monday afternoon at four o'clock.

—There was quite a heavy frost on Sunday night in the vicinity of Oapringe and Everton. Potato vines and corn were blackened.

—Many people are laying in unusually large supplies of honey, owing to the general scarcity of fruit. It is cheap and wholesome.

—Citizens generally express gratification that the prospects for the securing of a prosperous shoe factory for Acton are so encouraging.

—By painting and other improvements Mr. John T. Easton has transformed the appearance of his house on Mill Street—both the exterior and the interior.

—Miss Ethel Monteith, of Stratford, the new teacher in the Primary Department of Acton School, is at her post and is already winning the esteem of her little flock.

—The steam roller which is being used in the construction of the new stone road on the Acton crossroad, between the fifth and sixth lines, has been in Acton the past week undergoing repairs.

—The fall is a good time for people to paint their houses. C. C. Speight, local agent for Brandram-Henderson, Limited, has an interesting announcement of their splendid English paints in this issue.

—Mr. Fred Record, Inspector of Meat Stores at Milton, kindly brought the Free Press on Monday interesting samples of steel and copper turnings from the 18 pounder shells. These are on exhibition at this office.

—The pathmasters on the Guelph Road in Nassagaweya have had the loose stones raked off the road lately. The improvement very noticeably improves the driving. Similar action on the second line, Eramosa, is desirable.

—Rev. Mr. Avison is spending a week or so in Muskoka with a number of brother ministers who are holding a theological conference and enjoying the Muskoka breezes. His pulpit here will be occupied next Sunday by Mr. P. Egerton Booth, General Secretary of the Y. M. C. A., Guelph.

—"What is it that makes your Fall Fair always go so well?" was a question put to the energetic President, Mr. George Havill, the other day by a man interested in fairs. "That's no secret," promptly replied the President, "all our directors work, and work together, and stick to it till the Fair is over. Let me tell you, we're going to have the best fair yet, this year."

CATARRH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in Catarrhal conditions. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O.

NEWS OF LOCAL IMPORT

Last Week's Tournament

The tennis tournament held last week at the Beardmore Court, in the married versus single doubles, resulted in a win for the single players by the score of 77 games to 31.

More Successful Students

Additional High School examination results have been reported. The following certificates have been granted to Acton High School candidates by appealing: Olive Mowat, (Art) and Marguerite Stewart (Arithmetic), for Lower School examination for entrance to Normal Schools and Faculties of Education.

Watching for the Speeders

The drivers of automobiles should be made aware that men have been stationed at different points along the Toronto-Hamilton highway to prevent excessive speeding. These men are instructed to take the speed of cars and where drivers are found to be "letting 'er go" their next trip will be to meet the magistrate. Oakville motorists will realize the necessity of discouraging speeding to ensure the safety of motorists generally.—Star.

Strongly in Favor of a Shoe Factory

"The Shoe Factory by-law will have my vote and influence all right," said Mr. Samuel Laird, one of our oldest citizens, to the Free Press the other day. "I know something of the value of such a manufactory to a town, too," said the old gentleman. "When I was in Waterloo a shoe factory company there was given a loan by the town and a fine factory was built. The business did not grow very much for two or three years, but to day it is one of the most thriving industries in Waterloo and is employing 300 hands. Yes, you may tell all the people I am heartily in support of the new shoe factory for Acton."

"Britain Prepared"—Next Week.

The great film, "Britain Prepared", which has created a furore throughout the British Empire, and which is under the direct patronage of the King and the Duke of Connaught, and approval of the British government, will be shown at the New Wonderland next Thursday, 14th inst. With commendible enterprise, and confidence in the desire of the people of Acton to see the very best pictures procurable, Mr. R. L. Gregory has secured this great production. The pictures are highly recommended by the military and naval authorities and are described as wonderful photographs, marvellous as illustrating Britain's power on sea and land, and big with lessons of the deepest import to us and all the world.

An Able and Eloquent Preacher

Rev. David Wren, M. A., pastor of the Methodist Church, Brussels, preached here last Sunday, Rev. Mr. Avison being in his pulpit for anniversary services. Rev. Mr. Wren preached very able and helpful sermons. His discourses were eloquent expositions and were delivered with an effectiveness which commanded the marked attention of the congregation at both services. He is a preacher of rare gifts of oratory and withal presents the truths of the word of God in a way which commands the attention and sustains the interest of his hearers. A matter of interest to Acton people is the fact that Rev. Mr. Wren is a nephew of the late David Wren, Esq., who was for many years an esteemed yeoman of Nassagaweya.

Acton Fall Fair—20th and 21st

Indications point to the most successful fair yet on the 20th and 21st inst. People all over the country are talking of this favorite fair. Since the prize list was issued this week, showing the attractive prizes and special features, a new interest has arisen. The officers and directors from President Havill and Secretary Hynds down through the entire list, are exerting themselves every hour and everywhere they are to ensure unusual success to the Acton Fall Fair of 1916. Acton is centrally located with good roads from every quarter; a superior exhibition park with satisfactory accommodations, and we have a happy united people always ready to extend the glad hand to visitors to the Fair.

Another $60,000 County Bridge

A new bridge has been found to be necessary at the Twelve Mile Creek at Tuscarora in Nelson Township, on a county road. The County Council engaged Engineer A. W. Ozanne, Toronto, to prepare plans for a suitable bridge. Plans for both concrete and steel structures were presented to the County Council at their meeting last week, and as this bridge is on a county road the Ontario highway department has been asked to approve of the plans and of the work going ahead. The government pays forty per cent. of the cost which is estimated at $55,000 to $60,000 dollars. The new bridge would be about seven hundred and twenty feet long, with a driveway eighteen feet wide and is about ninety feet above water at the highest point. A grade of twenty-five feet would be left in the hill. Should the government approve tenders will be invited.

FROM CAMP BORDEN

Items of Interest Respecting the Men of the 164th Battalion

The 164th Football team played a friendly game with the 150th on Saturday but had to admit defeat by 13 to 4. The harvesting furloughs must have put them out of trim. Better results may be expected next time.

Sergt. Steve George has passed the examinations at the P. S. I. School and now ranks as a qualified Sergeant.

Corp. T. Perry is attending an N. C. O. class.

Capt. T. B. Hyde gave a splendid address at the Y. M. C. A. meeting on Sunday. His subject was "A Good Soldier" and his theme was divided as follows: 1, man must enlist, 2, put on the uniform, 3, put himself under his commander. There were 2000 men present who gave rapt attention. At the close fifty-two men stood up signifying their desire to enlist in the service of God.

The 164th Battalion commences with the monthly pass this week. The men will be home for four clear days. The new arrangement is very agreeable to the men.

The home paper is looked for eagerly by the man. The weekly parcel is most welcome.

Capt. Woodcock conducted a very interesting service for the men of the 164th battalion on Sunday evening. The address was fine and the singing of the boys was of a very hearty character.

All the men of the 164th Battalion were vaccinated on August 30th. Most of the men have sore arms as a result.

The Band of the 164th Battalion is playing at Toronto Exhibition this week.

ACTON BOY SCOUTS AT TORONTO

Participated in the Farewell to H. R. H. the Duke of Connaught, Governor General

The members of Acton Troop of Boy Scouts had an eventful day on Tuesday. They took their first important trek that day, and under the guidance of their efficient Scout Master, Sergt. W. Coles, went to Toronto to take part in the farewell tendered to the Governor-General, H. R. H. the Duke of Connaught, at the Exhibition.

The troop was thirty-three strong and they looked well in their new Scout uniform. The muster was as follows:

MILITARY NOTES

Pte. Dan Rouse and Pte. Arch. Rouse, of the 160th Battalion, London, visited their sister, Mrs. John Barr, last week.

A letter from Pte. D. B. Smith, of the 134th Highlanders, says that his battalion arrived safely at Liverpool on the 18th August. They had splendid weather and a very pleasant trip.

Driver Norman Speight, of Georgetown, has sufficiently recovered from the injuries he received last spring while driving a motor ambulance, as to be able to carry dispatches on a motorcycle in the camps in England.

Pte. J. D. Smith writes from Shorncliffe Camp, England, of his experiences of crossing the sea with the 98th Battalion. He says the sight of warships, cruisers and other fighting craft in the English Channel, protecting the transports, made the Canadian boys realize as never before that "Brittania Rules the Waves."

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from any harmful drugs. Try it.

A Tennis Tournament on Labor Day

A Tournament held at the Beardmore Court on Labor Day was favored with beautiful weather. A fine day's sport was witnessed. The banner event of the day, the mixed doubles handicap, was won by Miss Ruby Clark and Mr. Percy Howarth, who deserved their success. Miss Clark is especially deserving of congratulations on her excellent display of tennis all day. The men's doubles was won by Messrs. J. Wood and L. Cooper. The doubles was left unfinished as some of the ladies had to catch the 7 o'clock train for the city. A tea was served at Beverley House by the ladies of the Tennis Club and was enjoyed by all. The prizes were presented to the winners and a short speech was made by Mr. Jack Wood, the president, who congratulated the players on their ability, and thanked the ladies for their generous help. The Beardmore Court is one of the finest in the province, and the tennis players are appreciative of the kind offices of Mr. and Mrs. Torrance Beardmore who were instrumental in procuring it for their use all summer.

The boy who cannot keep his grip on the ball will never score a touch down.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.
