Brief Local Items

—These are moving days in earnest.

—The maples are spreading slowly out.

—The birds are putting up their woven homes.

—Aurora Horticultural Society has over 200 members.

—The bees are getting busy in their murmurous search.

—Palmerston will spend $2,400 in street paving this year.

—The Canadian dollar brought 99⅝c in New York yesterday.

—Winter has been lingering on the old job during the week.

—Only three days more and trout-fishing season will be open.

—Nature ever yields rewards to him who seeks and loves her best.

—Every joyous spring sound now is a song, and every sunbeam a smile.

—In Brampton rents are being reduced, while in Acton they're soaring.

—Oakville Fall Fair directors have their prize list ready and it is being published.

—Fishing days are coming. The hours of anticipation keep the incentive alive.

—The rising generation has a habit of rising about the time mother has breakfast ready.

—Thank you, Mr. Poultryman! Most of the hens and chickens are safely penned up now.

—Get ready for Mother's Day Sunday—May 14. Everybody will remember mother that day.

—An open air band concert now would give a further assurance that spring has come.

—The foundations are being put in for Mr. Lawrence Williams' new residence on Knox Avenue.

—Gathering wild flowers in the neighboring farm groves is a popular pastime these spring days.

—The sky, earth, and trees are now flaunting spring promises in the faces of the most skeptical of us.

—Mr. John Yeomans has sold his home at the corner of Frederick and Agnes Streets to Councillor Bell.

—George Covall, of Guelph, was fined $1,000 and costs last week by Police Magistrate Watt for selling liquor.

—The boys are busy at baseball in the park. A few are looking for trouble by playing on the streets.

—Halton Union Fire Insurance Co. had another brief meeting on Monday, with no fires to report for the month.

—As the thermometer climbs, the average man finds it increasingly difficult to get excited about the coal strike.

—The most prolific cause of preventable fires in all walks of life is unquestionably the careless user of matches.

—The drinking fountain at the Government Building might now be safely polished up and put into commission for the season.

—Dufferin County had no criminal cases at the assizes on Tuesday. Justice Riddell was presented with a pair of white gloves.

—The Duke of Devonshire Chapter of the I. O. D. E. will hold their regular monthly meeting on Tuesday, May 4, at 4 o'clock.

—Farmers appear to be quite optimistic as to the prospects for good crops this year. The recent rains, they say, have helped very much.

—Reeve Barber's newly-planted potato crop was effectively covered with the big fall of snow on Wednesday night and Thursday morning.

—The blizzard which reached here on Thursday morning last, equalled anything March produced in its thirty-one days of variable weather.

—Mr. C. E. Parker is having his new implement warehouse erected on Mill Street. The workmen are making good progress on it this week.

—A number of Acton horse lovers attend the horse fair at Hillsburg last Wednesday. Henry Wallace's fine colt won second prize in its class.

—It is fortunate for the citizens of Acton that most of them own their own house. The demand for houses for newcomers is boosting rental rates.

—Merchants who advertise are bidding for your trade. Behind their advertising are their best efforts to please you, in price as well as in other particulars.

—A few hours' work on the plot surrounding the soldiers' monument would greatly improve its appearance. The cedars in the hedge which failed to grow should be replaced.

—A few sections of cement pavement on Mill and Main Streets should be renewed this spring. The surface has given way and pedestrians are liable to trip at these places.

—The Woman's Auxiliary of St. Alban's Church are holding a sale of work, home-made baking, etc., in the Parish Hall on Saturday afternoon, April 29. Tea served. Everybody welcome.

—The Jarvis Record celebrated its forty-fourth birthday by enlarging to a seven column paper and the introduction of other improvements. Mr. Hulf, the proprietor, is a live newspaper man.

—The by-law forbidding driving on boulevards in town has been violated with impunity this spring. Delivery rigs and motor cars have spoiled a number of fine fronts to the annoyance of tidy citizens.

—George Pattullo, registrar, of Woodstock, died in the hospital there on Sunday. Mr. Pattullo was publisher of the Woodstock Sentinel-Review for many years, and was President of the Canadian Press Association during that time.

—The editor appreciated very cordially a generous basket of beautiful hepaticas of various tints, which were picked at Blue Spring Park by Misses Doris and Isabel Lantz, and brought to Moorecroft by those little ladies on Wednesday evening.

—A meeting of the Wellington County Press Association will be held at Drayton on Friday, May 5. Some important topics of particular interest to the craft will be up for discussion. Publishers from neighboring counties are also invited to be present.

—It was rather a grim stroke of fate Tuesday at noon by which an automobile with Provincial Road men on board was stuck in the mud on Main Street in front of the Methodist Church, and had to be hauled out by a team.—Shelburne Economist.

—Isaac McCready, a farmer in Trafalgar Township, sustained serious injuries, including a badly broken arm, the other day, by being crushed against a big tree by his team of horses, which took fright at a buggy, which had been loaded on a wagon to which the team were hitched.

—"Here's $2.50 for the Free Press for another year. I couldn't think of dropping it while "The Old Man of the Big Clock Tower" lives. His story itself is worth the money; and then we have the home paper thrown in. All well, and doing well."—Edward McLaughlin, Saginaw, Mich.
