CATARRH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. MISS COLEMAN, LIBRARIAN, RESIGNS

Miss Lettie Scott, Assistant Librarian, Promoted to the Position

At the meeting of the Free Library Board on Thursday afternoon the resignation of Miss Ethel Coleman, who has been the very efficient Librarian for the past six years, was presented. Miss Coleman is shortly to remove to the west with her father.

Moved by John Cameron, seconded by H. P. Moore, that the resignation of Miss Coleman, librarian, be accepted, and that this take effect on the first of April, as requested; and that Rev. Mr. Wilson, the Chairman, and Rev. Mr. Avison, be a committee to prepare a resolution expressive of the appreciation of the Board of Miss Coleman's very efficient services during her tenure of office, and of the regret felt at her removal.—Carried.

Moved by John Cameron, seconded by Rev. Mr. Avison, that Miss Lettie Scott, assistant librarian, be and is hereby appointed to the position of librarian, that the salary be $100.00 per annum, and that she commence her duties on April 1st.—Carried.

The attention of the Board was called to the unseemly abuse of books by some readers, who evidently give them to young children to play with. Many pages are scribbled over with pencil marks. Hereafter librarians are instructed to cancel library privileges to borrowers who return books thus abused and damaged. The rules of the library, a copy of which is posted in every book, has this clause: "Mutilation or defacement of books of a Free Library is a statutory offence and offenders will be severely dealt with."

MILITARY NOTES

The friends of Pte. J. J. Kennedy will be glad to hear that he is improving from his recent illness and barbed wire wounds received at the front. He is at Spalding Hall Hospital, Hendon, England.

The order has came for the 164th Batt. to proceed overseas. The men will have their last leave of forty-eight hours this week-end. The friends of the boys of Acton Platoon will be glad to see them home again once more and have the opportunity of saying good-bye.

Mr. J. Victor Coleman, of the Central Y. M. C. A. staff, Toronto, formerly of the FREE PRESS staff, has enlisted in the Divisional Signalling Corps. Signaller Coleman was here yesterday in his new uniform of mounted Signaller. He leaves Toronto this evening for the training camp at Ottawa.

The trial of Lieut. John O. McGibbon, by court martial, was opened at the Armories, Toronto, on Tuesday. The trial is the first of its kind held in Toronto since the war began. Lieut. McGibbon was serving with the 164th Battalion, now stationed at Hamilton. It is alleged in the charge that he deserted by absenting himself without leave from December 4th of last year until arrested in the early part of March.

The FREE PRESS is well represented among the Canadian soldiers who have enlisted from among its graduates and its staff. No less than seven FREE PRESS boys are doing "their bit" as follows: Capt. W. W. Kennedy, Corp. Ernest Wilson, Lieut. W. G. C. Kenney, V. S., Gunner A. M. Smith, Bugler John L. Moore, Bugler Robt. Stewart, and Signaller J. V. Coleman, who leaves for Ottawa to-day. The FREE PRESS is proud of this splendid record and proud of its men.

STEVE FINCHUK SERIOUSLY INJURED

Was Struck by the 8.10 Train From Toronto on Sunday Morning

Stephen Finchuk, an Austrian, one of the employees of Messrs. Beardmore & Co., was struck by the engine of the 8.10 train, as it was approaching the station from Toronto on Sunday morning. Finchuk was walking toward the station on the Main line. The engineer of the passenger train saw him and blew his whistle continuously, but the man failed to leave the centre of the track until the engine was almost upon him. As he stepped off the pilot beam struck him and the impact on the ties resulted in serious injuries to his head. A considerable portion of his scalp was torn away from the skull, and he was badly bruised and shaken up.

Dr. Gray was called and performed first aid while the train waited to take him to Guelph. He was taken to the General Hospital, Guelph, where further attention was given his injuries.

Finchuk has lived in Acton several years and has the reputation of being a faithful workman. A bottle of liquor was found in his pocket when he was picked up and it is likely the accident was the result of his imbibing.

LATER—As we go to press it is reported that the injured man has died at the hospital.
