Holloway's Pills.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following Testimonial has been sent to Professor Holloway, by a Gentlemen named Middleton, of Scotland Road, Liverpool.

SIR,—Your Pills have been the means, under Providence, of restoring me to sound health after five years of severe affliction. During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

A PERMANENT CURE OF A DISEASED LIVER OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

DEAR SIR,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

An Astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital Incurable.

Copy of a Letter from Mr. W. Moon of the Square, Winchester.

TO PROFESSOR HOLLOWAY,

SIR,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and I was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town; but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go to the County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed I have felt no return whatever of the complaint.

An Extraordinary Cure of Dropsy, after Suffering for Eighteen Months.

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

TO PROFESSOR HOLLOWAY,

SIR,—I have much pleasure of informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin so that a daily change of apparel became necessary, notwithstanding the various remedies tried and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-stablished. If you deem this worthy of publicity, you are at liberty to use it.

(Signed) G. BRIGGS.

The above diseases are generally seated in the most important organs of the human frame. So manifold are the dangers to which they expose their victim, and the consequence which they may entail, not only on his health, but that of his offspring also, are so serious, that we are struck with surprise when we consider that the study has formed the exclusive object of so few Medical Men. It is doubtless in the very limited number of the latter, that we look for a reason why the treatment of those complaints is so inferior to that of all others, and that no sensible improvement has been made in it for a period of more than three centuries, during which the same means have been employed as continues to be prescribed at the present day. Thence it is by no means wonderful if the treatment of these disorders has become the domain as it were, of quacks and empirics, who, devoid of all medical science and legal right whatever, arrogate to themselves the power of deciding upon the health, and upon the life even, of their fellow-creatures. The purpose we have in view is, to snatch the victims of those pretenders from the snare which ignorance and cupidity are constantly laying for them. If we succeed, our task will receive the happiest accomplishment, and our long and laborious researches their noblest reward.

BEWARE OF IMPOSITION.

Dr. Amos & Son have for a long series of years been engaged in an extensive practice in the treatment of these delicate complaints, and are the only legally qualified physicians who, regardless of the taunts and envy of the hypocritical and mock-modest, have had the confidence through the medium of the public press, to direct attention to these enormous evils, from which no grade of society is free. In selecting this department of practice they have been amply rewarded by the great success that has attended their efforts in the treatment of these cases, which are too generally confined to the care of unqualified and ignorant empirics, who, with their pirated publications, assumed foreign names and titles, and pretended virtues of their patent nostrums, have inflicted serious injury on those who have been induced to place faith in their pretentious.—[Medical Review.

GOOD NEWS! GOOD NEWS!!

Those of our readers who have not tried that valuable preparation known as DR. JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA, for the cure of the very many diseases with which mankind are afflicted, are requested to read the annexed testimonial forwarded to DR. BULL a few days since, by JACOB G. FRENCH, Esq., a gentleman long connected with French's Hotel of this city, and extensively known as a man of unblemished integrity, who would not endorse any medical preparation whatever, unless thoroughly convinced of its efficacy.

French's Hotel, New York, December 6, 1854.

JOHN BULL, M. D.—DEAR SIR: The immense practical benefit I have derived from the use of your *Fluid Extract of Sarsaparilla* induces me to recommend it urgently to all who, like myself, have been subject to that distressing malady, *Complaint of the Kidneys*. I have found your preparation all I could desire, and regard it as one of the best remedies within my own personal knowledge. Sincerely grateful for the health I have recovered through your immediate agency, I beg leave to subscribe myself,

Very respectfully, yours,
JACOB G. FRENCH.

True American Office, New York, December 6, 1854.

DR. BULL, No. 2 GILSEY'S BUILDING, NEW YORK—

Dear Sir: Being personally acquainted with Mr. French, I take pleasure in superadding my corroboration in testimony of the cure effected in his case through the instrumentality of your invaluable compound. Having personally availed myself of the curative properties of your *Fluid Extract of Sarsaparilla*, particularly in the purification of the blood and the consequent anticipation of those universal disorders attendant upon the changes of the season, I would cordially recommend it as a family medicine which should be maintained in every household. A remarkable instance of the efficacy of your remedy upon the restoration of the frame, and the all-but miraculous resuscitation of a body weakened to the last degree by the excesses of animal indulgence, occurred in the case of an eminent manufacturer in this vicinity, whose modesty, and not want of inclination, precludes him from a publication of the detailed circumstances of his afflicting disease, which threatened to determine into a settled case of pneumonitic leprosy. I am assured by him, that by the use of your *Fluid Extract*, he has been completely restored to his former and correct enjoyment of unimpaired health.

Yours, sincerely,
THOMAS PICTON,
Editor of the True American, New York.

ASTONISHING AND RAPID CURE OF SCROFULA.

We urgently request our readers to read attentively the following statement presented to DR. JOHN BULL last St. John's Day, by WILLARD A. GOLDSMITH, Esq., of this city, and solemnly sworn to before a Public Notary. It exhibits the case of a gentleman who has been afflicted by Scrofula *from his earliest infancy*. He had completely *exhausted* the skill of the medical faculty of New York, and was apparently a doomed man. A trial of *Dr. John Bull's Fluid Extract of Sarsaparilla* has given him health, and he now recommends to *others* that valuable and potent remedy which has saved *him* from a premature grave. The original affidavit, to which is affixed the Notarial Seal of Henry C. Banks, Esq., before whom the deposition was taken, can be seen at DR. BULL'S principal office, No. 2 Courtlandt-street (Gilsey Building), Near Broadway, New York.

STATE OF NEW YORK, } ss.
CITY AND COUNTY OF NEW YORK, }

WILLARD A. GOLDSMITH, being duly sworn, pursuant to law, deposes and says, that he resides in the City of New York; that he is engaged in the business of steel and copper-plate engraving;

That *Scrofulous Affections* have been hereditary in his family and hereditary; that all of his immediate relations have been more or less afflicted with it, and that he has not been free from the disease at any time since his earliest recollection; that being in much bodily pain, and prevented from attendance to business, he tried many of the physicians, but found no substantial relief;

That about three months since, *Dr. John Bull's Sarsaparilla* was recommended to him as possessing some qualities which would relieve his difficulties and purify his blood;

That after using this medicine for a short time, a feeling of improvement was manifest, and from that moment to this, a gradual but steady advance has been realized, and he is now, not only entirely free from all pain, but is enabled to give his business all attention, and is enjoying better health than he ever believed was in store for him;

That he has also used the *Sarsaparilla of Dr. Bull* in his family with similar results, and believes it to be the *best* purifier of the blood that can be used, and as a general tonic medicine *without an equal*;

That he can and does, with *the most positive confidence*, recommend the use of this medicine to *all* who may be similarly afflicted.

And further this deponent saith not.

(Signed) W. A. GOLDSMITH.

CHERRY PECTORAL

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proved beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varities of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of cures effected by its use, but we would present the following;—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoon-full every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I a yours, with great respect,
J. D. POWELL, Supt. Trans., L. R R.

Rock Hill, (Somerset Co.,) N. J., July 21 1852.

DR. J. C. AYER.—Since your medicine has become known here it was a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the first they can say of it, is not too much for the good it has done. I take pleasure in selling it because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me Yours, with respect, JOHN C. WHITELOCK.

P. S. Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 25, 1852.

J. C. AYER Sir; This may certify that I have used your CHERRY PECTORAL for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McGULLIN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

DR. J. C. AYER. My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,

STARTLING, BUT TRUE!

THAT EVERY WOMAN SHOULD KNOW.

READER, are you a husband or a father? a life or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety followed by sleepless nights, incapacitating the mind for its ordinary avocation and exhausting those means for medical attendance, medicines and advertised nostrums, which otherwise would provide for declining years, the infirmities of age and proper education of your children.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery.

"And must this continue? Must this be? Is there no remedy? No relief? No hope?"

The remedy is by knowing the causes and avoiding them, and knowing the remedies and benefiting by them.

These are pointed out in

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION

BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition (500,000) 18*mo.*, *pp.* 250.

[ON FINE PAPER, EXTRA BINDING, $1.00.]

A standard work of established reputation, found classed in the catalogues of the great trade sales in New-York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES

have been sold, of which there were upwards of

One Hundred Thousand Sent by Mail,

attesting the high estimation in which it is held as a reliable popular Medical

BOOK FOR EVERY FEMALE,

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands, both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, cases of, and the proper remedies for her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm, as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice? Many suffer from *prolapsus uteri* (falling of the womb,) or from *fluor albus* (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will seek find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions; it has been found necessary, therefore, to

IMPORTANT NOTICE.

E. W. PALMER would respectfully inform the Public that he has secured the Agency of Professor James McClintock's family medicines, of which he has just received a full supply and which he is prepared to furnish wholesale and retail at the Proprietor's prices. Professor McClintock's fame as an eminent Physician needs no comment here. His medicines are the prescriptions adopted in his private practice and as such are invaluable in all cases where it is inconvenient to call in a physician.

Their sale has been unprecedented in the United States, where they have effected thousands of cures and no case of failure is yet recorded. At this season we would call especial attention to one of the most remarkable of the remedies, namely:—

Dr. McClintock's Pectoral Syrup

It contains no opium in any form, and agrees perfectly with the most delicate patient.

Dr. McClintock's Pectoral Syrup is put up in elegant Flint Glass Bottles, containing one pint each, and is sold at only 5 shillings per bottle, or six bottle for £1 5s.

HOLLOWAY'S OINTMENT

A most Astonishing Cure of Scrofulous Ulcers,—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

TO PROFESSOR HOLLOWAY.

Dear Sir,—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly.

(Signed) J. NOBLE.

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

TO PROFESSOR HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permamnt amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,
(Signed) ELIZABETH YEATES.

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,
(Signed) JOHN SMITH.

TO PROFESSOR HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast.
