MARRIED

FORD-FEATHERSTONE—At the home of the bride's mother, Milton, on Saturday, September 17, 1921, by Rev. E. W. Brearley, M. A., Mary Bell, daughter of Mrs. John Albert Featherstone, to Robert R. Ford, son of Mr. and Mrs. J. A. Ford, Omagh, Ont.

IN MEMORIAM

ANDERSON—In proud and loving memory of Private A. E. Anderson, who paid the supreme sacrifice whilst serving in France, in the Battle of Cambrai, October 1, 1918, of the 11th Battalion, C. E. F., Canadians.

Cherished memories of one so dear
Often recalled by a silent tear.
'Tis only those who have loved and lost
Who can realize war's bitter cost.

May the heavenly winds blow softly,
On that sweet and hallowed spot;
Though the sea divides his grave from us,
He will never be forgot.
Fondly remembered by
THE FAMILY.

HUNTER—In loving memory of our dear Ethel, daughter of Mr. and Mrs. Fred T. Hunter, who passed away September 20, 1915.

Days of sadness still come o'er us,
Tears of sorrow often flow,
Memory keeps our loved one near us,
Whom God called six years ago!

Though her loving voice is silent,
And her true heart ceased to beat,
Yet we miss her well-known footsteps
And the face we used to greet.

Some day we hope to meet her,
Some day, we know not when;
We'll clasp her hand in a better land,
And never part again.

Police Court Cases

C. Prevost Pays $200.00 Fine for Having Mash Which Analyized 20.27% of Proof Spirits

The Murray v. Murray case came up for hearing again on Tuesday. Five more hours were occupied in taking evidence, which is not yet all in for the defence. The case was adjourned until Wednesday, October 5. Mr. Hutchinson, of Milton, retired as counsel for Mrs. Murray and Mr. R. L. Mackinnon, of Guelph, was retained.

H. P. Moore, Police Magistrate, held a sitting in the Court House, Milton, on Monday morning at 10.30 o'clock. Two sons of J. Hilson, Matthew and Harry, were charged with stealing apples from James Service. Mr. Service owns a string farm with his buildings on the west half and his orchard on the east half of the lot. Large quantities of the apples and all the pears were stolen. Unfortunately there was no corroborative evidence that the Hilson boys were guilty and the case was dismissed.

Mrs. Annie Scott Parnell charged her husband with cruelty and complained that it was impossible to live longer with him, in Police Court last Thursday. After hearing the evidence Police Magistrate Moore decided it would be better for the wife and husband to live apart. The judgment gave the children into the custody of their mother, and requires the husband to pay $10.00 per week for their maintenance. The most of the household effects were handed over to the wife, the husband agreeing to this without objection. R. L. McKinnon, Barrister, Guelph, appeared for Mrs. Parnell; the husband conducted his case without legal assistance.

At three o'clock in the afternoon the charge laid by officers of the Inland Revenue Department of the Dominion against C. Prevost for having in his possession a quantity of mash suitable for the manufacture of spirits, came up for hearing before Police Magistrate Moore at the Town Hall here. Inspector Edward Floody, of the Inland Revenue Department, and Constable Westaway of the Dominion Mounted Police, appeared to give evidence for the prosecution. W. I. Dick, County Crown Attorney, appeared for the crown, and H. E. Dowding, Barrister, Georgetown, was counsel for the accused. After Mr. Floody's evidence was put in the defendant, through his counsel, pleaded guilty. A penalty of $200 and costs was imposed and an order given for the destruction of the twenty-five or thirty gallons of the mash which had been seized by the officers.

CREWSONS CORNERS

The farmers are busy threshing and filling silos.

A couple of new culverts have been placed in the roadway, in the first concession, on the town line.

Mr. Jack Dennis, who was very ill last week, is improving.

Mr. Wesley Murray attended the U. F. O. convention at Milton on Monday.

Mrs. Belle Hansen and children are visiting friends in Acton.

THE RIGHT OF DECISION

One of the privileges to which children look forward eagerly is the right to make their own decisions. And that is one of the responsibilities of maturity. As you grow intellectually, decision becomes not only a glad privilege but a duty. You are false to yourself if you allow other people to make up your mind for you. To pass the right of decision over to another is to abdicate your throne. Profit by counsel, but reserve for yourself the right to decide.

FOREST FIRES BURN THE FUTURE

Every good citizen should know what forests mean to Canada, to his province and to his very home; and that every fire that burns in the forests is a detriment to the progress of civilization. Every boy and girl should have instilled into their minds the untold damage that may result from carelessness with fire in the woods. In destroying the forests we are not only damaging the present, but are literally burning up the future.

BALLINAFAD

The seventh line between Hillsburg and Thompson's Corners is looking heavily coated with sand and gravel. The coating of loose material is almost too generous for a single application.
