HARPER'S MAGAZINE.

HARPER'S MAGAZINE, *apart from the illustrations, contains from fifty to one hundred per cent. more matter than any similar periodical issued in the English language.*

CRITICAL NOTICES OF THE PRESS.

The most popular Monthly in the world.—*New York Observer.*

We must refer in terms of eulogy to the high tone and varied excellences of HARPER'S MAGAZINE—a journal with a monthly circulation of about 120,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American people; and the popularity it has acquired is merited. Each Number contains fully 144 pages of reading-matter, appropriately illustrated with good woodcuts; and it combines in itself the racy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—TRUMAN'S *Guide to American Literature, London.*

It is one of the wonders of journalism—the editorial management of HARPER'S. * * All the periodicals which the Harpers publish are almost ideally well edited—*The Nation, N. Y.*

We can account for its success only by the simple fact that it meets precisely the popular taste, furnishing a variety of pleasing and instructive reading for all.—*Zion's Herald, Boston.*
