In Memoriam

MRS. ROBERT GIBBONS

For seventy-two years Mrs. Robert Gibbons was continuously a resident of Acton. Her death last week removed a kind-hearted, neighborly and highly-esteemed citizen. Jane Snyder was her maiden name. She was the daughter of the late Jacob Snyder one of a family of six sons and five daughters. Her birthplace was on the third line, Erin, on February 29, 1844. She married Robert Gibbons, her sorrowing husband, on February 29, 1865. They lived on the third line, Erin, until 1884, when they came to Acton. They were here for fifteen years and then moved to Crewsons Corners, returning to Acton nine years ago. One child was born to them, Nina. She married Mr. W. D. Frick, and in him the parents secured a true and devoted son in every respect. During their declining years Mr. and Mrs. Frick have been most attentive and considerate of their comfort. Their children have been equally solicitous for their grandparents and frequent visitors to their home. Even the dear little great grandson, Torry, delighted in coming up to "Daddy's" in Acton. In the early part of June Mr. Gibbons was the subject of a stroke. This was followed by a second and from the first she had only an occasional glint of consciousness. Of the large family only three now remain, Mrs. John McConnell, of Manitoba; Mrs. Steinecke, of Grand Rapids, Mich.; and Mr. William Snyder, of Elora. The last named, though badly crippled from rheumatism, and in his eighty-second year, came to Acton on Friday to attend his sister's funeral. The service was conducted by Rev. L. M. Moyer, interment being made in Fairview Cemetery. Two grandsons-in-law, Messrs. Lewis and Solman, Toronto, and four nephews, Messrs. W. J. Snyder, City Clerk, North Bay; L. W. Snyder, Inspector Royal Bank, Montreal; David Snyder, Brampton, and James E. Snyder, Acton, carried the casket to the grave.

Making Comfort For the Kiddies of Halton and Peel

Interesting Annual Meeting of the Board of Management of Gordon Home

PHOTO OF EX-PRESIDENT GORDON PRESENTED TO HOME

The annual meeting of the board of management of the Gordon Home for the neglected and dependent children of the Counties of Halton and Peel was held at the Home, with Mr. T. W. Duggan, President, of Brampton, presiding.

Members present from Peel were: Mrs. E. G. Graham, Mrs. Deeves, Mr. T. W. Duggan, of Brampton, and Mr. Riddell, of Bolton. From Halton: Mrs. Gorham, Mrs. Peacock, Mrs. Brown, Miss Campbell, Mr. Earl, Mrs. C. H. Stuart and Inspector Stewart, of Milton, Mr. J. W. Morden, Warden of Halton County, and Mr. J. R. Elliott, of Esquesing.

The Secretary's and Treasurer's reports were read and adopted. The treasurer reported cash used for maintenance since opening of the Home, $4502.00; for furnishings, $1,763.67; for repairs, etc., $1582.77.

Mrs. Curry, who acted so efficiently as matron for the first year, had to resign owing to illness, and the management were fortunate in securing the services of Miss Holiway as matron, and her mother, Mrs. Butterby, as assistant.

The year's business was carefully gone over and everything found in a highly satisfactory condition.

Mr. C. D. Gordon, manager of the Dominion Bank, Toronto, attended the meeting and received a very hearty welcome. A pleasant incident of the afternoon was the presentation of a large photograph of Mr. Gordon, presented by the Peel County Children's Aid Society and hung in his honor in the board room. The presentation was made by Mrs. Graham, of Brampton, and responded to by Mayor Earl, of Milton, the president, Mr. Duggan, and Mr. Morden, Warden of Halton County.

The well-known artist, Miss Bastedo, also presented the Home with a gift of one of her beautiful paintings, subject taken from "Alice in Wonderland," with a handsome frame, the donation of Mrs. F. C. Willmott, of Milton. Mr. Riddell, of Bolton, responded in a few well-chosen words, remarking that the subject would inspire the children with ideals, the linking together of child life with nature.

Inspector Stewart gave a short address on his work. He has now under his care one hundred and seventeen wards of Halton County and eighty-three in Peel. There has been an average of sixteen children in the Home during the year, ranging in age from babies of one month to boys and girls of fourteen years. At the present time there are four beautiful babies in the Home ready for adoption.

The public is asked to take a keen interest in the Home. Wednesday afternoon is Visitors' Day, and the matron and reception committee would be pleased to show any visitors through the building and have them meet the kiddies.

Mrs. Gorham, convener of the house committee, gave a few minutes' talk on the Gordon Home at the annual meeting of the Peel County Women's Institute, held in Brampton, and was fortunate in securing Mrs. Hobberlin, of Port Credit, of the district board of Peel Women's Institute, as representative of that splendid organization, on the board of the Gordon Home. The Women's Institutes of Halton and Peel are doing splendid work for this worthy cause.

Donations are always acceptable, and from time to time requests will be made through the press.

"Inasmuch as ye have done it unto the least of these, ye have done it unto me."

Mrs. T. J. Brown,
Secretary B. of M., Gordon Home.

ACTON WINS AGAIN

Limehouse Gave Them a Stiff Game Last Saturday

Once again, last Saturday, in the game the previous week, Acton was victorious in the ninth innings. The game with Limehouse in that thriving hamlet was a hot, evenly-contested affair. The runs didn't come in bunches, but were spread out over the game. In the second innings Kennedy, of the Acton nine, received a nasty ball on the head which floored him and put him out of action for the rest of the game. The line-up was as follows:

An Unusually Brilliant Rainbow

A very fine spectacle was visible in the eastern sky last Thursday evening during the shower about seven o'clock, when a remarkably brilliant rainbow was to be seen. The seven concentric arcs presented most visibly the colors of the solar spectrum. Two bows appeared, the lower one being very bright and the upper, or secondary one, was paler. In it the colors were reversed. The old adage "a rainbow at night is the sailors' delight," was remembered by many, and the bright warm sunshiny day which followed on Friday seemed to be presaged by the brilliant bow in the cloud.
