BRIEF LOCAL ITEMS

—June, the month of roses, comes on Saturday.

—Aeroplanes are flying over town again more freely.

—With several dealers buying here the wool business is likely to be lively.

—Halton Fall Assizes will open in Milton on October 23, before Mr. Justice Lennox.

—Mrs. (Dr.) McNiven will deliver an address at the meeting of the Epworth League next Monday evening.

—Rev. J. C. Wilson, B. A., and Rev. R. S. E. Large, B. A., B. D., will exchange pulpits next Sunday.

—Messrs. Adams & Co., Georgetown, dry goods and groceries, have made an assignment to G. T. Clarkson, of Toronto.

—Empire Day was observed in the schools with the singing of patriotic songs, etc. The school flag floated at the mast head.

—The Duke of Devonshire Chapter of the I. O. D. E. will meet in the I. O. O. F. hall on Monday, June 3, at four o'clock.

—The Toronto Suburban Electric Road ran a special service of six extra cars on the Queen's Birthday. They were all filled to capacity.

—Acton Junior Base Ball Club played a game in Georgetown with the ball team of that town on Victoria Day. Acton was defeated by a score of 9-2.

—A show for the benefit of the Junior I. O. D. E. will be held in Wonderland Theatre on Wednesday evening, June 5. Candy popcorn and peanuts will be sold during the intermission. Admission 10c and 15c.

—The attendance at the churches on Sunday morning looked as if most of the members preferred to remain at home to meditate upon the blessings of the copious showers of the previous twenty-four hours.

—R. L. Gregory, of the Wonderland Theatre, has secured the great film, "The Submarine Eye," for to-morrow evening. This is a film, different, new, a decided novelty, nothing like it ever thrown on the screen before. It gives you a trip, among many others, to the world-renowned under-sea gardens of the Bahamas. It shows a diver trapped at the bottom of the sea with man-eating sharks darting around. Its marvellous underwater photography is wonderful.

—Acton has numerous excellent breadmakers among the housewives of the town. It has been the good fortune of the Free Press to have the opportunity frequently of testing the products of culinary skill of a number of these home bakers lately. On Monday a loaf of bread from the first-of-the-week batch of Mrs. J. H. Denny, Queen Street, reached Moorecroft. It was the equal in all respects of any of the home-made bread which received the coveted first prize tickets at the Fall Fair last September.

"THE MAKING OF A MAN"

This is the title of a new book by W. D. Flatt, of Burlington, and is intended especially to be helpful to boys starting in life, who are thrown on their own resources. It is an interestingly told tale of two boys who set out from their home in the Orkney Islands for Canada, one of whom settled about a hundred years ago in this county near the present site of the town of Burlington. The trying experiences of pioneer life, character-forming incidents, and events in which healthy initiative is called out are recited in a wealth of detail which must impress the youthful reader. The book is dedicated to the twenty-eight boys in Mr. Flatt's Sunday School class at Port Nelson. He says: "Their joys and sorrows I try somewhat to share, and to them I dedicate this story of real men and women." "Your battle of life, boys, has just begun. If you have the courage to be fair, honest, strong and clean now, and if you follow along the paths your conscience indicates, you will have strength of character which produces heroes in your years of manhood." Mr. Flatt's previous work "The Trail of Lore," was highly esteemed by those fortunate enough to secure a copy, the edition of which was limited.

The new work should have a wide circulation. If is not sold for the usual commercial returns. The profits will be devoted to patriotic purposes. It will no doubt have a large sale in this county, the scene of much of its activities. The price is $1.00. Wm. Briggs, publisher, Toronto.

ALGONQUIN PARK

The Algonquin Park of Ontario is a great reserve of nearly four thousand square miles. It is on the very ridge of the famed "Highlands of Ontario." Its altitude above sea level averages 1,700 feet, while some of the lakes in the Park are 2,000 feet above the sea. Its tonic air filters through millions of acres of pine and balsam and spruce. The fragrant bush, through which roads and trails are constantly being extended, the tree-fringed lakes, disturbed only by sportive bass or trout or the swish of the paddle, the serenity, the impressiveness, and the beauty of it all combine to place the visitor under the spell of this wonderful natural domain.

The park makes an especially strong appeal to the fisherman and canoeist. There are more than 1,500 lakes in the park, and the excellence of the sport draws anglers from every part of the Dominion, and from every state in the Union. Among the special varieties to be caught are the genuine speckled brook trout; the gamey black bass of the small-mouthed variety, ranging from half a pound to four pounds, and the black-spotted salmon, or its near relative, the grey trout.

The accommodation in the park is such that the most varied tastes can be pleased. There are hotels, including the well-known "Highland Inn," for those who want to be in the wilderness, yet enjoy all the comforts of good service and social companionship. There are log cabin camps, Nominigan Camp and Camp Minnising, comfortably furnished and ideal for family parties.

The park is easily accessible by the Grand Trunk Railway from all parts of Canada. It is two hundred miles north of Toronto and one hundred and sixty-nine miles west of Ottawa. For reservations at the Highland Inn, Nominigan Camp and Camp Minnising apply to Miss Jean Lindsay, Manager, Algonquin Park Station, Ontario. For more detailed information, maps, routes, etc., write to or call on C. E. Horning, Union Station, Toronto.

NEWS OF LOCAL IMPORT

Young Men, Carry Your Papers

The amendment to the Military Service Act providing drastic penalties for men who fail to carry their papers is to be strictly enforced. The penalty for failing to carry the papers is a fine of $50 or imprisonment for one month, or both fine and imprisonment.

May Extend the School Holidays

By an amendment to the School Act, passed at the recent session of the Legislature, the holidays may be extended until September 30. If adopted by local boards it will leave the boys on the farms for an additional month at a time of the year when they are greatly needed.

Splendid Crop Prospects

Seldom have we had more favorable weather for getting in the spring crops. An occasional shower has kept the land in good working condition and the splendid rains since seeding and planting have given the various grains a fine start in germination and growth. The fields now give great promise. Saturday and Monday's rains were just what was needed for the growing crops, the meadows and the pastures.

Good Prices for Dairy Herd

At the auction sale of the dairy cows belonging to Lakeside Dairy, purchased a few weeks ago by Wm. McConville from the John G. Nelson estate, high prices were paid. Ten cows and three small calves brought $1290. Auctioneer Kerr conducted the sale. With the sale of this herd the Lakeside Dairy ceases operations. The other dairymen are taxed to supply the increased demand upon them for milk.

"Losers Weepers, Finders Keepers?"

The honesty of the general public and especially the children in town, for restoring lost articles is highly commendible. The child's silk coat advertised last last week was brought promptly to the Free Press office just shortly after the paper was issued. Day after day lost articles and sums of money are brought in and offered restored to the losers within an hour, or so. This all speaks well for the community.

An Enjoyable Fraternal Visit

About fifty members of Georgetown Epworth League, including Rev. J. Truax, pastor, and President Green, paid a fraternal visit on Monday evening to the Acton Epworth League. The visitors were welcomed by Rev. Mr. Large and Miss Bennett, President of Acton League. They presented a helpful and interesting programme. The members of Acton League served refreshments before the visiting friends took their motors for the return home.

Boy Scouts Bugle Competition

An interesting competition for bugle calls by the buglers of Acton Boy Scouts Band was arranged for Empire Day evening by Mr. David Robertson. The competition took place at Sunderland Villa, Mr. Robertson's residence. The successful buglers were 1st, Jack Kennedy; 2nd, George Soper; 3rd, Fred Warren. Mr. Robertson donated cash prizes to each and treated the whole band to ice cream. He now offers a medal for competition by the buglers, the calls to be selected by the scoutmaster.

Presentations to Our Soldier Boys

Quite a number of complimentary addresses which accompanied presentations to young men leaving this vicinity for military service have reached this office. We would gladly give place to them in our columns if they were not so numerous, but to publish all of them would crowd out all our local news, which our readers find so interesting. It is highly complimentary to the community that the brave young men, who are going to fight for their country, are being so generously remembered by the home folks upon their departure.

Masonic Lodge of Instruction

A very interesting and instructive Lodge of Instruction was held at Kitchener, on the Queen's Birthday, with the members of Grand River Lodge A. F. & A. M., No. 151, acting as hosts to the visiting brethren. M. W. Bro. W. H. Wardhaugh, Grand Master of the Grand Lodge of Ontario, presided. The banquet in the evening, with its war menu, was very enjoyable, the speeches being of a high order and breathing forth the true spirit of what Masonry stands for. Walker Lodge, No. 324, Acton, was represented by W. Bro. Cooper, W. Bro. Cook, W. Bro. John Kenney and Bros. N. P. McLaim and A. Kean.

Women's Institute's New Officers

At the annual meeting of the Women's Institute last week the following officers were elected for the ensuing year: President, Mrs. George Havill; 1st Vice President, Mrs. W. H. Stewart; 2nd Vice President, Mrs. Joseph Holmes; 3rd Vice President, Mrs. Folster; Secretary-Treasurer, Mrs. W. Laird; Directors, Mrs. W. Arnold, Mrs. E. J. Gamble, Mrs. Alex. Bell, Mrs. M. McLean; Auditors, Mrs. H. P. Moore, Mrs. Alex. Bell. During the past year the receipts were $350.90, and the society has sent clothing valued at $114.25 for French and Belgian children, 60 pairs of socks to the boys in the trenches, and are now making 1,000 trench candles to be sent to the front in a short time.

Bronte Bridge to be Built at Once

The final hearing respecting the new bridge at Bronte was before the Ontario Railway and Municipal Board on Tuesday of last week, when an order was given that Halton County should pay what an eighteen foot bridge would have cost had the concrete highway not been built. The balance will be paid by the highway commission. The County contended they should only be assessed for the cost of a sixteen foot bridge. It is estimated the county's share will be in the neighborhood of $18,000 which of course means $7,000, and of this amount the government will pay forty per cent. The bridge will be of concrete, twenty feet wide, and with a sidewalk on the south side. The work of construction will commence as soon as material can be got on the scene.

The Twenty-Fourth of May

For four generations the birthday of the late beloved Queen Victoria has been loyally celebrated by the people of Canada. Never was the day more loyally observed than last Friday. Its observance was fittingly practical. Gardening was everywhere in evidence. The fine warm weather was favorable for planting and hundreds of bushels of potatoes were planted. Father and mother, sons and daughters, joined in this excellent employment. Plants and flowers were set out—lawns were mowed and trimmed. Homes and the home surroundings were beautified and benefitted as a result of the holiday. Some spent part of the day in work on their plots in Fairview Cemetery in memory of the loved ones resting there. There was considerable of family visitation and numerous enjoyable little picnics here and there were held. It was a great day for motoring and hundreds of motors were employed in providing pleasure for their owners and their friends. A number of new cars and new drivers were seen in town during the day. In the afternoon a base ball match was played in the park between the senior and junior players of the town which resulted in a victory for the juniors.

"Yes---They're Cleaner, Fresher---

"when washed with Sunlight Soap. I find it cleans the clothes more thoroughly and with less work than ordinary soaps. It doesn't hurt the clothes and I must say my hands never feel the worse for it either. I really do not find it hard to look after the wash myself, because Sunlight Soap does so much of the work for me."

Sunlight Soap

Madam—there's nothing but truth in this lady's remarks. Sunlight Soap is made so well and so honestly that our guarantee of $5,000 that it contains no impurity has never been challenged.

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "lazy," headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

AVOID FALSE ECONOMY!

Economy that decreases your personal efficiency is false economy. It is as great a crime as waste. For it is waste.

To-day everyone should develop their personal efficiency to its highest possible point. We should all talk, act, believe and work to one end—success.

And nothing breeds success like confidence, for confidence and efficiency spell success.

Self-confidence is our greatest national asset. What breeds confidence?

Good clothes not only make you look the part, but feel the part. They add to your self-respect and make others respect you. They add to your self-confidence and make others have confidence in you. They make you look successful, and thereby proclaim that you are successful.

Good clothes do not mean extravagance. To the contrary, they mean economy. First, because of the part they play in your daily life. Second, because one good wearable will outwear two ordinary kinds and look better, fit better and stand up better. Thrift in clothes buying means getting one hundred cents value for every dollar you invest, irrespective of the price you pay.

The clothes this Stores offers are one hundred per cent. loyal in this.

You always obtain one hundred cents value for every dollar you spend at Macdonald's, whether in personal wearables or in home furnishings. And more than that, there's the wideness of choice opportunity when you come to Guelph's big Departmental Store to meet your Summer needs.

MILITARY SERVICE ACT, 1917

PUBLIC NOTICE is hereby given that, by the effect of the regulations of the Governor General of Canada in Council of the 20th of April, 1918, and the Proclamation of 4th May, 1918, recently published, every male British subject resident in Canada, born on or since the 13th of October, 1897, who has attained or shall attain the age of 19 years and who is unmarried or a widower without children must, (unless he is within one of the classes of persons mentioned in the schedule of Exceptions to the Military Service Act) report as hereinafter directed on or before the 1st day of June, 1918, or within ten days after his 19th birthday, whichever date shall be the latter.

Such report must be in writing and must give his name in full, the date of his birth and his place of residence and also his usual post office address.

The report must be addressed to the Registrar or Deputy Registrar under the Military Service Act of the Registration District in which he resides (see below) and shall be sent by registered post, for which no Canada postage is required.

Young men so reporting will not be placed on active service till further notice. They must, however, notify the appropriate Registrar or Deputy Registrar of any change of residence or address.

On receipt of the report an identification card will be forwarded by the Registrar which will protect the bearer from arrest.

Punctual compliance with these requirements is of great importance to those affected. Failure to report within the time limited will expose the delinquent to severe penalties and will in addition render him liable to immediate apprehension for Military Service.

ISSUED BY THE DEPARTMENT OF JUSTICE, MILITARY SERVICE BRANCH, this 15th day of May, 1918.
