The Perfection of Prepared Cocoa.

MARAVILLA COCOA.

Sole Proprietors, - - - TAYLOR BROTHERS, LONDON.

THE COCOA for CACAO of MARAVILLA is the true THEOBROMA OF LINNÆUS. Grown in unfermented state in South America, of which the most favored portion TAYLOR BROTHERS having secured the exclusive supply of this unrivalled Cocoa, have by the skilful application of their scientific principle and elaborate machinery, succeeded what is so undeniably the production of prepared Cocoa, that it has not only restored the preference of homœopathic and cocoa-drinkers generally, but many who had hitherto not found any preparation to suit them, have, after one trial, adopted the Maravilla Cocoa as their constant beverage for breakfast, luncheon, &c.

"A Success Unprecedented."

(See following Extract from the Globe of May 14 1868.)

"Various importers and manufacturers have attempted to attain a popular title for their prepared Cocoas, but we doubt whether any have thoroughly succeeded, and been a success until Messrs. Taylor Brothers discovered the extraordinary qualities of Maravilla Cocoa. Adapting their perfect system of preparation to this finest of all species of the theobroma, they have produced an article which surpasses every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For dyspeptics and invalids we could not recommend a more agreeable or valuable beverage."

Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate.
