Testimonals from Professors and Opinions of the Press.

HORACE WATERS, Esq., 333 BROADWAY:

Dear Sir—Having examined your Piano Fortes from scientific and appropriate tests, I am enabled to form a satisfactory judgment of their merits, and it is with pleasure that I can speak of them as among the most celebrated and improved makes of the day.

For power, brilliancy and richness of tone, elasticity of touch, and beauty of finish, they will not suffer in comparison with those of any other manufacturer, and those desirous of obtaining a really good Piano Forte—one that will prove an equivalent for their means, will find such a one in your beautiful instruments.

THOMAS BAKER,
R. A. M. Leader of Jullien's Band, and Musical Director and Conductor at Niblo's Garden.

For power, brilliancy and richness of tone, elasticity of touch, elegance and durability of make, they are in advance of any other pianos in the United States, being the result of long experience and a series of experiments.—N. Y. DISPATCH.

The treble is clear, pure, powerful, and very melodious, the bass is deep, rolling, and sonorous; the middle part is rich and sympathetic, and possesses the power of singing, *i. e.* of uniting the sound of each tone, in a degree but rarely achieved.—HENRY C. WATSON.

For power tone, depth of bass, and brilliancy of treble, together with accuracy of touch, they are equal to any make I am acquainted with, and I cordially recommend them to those wishing to purchase.—V. C. TAYLOR.

Our friends will find at Mr. Waters' Store the very best assortment of music and of pianos to be found in the United States, and we urge our southern and western friends to give him a call when they go to New York.—GRAHAM'S MAGAZINE.

We consider them worthy of special attention, from the reasonant and exceedingly musical tone which Mr. Waters has succeeded in obtaining.—N. Y. MUSICAL WORLD & TIMES.

The Horace Water's Pianos are of superior tone and elegant finish.—N. Y. CHRISTIAN INQUIRER.

Nothing at the State Fair displayed greater excellence in any department than the Piano Forte manufactured by Horace Waters, of this city.—CHURCHMAN.

Horace Waters' Piano Fortes are of full, rich, and even tone, and powerful.—N. Y. MUSICAL REVIEW.

The Editor of the SAVANNAH REPUBLICAN Savannah, Ga., speaking of the Piano-Fortes kept by Messrs. J. W. Morrell & Co. of that city, says:

"It will be seen that their stock comprises instruments of every grade of excellence, from the well known manufacturing establishments of Chickering & Son, Horace Waters, H. Worchester, Nunns & Clark, and Bacon & Raven. It might well be supposed, that in so large a collection there would be some very fine instruments. But there is one which, for beauty of finish and richness and brilliancy of tone, equals, if it does not excel, anything of the kind we have ever seen. It is from the establishment of Horace Waters. Being constructed of the best and most thoroughly seasoned material, and upon improved principles, it is capable of resisting the action of every climate, and of standing a long time in tune. The keys are of pearl, and the recess for the finger-board is inlaid with pearl, while the legs are most elaborately carved, and the whole instrument finished up in a style of great excellence and beauty. And yet its chief merit lies in the power, brilliancy, and richness of its tone, and the elasticity of its touch.

Advantages of this Institution.

INCREASING RATES OF PREMIUM

A Table of Rates peculiarly applicable to cases where Assurances are effected for securing the payment of debts, and to all other cases where a Policy may be required for a temporary purpose only, but which may be kept up, if necessary, throughout the remainder of life.

HALF-CREDIT RATES OF PREMIUM.

Persons assured according to these Rates are allowed credit for half the amount of the *first seven annual Premiums*, paying interest thereon at the rate of five per cent. per annum, with the option of paying off the arrears of Premiums at any time, or having the amount deducted from the sum assured when the Policy becomes a claim.

SUM ASSURED PAYABLE DURING LIFE.

A Sum may be secured, payable at the death of the Assured, if he die before attaining SIXTY years of age, but also *payable to the Assured himself, if he attain that age*,—thus combining provision for old age with an assurance upon life.

Orphans' & Children's Endowment Branch.

This Branch has been established for the purpose of affording to parents, guardians and others, the means of having children educated and started in life; thus protecting them from the difficulties and destitution to which they may be exposed by the premature deaths of those on whom they are dependent. Reversionary Annuities may thus be secured to commence at the Parent's death, and to be paid until the child if a son, shall have completed his 21st, or, if a daughter, her 25th year of age.

Policies revived, without the exaction of a fine, at any time within twelve months.

Age of the Assured in every case admitted in the Policy.

Medical Attendants remunerated in all cases for their Reports.

Thirty days allowed for payment of Renewal Premiums.

Ladies and others, to whom it may be inconvenient to appear at the Office, visited by one of the Medical Officers.
