NASSAGAWEYA

The funeral of the late J. W. Easterbrook, whose death occurred at Guelph General Hospital, following a very brief illness from pneumonia, took place last Wednesday. The remains were brought via the Toronto Suburban Railway for burial in Ebenezer Cemetery. Mr. Easterbrook was for many years a merchant at Brookville. He preceded Mr. Elsley there.

Nassagaweya lost a worthy son in the death of Thomas Storey at Acton last week. Mr. Storey was a prominent resident of this township for many years. He conducted a Sunday School in No. 8 school house for a long time.

—That taking a fair share in working for Acton's further prosperity is one of the things a good many cannot be justly accused of.

—St. Catharines school girls are surely stepping into the equality race. They are now playing marbles on the bare sidewalks—just like the boys.

—A good many people complained of the slushy walks last week; but they were not a whit worse than Toronto's walks in all parts of the city.

—The "pitch-holes" on the mill pond road and some of the crossroads are worse just now than they have been for years. Driving is unusually trying.

—Kincardine is arranging for an Old Boys' Week. With Jack Hunter, of the Reporter, at the helm boosting the event, it is bound to be a roystering success.

—The winds of March their trumpets blare; now put your clothes in good repair, rub out the spot, and mend the rift, for keeping things in shape is thrift.

—Next on the list of revered anniversaries comes St. Patrick's Day, with all its wealth of tradition and bright color blending the green and gold and white.

—Morgan L. Reid, marine engineer, was fined $50 and costs at Wiarton last week for failing to make a return of his income, as required by the Federal statutes.

—An advertisement in The Free Press will reach more people in a five-mile radius from Acton, in Esquesing, Eramosa, Erin and Nassagaweya than any other newspaper.

—Allaston did the right thing last week when they tendered a civic reception to Dr. F. G. Banning, the discoverer of insulin, who is a native of that sprightly town.

—March came in rather gently, but it wasn't many days before the usual character of the month was manifested in gales and flurries of snow, a dash of rain and a drop of the mercury.

—The weather man is showing his spring samples. The wholesale millinery houses are also displaying their spring wares. Both are changeable and apt to give one a chill.—Forest Free Press.

—The team of Mr. Hugh McCutcheon took a sprint all by themselves on Monday morning down Main Street. They passed over the Main Street crossing about a car length ahead of the 8.13 train.

—Mr. H. F. Pinkney, the courier on mail route No. 1, Erin, has leased Mrs. D. Gibson's farm for a term of years and will move from town in the near future. Mr. Pinkney has given good service on the mail route.—Erin Advocate.

—Rev. Dr. Renison, rector of the Church of the Ascension, and Rev. Dr. Whiting, pastor of Centenary Methodist Church, Hamilton, exchanged pulpits last Sunday evening. A sign of the times, demonstrating the spirit of union.

—The price of news paper went up on January 1, and now it is understood that there will be an increase in bond writing papers on March 1. The reason given by the manufacturers is that owing to strikes there is a shortage of sulphite in the United States.

—"I tell all my friends we have a real newspaper in Acton," remarked one of our merchants to The Free Press the other day. "I appreciate your efforts to give the community a newsy, well-printed, up-to-date home paper, fully representative of the town."

—In the obituary notice relating to the late John Watson, it was stated that he was the son of the late John Watson, Sr. This was a very pardonable error. His father was the well-known Robert Watson, Sr., an early settler for whom all old residents hold high esteem.

—There is a copy of The Free Press waiting to serve every family in Acton and vicinity and beyond that. Why borrow your neighbor's paper? Your address with subscription will bring it to your own home every week for only $2.00 per year, or five cents per copy.

—A resolution of condolence to Mrs. (Dr.) Uren and family, of Toronto, was passed at a special meeting of the Official Board of the Methodist Church on Sunday evening. Dr. Uren was a member of the Board and Recording Steward for a number of years. When a resident of Acton.

—They used to tell who was boss on the farm by the size of the house and barn. If the house was a little, ugly, neglected building, it was generally conceded the man was the boss, and vice versa. But now when the garage is the most pretentious building of the lot, can't tell who's boss.

—Prof. Crow, formerly of the O. A. C., Guelph, is delivering lectures in various towns of the province on "Beautifying the Town." Acton Horticultural Society would do well to emulate the enterprise of other societies and secure a lecture by this experienced lecturer on this subject.

—A maiden fair, with sun-kissed hair, tripped down Princess Street; her face serene, her age eighteen—gee whiz, but she was sweet! On the sidewalk slick, she came down quick, with a jolt that shook her curls; but the words she used must be excused for she's one of our nicest girls.—Kincardine Reporter.

—It is realized by everyone that the newspaper of a locality is its best advertisement; so it is in the interests of the community to see that its local newspaper is the best possible. In order that a newspaper may serve the best interests of the community in which it is published it requires the co-operation of the business men and citizens of that town.

MILTON

The Ladies' Aid Society of Knox Church will hold their annual bazaar and entertainment on the afternoon and evening of Friday, March 16.

Herbert Archer, who has been operator at the C. P. R. depot here for nearly three years, has received notice of his appointment to the staff at London, and leaves for that point this week.

Everyone at the Methodist Church last Sunday night seems to have appreciated the Wesley song service.

J. M. Levan, Inspector of High Schools, has reported highly favorably on Milton High School, but strongly recommends that additional rooms be provided to accommodate its largely increased attendance.

The League of Young People went in a body to the Presbyterian Church on Tuesday evening.—Champion.

Ontario's New Motor Laws

Principal Provisions of the Consolidated Motor Vehicles' Act

Following are the principal features of the Consolidated Motor Vehicles Act, which, under the official title of "Bill No. 72, an act to regulate travel on highways, and the speed, operation and load of vehicles thereon," is now before the Ontario Legislature, and which is expected to go into effect practically as it stands.

The re-drafted regulations in respect of lamps provides for two white lights forward and one red light astern, and no motor vehicle is permitted to carry on the front more than three lighted lamps of over four candle power. Any additional lights displayed on commercial vehicles to distinguish the width or class of such vehicle shall be of green color.

The clause governing the use of parking lights is as follows: "A motor vehicle may show one light carried on the left side . . . in such manner as to be clearly visible to the front and rear for a distance of at least 200 feet, and to show white to the front and red to the rear . . . provided that such light shall not be displayed while the vehicle is in motion.

The new penalties provided for car owners or drivers, who operate cars on which the brakes are not in good order are, from $10 to $50 for the first offense, and from $20 to $100 for the second offense, and from $50 to $200 for a third offense. The license of a second offender may be suspended for thirty days. One who offends three or more times may have his license suspended for six months and may also be condemned to jail for thirty days. For failure to have and use a warning signal penalties of $5, to $10, and $10 to $25 are provided for first, second and third offenses respectively and in addition the license of an offender for the third time may be suspended for thirty days.

The amended section governing speeds in cities, town and villages provides a limit of 20 miles per hour, 10 miles per hour when approaching an intersecting road, in a municipality, and 12½ miles when approaching a curve or "blind" section.

Penalties for Speeding—The following penalties are provided for infringements of the speed laws: $5 to $50 fine for the first offense, $10 to $75 for a second offense, and $25 to $100, with imprisonment up to thirty days, for a third offense. In addition, the license of an offender for the second time may be suspended for thirty days and that of a party guilty of a third offense may be suspended for six months. On highways without municipal limits a speed of 25 miles is permitted. Where the rate of speed does not exceed 35 miles the following penalties are provided: $5 to $10 for first offense, $25 to $50 for subsequent offenses. On a third offense a license may be suspended for 60 days. Where the rate of speed complained of is between 35 and 40 miles per hour the penalty is: $25 to $100 fine with or without imprisonment, up to six months, and suspension of license for a period up to one year.

Penalties provided for violation of rules of the road are: $5 to $10 for first offense, $10 to $25 for second offense, and $25 to $50 for a third offense. On a third offense a license may be suspended for not more than sixty days.

The onus of proof still rests upon the motorist under this revised Act. That is to say he has to prove that he was not responsible for an accident instead of the plaintiff being required to prove that he, the motorist, was responsible.

—Obtaining a liquor prescription by proxy cost Margaret Muir, Toronto, $50 and costs in the Toronto police court the other day.

Two Years in Penitentiary

Harold Marcellus and Norris A. Tuttle, two inmates of the Ontario Reformatory, at Guelph, who escaped on Monday, and were recaptured at Morriston on Wednesday, last week, were sentenced to two years in penitentiary. At the conclusion of which they will come back to Guelph to finish their terms there.

Eclipse of the Moon Friday Night

There was a partial eclipse of the moon clearly visible in this section last Friday night. One third of the moon's face was covered by the earth's shadow. The eclipse began at 8.28, was about half way through at 10.30 and finished at 11.36 p. m. The eclipse was readily discernable to the naked eye. With the aid of a glass, however, the eclipse was remarkably clear and very interesting.

OAKVILLE

The Town Council has decided to accept $18,000 as its payment toward the new highway bridge.

The A. M. E. Church realized $150 from the sale of its history quilt last week.

While working at his machine at the factory on Tuesday afternoon, Mr. Flanagan caught his left hand in the mechanism, with the result that the fingers were badly lacerated.

For an hour or more on Monday night the question of the appointment of a town engineer or manager was discussed in all its phases, resulting in the decision to hold an open meeting for further discussion.

Before than $20,000 is due the town in arrears of taxes, and about $5,000 for years in monies due for the installation of waterworks laterals, according to information given the Council on Monday by the Town Clerk.

The girls of the Philathean Class, Methodist Sunday School, entertained their mothers at a banquet Tuesday evening. There are about 18 girls in the class.

Percy Spafford, charged with stealing chickens, appeared before Judge Hart at Milton, pleaded guilty and was allowed out on suspended sentence on condition that he leaves Halton county.

Chas. D. Carson is assessor for Oakville for 1923, the appointment being made after a prolonged discussion lasting until one o'clock in the morning.

In order to give the town a right-of-way over his waterfront property so that workmen may get at the intake pipe, Percy A. Bath, Town Clerk, presented an indenture to Council on Monday, giving the necessary permission for the town to cross his water lot.—Record.

J. J. Morrison in Halton

The Secretary of the U. F. O. Addresses Meetings at Milton and Palermo

J. J. Morrison, the fighting Secretary of the U. F. O., addressed a meeting of the People's Political Association of Halton on Saturday afternoon. He was given a good reception.

In his address Mr. Morrison did not miss the opportunity of sounding one note of warning. "If the U. F. O. is to continue it must do so as a class organization and stick together, just the same as do the members of the Ministerial Association, the Commercial Travellers, and the Bootblacks' Union," he said.

The Secretary of the U. F. O. was in a humorous vein, and his address apparently made a good impression on the large audience. He traced the growth of the U. F. O., and expressed regret that the movement had not come into being 25 years sooner. He still holds firmly to the view that the U. F. O. is the best organization in the world.

After the meeting it was announced that the People's Political Association of Halton County would hold a convention in the near future to choose a candidate to contest Halton in the coming Provincial election.

Malcolm, Campbell, Vice-President of the People's Political Association, informed the press that it made no difference whether the Liberals put a man in the field or not, the People's Political Association was going to contest the riding. He was not sure who the candidate would be but there would be one. He said he knew of prominent Liberals who were in favor of not putting a candidate in the field.

On the other hand, prominent Liberals state that a Liberal candidate will positively be nominated to contest Premier Drury's riding. This means that Halton may see another three-cornered fight.

Mr. Morrison spent Monday night again in the county. He was a guest at an enthusiastic banquet in his honor by the Farmers' Club of Palermo.

Bill to Prohibit Combines

Premier King Plans Machinery for Probing Alleged Monopolies

Ottawa, March 7.—The text of the Prime Minister's resolution, on which is to be based a bill to provide for the investigation of combines, monopolies, trusts and mergers, contains provisions of power to remit or reduce duties or revoke patent rights where combines are proved to exist, and also for the imposition of penalties for violation of the proposed legislation has come before the House.

The resolution reads: "That it is expedient to bring in a measure to provide for the investigation of combines, monopolies, trusts and mergers; for the administration of the proposed act by a minister of the crown to be named by the governor-in-council; for the appointment of a registrar to receive, register and deal with applications for such investigations, and for the appointment of commissioners from time to time by the governor-in-council to hold investigations."

The resolution would empower provincial attorney-generals to take legal procedure against alleged combines.

Better-Live-Stock Train

The Dominion and Ontario Departments of Agriculture, in co-operation with the Railway Companies, will operate a "Better Live Stock Train" throughout the Province, during the months of March and April. It will be at

Milton--March 10th

On this train will be carried animals illustrating desirable and undesirable types of Beef Cattle, Dairy Cattle, Sheep, Swine and Poultry.

Demonstrations and lectures will be given in connection with different lines of work in Live Stock and Poultry raising and marketing.

Specially selected pure bred bulls, boars and sows will be offered for sale. The animals are all exceptionally well bred and of excellent type.

They will be sold at cost. See them.

For further particulars see or write the Agricultural Representative in your county.
