EDITORIAL NOTES

The Minister of Finance, announces the creation of a new issue of Dominion of Canada debenture stock bearing interest at 5½ per cent. per annum and selling at par. The issue carries the privilege of conversion into any future war loans, and will be especially attractive to those who from time to time have money available for investment in forthcoming war loans, and, pending their issue, desire to invest with profit and security.

Housekeepers who are anxious about their preserves for next winter may take comfort. The Food Board announces that there will be sufficient sugar in the country for the preserving and canning season and that the maximum fruit and vegetable crops that can be produced in this country will be taken care of, so far as the sugar supply is concerned. To make sure of this, however, strict conservation will be necessary in the meantime

The shortage of wheat in France has become so serious that the bread ration of the French soldiers has been reduced. 18,000,000 bushels of wheat were promised Europe from North America per month. Since January 1, the shortage has been 36,000,000 bushels, according to the Hon. Everett Colby, senator for New Jersey, in his speech delivered at Ottawa the other day. The soldiers should surely be provided with food if all the rest of us have to go on short rations.

The Canadian newspaper world and the city of Toronto suffered a great loss when John Ross Robertson, the founder and owner of the Toronto Telegram, passed away last Friday. For forty years he exercised a powerful influence over the affairs of Toronto. It was his native city. He loved it well and his liberal benefactions to it testify to the sincerity of his large-hearted and tender spirit. He was the founder of the Sick Children's Hospital, where the sufferings of thousands of the children resident in the city and out of it were ameliorated. Mr. Robertson was a great liberal, public-spirited citizen and his death will be keenly felt by many.

Canadian and United States grain supplies, upon a normal export basis, fall approximately 350,000,000 bushels short of the allied needs. If by conservation measures in Canada and the United States we can increase the export by 150,000,000 bushels we will have reduced the deficiency to 200,000,000 bushels. This we could do if our people would eat 1 pound less of wheat flour per week and 1 pound of corn meal instead. The remaining deficiency must be overcome either by greater reduction in consumption in the allied countries or by the substitution of other cereals for bread purposes, which can and will be done so far as is physically possible.

THE MASONIC SERMON IN KNOX CHURCH

Rev. Bro. J. C. Wilson, B. A., Preaches An Eloquent Sermon Sunday Evening

The members of Walker Lodge, A. F. & A. M., No. 321, accompanied by visiting brethren from Milton, Georgetown and other places, paraded to Knox Church on Sunday evening for divine service.

Rev. Mr. Wilson preached an able sermon from 1 Cor. 13-13, "Now abideth faith, hope, love, these three; but the greatest of these is love." Especial emphasis was placed on the last clause of the text: "The greatest of these is love." The Greeks, he said, emphasized beauty over all else; the Romans made strength the object of their admiration; the Jews contended that the law was first in all their considerations, but Jesus said "God is love." Paul declared that faith, hope and love were cardinal virtues, but the greatest of these is love. It is the popular thought to-day to do away with creeds and dogmas and pay more attention to service for others. In practical everyday life the man who is hard-hearted has no sympathy and is not popular.

Of all the virtues love is the greatest thing in the world. Why do we say love is the greatest thing? Why does Masonry lay so much emphasis on love for fellowmen? 1. Love is the crowning attribute of God's nature. John says: "Beloved let us love one another." The supreme example of this is in our Saviour himself. 2. Love is greatest, because it is long-minded. A man possessed of this virtue takes long views of life. It is better to wait upon God patiently. Life and eternity must be considered. It pays to be Christlike, and to make large sacrifices for others. Special eulogy was here paid to the late John Ross Robertson, Toronto, who was a master Mason, and left behind him, when he passed away last week an undying memory because of his great benefactions. We honor his memory because of his philanthropy, which brought comfort and health to so many children. He is a splendid example of a long-minded man and a generous soul. 3. Love is greatest in influence. It looks constantly abroad and opens its hand and heart to those who are in need. The heart that is full of that divine spirit will send a man to comfort and help those who are in need. This is the principle which lies at the very root of the order to which we belong, and this is the fulfilling of the law.

Rev. Bro. W. D. Masson, of York, assisted in the service. The choir rendered special music.

After the service the brethren returned to the Lodge Room, where the thanks of the Lodge were cordially tendered to Bro. Wilson for his very helpful and appropriate discourse.

HAMILTON CONFERENCE AT GUELPH

Interesting Sessions—Inspiring Addresses—Encouraging Reports—Missionary Givings Increase by $14,835

REV. G. W. BARKER, PRESIDENT; REV. C. D. DRAPER, SEC.

The sessions of Hamilton Conference of the Methodist Church at Guelph during the week have been unusually interesting. This is due to some extent perhaps to the fact of this being the quadrennial year when reports and memorials are prepared for the meeting of the General Conference, representing all the churches of Canada, Newfoundland, Bermuda, and the Missionary Fields of China and Japan. The General Conference will meet in Hamilton in September of this year.

Separate Ministerial and Laymen's sessions were held on Monday and Thursday forenoon, and the general sessions of the Conference opened on Thursday afternoon in Dublin Street Church.

The Conference opened with a powerful sermon by Rev. Trevor H. Davies, pastor Metropolitan Church, Toronto, which was a fitting and able discourse.

At the election of Conference officers Rev. Geo. W. Barker, Burlington, was elected President, and Rev. Chas. D. Draper, Milton, Secretary, both elections being made on first ballot, a high compliment to the administrative ability and general popularity of these former highly esteemed pastors of Acton.

Acton had unique distinction on the platform at the Conference. The President for the past year, and at the opening session of the Conference was Rev. J. A. McLachlin, M. A., a former pastor. The President elected at the opening session was Rev. Geo. W. Barker, a former pastor; the Secretary of the Conference, elected with one of the largest majorities ever given a Conference officer, was Rev. Chas. D.

REV. I. M. MOYER
NEW PASTOR OF THE METHODIST CHURCH, ACTON

Draper, a former pastor; the leader of the Conference choir was Rev. H. W. Avison, M. A., B. D., and the ex-Secretary, who had much to do with the smooth running of conference details, was Rev. I. M. Moyer, the new pastor, who is to succeed Rev. R. S. E. Large, B. A., B. D., the first Sunday in July.

The statistical reports presented were unusually gratifying. The membership of the churches of the Conference has now reached 58,243; there being received during the year 2,673.

The total amount of missionary givings was $120,527, an increase of $14,835. For educational purposes the givings were $12,201, an increase of $487. The amount contributed for the connexional funds of the church was $196,489, an increase of $18,905; for circuit purposes $401,891, an increase of $25,343; for ministerial support $201,247 an increase of $9,413. The total for all purposes raised during the year was $799,627, an increase of $53,662. Two new churches were erected during the year, at an expense of $4,700 and two new parsonages costing $8,100.

Twenty-eight of the ministers of this Conference have donned the khaki. Some are officers, some chaplains, but more are serving in the ranks. The following is the list:

Major—A. E. Lavell.

Captains—Gordon R. Jones, A. D. Robb, W. G. Martin, W. H. Caswell, H. D. Taylor, G. S. Casamore.

Lieutenants—Geo. T. Shields, Ralph Wilson, Milton J. Aikens, H. O. Rogers, J. H. Kerr.

Other Ranks—Sergt. G. F. Morris, Corp. John Ward, Elmer S. Sinclair, W. A. Atkinson, Frank Crighton, David A. Lane, C. W. Cline, S. R. Felker, Coorp. A. E. Elliott, James S. Hyde, Joseph A. Campbell, Arthur Hampson, David Dynon, Sidney H. Stokes, Fred M. Ellis, Joohn A. Dills.

The public meetings of the Conference have been occasions of rich privileges. On Thursday the only social feature of the sessions was the annual suppor of the Laymen's Association. This was provided by the ladies of Dublin Street Church, and, while the menu was announced as a war menu, the viands provided were most appetizing and were thoroughly enjoyed by the 312 persons who were served.

The speaker at the supper was Mr. George A. Warburton, the well-known Y. M. C. A. leader, of Toronto. His excellent address on the signs of the times in religious activities, especially as relating to the war, was listened to with keen interest. His observations are that many leading business men who took little or no interest in religious matters prior to the war, are now keenly alive to the desirability of being followers of Jesus Christ.

The Premier of Ontario, Sir William Hearst, who has for many years been an active Christian worker in the Methodist Church gave a stirring address on the great changes being wrought in the world conflict and the duty of the church in preparing for after war conditions. How Canada is responding to the call of the Motherland was also pictured glowingly by the Premier. He urged even greater sacrifices that Canadians in the line may be adequately supported.

China and Japan an open book, was the topic of Rev. James Endicott, D. D., who related the experiences of twenty-five years among heathen people. It was a worthy missionary address, with many touches of human pathos and romance among the yellow races of the far east, and how they are rapidly following the western idea in efforts to surpass it.

Rev. Prof. A. J. Johnson, of Victoria University, gave a strong address on "The Perils of Democracy."

The reception of probationers for the ministry on Friday evening was an occasion of much interest. Three young men were received for ordination. Timely addresses respecting the high and holy character of the ministry were given by Rev. T. L. Kerruish, of Hamilton, and Rev. Dr. Sparling, of Centenary Church.

The ordination service in the Conference Church on Sunday morning attracted one of the largest congregations ever seen in the church. Rev. George W. Barker, the President, had charge of this important service. The ordination sermon was preached by the Rev. Dr. Chown, General Superintendent.

At four o'clock Sunday afternoon a largely attended service was held in Norfolk Street Church, when a powerful address on Social Service and Evangelism was delivered by Rev. T. Albert Moore, D. D., the General Secretary. Mr. B. Carter, M. P. P., occupied the chair.

The warm hospitality extended by the city of Guelph to the Conference was greatly appreciated.

The changes in the stations of ministers in this section are as follows:—

ACTON—I. M. Moyer, from Guelph.

ROCKWOOD—W. E. H. James, B. A., B. D., from Hornby.

ERIN—John A. Jewitt, from Port Rowan.

Rev. C. D. Draper, of Milton, goes to Preston.

Rev. Geo. A. Smitherman, of Rockwood, goes to Mount Pleasant.

Rev. J. Melvin Smith, of Erin, goes to Port Rowan.

The election of delegates to the General Conference on Friday and Saturday resulted as follows:—
