Births, Marriages and Deaths are now charged for at the following rates: Births, 50c., Marriages, 50c., Deaths, 50c., Memorial Cards, 50, 10c per line extra for poems.

### DIED

NEWTON—At his home, lot 22, fifth concession, Limehouse crossroad, on Friday, October 17, 1919, William Newton, in his 73rd year.

McGARVIN—At the home of her daughter, Mrs. H. S. White, Kitchener, on Sunday, October 19, 1919, Mrs. (Dr.) McGarvin, formerly of Acton.

### IN MEMORIAM

BURT—In loving memory of Pte. J. D. Burt, who fell asleep in Jesus, October 25, 1918, in France.
BELLE ALLAN.

MARTIN—In loving memory of W. Eldon Martin, accidentally killed by G. T. R. train in Toronto on October 19, 1916.

Oh not in cruelty, not in wrath, the reaper came that day;
'Twas an angel visited the fair earth and took my boy away;
His smiling face and pleasant ways
Are a pleasure to recall;
He had a kindly word for each and died beloved by all.
MOTHER, SISTER and BROTHER

BURT—In loving memory of our dear son and brother, Pte. J. D. Burt, who died in France on October 25, 1918.
France on October 25, 1918.

He was a loving son and brother,
A brother kind and true,
A better friend never lived,
His equals they were few;
He bravely answered his country's call,
His life he gave for one and all;
His heart was good, his spirit brave,
He sleeps in peace in a soldier's grave.
—FATHER, MOTHER and FAMILY

The Acton Free Press

THURSDAY, OCTOBER 23, 1919

## Brief Local Items

—Smile and make up.

—Waterworks for Acton.

—Boochnuts are falling now, but they are very scarce.

—Acton's progressive citizens will vote for waterworks on the 31st inst.

—Next meeting of Esquesing Council will be held on Monday, November 17.

—Rev. Hugh McFarlane, returned chaplain, will preach in Knox Church next Sunday.

—By carrying the waterworks by-law the people of Acton will place the town on a still higher plane.

—The rising generation will now have a chance to grow up strangers to the taste and curse of liquor.

—Wingham carried the by-law for Hydro power last Thursday by 320 to 13—a fine comment on Mayor Garney's regime.

—"I am enjoying 'The Old Man's' reminiscences very much."—Mrs. Mary Armstrong, Ontario, California, aged 84 years.

—It's all over. Of course we all felt keenly during the campaign. Let's all smile now and be "good sports" over the result.

—Hallow'en and the waterworks election come on together. The waterworks will figure during the day and Hallowe'en by night.

—Rarely has the fall wheat shown so fine a growth in October as it does now. It will go into the winter months strong and vigorous.

—A great majority of the electors here evidently thought of the children and the home when they entered the polling booth on Monday.

—Mrs. Jesse Frid. Mrs. Joseph Sullivan and a young child of each were killed by a train on the G. T. R. crossing at Victoria Road, near Guelph.

—Mr. Dewart's distribution of campaign literature by aeroplane was quite an innovation. Thousands of cards were dropped over Acton and vicinity on Saturday.

—Daylight saving time will be discontinued by all railways, post offices and other corporations and public institutions next Sunday, and standard time will prevail thereafter.

—The canvassers for Acton Soldiers' Memorial Fund will commence making their calls on citizens next Wednesday. It is hoped every citizen will respond liberally and show their appreciation of our heroes' services.

—A young lady in Fergus largely popularized the prohibition vote there by telling the News-Record man to inform the electors that the four X's in the No column was "just four kisses under the No's."

—Rev. A. W. Thomson, M. A. of Picton, N. S., preached in Knox Church last Sunday with a view to a call as minister of that congregation. His sermons were very greatly enjoyed. He also addressed the Sunday School. Much interest was taken in his address.

—Rev. Mr. Moyer's sermon on Sunday evening from the text, "Am I my brother's keeper," in which the statements of Alfred Yates, the Liberty League orator in the town hall last Friday evening, were ably answered and refuted, was appreciated by a very large congregation.

## In Memoriam

### MRS. (DR.) NELSON McGARVIN

After only ten days' illness Mrs. (Dr.) N. McGarvin died at the home of her daughter, Mrs. H. S. White, Kitchener, on Sunday. Mrs. McGarvin was for many years an esteemed resident of Acton. She came to Acton a bride more than half a century ago. After a long residence here she and her husband removed to Butte, Montana. They returned to Ontario several years ago and Dr. McGarvin died in Kitchener a couple of years since. The funeral was held yesterday from her daughter's residence.

### WILLIAM NEWTON

Although Mr. Newton had been in poor health for some time his death last Friday came very unexpectedly. He was born at Limehouse seventy-three years ago and was the son of the late John Newton, who conducted a flourishing woollen business there for many years. The Newton blankets had a Dominion-wide reputation. When a young man Mr. Newton wedded Miss Mary Neilson, daughter of the late Abram Neilson, of Esquesing. Mrs. Newton predeceased him thirty-four years ago last December. Their only child, John Neilson Newton, survives and has resided for a number of years on an adjoining farm. Mr. Newton was a fine type of a Canadian citizen. He was a man of sterling upright character an intelligent and a prosperous farmer, a Justice of the Peace, and friend to all in the community. He was a member of the Presbyterian Church and a strong Conservative. The funeral was held on Tuesday afternoon and was largely attended. Rev. R. F. Cameron, his pastor, conducted the service. Interment was made in the family plot at Limehouse Cemetery.

## Vote For Waterworks Boost Your Town

IT MEANS

Water in all Parts of the Town.
Best of Fire Protection.
Cheaper Fire Insurance.
More Factories.
More Houses.
More Conveniences in the Home.
Increase in Land Valuation.
An Asset to the Town.
There are many reasons why you should vote for Waterworks in Acton, the above are only a few.

LET US BE—PROGRESSIVE ACTON

VOTE IN FAVOR—OCTOBER 31

## Halton's U. F. O. Candidate Elected By 600 Majority

### J. F. Ford, U. F. O., Polled 3,882 Votes; Dr. Nixon, Conservative, 3,286; E. H. Cleaver, Liberal, 3,278

### DETAILED RETURNS NOT IN

The unexpected has happened. The candidate of the United Farmers of Ontario in Halton County has won out in the first general campaign in this province by that new political party. And what has been accomplished in Halton the U. F. O. has succeeded in doing over the Province to the extent that it finds itself with a majority of members above that of either the other two leading parties, the Liberals and Conservatives.

Throughout Ontario forty U. F. O. candidates have been elected.

In Halton the vote so far as returns have been received, give the three candidates the following as the votes they received:

| | |
|---|---|
| J. F. Ford, U. F. O. | 3,882 |
| Dr. Nixon, Conservative | 3,286 |
| E. H. Cleaver, Liberal | 3,278 |

This vote makes Mr. Ford Halton's representative in the provincial Legislature.

The vote in Acton was as follows:

| | Cleaver | Ford | Nixon |
|---|---|---|---|
| Council Chamber | 57 | 22 | 65 |
| Fire Hall | 104 | 19 | 66 |
| Speight's Shop | 123 | 22 | 81 |
| Post Office | 105 | 27 | 87 |
| Totals | 389 | 90 | 299 |

It has been impossible up to the time of going to press to get complete returns from the various polling places. These will be given in next issue.

### THE NEED FOR WATERWORKS

Editor Free Press.

Dear Sir—Although, through not being a property holder, I have not a vote upon the Waterworks by-law which is to be submitted to the electors on October 31, yet having the welfare of this municipality at heart, I am naturally very much interested in this question.

For the consideration of those who desire to retain the obsolete water system, now in use, I beg to relate, in your columns, an event which took place this last summer.

As we all know the well behind the Town Hall was for some time the source of water supply for many families. Towards the middle of the summer the water from this well began to develop a very disagreeable odor and taste. Eventually Mr. Reid and Mr. Wilson took the pump apart and cleaned out the well, which was found to contain the putrefied carcasses of numerous toads which had gotten in and been drowned. Their bodies had been crammed into the feed pipe of the pump to such an extend that it had become impossible to draw up any water.

I am told by those who are in a position to know that it is very difficult to keep toads out of a well unless it is made absolutely air-tight which is not possible in the case of the shallow wells; and what happened to the town well has happened and will happen to other wells in Acton.

Are the citizens who oppose the by-law willing to continue to live under conditions such as these?

Yours very truly,
H. N. FARMER.
Acton, October 17, 1919.

### OUR ROYAL VISITOR

The Prince of Wales has captured the hearts of all Canada. Rich and poor, old and young, are enraptured with his easy manner and happy expression. He is so different to what many expected.

No wonder a great demand has been created for a real life-like portrait of our popular future King. Photographers and artists have failed to secure a satisfactory snapshot of the Royal visitor. He was not here to pose for them. It remained for The Family Herald and Weekly Star of Montreal to secure a portrait that would be satisfactory, and they have succeeded. Just before leaving for Canada the Prince gave a special sitting to the celebrated London, England, photographer, VanDyke. The agents of The Family Herald were instructed to secure the right to reproduce it in Canada, and that great weekly is now offering it to its readers.

The Acton Free Press has succeeded in making an arrangement with The Family Herald and Weekly Star by which our readers may have a copy. Our announcement will be found on page four. The demand for this picture in Canada will be enormous, and we advise our readers to take advantage of the opportunity without delay.

### SAFETY FIRST

The lad was smart looking and evidently desired to please. But the boss had had many boys in his time, and they had left him skeptical.

"Are these all you have?" he asked as he turned over the applicant's testimonials.

"Yes, sir. Aren't they enough. There's one from my minister and one from my Sunday School teacher and ——"

"Well, I'd have liked a few words from someone who knew you through the week!"

### A FAMOUS FOUNTAIN

There is a picturesque little spot in the Temple Gardens, London, which, although only a few hundred yards from the roar and hustle of city traffic is really wonderful for the peaceful solitude of its surroundings.

The famous old fountain there, which dates back as far as 1611, is once again under repair.

It was dear to the heart of Charles Lamb, who used to relate that many a time he has made its jet of water rise and fall, "to the astonishment of the young urchins, my contemporaries, who, not being able to guess at its recondite machinery, were almost tempted to hail the wonderous work as magic."

Charles Dickens, too, loved the fountain, making it, in "Martin Chuzzlewit," the rendezvous of John Westlock and Ruth Pinch.

### CREWSONS CORNERS

A number from here went to Guelph on Tuesday to see H. R. H. the Prince of Wales.

The elections being over now every one is settling down to their regular routine.

We feel sure that the opponents to prohibition will yet see and admit the benefits to the country under prohibition.

Mrs. Colin McMillan, Eramosa, spent the week-end at Mr. J. McMillan's.

This place voted over ten to one for prohibition.

### MILTON

Mr. George Mann, who had charge of the Hotel Clifton at Niagara Falls during the past summer, is now with the Royal Connaught, Hamilton.

Another piece of good news is that the textile factory that has been closed down since the fire, is again being put into shape and will shortly resume operations.

The Halton plowing match is to be held on November 12 at Milton.

In all the ten thousand people who were at the fair here last week, we didn't see one one who was under the influence of liquor. Would that have been the case had there been the open bar? Well, hardly.—Reformer.

### BURLINGTON

The pupils of the High School are making arrangements to hold a masquerade at the school on Hallow'en night.

Little Sallie and Patricia Feaver sail to England by the Melita on October 31, where they will spend a year with relatives at the "Towers," Somerset, once part of the state of the late Lord Roberts.

An unfortunate accident occurred on Brant Street, near the fair grounds, on Wednesday evening last, when Winnie Gray, a young girl, was struck by an automobile driven by Wm. Dalton, Jr., and seriously injured.

Dr. Claude W. Freeman has returned from New York, and with his family is staying at the home of his parents, Mr. and Mrs. E. B. Freeman. Dr. Freeman and family will leave on October 25 for Vancouver and will sail on October 30 on the Empress of Asia for Chengtu, China.

Chief Smith has great faith in Gazette ink. On Monday night of last week he sent out two hundred postcards in connection with the Ford auto stolen from the premises of O. B. Koenig, the Friday evening previous and on Tuesday evening received word from Stratford that the two men wanted had been captured.—Gazette.

—Complaint has reached us that some hunters are shooting black squirrels in this vicinity. They may find themselves called on to pay a heavy fine as black squirrels and also partridge are protected by law.—Georgetown Herald.

### BALLINAFAD

Anniversary services will be held in Knox Church here next Sunday. Rev. Mr. Kay will occupy the pulpit.

Mr. and Mrs. John McKee and son Fred, of Red Deer, Alta., are the guests of Mr. Thomas Young, seventh line. Mr. McKee kept the store here before leaving for the west over twenty years ago.

Mr. Adrian Hilts, of Toronto, is the guest of Mr. Ira Roszel and other friends.

Rev. and Mrs. Kay and family have moved to Ballinafad. Mr. Kay at one time had charge of Knox Church here.

Mr. and Mrs. Will Spear and little daughter Grace were recent visitors at Mr. T. Farrell's.

Mr. Harry Gartley, of Georgetown, is doing a great business in this vicinity with his well drilling machine.

Ballinafad gave a great vote for the Referendum, 10 to 165. Sixteen to one is rather a healthy majority. The political vote stood Hellyer (F.) 132, Pritchard (Con.) 33, Richardson (Lib.) 17.

The Final Phonograph

The BRUNSWICK PHONOGRAPH designers began where other phonograph designers left off.

It embodies every feature of all other Phonographs from tone to beauty, and has besides a number of new ideas not to be found in any other phonograph. In fact it is the All-Inclusive Musical Instrument and must indeed represent the finished dream of the genius who first invented a talking, singing and playing instrument.

The "Ultona" is a distinctly new creation. At the turn of the hand you adapt it to play any record. It is not an attachment, nothing to take off or put on, the real diamond for the Edison, the real sapphire for the Brunswick or Pathe, the steel or fibre for other records always there.

We want owners of other Phonographs to come in and hear the Brunswick play the records they use and are familiar with.

We mention no details here.—You must come and hear it.

Prices from $62.00 to $2,750.00

Reconstruction and Telephone Service.

TELEPHONE service, like other public services, undoubtedly suffered through the war.

Hundreds of skilled telephone workers went overseas. Many trained operators sought temporary positions in munition plants. There was a world shortage of the materials that go to build a telephone system. Our reserves of plant and equipment were drawn upon until they were practically exhausted. Necessary repairs and maintenance work had to wait.

Then came the armistice. The business world sprang into intense activity. The demand for new installations all over our system was enormous.

Now comes the task of getting back to normal—restoring our reserve plant, overtaking arrears of maintenance and repairs, hurrying new construction of local and long distance equipment to meet pressing demands for service.

Our plans for this year involve an outlay for extensions and replacements of over $7,000,000. We are giving intensive training in our operators' schools to hundreds of young women to prepare them for central office positions.

*Our chief concern is that our subscribers should get the best possible service under all conditions. Skilled workers, adequate equipment, a resolve to do our best, while realizing that we are all servants of the public—these are the factors which, we hope, will result in the maintenance of the pre-war standard of telephone service.*

And we ask the kindly co-operation of all telephone users in—

Making sure of the number by consulting the directory before calling;

Speaking distinctly, directly into the mouthpiece;

Answering promptly when the bell rings.

The Bell Telephone Company of Canada
