GOOD NEWS! GOOD NEWS!!

Those of our readers who have not tried that valuable preparation known as DR. JOHN BULL'S *FLUID EXTRACT OF SARSAPARILLA*, for the cure of the very many diseases with which mankind are afflicted, are requested to read the annexed testimonial forwarded to DR. BULL a few days since, by JACOB G. FRENCH, Esq., a gentleman long connected with French's Hotel of this city, and extensively known as a man of unblemished integrity, who would not endorse any medical preparation whatever, unless thoroughly convinced of its efficacy.

French's Hotel, New York, December 6, 1854.

DOCTOR BULL, M. D.—Dear Sir: The immense practical benefit I have derived from the use of your *Fluid Extract of Sarsaparilla* induces me to recommend it urgently to all who, like myself, have been subject to that distressing malady, *Complaint of the Kidneys.* I have found your preparation all I could desire, and regard it as one of the best remedies within my own personal knowledge. Sincerely grateful for the health I have secured through your immediate agency, I beg leave to subscribe myself,

Very sincerely, yours,
JACOB G. FRENCH.

True American Office, New York, December 6, 1854.

DR. BULL, No. 2 GILSEY'S BUILDING, NEW YORK—

Dear Sir: Being personally acquainted with Mr. French, I take pleasure in superadding my corroboration in testimony of the cure effected in his case through the instrumentality of your invaluable compound. Having personally availed myself of the curative properties of your *Fluid Extract of Sarsaparilla*, particularly in the purification of the blood and the consequent anticipation of those untoward disorders attendant upon the change of the season, I would cordially recommend it as a family medicine which should be maintained in every household. A remarkable instance of the influence of your remedy upon the restoration of the frame, and the all-but miraculous resuscitation of a body weakened to the last degree by the excesses of animal indulgence, occurred in the case of an eminent manufacturer in this vicinity, whose modesty, and not want of inclination, precludes him from a publication of the detailed circumstances of his afflicting disease, which threatened to determine into a settled case of premonitory leprosy. I am assured by him, that by the use of your *Fluid Extract*, he has been completely restored to his former and correct enjoyment of unimpaired health.

Yours, sincerely,
THOMAS FICTOR,
Editor of the True American, New York.

ASTONISHING AND RAPID CURE OF SCROFULA.

We urgently request our readers to read attentively the following statement presented to DR. JOHN BULL last St. John's Day, by WILLARD A. GOLDSMITH, Esq., of this city, and solemnly sworn to before a Public Notary. It exhibits the case of a gentleman who has been afflicted by Scrofula *from his earliest infancy.* He had completely *exhausted* the skill of the medical faculty of New York, and was apparently a doomed man. A trial of *Dr. John Bull's Fluid Extract of Sarsaparilla* has given him health, and he now recommends to *others* that valuable and potent remedy which has saved *him* from a premature grave. The original affidavit, to which is affixed the Notarial Seal of Henry C. Banks, Esq., before whom the deposition was taken, can be seen at Dr. BULL'S principal office, No. 2 Courtlandt-street (Gilsey Building), Near Broadway, New York.

STATE OF NEW YORK,
CITY AND COUNTY OF NEW YORK, } ss.

WILLARD A. GOLDSMITH, being duly sworn, pursuant to law, deposes and says, that he resides in the City of New York; that he is engaged in the business of steel and copper-plate engraving;

That *Scrofulous Affections* have been hereditary in his family and hereditary; that all of his immediate relations have been more or less afflicted with it, and that he has not been free from the disease at any time since his earliest recollection; that being much bodily pain, and exposed from attendance to business, he tried many of the physicians, but found no substantial relief;

That about three months since, *Dr. John Bull's Sarsaparilla* was recommended to him as possessing some qualities which would relieve his difficulties and purify his blood;

That after using this medicine for a short time, a feeling of improvement was manifest, and from that moment to this, a gradual but steady advance has been realized, and he is now, not only entirely free from all pain, but is enabled to give his business all attention, and is enjoying better health than he ever believed was in store for him;

That he has also used the *Sarsaparilla of Dr. Bull* in his family with similar results, and believes it to be the *best* purifier of the blood that can be used, and as a general tonic medicine *without an equal;*

That he can and does, with *the most positive confidence*, recommend the use of this medicine to *all* who may be similarly afflicted.

And further this deponent saith not.

(Signed) W. A. GOLDSMITH.

GOLDSMITH, to me known to be the same person named and described in, and who gave and subscribed the annexed deposition in my presence, who being by me duly, publicly, and solemnly sworn, pursuant to law, did depose and swear, that the matters and things therein contained were true.

In Testimony Whereof, I have hereunto set my hand and affixed my Notarial Seal, at the City of New York aforesaid, this twenty-seventh day of December, A. D. 1854, and of the independence of the United States of America the seventy-ninth.

REVIEWS.

"Decidedly the best and most useful book the kind.'—[Pioneer.

'The information conveyed therein is really essential to those who contemplate marriage.'—[Record.

'It contains precisely the information too often studiously kept from the young and thoughtless. However, the knowledge *must* come *some* time, and happy is the person who does not become its possessor too late.—[Politician.

Dr. De Ross is one of the very few legally qualified physicians who through the medium of the public press have ventured to introduce appropriate remedies for the diseases treated upon in the above work, the peculiarities of which, from long practical experience in the most celebrated institutions of this country and the continent, he has had perhaps unusual opportunities of observing. The necessity for sound practical judgment in such serious cases must be obvious, hence the inference that the greatest amount of benefit may be most reasonably expected at the hands of those members of the medical profession who have made these complaints their particular study, and to those only who possess the requisite qualifications can confidence be safely extended.

Persons at a distance may be successfully treated, by forwarding a correct detail of their case, with a remittance of £1 per Post Office Order payable at the Holborn office or otherwise, when medicines and advice will be forwarded to any address securely packed from observation.

DE ROOS' COMPOUND RENAL PILLS, as their name Renal (or the Kidneys) indicates, are a most safe and efficacious remedy for the above dangerous complaints; Discharges of any kind, and Diseases of the Urinary Organs generally, which if neglected, frequently result in stone in the bladder, and a lingering painful death.—They agree with the most delicate stomach, strengthen the digestive organs, increase the appetite, improve the general health, and will effect a cure when other medicines have utterly failed. 1s. 4½d., 2s. 9d., 4s. 6d., 11s., and 33s. per box, through all Medicine vendors.

AYER'S PILLS.

A new and singularly successful remedy for the cure of all Bilious diseases.—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflamations, Headache, Pains in the Breast, Side, Back and Limbs, Female Complaints, &c., &c. Indeed very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted positions ritedharacter as to forbid the suspicion of untruth.

Among the eminent gentlemen who have testified in favor of these Pills we may mention.

Dr. A. A. Hayes, Analytical Chemist of Boston, and State Assayer of Massachusetts, whose high Professional character is endorsed by the—

Hon. Edward Everett, Senator of the United States.

Robert C. Winthrop, Ex-Speaker of the House of Representatives.

Abbott Lawrence, Minister Plen. to England.

John B. Fitzpatrick, Catholic Bishop of Boston; also

Dr. J. R. Chilton, Practical Chemist of New York City, endorsed by

Hon. W. L. Marcy, Secretary of State.

Wm. B. Astor, the richest man in America.

S. Foland & Co., Proprietors of the metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the most complete which the present state of medical science can afford. They are compounded not

IMPORTANT NOTICE.

E. W. PALMER would respectfully inform the Public that he has secured the Agency of Professor James McClintock's family medicines, of which he has just received a full supply and which he is prepared to furnish wholesale and retail at the Proprietor's prices. Professor McClintock's fame as an eminent Physician needs no comment here. His medicines are the prescriptions adopted in his private practice and as such are invaluable in all cases where it is inconvenient to call in a physician.

Their sale has been unprecedented in the United States, where they have effected thousands of cures and no case of failure is yet recorded. At this season we would call especial of the drugs themselves, but of the medicinal virtues only of Vegetable remedies extracted by Chemical process in a state of purity, and combined together in such a manner as to insure the best results. The system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious.—While by the old mode of composition, every medicine is burdened with more or less of scrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance are left behind, the curative virtues only retained. Hence it is self evident the effects should prove as they have proved, more purely remedial, and the Pills a more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that many medicines should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made, to the whole body of practitioners in the United States and British American provinces. If, however there should be any one who has not received them, they will be forwarded by mail to his request.

Of all the patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Prepared by DR. JAMES C. AYER, Practical and Analytical Chemist. Lowell, Mass.

Price 25 cents per box. Five boxes $1,00.

Sold by E. W. Palmer; E. H. Parker, and all Druggists in Kingston and vicinity. 138

STARTLING, BUT TRUE!

THAT EVERY WOMAN SHOULD KNOW.

READER, are you a husband or a father? a *life* or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety followed by sleepless nights, incapacitating the mind for its ordinary avocation and exhausting those means for medical attendance, medicines and advertised nostrums, which otherwise would provide for declining years, the infirmities of age and proper education of your children.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery.

"And must this continue? Must this be? Is there no remedy? No relief? No hope?"

The remedy is by knowing the causes and avoiding them, and knowing the remedies and benefiting by them.

These are pointed out in

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION
BY DR. A. M. MAURICEAU.
PROFESSOR OF DISEASES OF WOMEN.
One Hundredth Edition (500,000) 18mo., *pp.* 250.

[ON FINE PAPER, EXTRA BINDING, $1,00.]

A standard work of established reputation, found classed in the catalogues of the great trade sales in New-York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES

have been sold, of which there were upwards of *One Hundred Thousand Sent by Mail*, attesting the high estimation in which it is held as a reliable popular Medical

BOOK FOR EVERY FEMALE,

the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands, both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, cases of, and the proper remedies for her complaints.

The wife about becoming a Mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm, as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice? Many suffer from *prolapsus uteri* (falling of the womb,) or from *fluor albus* (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions; it has been found necessary, therefore, to

CAUTION THE PUBLIC

to buy no book unless the words "Dr. A. M. MAURICEAU, 129 Liberty Street, N. Y." is on (and the entry in the Clerk's Office on the back of) the title page; and buy only of respectable and honorable dealers, or send by mail, and address to Dr. A. M. Mauriceau.

☞ Upon receipt of One Dollar, "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" is sent (*mailed free*) to any part of the United States, the Canadas and British Provinces. HOLLOWAY'S OINTMENT

A most Astonishing Cure of Scrofulous Ulcers,—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

TO PROFESSOR HOLLOWAY,

Dear Sir,—MRS. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By perseverring with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly.

(Signed) J. NOBLE.

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

TO PROFESSOR HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permamnt amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,

(Signed) ELIZABETH YEATES.

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

(Signed) JOHN SMITH.

Surprising Cure of a Bad Breast, Nervous Debility, and general ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th. 1853.

TO PROFESSOR HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was pursuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedly improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

(Signed) T. FORSTER KER.
