Toronto to Get the Suburban

A Bill Before the Legislature to Acquire the Road for the City

Legislation to authorize the purchase and operation of the Toronto Suburban Railway Company by the Hydro-Electric Power Commission on behalf of the city of Toronto, was introduced in the Legislature on Friday by Premier Drury. In doing so, the Premier gave effect to his promise made when his new general radial legislation was introduced, to make separate provision for the case of the Toronto Suburban, owing to the peculiar features affecting it.

He explained that the present bill was introduced at the wish of the city of Toronto. It was really in the nature of a private measure, but the time limit for private bills having elapsed, it was being brought in as a Government measure, in accordance with the promise made. He stated that it was practically the old legislation with the necessary changes to make it possible for financing power being given to the Commission to hypothecate the bonds, while provision was made also for taking in municipalities along the route which might desire later to come in as partners in the undertaking.

—It actually costs more to-day to print and place our publication in the hands of our readers than at any previous time.—Toronto Mail and Empire.

—The regular monthly meeting of the Women's Institute will be held in the band room on Friday, June 2, at 3 o'clock. Business and installation of officers. Everybody welcome.

—The members of Walker Lodge A. F. & A. M. will attend divine service at St. Alban's Church next Sunday evening, when Rev. Bro. H. G. L. Baugh will preach the annual sermon.

—Owing to the unusual amount of building in Toronto and the country generally, there is a famine in brick. The prices are soaring. The Milton yards are about cleaned out.

—The Reformer complains that motorcyclists are making Milton mad with their hideous noises. If the Reformer had its way those noisy playthings would be suppressed.

—Boston Church anniversary services will be held on Sunday, June 11, at 11 a. m. and 7.30 p. m., followed by a garden party on June 12, for which the Fox Pun Co. will be part of the programme.

—The town line between Erin and Eramosa, from Crewsons Corners to the Rockwood line, is rougher than it has been for years. A little united work by the two pathmasters would accomplish good results.

—The clerks of the municipalities have recently been notified by the Department that they must notify the Department of every case where the attending physician fails to report births inside of 48 hours.

—Mr. J. R. MacIntyre, editor and proprietor of the Dundalk Herald, whose plant was destroyed by fire recently, has purchased the McCullough block on Proton Street, Dundalk, and a new plant will be installed at once.

—The Canadian Society for the Protection of Birds is engaged in organizing junior clubs in Halton, and Miss Laura Durand has been in Oakville for several days giving lectures, with lantern slides, to the school pupils.

—After holding the office for 35 years Mr. Robt. Kee, of Cheltenham, has resigned the clerkship of Chinguacousy township, owing to ill health. During those years Mr. Kee never missed a meeting of the Council until last March.

—M. Edwards & Co. are now settled in their new location on Main Street, next to Cooper's tailoring shop. There has been added to the stock of bread, cakes and pastry, a line of choice canned goods and other provisions.

Conventions —In Interests of Young People

Esquesing Sunday Schools and Guelph District Epworth Leagues

FOREGATHER IN ACTON LAST TUESDAY AND FRIDAY

It is not often that two important conventions, with numerous outside delegates assembled here within a week, but such was Acton's experience last week.

On Tuesday, May 23, the annual convention of Esquesing Sunday School Association was held in Knox Church, when the pastors, teachers and workers of the township gathered to spend afternoon and evening sessions in consultation and addresses on themes of interest in Sunday School activities.

At the opening session Col. A. L. Noble presided and Rev. I. M. Moyer conducted the praise service.

Interesting reports were given by delegates from the Acton, Ashgrove, Ballinafad, Georgetown, Glenwilliams, Norval, Terra Cotta and Union Schools. Rev. W. R Davidson, B. A., Secretary-Treasurer, gave the statistical report for the year.

Messrs. H. P. Moore, Rev. Mr. Anderson and A. T. Mann were appointed a nominating Committee, and Rev. Mr. Davidson, Rev. Mr. Stewart and Mrs. Barnes a committee on resolutions.

Mr. Alexander McLaren, of Ontario Social Service Council, gave a stirring address on the importance of work with boys of the teen age. He showed the value of endeavoring to have boys accept the leadership of Jesus Christ. The aim should be to re-incarnate the spirit of Jesus Christ. This necessitates four things. First, a deep conviction that boys need Jesus Christ, second, a knowledge of what this really means to the boys; third, to bring the boy in contact with the Saviour, and fourth, that the worker may know the boy, so that he may bring him into living contact with Jesus Christ. He felt that this could be best accomplished through the C. S. E. T.—Canadian Standard Efficiency Test.

A duet by Mrs. Malcolm McLean and Mr. A. T. Mann, "Look Away to the Cross," was much enjoyed.

The second address was also given by an expert and experienced worker, Miss Winnifred Thomas, of the Ontario Religious Education Association, Toronto. Miss Thomas' address was a counterpart of that of Mr. McLaren, inasmuch as it dealt with the meeting for the needs of teen age girls. At the outset Miss Thomas commanded the attention of all by the expressed hope that as a result of her talk some leader would take up this important work for girls. The development of a new spirit among the girls is desirable. One or two enthusiastic persons in Acton may carry on this work with great success. We must realize the infinite possibilities of the girls of our homes, and what they should become. Emphasis was laid upon Bible study and worship during the Sunday School School hour. The C. G. I. T.—Canadian Girls in Training course was recommended as a means to accomplish the ends desired.

A round table conference on Sunday School methods of work, lesson study, etc., was conducted by H. P. Moore, and participated in by a number of the delegates and speakers.

At the close of the afternoon session a delightful luncheon was served the delegates and visitors by the ladies of Knox Church congregation, in the school room. The menu was greatly enjoyed and the opportunity for social intercourse forged a pleasant feature of the interval between afternoon and evening sessions.

The attendance was largely augmented at the evening session.

Rev. Mr. Stewart conducted the devotional service.

Very hopeful addresses were given by Miss Thomas, on "The Sunday School in the Life of Your Community," and Rev. C. M. Wright, B. A., of Bloor Street Presbyterian Church, Toronto, on "New Opportunity and Programme of Religious Education."

The church choir conducted the musical service to the great pleasure of the convention, and the orchestra added a very substantial quota.

The officers for the coming year were elected as follows:

Honorary President—Col. Alex. L. Noble, Norval; President—John H. Kennedy, Acton; Vice-President—A. T. Brown, Acton; Secretary-Treasurer—N. McDonald, Georgetown; Boys' Work Department—Percy Laird, Georgetown; Girls' Work Department—Miss Agnes Sutherland, Norval; Adult Division—Rev. A. C. Stewart, M. A., Acton; Teacher Training—Rev. J. H. Moore, Georgetown; Missionary Department—Miss Bertie Speight, Acton; Temperance Department—Dr. Watson, Georgetown.

The annual convention of Guelph District Epworth Leagues was held in the Methodist Church on Friday afternoon and evening, and was a decided success. Representatives were present from Guelph, Fergus, Elora, Ponsonby, Rockwood, Nassagaweya, Acton and other places.

The prayer and praise service was conducted by Rev. I. M. Moyer. Mr. W. L. Ham, the President, of Fergus, presided with grace and ability.

An interesting summary of the year's work throughout the district was presented by Miss Leila M. Woods, the Secretary, of Fergus, and Rev. G. S. Cassmore, B. A., of Nassagaweya.

Reports were also given by Presidents and other members of the individual Leagues.

A splendid address was made by Mr. C. R. Conquergood, late President of Toronto Conference Epworth League. The theme was "Forward," and many suggestions for effective service of a practical kind were given.

Rev. Mr. Cassmore reported the proposal for an inter-League contest along the line of special work with the purpose of stimulating interest in individual service and affording opportunity for social intercourse of the Leagues. A committee was appointed to crystallize the matter and arrange programmes.

Rev. W. G. Buell, of Hespeler, presented the advantages of the coming summer schools at Port Elgin and Dundas. A brief survey of their respective programmes and the profit of attending were given and the young people were urged to attend one or other of the schools.

A suggestion for a District League outing was reported. It was decided to act upon the proposal and hold a pic-nic in Riverside Park, Guelph, on Wednesday, June 21.

A heart-searching address by Rev. Walter E. Millson, London, Field Secretary of Evangelism and Social Service, closed the afternoon session. Rev. Mr. Millson impressed the importance of service to others by the Christian young people of the churches. He showed by illustration and experience the value of such service both to the one in whose interests work was being done as well as to the Christian who put his or her talents into commission.

A sumptuous tea was served to all the visiting delegates and speakers at six o'clock. It was evident that this was fully enjoyed, and a resolution of appreciation at the evening session gave further testimony to confirm this.

At the evening session a song service with music by the Sunday School Orchestra filled a very pleasant half hour.

The address of the evening was by Rev. Walter E. Millson. It was in reality a stirring and able appeal to the young people of the Leagues to make their lives tell effectively in unselfish service as Christian workers, the leading thought being for each to "Let Christ have his way with you." This exhortation ran freely through the impressive address and had a forceful influence upon the leaders present.

The usual resolutions of thanks to speakers, retiring officers, the ladies for their excellent hospitality, and the Orchestra for their music, were passed.

Prize for Sign Awarded

To Frank Bauer for the Best Design for the Signs at the Railway Stations

The regular session of the Council was held on Tuesday evening with all the Councillors present and the Reeve in the chair.

The Finance Committee presented their eleventh report and recommended payment of the following accounts:

General Account

J. W. Kennedy & Son, supplies	$ 3 03
Acton Free Press, printing auditors' reports, &c.	66 60
R. M. McDonald, premium on bonds	20 00
	$90 53

The report was adopted.

The school children took quite a lively interest in the Council's scheme to get designs for the signs at the railway stations and submitted a number of sketches. The design of Frank Bauer was thought the most suitable and the Council decided to accept this. The Clerk was instructed to forward a cheque to Frank Bauer.

The plans and specifications for the sidewalk on the north side of Knox Street had been prepared by D. A. Niven, of Guelph, and were submitted to the Council. It was decided to advertise for tenders for the laying of this sidewalk.

Mr. John Clarke, Jr., was present at the meeting requesting water from the town for houses on Beardmore Crescent that are outside the Corporation limit. The matter was laid over for further consideration.

It was deemed advisable to supply water to the Acton Tanning Co. at the Queen Street line between Esquesing and Acton. The Company will lay their own mains and make connections from this point at the end of the Corporation boundary and it is probable this work will be done on with at once.

The Clerk requested leave of absence for about three months for his proposed visit to Europe. Miss Starkman will act as Clerk during his absence. Leave was granted for the Clerk to have his holiday.

The Dan McKinnon Mystery

Which the Mail and Empire Special Reporter Fails to Solve Over the Week-end

A special reporter of the Mail and Empire staff came to Acton Saturday afternoon to spend the week-end in a determined effort to solve the mysterious disappearance of Dan McKinnon on the 8th April last.

The reporter visited the Ryder farm, which McKinnon had purchased, visited the Gordon family at Churchill, where McKinnon had been boarding, to interview Harry Gordon and the family, tramped over the farm and the swamp, and went back to the city with three columns of matter telling what everybody in this district knew weeks ago; but not a line to show that he had solved the mystery.

Concluding his lengthy article the reporter says:

In the meantime, for the lack of any plausible solution, the mystery still exists. The McKinnon home, a red brick structure, is standing here, with the grass growing long in the front yard and with the furniture waiting for the bride who never came. The McKinnon stock is being cared for on the Gordon farm; McKinnon's trunk with practically all his clothing, including even his overcoat and those little essentials which any man would take with him if he was contemplating even a short journey, is still at the Gordon farm, and the man's wedding suit is still hanging in the closet. Harry Gordon watched the roadway constantly, wondering if every stray rig which passes that way will be the one to bring back the mysterious man, and the people of Acton are still wondering. They are wondering why the relatives of Dan McKinnon, who are paid to be living in Glengarry County, have not made investigations; but they are wondering most of all, where Dan McKinnon, the man who was with them for a few weeks only, is?

Use of Hydro Power Growing

The Acton Tanning Company has ordered eighty-five horse power additional electric current from Acton Hydro-Electric Commission. This will give Acton a total consumption of 300 horse power. When Mr. C. A. Wilson, the present superintendent of the Hydro, here took charge of the plant Acton's total consumption was under 85 horse power.

$100,000 Fire in Waterdown

Half the Business Section of the Town Was Destroyed

Swept by a disastrous fire which broke out early Tuesday afternoon, the business section of Waterdown, a village six miles from Hamilton, was more than half destroyed with an estimated loss of over $100,000.

The blaze, which originated from a spark from the chimney of the Davies Conperage Company gutted both sides of the main street and spread to several homes. With a stiff wind and only hand chemicals and buckets to carry on the fight, the fire soon swept along the street.

So intense was the heat and with the whole village dense with smoke, the firemen were finally driven back, efforts then being directed to check the spread of the flames.

The volunteer work saved half of the village and assistance sent from the Hamilton fire department enabled the men to fight the flames. It appeared as if the whole place would fall a prey.

Women rushed frantically from their homes, and contents were carried from nearly all the houses in the district. Live wires crashed down at several points as the flames felled the poles and brick walls came crashing down as the interior of the buildings were completely gutted.

Explosions occurred from gasoline tanks and ammunition, and amid all these dangers the band of villagers fought to save their homes. No one was injured seriously although several suffered slight burns and abrasions.
