ROE. At Georgetown, on Sunday, March 11th, 1917, Charles Culver Roe, only son of the late W. W. Roe.

CAMERON.—At Dinuba, Cal., on Monday, 25th February, 1917, Charles Cameron, formerly of Acton, aged 76 years.

The Acton Free Press.

THURSDAY, MARCH 15, 1917

EDITORIAL NOTES

WE OUGHT NOT to deceive ourselves by the idea that the war is already won. While there are many hopeful signs, there is still a vast amount of heavy work to do before the needful end is reached. When the end is within reach it means usually, that even greater efforts than before must be put forth in order to finish the task at once. There is still much to do before Canada raises the 500,000 promised by Sir Robert Borden and each county must do its share.

AN IMPORTANT AFTERNOON in the House was spent last Friday by the government and Opposition uniting to re-affirm the determination of the people of Ontario to back the war to the end and to make it their first duty. Sir William Hearst urged the need of every available man to help our soldiers at the front, while Mr. Rowell urged this duty as well as the necessity of multiplying the supply of munitions and the producing of all possible food. The debate was concluded by the singing of God Save the King.

A PRIVATE TELEPHONE EXCHANGE with fourteen telephones has been installed in Government House at a cost to the province of $1,839.83. The sum of $4250 has been expended on a refrigerating plant to keep the building cool, whereas 700 tons of coal have been bought within the last year to keep the palace warm. These items give some indication of why the total capital expenditure of Government House is over a million dollars, instead of the $400,000 originally estimated, and why the maintenance during the past fiscal year cost the province about $57,000.

SAM CARTER, M. P. P. for South Wellington, always one of the most dramatic figures in the House, and whose words are becoming known as "Cartergrams," has been creating more excitement by a remarkable speech. It was in connection with Mr. Rowell's bill to give women the right to sit in the legislature, which the government rejected. Mr. Carter said he suspected insincerity on the part of the government in regard to Woman Suffrage and then he launched into a very vigorous speech. Among the "Cartergrams," on this occasion referring to the government, were: "I don't mind your sudden conversions on Woman Suffrage and Prohibition, but I hate your conceit about it. After what you had done to block these reforms, why didn't you have the decency to be humble about it? Instead of that, you go about blowing and bragging."

THE EXCELLENT TERMS outlined by the Finance Minister in the prospectus for the new Canadian war loan, which appears in another column, should induce Canadians to back up the men on the firing line by placing all available capital at the disposal of the Government for the prosecution of the war. With the unsurpassed example before them of the manner in which the British "victory loan" was received no further incentive need be given to the public of Canada. The easy terms upon which the bonds can be secured makes it comparatively easy for even the possessor of a modest savings account to buy at least a $100 bond. As to the terms of the loan, the initial cost is approximately $95.15, allowing for the fact that the buyer receives interest from March 1st whereas in reality he pays the initial ten per cent. on March 12 to 23 and the succeeding payments between then and June 15th. The loan yields interest at the rate of 5.40 per cent.; and the possibility is that it will rise several points. There is every probability that the loan will be largely over-subscribed.

DEATH OF F. S. SPENCE

The Man Who Did More Than Any Other Person to Secure Prohibition

The sudden death of Mr. Frank S. Spence ex-Controller, of Toronto, last Thursday, from pneumonia, brought much sorrow to many hearts.

For forty years, succeeding his father, the late Jacob Spence, Mr. Spence pursued an energetic, sane and convincing campaign for the suppression of the liquor traffic. He was a born and trained leader. His unselfish efforts have brought great results. Many hearts and homes have cause for gratitude that the long-continued agitation led by Mr. Spence has brought happiness and comfort to them.

Seldom has Toronto been more thoroughly stirred by the death of one of its citizens. Rarely, if ever before, has there been such unqualified and general words of eulogy of a man's life and work and motives. His funeral on Saturday at Broadway Tabernacle Methodist Church was a great testimony to deceased's worth and work.

Frank Spence will be missed throughout Canada. "Self-possessed, intellectual, fervent, never discouraged, keen in satire, yet blithe in his humor, he won the affection and the respect of all." It is pleasant for his friends to remember that he lived long enough to see Ontario under prohibition and the women of this Province admitted to the polls. For these two reforms he worked without ceasing.

BALLINAFAD

Private Walker Gibson, of the 248th Battalion, Markdale, was the guest of friends here last week.

Mr. Robt. Warne is home again after spending a few weeks in Guelph General Hospital.

Mr. Robt. Shortill visited his mother, Mrs. Wm. Shortill, during the week.

Private G. W. Rozel, of the 28th Overseas Draft, Regina, spent Saturday at his parental home.

Mr. and Mrs. A. R. Vannatter, and Mr. and Mrs. Ira Vannatter attended the funeral of Mr. Wm. Johnston Gibson, Cataract.

Miss Sadie Sayers was married at the Methodist parsonage, Erin, to Mr. Oliver Marshall, Fergus.

THE ACTON BOY SCOUTS

Successful Re-organization Meeting Held Last Week

SCOUT VEGETABLE PLOTS PROPOSED

Owing to the removal of Scout Master Coles on military duty the Advisory Board of Acton Boy Scouts decided that it would be expedient to re organize the troop.

To effect this the Board called a meeting of all the Scouts at the Parish Hall on Wednesday evening, when the work of reconstructing the troop was started. To facilitate matters all the officers of the troop were asked to resign their positions.

Before appointing the new officers the Chairman of the Board, Mr. A. O. T. Beardmore, addressed the Scouts, impressing on them the principles and benefits of the movement and what was expected of all boys who joined the Scouts. He also made it plain that those boys who could not or would not conform to the requirements of Scout Law and Troop Law could not be permitted to remain in the troop, and those who were appointed officers would be required to enforce the Scout Law on all members. The Chairman also spoke at length on the support the troop had received from the people of Acton and felt that the future prosperity of the troop depended entirely upon the behavior, interest and progress which the Scouts must evince to expect any further support from the public and from those who were active on the local Advisory Board. A large sum of money, approximately $450, had been collected and expended during the past few months and it was up to the Scouts now to show some return for this. Scouts were expected to be an example to all other boys and they can be such if they fulfil the requirements of Scout Law.

To accomplish this parents should assume a fair modicum of responsibility and encourage their boys to fulfil the requirements of membership in the Scout troop.

The officers of the Troop were appointed as under:

Assistant Scoutmaster and Band Instructor—N. F. Moore.

Assistant Scoutmaster—T. Savage.

No. 1 Patrol—Band—Patrol Leader, Roy Brown.

No 2 Patrol—First Aid—Patrol Leader, J. Hynds.

No. 3 Patrol—Signalling—Patrol Leader, G. Anderson.

No. 4 Patrol—Woodcraft—Patrol Leader, H. Ritchie.

Treasurer—A. O. T. Beardmore.

Secretary—C. S. Moore.

Local Advisory Board—A. O. T. Beardmore, Chairman, Messrs. H. P. Moore, J. P., R. M. McDonald, Rev. C. H. E. Smith, M. A., C. S. Moore.

The appointment of a Scoutmaster was deferred until the re-organization of the troop was completed.

A test meeting, when all boys will be requested to pass their "tenderfoot" tests, will be held in the Parish Hall on Tuesday evening next.

The membership fee is five cents per week, which every Scout must pay to his patrol leader on each night his patrol meets. This rule is to be strictly enforced in order to provide necessary funds. The local Board look for the assistance of parents in seeing that the boys comply with the above rule.

The address of the Chairman was listened to with great interest and was very greatly appreciated by the entire troop. All promised to carry out the requirements expected of them.

A visit from the Provincial Secretary, H. C. Hammond, Toronto, is expected in the near future and it is hoped Acton Troop will make a good impression on that occasion. The War Badges will also be presented to those Scouts entitled to them.

On Monday evening Mr. Beardmore had the Patrol Leaders at his residence and explained to them proper methods of keeping their patrol books and records.

In order to encourage the boys he generously offered to obtain a plot of land that the troop might cultivate during the summer. He will have it plowed, etc., and the Scouts may plant or sow what they like, but must look after it.

In this time of war when everything is so scarce and prices are so high, this is a splendid proposition. Scouts are doing this kind of thing all over England and it is hoped this generous offer will be taken advantage of and the boys practically undertake to do "their bit."

—Mr. Arthur Wilson, of Milton, has bought the fine old Wilson Homestead, 200 acres east of Hornby. Sale was made by J. A. Willoughby, Georgetown.

for her Armies in the Field—for her Workers in the Factory—in the Munition plant—in the Shipyard—in the Mine.

THERE'S DANGER IN SIGHT—BUT YOU CAN HELP

DO YOU KNOW—
that the rapidly rising price of food stuffs means that the World's reserve supply is getting small?

DO YOU KNOW—
that a world-wide famine can only be averted by increasing this supply?

DO YOU KNOW—
that a "food famine" would be a worse disaster to the Empire and her Allies than reverses in the Field?

YOU CAN—
help thwart Germany's desperate submarine thrust on the high seas.

YOU CAN—
do this by helping to make every bit of land in Canada produce—the very last pound of food stuffs of which it is capable.

AND REMEMBER—
that *no man can say that he has fully done his part*—who having land—be it garden patch, or farm, or ranch—fails to make it produce food to its utmost capacity.

THESE FARM PRODUCTS ARE NEEDED FOR EXPORT

WHEAT, OATS, BEEF, BACON, CHEESE, EGGS, BUTTER, POULTRY, BEANS & PEAS, WOOL, FLAX AND FLAX FIBRE, DRIED VEGETABLES

BRITAIN APPEALS TO CANADA

THE NEAREST PRODUCER OF STAPLE FOODS

India and Argentina are more than twice the distance away and Australia more than four times.

Canada to Britain	2825 MILES
India & Argentina to Britain	6000 MILES
Australia to Britain	11800 MILES

"No matter what difficulties may face us, the supreme duty of every man on the land is to use every thought and every energy in the direction of producing more—and still more."

Martin Burrell—Minister of Agriculture.

The Department invites every one desiring information on any subject relative to Farm and Garden, to write—
