Boys Out With Firearms

For having a rifle in his possession and firing off cartridges to the annoyance and danger of the neighbors, Royden Connor, a lad of twelve years, through his father, W. D. Connor, was fined $2.00 and costs before Magistrate Laidlaw. It cost $6.10, and his rifle was confiscated by the magistrate. The rifle was purchased by Mr. Connor a few days previously from a local dealer, and since then considerable shooting had been engaged in by Connor, Jr. It is possible there will be further action taken against the dealer who sold the gun without living up to the requirements of the law.—Durham Chronicle.

POLITICAL NOTES

Acton is to be favored with the first lady speaker of the present campaign at the town hall this evening. The meeting is in Dr. Anderson's interests, and will be addressed by Miss Adelaide Clayton, of Listowell, and Mr. D. M. Ikelton, of Georgetown.

J. F. Ford, the candidate of the People's Progressive Party in Halton, was in town on Friday, and favored the Free Press with a call. Mr. Ford is very confident of his election. If the farmers stand by him as they did in 1919 there is little doubt of his success.

Tuesday was Nomination Day throughout the Dominion for the House of Commons election candidates. At Milton the nominees were Dr. Anderson, Conservative; W. F. W. Fisher, Liberal, and J. F. Ford, for the People's Political Association.

One of the biggest political gatherings ever held in the county town took place on Saturday afternoon. The chief speakers were James Murdock, Liberal candidate for South Toronto, Alex. McGregor, Liberal candidate for South York, and W. F. W. Fisher, the Liberal candidate for Halton.

Both the old political parties, Grit and Tory, were largely in evidence at the Crerar meetings at Milton, which were most orderly, there not being a single interruption during the speeches. Possibly the presence of ladies in such numbers at the meetings accounts to a large degree for this state of things.

Acton is to have the opportunity next week of hearing one of the members of the Ontario Cabinet. Hon. Harry Mills, Toronto, will speak in the town hall on Friday evening, December 2, in the interest of Mr. Ford, the People's Political Association candidate. The meeting will convene at eight o'clock.

The big Crerar meeting at the Milton town hall last Tuesday was presided over by Norman Wrigglesworth, President of the Halton People's Political Association, and the one at the Princess Theatre by J. A. Dearing, of Palermo, ex-President of the Halton Liberal-Conservative Association, but now a strong supporter of the Progressive Party.—Reformer.

The Hon. W. L. Mackenzie King has arranged to address a meeting of the electors of the County of Halton at Burlington this (Thursday) afternoon, 24th inst. The meeting will commence at 2.30 p. m., and will be held in the large enclosed rink. Other speakers will be: W. D. Gregory, of Oakville, and W. F. W. Fisher, the Liberal candidate for Halton.

South Wellington election campaign has been simplified during the week by J. W. Oakes dropping out of the running. Mr. Oakes claimed he was the real Liberal candidate, but Sam Carter received the nomination and endorsement of the Liberal convention. Mr. Carter is making a strong run, and the retirement of Mr. Oakes will enhance his outlook for success.

A joint meeting was held at Eden Mills on Saturday night in the interests of Mr. Geo. Singer, the U. F. O.-L. L. P. candidate of Wellington and Mr. J. F. Ford, the U. F. O. candidate of Halton. There was a good-sized crowd present and they gave close attention to the speakers. Mr. Ford the Farmer candidate in Halton, Mr. Campbell, of Nelson, Mr. S. Young and Ald. Phil Evans, of Guelph, addressed the meeting.

The electors of Halton have now had the privilege of hearing discussed from public platforms the policies of the leaders of the three parties to be called the three great political parties in Canada. Hon. Mackenzie King, the Liberal leader, spoke to a big gathering in Victoria Park, Milton, a couple of years ago; on Saturday afternoon, October 29, Premier Meighen spoke to a big gathering in the skating rink; and on Tuesday afternoon of last week, Hon. T. A. Crerar, leader of the Progressives, spoke to two big audiences, first in the town hall and afterwards in the Princess Theatre, both places being packed to the doors and then some.—Reformer.

"No fun at political meeting any more," was the expressed opinion of an old timer, who compared elections of to-day with 20 or 30 years ago, when candidates "lathered" one another and washed dirty linen at almost every meeting, and where sometimes audiences broke up in a free-for-all. Thanks to saner methods, more toleration, the daily press, telephone, and the disappearance of the political warhorse, so-called "good old days" are largely a memory and electors are no longer whipped into line or marched to the poll for mercenary reasons.—Brussels Post.

The Liberals of Halton will be glad to learn that very cheering reports have been received at headquarters regarding Mr. Fisher's prospects for being Halton's representative in the next Dominion Parliament. If elected, there is no doubt but that Mr. Fisher would make a most capable and faithful representative of the people. He is made of the stuff that would demand a fair and square deal for all, with favors to no special class, in short, a democrat to the hilt, who believes in government of the people, for the people, and by the people.—Reformer. It's funny, but both Dr. Anderson's, and Mr. Ford's friends are comforting their followers with similar reports respecting their respective candidates.

Those who wish settled stable government in Canada will vote for Hon. Hugh Guthrie.—Guelph Herald. Isn't this rather an unfortunate slip for the Herald to make. It doesn't take a very great reflection to remember that Hon. Hugh Guthrie was first elected a member of the Liberal party under the Right Hon. Sir Wilfrid Laurier; that four years ago he was a member of the Cabinet of the Union Government; that two years ago he was Minister of Militia under Sir Robert Borden as a National Liberal and Conservative; and that now he aspires to a seat in the Cabinet of the new Tory Government under Hon. Mr. Meighen. Verily, Mr. Guthrie doesn't look very settled and stable himself, to the average elector of this neighborhood.

Governor McNab's Wounds Prove Fatal

Death Resulted from Cowardly Assault by Guelph Prisoners

Governor John McNab, of the Wellington County Jail, at Guelph, died at St. Joseph's Hospital on Thursday afternoon at 4.45 from injuries received on Thanksgiving Day afternoon, when he was assaulted by three prisoners who made a break for liberty, while being detained at the local jail, after being sentenced to terms in Kingston Penitentiary for escaping from the Ontario Reformatory. For several days Mr. McNab's condition had been critical, his advanced age, and the fact that his constitution was in a weakened state, owing to ill-health, making it impossible for him to throw off the effects of the injuries he received at the hands of the desperadoes who attacked him. He was 68 years of age the day of his death.

His assailants will be brought back from penitentiary and be charged with his murder.

TAKE THEM AT THEIR WORD

Mr. Meighen and his friends say that the tariff is the only issue in this election. That is not true, but if it were, the Government could not afford to be judged by its record on the tariff. Its failure is confessed. The publicity bureau of the Conservative party says that there is "a national crisis," and that there is "evidence of stagnation, instability, unemployment and lack of confidence." That reminds us of the gloomy conditions prevailing in 1896, after 18 years of Conservative administration. Then came the 15 Liberal years of progress and prosperity. We give Conservative testimony as to that record. The Liberal Government was defeated in September, 1911. The Borden Conservative Government then came into power and in November of the same year prepared the speech from the throne, which contained these words:

"It affords me great pleasure to congratulate you upon the continued and increasing prosperity of the country. Our trade both with British and foreign countries is rapidly extending and there is every prospect that its volume in the present year will be largely in excess of that attained at any time in the past."

Mr., now Sir Thomas, White became Minister of Finance. He too was impressed by the abounding prosperity existing at the close of the fifteen years of Liberal administration, and he frankly testified to it at that time in these remarkable words:

"It will, as I have said before, be gratifying to all that the material prosperity with which we have been so highly favored still continues to be our portion. Despite the serious vicissitudes through which the Western wheat crop has passed and the unusual heat experienced in the Province of Ontario during the past summer, the field crops of Canada show a bountiful yield, and with the high prices prevailing for practically all its products the great basic industry of agriculture continues in a flourishing condition. Almost every department of trade and commerce shows expansion. Our mines are wonderfully productive. Our coast fisheries, notably the Atlantic, have enjoyed a good catch and high prices. Our manufacturers are thriving and new industries are springing up throughout the whole Dominion. Railway construction especially in the West, proceeds apace, preparing a way for settlement in districts not yet opened up and for trade with other markets than we now enjoy. Our increased bank deposits, clearings and circulation, the amount of public and private building evidenced in municipal and business structures, extensions to the country, all attest that the general prosperity of Canada at the present time is very great."

This was the handsome testimony given in 1911 by a Conservative Minister of Finance, an acknowledged master of his subject, to the work of his Liberal predecessors, and especially of Mr. Fielding, one of the leading men of the Liberal party to-day, whose experience and knowledge will undoubtedly be used in the framing of the new tariff.

Mr. White went on to say that Canada to continue to be the land of promise for the homeseeker, immigrants coming in at the rate of thousands a day and labor conditions good. The future of Canada, he said, looked bright indeed.

Now after another period of Conservative rule, the Conservative literature comes out with a doleful wail about stagnation, instability, unemployment and lack of confidence, and the Toronto Telegram mourns over the exodus of over 800,000 Canadians to the United States in 10 years. Canadians are apparently rushing to take trains out of Canada to escape the consequences of Conservative rule. It may be that our Conservative friends are taking too gloomy a view. Doomed themselves to defeat, they imagine that the whole country is heading for disaster. If they are telling the truth or anything near the truth, it is time for a change.

Inspectors to Hold Confiscated Liquor

All liquor confiscated by order of police magistrates as a result of conviction for violation of the Ontario Temperance Act, must be held by the Inspector in whose district the confiscation has been made until he receives word from the Department stating whether he should despatch the liquor to the Government Dispensary, Toronto, or in case a conviction is quashed on appeal, return it to the person from whom it was received, according to a memorandum for License Inspectors sent out by General Elliott, commissioner of provincial police.

An Historical Fact

Which seems to be forgotten is that there never was a Farmers' Party while the Liberals were in power. During the Mackenzie Regime, there was no Farmers' Party. From 1896 to 1911, during the Laurier Regime, there was no Farmers' Party. Why? Because the Legislation given by the Liberal Government, was satisfactory and there was on that account no reason for a Farmers' Party.

LIBERALS PROVIDE FOR LABOR.

In 1900, soon after the Liberals came into power, they created a Department of Labor which had for its head W. L. Mackenzie King, now leader of the Liberal Party. The record shows that Liberalism has done much for Labor:

First—Established the Labor Gazette.
Second—Suppression of the sweating system.
Third—The fair wage scale.
Fourth—Settlement of labor disputes.
Fifth—Restriction of alien contract labor.
Sixth—Restriction of Oriental labor.
