MILITARY NEWS

Pte. W. Garfield Mason, of Georgetown, was killed in action on August 10. He was in his 25th year.

Word was received from Texas, on Friday that Francis Roy Griffin, the youngest son of Samuel Griffin, who was a lieutenant and instructor in the U. S. Air Force, was showing a pupil how to "loop the loop" at two thousand feet, when the machine collapsed and both were killed. Roy was born in Oakville twenty-seven years ago. A sad feature of this tragedy was that his bride of two months had just come over from San Francisco on a visit and was on the field at the time of the accident and was an eye witness of the sad event. The remains were taken by his wife to California, and were buried there.

Telegrams have been received from the Director of Records, Ottawa, here during the week giving information of the following casualties:

Pte. Melvin Ernest Soper, infantry, wounded in action, gunshot in chest. Admitted to No. 2 Canadian Stationary Hospital at Boulogne, France, on August 29.

Pte. Melford Brander Collier, infantry, wounded in action, gunshot wound in left shoulder and gassed, admitted to No. 7 Canadian General Hospital, Etreport, France, August 29.

Pte. Hubert McPherson, infantry, wounded in action, gunshot wound in left arm and leg. Admitted to No. 3 Canadian General Hospital, Boulogne, France, August 29.

Pte. George Henry Lazenby, infantry, wounded in action, gunshot wound in leg. Admitted to No. 49 clearing station August 20.

Newspaper Subscriptions In Advance

Newspapers will now be obliged to enforce "cash in advance" for all subscriptions. Orders have been received from Ottawa to discontinue sending any paper three months in arrears. This action is taken owing to the scarcity of newspaper.

Speculators Should Take Notice!

The Canada Food Board has warned dealers in apples and potatoes that the Board will not hesitate to take any action that may be necessary to check speculation in this year's crop of these products. "In negotiating for the purchase or sale of apples, potatoes, or other roots due consideration should be given to the possibility of some action being taken by this Board," the statement reads.

New Variety of Fall Wheat Seed

The Ontario Department of Agriculture is introducing a new fall wheat seed. Prof. Zavitz, of the Ontario Agricultural College, has been searching for a suitable seed and has selected a variety known as New York No. 6. From experiments over a series of years at the College and over the Province, this variety has proven practically the same as Dawson's Golden Chaff in yield and quality. The Department are supplying millers at $2.50 per bushel in bulk, in car loads, and millers will supply the farmers at the same price.

SHOCKED!

Bridget walked into the drawing room and announced:

"Please, mum, the new neighbors is going to cut their grass, and wants to know if you will lend them the lawn mower."

"Lend them the lawn mower to cut the grass on the Sabbath!" ejaculated the mistress, highly shocked. "Certainly, not, Bridget, tell them we haven't one."—Vancouver Province.

Erin Hotel Man Fined $200

John Horton, hotelkeeper, Erin, appeared before the Guelph magistrate Monday morning on a charge of keeping liquor for sale. The information was based on the result of the analysis of a bottle of beer which Inspector O'Brien secured at Horton's hotel, which showed that the beer tested 6.29 per cent. instead of 2½ per cent. as required by law. Mr. Horton's defense was that he purchased the beer from a Hamilton concern and was not aware that it was stronger than the law allowed. The magistrate imposed a fine of $200 and costs.

Interesting Lecture by Rev. Dr. Blair

Knox Church was well filled with an appreciative audience on Monday evening when Rev. Dr. Blair, of Guelph, delivered his lecture on the war and its influence. Dr. Blair has the faculty of rendering any subject interesting, but in his recital of details in connection with the great conflict he excels. His wide reading and careful observation rendered his address highly interesting throughout. Mrs. Harold Nicklin and Mr. Harold Wildgust sang solos which were much appreciated. Rev. J. C. Wilson, B. A., occupied the chair. The lecture was held under the auspices of the Ladies' Aid and the proceeds will be used for supplying boxes of comforts for soldiers overseas.

United Church Services Last Sunday

The Methodists and Baptist congregations worshipped together again last Sunday. In the morning the two congregations assembled in the Baptist Church and in the evening in the Methodist Church. Rev. I. M. Moyer preached two forceful gospel sermons. The Valley Quartette, of Dundas, was present and sang the gospel message effectively. Their numerous numbers during the two services were much enjoyed. Mr. Leonard B. Couldrey is the leader, and Messrs. Frank Mundell, David Powell and Arthur Griffin take the other parts. During the afternoon the Quartette visited at the home of Mr. J. L. Warren, one of the officers of the Baptist Church, who is ill, and sang several of their sweet selections for him.

Acton's Coming Fall Fair

Every word of the following reference Renfrew Fair by the Mercury last week is applicable to Acton Fall Fair. Read it and act as exhorted to do: "How the year slips away! The Fair will be under way in a fortnight. It is or should be, and will be if the citizens and farmers do their duty, a mirror of the year's progress of the district. The good year on the farms should find expression in better loaded tables of display of grains, vegetables, fruit, etc. The busy town factories should take time to show something of what they have been making. The townspeople should show a welcome by display of flags on store and home. Take half an hour to-night, in farm home and in town home, to think what you can do to help make this year's Fair a true mirror of this district's best. What will you do for it?"

LIVING PEACEABLY

To live peaceably with people is the very finest of arts. It involves the active grace of considerateness for the rights and the feeling of others, true kindliness and courtesy, one of the most beautiful flowers that the soil of the human heart can grow. It involves sympathy, the real kind that takes time and trouble to understand. It involves a whole group of virtues. Often when we say we cannot live peaceably with folk, what we ought to say is that we have never really tried.

THE OLD SWIMMIN' HOLE

Every honest-to-goodness man anywhere would love to go back again to the "freckled kid" days of his life, and swim down the lane to the old swimmin' hole, beyond the home place, just for a little while. Them was days of real sport; they were days when father caught you smoking the mullin-leaf and corn-silk—actual days "when a fellow needed a friend." Don't you pity the kid growing up in the city to-day, who hasn't a chance to go swimmin' or wadin'? We do, from the bottom of our heart.

Fish! Fish!!
A WONDERFUL SEA FOOD CAMPAIGN
Have you noticed the advertisements in the Toronto papers?
Did you know that last week for instance more Mackerel were sold in Acton than I have sold in any six months of my business here.
Do you know that the Campaign is proving a phenomenal success?
Some of the comments of my customers are amusing. They seem to think that Haddock, Mackerel, Market Cod, etc. are strange and wonderful animals of another planet. Also that everything that comes from the sea is salty.
Hark back for a moment to the time pineapples and grapefruit were introduced. They were unfamiliar and hard to sell. Not so to-day, however. Millions of them are consumed in Ontario.
It is the same way with the delicious Fresh Sea Fish.
Why do I harp on this Sea Fish stuff you ask?
Simply because it is the only avenue there is to cut down the high cost of living and save beef and pork, which our Allies need at the front, and also for the increased consumption.
The lakes fisheries are developed to the limit of production. Their daily catch is practically sold before it is taken from the water, but if Ontario will consume 100,000,000 more Sea Fish than at present they can be provided.
All Fresh Sea Fish quoted now arrive in refrigerator cars by express at Toronto, and my order is expressed at once to Acton. So it is always fresh.
