Modes of the Moment

A Masterful Presentation of Authentic Apparel

MACDONALD'S, famous for very many years as the leaders of the mode of every season in this part of the country, once again present apparel so beautiful and attractive—so bristling in style that cold type cannot begin to describe the many charming variations of the mode.

So, when we tell you that the styles now displayed are entirely new and approved in their conceptions, you have our practical experience and reputation back of our assertion, and behind that, our guarantee.

Values

Not alone have we arranged a display of correct and accepted fashions for Fall and Winter 1920, but have also provided the kind of savings, which again firmly establishes the value-giving power of this store.

Quite true such values will be maintained just as long as we can secure them. It is best, however, to visit Guelph's Big Store at once, while the special displays are yet inviting and prices exceptionally reasonable.

A by-law authorizing the Reeve and Clerk to borrow money to meet expenditures on waterworks construction was given the required number of readings and passed.

The Clerk reported that $13,214.16 worth of the waterworks debentures had already been disposed of and numerous enquiries showed that the sale of debentures will be lively among local investors.

The Clerk also presented a debenture register showing a complete record of all the debentures against the town.

Mr. Hamilton, representative of the Hersey water metre; Mr. Knight, of the Leeds metre and Mr. Shroder for the Watchdog metre each in turn put forth the merits of their respective goods before the Council. Dr. Coxe had also secured a sample of a Trident metre which was thoroughly examined by the Council. No make of metre was however decided upon, but the Council hope to close the deal for a standard style in a day or so.

Moved by E. J. Hassard, seconded by Wm. Arnold, that the Corporation purchase 100 more services for waterworks from Mueller Mfg. Co., Ltd., at the same price as the original order.—Carried.

The Government requested a revised audit of the Hydro system in Acton. This new audit is being arranged for.

The matter of securing piping for putting in the services and of the merits and disadvantages of the various metres occupied the time of the Council until 12.30 when it adjourned.

Snow Storm on First of October

People who keep tab on the weather have recorded: "The first snow storm in the the autumn of 1920, came on Friday morning, 1st October." And it was no flurry either, but a real old-fashioned snow storm which lasted for several hours.

Anniversary Services at Limehouse

Anniversary services will be held in the Presbyterian Church, Limehouse on Sunday, October 17. An anniversary concert will be given on Monday night following. Rev. H. G. Martin, of Brantford, will give a dramatic recital, "Silas Marner." Watch for the notices later.

Ladies' Auxiliary G. W. V. A.

A euchre and dance under the auspices of the Ladies' Auxiliary of the G. W. V. A., will be held in the Town Hall, Acton, on Thursday, October 7. The euchre will start at 8 p. m. and the dance at 11 p. m. First-class music will be provided. Refreshments will be served. Gentlemen 50c, ladies, 25c. Mrs. T. McEvoy, President.

New Quarters for the Creamery

Acton Creamery will be removed this week to the fine brick building on Mill Street recently purchased by R. L. Gregory from George Havill. Cement floors are being put in the manufacturing department, and a complete sanitary system is being constructed from plans prepared by the dairy department of the Department of Agriculture.

An Unusually Good Concert

The concert by the Ramblers' Company in the town hall last Thursday evening was a musical revue of exceptional merit. Every one o fthe ten performers is an expert, and music of a most enjoyable character was presented. The event was under the direction of the G. W. V. A. Unfortunately the stormy evening and the short notice given the concert were the cause of a small house.

Acton Amusement Club

Acton Checker Club which has been in successful operation in the old Post Office building for four or five years, has been succeeded by Acton Amusement Club. George Harber is the first president of the new organization and Robert Scott, Secretary-Treasurer. The club has leased the billiard room in the Soldiers' Community House, and will keep it constantly open for the members and their friends.

A Marshmallow Roast

The young people of Knox Church Guild enjoyed a toasted marshmallow feast on Monday evening. Few members were able to resist this poetic invitation:

"On Monday night, by the moonbeam's light,
We are going to have a lark,
In the pure delight of a bonfire bright
For a mallow roast in the park;
So leave your work and come to the Kirk,
At eight we shall muster there,
And then for fun!—Oh, please do come,
If the night be foul or fair."

Cameron-Michie Nuptials

A quiet wedding took place at the Manse in Woodbridge on Tuesday evening, September 21, 1920, at eight o'clock when Miss Isabella Michie, of Esquesing Township, was united in marriage to Mr. Colin Cameron, of Vaughan Township. The ceremony was performed by Rev. J. Moyer, of Woodbridge, pastor of the groom. The bride was becomingly gowned in a dress of cream satin with trimming of silk lace and pearls. The best wishes of their many friends go with Mr. and Mrs. Cameron in their new home on the Cameron homestead.

Just Like Acton's Experience

Mayor Davis expressed himself at the Council meeting Monday evening as being thoroughly disgusted with the mean little war trophy which has been awarded to Oakville by the Minister of Militia. All the Councillors expressed themselves in a like manner and an effort will be made to secure a gun of a size and style more in keeping with the big part Oakville played in the great war.—Oakville News. Mayor Davis should hear some of the things said in Acton, particularly by our returned soldiers about the measly "troph" sent to this town. It is a twin brother to the Oakville junk.

Georgetown Fall Fair a Success

Esquesing Fall Fair at Georgetown last Wednesday and Thursday attracted a good quota of the residents of this vicinity. The attendance was a very fair one in spite of the bad weather, although when the rain fell late in the afternoon and the races could not be carried out as scheduled, the crowds began to leave for home. The sheep and cattle display was an exceptionally attractive one and all classes seemed well represented. In the sheep exhibit E. J. Robertson, of Acton, carried off the prize on a pen of "Dorset Horned," an especially attractive sheep. Peel County won out in the stock judging competition, Messrs. Frank Petch and Alex. McKinney, of Chinguacousy, standing first and second, with L. McLean and N. Reid, of Halton, third and fourth. The big hall held a fine exhibition of miscellaneous classes, the roots and grains being very fine. The ladies' work, as always at this fair, was particularly good. There was a strong attraction in the shape of a comprehensive midway, with attractions of a superior character. Georgetown Band provided the music. On account of the rain the receipts fell a little short of last year, but the fair was considered a better one in all respects than that of 1919.

TWO LARGE CONVENTIONS

Planned by the Ontario Religious Education Council, this Month

Two large conventions have been planned by the Ontario Religious Education Council for this year; one in Belleville from October 26 to 28, and one in St. Catharines from November 3 to 4. Speakers of international note will be in attendance, and altogether the programme is one that commends itself to all Sunday School enthusiasts. The outstanding speaker is Dr. M. A. Hosline, one of America's most forceful platform men, and a man exceptionally qualified to discuss the subject of Religious Education in its many phases. Already indications point to a record-breaking attendance at both conventions. These replace the usual provincial Sunday School conventions.

NO INCREASE IN PRICE

Notwithstanding the enormous increase in the cost of production, over three times previous to war prices, that great weekly, the Family Herald and Weekly Star of Montreal, have decided to accept renewals and new subscriptions at the old rate ($1.50 a year) from all who remit before December 1, 1920. This should be good news to readers of that big weekly. The Family Herald has been vastly improved and is beyond doubt the greatest value in newspapers.

In Memoriam

T. J. DAY, GUELPH

Thomas J. Day, J. P., for 21 years Division Court Clerk in Guelph, died on Friday morning, after an illness of many months. He conducted a book store in Guelph for 44 years. Besides his wife, Mr. Day is survived by seven sons and two daughters. In the death of Mr. Day Guelph loses one of the best citizens who has resided there in fifty years; a man loyal, kind-hearted and of sterling character. When in the book business in the early days Mr. Day published copy books for the schools. On the inside cover there was a little sermonette, with the phrase, "Luck is a fool; pluck is a hero," as the text. This homely paragraph of common sense philosophy influenced for good the lives of hundreds of the boys and girls who practiced in Day's copy books in those earlier times. T. J. Day was a man in the true sense of the term.

WM. CAMERON

Many friends, acquaintances and fellow-officials of Messrs. Beardmore & Co., in Acton, were shocked to learn on Thursday last of the sudden death of William Cameron, of that firm. Mr. Cameron had not been feeling well for a day or so and died very suddenly at the home of his daughter, Mrs. Bertram Blackhall, 8 Hilton Crescent, on Wednesday evening. He was 72 years of age, was born in Scotland, and came to Canada about a quarter of a century ago. He held an important position as hide inspector and buyer for Messrs. Beardmore & Co., and his lengthened experience and wise judgment made him a valued official of that company. For a number of years Mr. Cameron and family resided in Acton, and he has always had kindly feelings for the town. In fact he was considering the purchase or erection of a residence here this summer for Mrs. Cameron and himself, the members of his family having married and settled in homes of their own. William Cameron was a man of fine character, esteemed by all who knew him, and appreciated most by his closest friends. He will be greatly missed by the Beardmore firm and by many friends in Acton. He is survived by Mrs. Cameron, three daughters, Mrs. Blackhall and Mrs. A. R. Bonham, of Toronto, and Mrs. Frank Guscott, Winnipeg, and by one son, William Cameron, Toronto.

AN APPRECIATION

Judge McIntyre, of Whitby, Uncle of Malcolm McLean, Merchant, Acton

The following appreciation of the late Judge D. J. McIntyre, uncle of Mr. Malcolm McLean, merchant, of this town, is from the pen of a friend of many years, Rev. Dr. John Abraham, and appeared in the Lindsay Post last week:

Judge McIntyre, who died at his home in Whitby, on September 8, began the practice of law in Lindsay, where he was very successful in his profession. During his residence there he fulfilled the office of police magistrate for a number of years, and for four years represented the County of Victoria in the Provincial Parliament.

In the full tide of his professional career he accepted a judgeship and in 1898 took up his residence in Whitby. As Junior Judge in Ontario County he performed his judicial duties with complete acceptance and made warm personal friends throughout the whole district. Fair minded, eminently judicial, and with a thorough knowledge of human nature, he was rarely misled either by the counsel or by the witness.

We cannot speak too highly of him as a Christian gentleman. A more unassuming man it would be difficult to meet. He was singularly disinterested, and his estimate of himself was a very humble one. There was no display; no pretence; there was in him the honest purpose to do right. His heart was as tender as a child's, and yet when a matter of principle was at stake he was unyielding as the mountains of his native land.

He was greatly interested in the work of the church. When he resided in Lindsay he was for a number of years chairman of the Board of Management of the congregation, and for many years was on the Board of Management of Knox College. As an elder of St. Andrew's congregation, Whitby, he always brought to the meetings of session his matured judgment to bear upon any difficult question to be considered. He loved his church; he loved the House of God; he heard the message of God's love and took it into his soul. The death of a good man is like the setting of the sun, it leaves a soft radiance along familiar places, even as it kindles brighter lights above.
