OTTAWA.

Dominion Day.

Ottawa, June 25.

The Privy Council have decided to recommend the Governor-General to issue his proclamation for a general holiday on the 1st July. The observance of this proclamation is not obligatory, but it is expected it will receive general observance.

The International Railway Commissioners will shortly visit the various sections of the railway under contract, as well as the other portions of the line being surveyed, in order to form a better estimate of the obligations of contractors.

NEW YORK.

Illuminated Ritualism in a Fifth Avenue Church.

The echoes of the Benediction which closed the morning service in Christ Church last Sunday had scarcely died away when it was whispered among a select circle of the congregation that the Rev. Rector, Dr. Ewer, would officiate in a peculiar service in the sacred edifice in a few days. The beautiful infant child of the Doctor was to be formally admitted to the Episcopal fold with the dual ceremonies of the Book of Common Prayer, preceded by a solemn procession of priests, acolytes, and baptismal tapers, as imposing as any prescribed in the Sarum Missal. Yesterday was set apart for the novel service. At noon a little band of worshippers proceeded to the Church, and occupied the pews at the transept.

The spectacle presented on the altar was beautiful and animated, the chancel being brilliantly illuminated with pyramidial tapers, which showed, with all the force of light and darkness, the deep contrast between the apses and the arched body of the sacred edifice. The small flock seemed to regard the scene with more than ordinary religious reverence.

Soon after the hour appointed, the doors of the sacristy were rolled back, and a clerical procession marched with slow pace, bowed heads, and the prayerful union of the hands to the Baptismal Font in the following order:—

Acolyte, with soutan and surplice, carrying a lighted taper to be used in baptism.
Assistants at the altar, in surplices.
The Rector, Rev. Dr. Ewer.
The Assistant Priest, Rev. Mr. Brown.
Sponsors of the Infant.
The Mother, with the child, and her feminine friends.

The procession formed a semicircle around the font and Dr Ewer began the ceremony by taking the taper from the post acholyte, and dipping it in holy water of the baptistry thrice, in the name of the Blessed Trinity, thus consecrating it for the sponsorial uses to which it was to be applied. It may not be out of place to say here, that this, with the exception of the submerging of the candle, is one of the features of Catholic baptism.

A woman then gave the infant, which was wrapped up in a white blanket, to Dr. Ewer, who immersed it three times in the font—each time repeating the invocation:

† In the name of the Father,
† and of the Son;
† and of the Holy Gost—Amen.

The Rector, during this ceremony, made the sign of the Cross, in the Episcopal form. A son of Dr. Ewer held the baptismal tapey as sponsor, and the Rev. Mr. Brown was its godfather. The remainder of the service included the interrogatories, the charg, and the collects of the Episcopal baptismal form. After the immersion a beautiful white robe was placed over the child, and the services ended. The procession returned to the vestry, the Rev. Mr. Brown bearing the infant in his arms. —N. Y. Sun.

QUEBEC.

Celebration — The Holman's — Singular Arrest at the Instance of Priest.

Quebec, June 24.

To-day was a regular gala day with the French Canadians here, it being the anniversary of their national festival. The St. Jean Baptiste procession was over a mile long, and much finer than in past years. The streets through which it passed being lined with young maple. A number of Huron Indians were present in full war paint. The President of the Society presented addresses to the Lieutenant-Governor and Mayor, to which suitable replies were returned.

The arrest of a rather singular character took place at St. Henry, 9 miles from Quebec. Two gentlemen, who had just arrived from France, were arrested at the instance of the priest of the parish, charged with selling him a copy of the New Testament. No fine was ultimately imposed, but the one guilty of selling the copy of the Gospel, was condemned to pay nearly $6 in costs. It is also positively stated that one of them, who are both Colporteurs of the French Canadian Missionary Society, was arrested without a warrant. Influential gentlemen in Montreal are determined, it is said, to have the matter fully investigated, and legal measures are to be taken against all concerned in the extraordinary proceeding.

It is to be regretted in the present state of political feeling among the British of Lower Canada, that a religious question should arise, calculated to stir not only their anger but also that of every Protestant in the Dominion.

London Fun.—The Orange and its Fruit—Hibernian friend says you may know the Orange party by the acid fermentation it pro-juces in Ireland.

To Builders—May the money placed under a foundation-stone be termed "base" coin?

Speech is Silver—Really! Then what a number ought to be taken up for "uttering" false coin.

NEWS OF THE DAY.

MONDAY MORNING, JUNE 28, 1869.

The R. C. Rifles.—The opinion so firmly grounded relating to the probable removal of the R. C. Rifle Regiment, has been somewhat shaken by the authoritative statement that no change of that nature is in prospect.

Military School.—Halifax and St. John now possess military schools—and D. A. G. Powell urges that "a higher standard of qualification should be insisted upon as regards applicants for admission to the schools." To achieve this desirable improvement, it is in contemplation to make the preliminary examinations before admission a fair test as to the possible fitness of cadets for commissions should they obtain certificates. Some such reform is required in Kingston.

Death of Father O'Keen.—It is with feelings of most sincere sorrow that we this week record the death of the Rev. M. J. O'Keen, late pastor of St. Mary's Church, Port Hope, which event took place at Newport, R.I., on Sunday the 20th inst. The Rev. gentleman, although a young man, being only in the 30th year of his age, had been in very delicate health for some time previous to leaving Port Hope about three weeks since, and had gone to Newport in hopes of recuperating at the seaside. But he continued to sink until Sunday morning, when, fortified by the last Sacraments of the Church, and the consolations of his fellows in the priesthood who surrounded him, his gentle spirit passed away to another and a better world. It may be stated that his brother, who was also a priest, died quite young, shortly after his ordination. The deceased clergyman was a Kingstonian, and a Graduate of Regiopolis College.

Ran Over.—On Wednesday afternoon a down freight train ran over a Frenchman, hailing from Quebec, named McDonald, about five miles west of Belleville. His arm was broken, his head badly cut and other injuries were sustained. It is thought he may recover. It's the old, old story—a whiskey bottle half empty was found by his side.

Correction.—On Saturday we said that the R. C. Rifles were going away from Kingston. Such, we are happy to say, is not the case. So far from any reduction of the Force here in Kingston, two Companies, 170 men, with their wives and children, are expected daily to augment the Garrison.

A Cooling Drink.—The following is an excellent drink for summer:—

Take a spoonful of whisky and drop it carefully in the bottom of a wine glass; then take a quart of water and throw it out of the window, and add more whisky to that in the glass. Taste to see if strong enough. If so, add more whisky. Let this preparation stand until you are dry, and then drink it clear.

SONG OF IRON.

I am mighty in the saber,
Fiercely wielded by the brave,
Glorious in the stalwart steamer,
Laughing at the storm and wave.

Beauteous in the palace pillars,
Saving in the pointed rod,
As it brings the deadly lightning,
Quelled and harmless to the sod.

But there is a glorious essence,
Where I take my grandest power,
Giving to the Race my surest,
Sweetest aid, in danger's hour.

See! before me fly diseases!
See the darkest hydras bow!
See the rose of health and beauty
Take the palest cheek and brow.

Fly, dyspepsia! fly consumption!
Yes, all ills are crushed at length.
For I give what human nature
Only ever needed—Strength!

Shall I tell in what great essence
I can thus your spirits cheer up?
Pallid, trembling, dying sufferer,
'Tis the famed "Peruvian Syrup."

The Peruvian Syrup is a protected solution of the Protoxide of Iron, a new discovery in medicine that strikes at the root of disease by supplying the blood with its vital principle or life element,—Iron.

The genuine has "Peruvian Syrup" blown in the glass.

Manufactured by
S. R. VAN DUZER & CO.
Wholesale Druggists,
35 Barclay Street and 40 Park Place,
New-York, and
266 High Holborn, London, Eng.

Would it not be better to give our youth strong constitutions, and allow the body to grow in proportion to the brain? Children whose brain development is unusually large in comparison with the body, notwithstanding the care judicious parents can bestow, are those who are frequently singled out for a premature final resting place. Why is this? Simply because the functions of the body are too fruit to supply the waste going on in the brain, consequent upon active intelligence. Fellows' Compound Syrup is so prepared that it imparts the vital principle directly to the brain, while it assists in developing a vigorous and robust body.

Sold by Apothecaries—price $1.50 per bottle or 6 for $7.50.

JAMES I. FELLOWS, Chemist,
St. John, N. B.

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of Arnot's Arnica Anodyne, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."

R. Menzies.

A. A. A. is fast becoming a household remedy throughout Canada, and superseding the other so-called Ready Reliefs and Pain Killers to which sufferers have long resorted. See advertisement. 48

PHILOSOPHY OF MARRIAGE.

A new Course of Lectures, as delivered at the New York Museum of Anatomy, embracing the subjects; How to Live and what to Live for; Youth, Maturity, and old Age; Manhood generally reviewed; The cause of Indigestion; Flatulence and Nervous Diseases accounted for; Marriage philosophically considered, &c., &c. Pocket volumes containing these Lectures, will be forwarded post-paid, on receipt of 25 cents, by addressing "SECRETARY, New York Museum of Anatomy and Science, 618 Broadway, New York."

R. R. R.

The high praises emanating from people in all parts of the world that have derived benefit from the use of RADWAY'S REMEDIES, prove their title to confidence. There is no pain so severe no disease so malignant or swift in its destruction of life, but that the Ready Relief will stop the pain and arrest it in its progress. Every one has heard of it, if not tried it. Let those who have not used it, if sick, give it a trial. A few minutes will prove its power of stopping pain. See Dr. Radway's Almanac for 1869.

Important to Farmers.

THE Subscriber having been appointed sole Agent for the County of Frontenac, for the sale of the superior and well-known

Buckeye Combined Reaper & Mower,

And also for Dodge's Patent

Self-Raker Reaper and Mower,

acknowledged to be the best machine at present in use, manufactured by Mr. John Herring, of Napanee, he will sell the same at Manufacturer's Prices, and on reasonable terms.

WM. MURRAY,
Agent for Frontenac.

N.B.—Mr. Herring's No. 1 Buckeye cuts wider with the same draught, and is more endurable than any other machine manufactured. Parts and Sections can be had any time required at

J. LEADER & CO.'S
CELESTIAL SILVERED

Globe Gas Burners,

POSSESSES the following advantages to Gas Consumers:—The Burners are so arranged as to diffuse a uniform light round a given circle. Second: the Silver Globe, being above the flame, condenses a soft light on all objects beneath it. The reflection from the Silvered Surface increasing the amount of light. It improves the appearance of Gas Fittings by day; and its reflecting properties are a benefit at night. It dispenses with the breakage of Gas Glasses, as the Silver Globe requires no protection, as it never gets hotter than the surrounding atmosphere.
