BRIEF LOCAL ITEMS

—Oakville talks of organizing a Y. M. C. A.

—The Firemen's ball and supper will be held to-morrow evening.

—The Boy Scouts corps at Oakville will soon reach a hundred members.

—Mrs. Malcolm McDougall's sale of farm effects will take place to-morrow.

—The mild weather this week put an end to the skating which was being enjoyed so much.

—It looks very much as if some form o conscription will be required to bring the war to a speedier close.

—The worn-out flag on the Government Building has been replaced with a fine new one of liberal proportions.

—The students and teachers of Acton High School will hold their annual "At Home" on Friday evening, 22nd December.

—The Toronto Suburban Railway have put up Railway Crossing signs on the streets in town this week. That's something.

—Mr. Bray, of McMaster University, was a guest of Rev. R. E. Jones over Sunday, and preached excellent sermons in the Baptist Church.

—The snow which gave things such a wintry appearance on Saturday and Sunday totally disappeared with Monday's mild weather and bright sunshine.

—Mr. Gilbert McArthur, of Erin, who recently purchased Mr. John Cole's brick house on Main Street, is having a sale this week and will shortly move to Acton.

—Rev. H. W. Avison attended an entertainment given by the Earnest Workers' Sunday School Class at Paisley Memorial Church last Friday evening. He occupied the chair, and contributed several solos.

—The three months old baby girl of Mr. and Mrs. Malcolm Sinclair, Guelph, died on Saturday. Interment was made in the family plot in Fairview Cemetery, here, on Sunday morning.

—Prohibition has resulted in one of the local hotels closing its doors. Geo. Chippendall, proprietor of the Raymond Hotel, after six weeks' trial decided to quit and has removed to Hamilton.—Burlington Gazette.

—The steel tower and windmill which has been a landmark at Moorecroft for a good many years has been removed and will hereafter grace the landscape at Mr. Duncan McDougall's farm near Dublin School. A small electric pump has supplanted the windmill at Moorecroft.

Lance-Corporal H. Meredith, Pte. Roy McGill and Cpl. Cross were home on week-end leave.

Miss Vivian Meredith is visiting at Mrs. H. Smith's.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NEWS OF LOCAL IMPORT

Mission at St. Alban's Church

A mission of repentance and hope is being held in England at this time and a series of prayer services will be held in St. Alban's Church next week from Monday to Friday, at 8 o'clock. All will be welcomed.

Woman's Institute Knitting Tea

The Acton Women's Institute are holding a knitting tea at the home of Mrs. Jas. Holmes, Friday afternoon, at 3 o'clock. A ten cent collection will be accepted to help in Belgian Relief work. Everybody welcome.

Death of Mr. W. T. Stone

The sad news of the death of Mr. W. T. Stone, Toronto, brother-in-law of Mr. J. L. Warren, reached Acton friends on Tuesday morning. Mr. Stone had undergone an operation at the hospital and death followed. The funeral was held yesterday afternoon.

Had $72 Over Expenses

The Committee in charge of the Reception to the 164th Battalion, on their recent trek through Acton to Hamilton, met last week and divided the cash balance of $72, of contributions over expenses, equally between the Red Cross Aid and the Ladies' Battalion Auxiliary.

D. McNicoll Died at Guelph

Mr. David McNicoll, formerly vice-president and general manager of the Canadian Pacific Railway, died on Sunday at the Homewood Sanitarium, Guelph, after a protracted period of ill-health. His remains were taken to Montreal for burial. Mr. McNicoll retired from the C. P. R. two years ago.

Back from the North West

Mr. and Mrs. George Roszall, who went to the North West in August for a visit, returned this week. Miss Roszall will remain there for a longer stay. Mr. Roszall assisted his son harvest his crop of 300 acres of wheat at Kenlis, Sask. It was a splendid crop and averaged 25 bushels to the acre. Both Mr. and Mrs. Roszall have returned in splendid health.

Another Successful Red Cross Tea

The Red Cross Tea and sale of home made baking and candy, in Mrs. McTavish's shop on Saturday afternoon and evening, was deservedly popular and financially successful. The Intermediate Red Cross Girls were the hostesses and their guests appreciated their hospitality very fully. The funds of this energetic organization are augmented by about $35 as a result.

Silver Anniversary W. M. S. To-Night

The twenty-fifth anniversary services of the Methodist Women's Missionary Society to-night will take the form of a re-union, with a splendid missionary programme. Mrs. (Rev.) Joseph Edge, Mrs. Josie Orum and Mrs. Wm. Brown, Toronto, have written that they will be present. Nursing Sister Anna Orum, a former member, home on furlough from Saloniki and France, is also expected to be present.

Pay Electric Bills at the Bank

At the request of the Hydro Commission the new system of collection of electric accounts will go into effect in Acton on December 1st. Bills will be sent to each customer the first of each month. These are to be paid at the Merchants Bank. All accounts paid before the 15th of the month will be subject to a discount of ten per cent. but if not so paid the net amount will be collected. The bank is authorized to receipt bills as payment is made.

At Reception at Government House

Mrs. George Havill, representative of the District Women's Institute, and Mrs. W. Laird, representing Acton Women's Institute, were delegates to the Provincial Convention held in the Technical School, Toronto, last week. They also attended the reception of Lady Hendry at the Government House. While matters of general interest were discussed at the convention the large volume of work being done in connection with the war by the institutes was really of paramount importance at this session.

Another 100 H.P. of Electric Current

Messrs. Beardmore & Co. have contracted with the Corporation for 100 h. p. of Hydro-Electric current, to be installed at once at the sole leather tannery. This amount will no doubt be increased from time to time. There is also a probability that Hydro-Electric current will be utilized to augment the power at the Acton Tanning Company's works also shortly. The new Shoe Factory has asked for twenty h. p. With this large increase in the use of current within the municipality the rate for current in Acton will be substantially reduced for next year.

Do Your Bit—Help The Red Cross

Work is abundant and the helpers are relatively few at Acton Red Cross Aid weekly work days. The number of calls is constantly increasing, and if our soldier boys are not to suffer unnecessarily, either while in health or after they are wounded, it is up to some others to make the necessary sacrifices, and help in the work of providing supplies and comforts for their country's defenders. Ladies of Acton and vicinity, think it over. Would you help if it was your husband, son, brother or sweetheart that was in the firing line? Red Cross Society works every Thursday afternoon at the Council Chamber.

Boy Scouts' Bugle Band

The local Advisory Council of Acton Boy Scouts held a meeting in the Free Press office last Wednesday evening, Mr. A. O. T. Beardmore, Chairman, presiding. It was decided to proceed at once with the organization of a Boy Scouts' Bugle Band. Eight buglers and four drummers will compose the band. Mr. N. Y. Moore will be the instructor and has been given the rank of Scoutmaster. Scoutmaster Coles gave a very comprehensive report of the financial standing of the patrol. For the success of the movement here he has assumed much personal responsibility and labor. A scheme is on foot to employ Boy Scouts in such work as shovelling snow, piling wood, or other available work after school hours and on Saturdays, for which fair remuneration is to be paid, thus enabling the boys to secure funds for paying their weekly fees of five cents each.

CREWSONS CORNERS

The change to mild weather is much appreciated by the farmers here, who didn't wish to see winter come so early.

A number from here will attend the Provincial Winter Fair at Guelph next week.

Large congregations were present at the anniversary services here on Sunday. The pie social on Monday evening was a success. A good programme was put on by following: Address by Rev. Mr. Taylor; vocal and instrumental music by Mrs. E. Plummer, and Frank Guild, Rockwood, and Misses Dennis and O. Moore. Rev. Rev. Mr. Smitherman was chairman.

SOCIAL AND PERSONAL

Mrs. W. A. Stewart was home from Toronto for a few days this week.

Messrs. Ernest and Roy Brown visited friends in Toronto over Sunday.

Mr. John Kinnard, of Guelph, spent Thursday last with Acton friends.

Mrs. E. W. Grace and baby have returned from the General Hospital, Guelph.

Mr. C. Williams, of Sault Ste. Marie, visited at his father's home this week.

Miss Haines, of Cheltenham, spent the week-end with her friend, Miss Anne Lindsay.

Miss Catherine Gammer, Guelph, was a week-end visitor in the home of Mrs. G. H. Lantz.

Mrs. A. P. Scott, and Constance and John, of Brampton, visited Acton friends this week.

Miss Kate Baughagh returned home last week after making a prolonged visit with friends at Vinemount.

Mr. H. P. Moore is at Belleville attending the annual meeting of the Board of Management of Albert College.

Misses Dorothy Nelson and Margaret Macdonald were home from the School of Faculty, Toronto, for the week-end.

Miss Luella Reed left on Tuesday for Toronto to take a course at the Nurses' Training School at the Western Hospital.

Mr. and Mrs. James L. Warren and Mr. John R. Kennedy were at Toronto yesterday attending the funeral of the late W. T. Stone.

Mrs. W. M. Kirkland, Galt, returned home last Wednesday after spending a week with her daughter Mrs. H. W. Avison at the Methodist Parsonage.

BE PATRIOTIC—WEAR RUBBERS

British Government Has Given You Rubber at Low Price, So You Can Wear Rubbers and Overshoes to Protect Your Expensive Shoes.

Before the war a cow cost sixty dollars; now a cow's hide costs as much. This means expensive shoes—the same quality as before with a price fast approaching double that formerly paid.

"What's to be done?" asks the man or woman in moderate circumstances.

"Buy Rubbers and Save your Shoes" is the answer the British Government gives.

The British Government has put the price of rubber down so that you may benefit. Think of this and think of the rise in the price of other staple articles. Then, be patriotic and wear rubbers—rubbers made from British Government rubber—and save your shoe leather from winter's snow and fall rains.

MILITARY NOTES

Sergt. Fred W. Lawn left Toronto with his regiment last week for overseas.

Bugler Kipling Puffer was home on leave for several days during the week.

A letter from Mrs. Charles W. Dalton, Toronto, formerly Miss Lila Griffith, Acton, says that her husband was killed in action in France on the 20th September.

Lieut. W. G. C. Keasey writes that his recent accident resulted from being thrown from his horse while on duty at the veterinary hospital in rear of the firing line. He sustained fractures of the leg below the hip and at the ankle. He is now in the General Hospital at Oxford, England, and is doing well.

Gunner A. M. Smith writes the Free Press that his battery arrived in England about the 1st November. They had quite a rough passage. The Battery has been broken up since arrival and Gunner Smith is now with the Second Battery Reserve, C Sub., and is at Risboro Barracks, Shorncliffe. This is a great camp, he says, soldiers are everywhere you look. He expects to go over to the firing line in France very soon with one of the big new guns.
