Inspector's Report Very Complimentary

On the Conduct and Efficiency of Acton Schools — Fall Re-Opening on September 5

At the regular meeting of the School Board, on Tuesday evening, Trustees W. E. Graham, W. R. Norton, J. F. Scarrow and Rev. P. A. Sawyer were present and Chairman J. M. McDonald presided.

A letter was read from Miss Mortimer, B. A., confirming her engagement as teacher in the Continuation School here.

Mr. Herbert, the new Principal of the Continuation School, had been in touch with the Secretary and was arranging a tentative time-table and allocation of subjects for the staff, as requested.

The Secretary was requested to order a supply of Kaustine for the school.

A drum of floor oil was also to be secured so that the floors could be prepared during the holidays.

Miss M. Z. Bennett, Principal of the Public School, submitted a list of supplies that were required before the re-opening of the School in September. The total list was to cost about $15.00. The Secretary was instructed to secure these supplies.

It was decided to use Hippo oil on the floors in the Continuation School and the necessary supply was to be secured.

Inspector Denyes' term report was read by the Secretary. The report was very complimentary to Acton Schools and the staff and reads as follows:

"In reporting briefly on the conduct of your school for the current term I have pleasure in testifying to the highly satisfactory conditions that continue so far as the organization of the school and the work of the staff is concerned. It is unnecessary for me to make special mention of features to which I have previously adverted. Evidences of progress are not lacking in any grade. The desired standard of proficiency continues to be well maintained. There is no occasion for unfavorable comment in either instruction or management in any form; all of which is very satisfactory to me and the ground of congratulation to you in the efficiency of the unbroken staff of your school. The enrollment of the school is 302, a decrease of only two this term. The enrollment of this school has been remarkably uniform for the past two years. Congratulations are due on the continued outstanding success attained by the school in the subject of music, as evidenced in the recent County Musical Festival Competition. Particularly in the permanent winning of the cup for the largest number of points scored by any school. Mrs. Moore continues to handle this subject with marked ability.

"I am glad to note the co-operation of the school with the Public Library Board in the provision of supplementary reading for the pupils of the school. This is an admirable arrangement and I trust it may be continued. The accommodations of the school are maintained at a very satisfactory standing and the caretaking is looked after very efficiently."

The Board was naturally pleased with such a splendid report and ordered that the document be filed.

The seventh report of the Finance Committee recommended payment of the following accounts:

The Geo. M. Henry Co. Ltd., supplies	$14.50
James Symon supplies	1.02
The Mail & Empire, advertising	2.76
The Globe, advertising	3.23
T. Oakley, repairs	3.15
A. H. Bishop, miscellaneous	2.00
	$26.66

The report was adopted.

Upon motion, it was decided to have the Schools re-open on Tuesday, September 5, rather than on September 1, which comes on a Friday this year.

A car of coal was to be ordered for delivery the last week in August, just before the re-opening of the Schools.

It was thought possible that the August meeting of the Board would be unnecessary, as nearly all the business was consummated that was required before the opening of the schools.

During the Muddle

To accommodate all during the operation of two time schedules in Acton, is rather difficult. The Fair Pass is, in common with others, trying to accommodate all. The staff of the office is adhering to the daylight saving schedule in order to not interrupt households seriously. The office will remain open on Monday, Tuesday and Wednesday until six o'clock, standard time. On Thursday and Friday evening it will be open until five o'clock, and on Saturday afternoon at four o'clock. The sav[illegible] office will, however, be [illegible] standard time, [illegible] the office [illegible]

Serious Accident Narrowly Averted

A serious accident was narrowly averted last night on Mill Street when Rigby Cross fell from his bicycle directly in the path of an automobile but was not struck. The lad was riding along Mill Street when the frame of his bicycle doubled up and he was thrown over the handle bars. The car, driven by a Guelph motorist, was immediately following and was brought to an instant stop. It was thought at first that it had struck him, but such was not the case. Rigby suffered some painful bruises on the head and limbs but was fortunate to avoid being run over by the car. The accident happened on Mill Street, between Willow and Main Streets.

Dublin Institute Meeting

Dublin branch of the Women's Institute held their June meeting at the home of Mrs. C. VanGoozen. Mrs. Storey had charge of the programme. The roll call was responded to by Ontario county and county town. Mrs. N. Anderson read the splendid report of the District Annual, held at Burlington. It was decided to have a picnic, the date to be set later; then the following programme was given: Reading, by Miss Edith Nelles; and a reading, entitled "Mistakes," by Mrs. Bracken. A vote of thanks was tendered the hostess for the use of her home, and the meeting closed with the Institute Anthem. Lunch was served and a social time spent.

Congregations United for July and August

The Baptist and United Churches have a very happy arrangement for the summer months of July and August. During July, Rev. Mr. Gifford will take his holidays and the two congregations will meet in the Baptist Church, and the Rev. C. L. Poole will be in charge, and the choir of the Baptist Church will furnish the music and lead the singing. In August Rev. Mr. Poole will be free, and the services will be held in the United Church, and Rev. Mr. Gifford will be the minister, and the choir of the United Church will be in charge of the service of praise. These arrangements will afford a holiday for one month to each minister, choir and caretaker of the churches concerned, and are greatly appreciated. The congregations are asked to make these services a source of great blessing to all.

The Borthwick-Millard Wedding at Guelph

A very pretty wedding was solemnized at the Parsonage of Paisley Memorial Church, Guelph, on Saturday, July 1, 1933, by the Rev. Wm. J. Fiddes, when Bessie, second eldest daughter of Mr. and Mrs. John Millard, was united in marriage to Robert William, eldest son of Mr. and Mrs. Norman Borthwick, both of Guelph. The bride looked lovely in a blue crepe dress with white hat, shoes and gloves. She was attended by her sister, Mrs. Clifford Jeffrey. Mr. William Millard acted as best man. After the ceremony about thirty-five guests sat down to a very delicious supper. Mayor J. B. Mackenzie, of Georgetown, uncle of the bride, proposed the toast to the bride, the groom responding. The bride and groom left next morning for Midland and northern points, the bride travelling in a navy blue suit with matching accessories. On their return they will reside at 9 Ontario Street, Guelph. The out-of-town guests were from Rockanville, Sask., Georgetown and Guelph.

The Garden Party Last Night

The garden party last evening, under the auspices of Knox Church Ladies' Aid proved quite an attraction and was fairly well attended. The location in the Park for holding the event was a new one and proved quite satisfactory and convenient. The Arena was utilized for dressing rooms for the artists and the projecting roof of the Agricultural Building provided an excellent booth. A varied and entertaining programme was presided over by the genial minister of the congregation, Rev. H. L. Bennie. Acton Citizens' Band gave a good programme of musical numbers. Miss Hudson, pianist, contributed several well rendered piano solos. A children's double trio, composed of a group of winners at the Musical Festival was a novel number. The numbers given were, "Dashing Away with the Smoothing Iron," "Bashful Johnny," and "The Rising of the Lark." The juvenile artists were Frances Chisholm, Mary Young, Helen Mainprize, Victor Bristow, Vernon Agnew and Charles Tyler. Mr. P. Salt was their accompanist. The quartette, composed of Messrs. Geo. Musselle, P. Salt, W. Burton and Alex. Mann, contributed several appreciated selections, with Miss L. M. Gray as their accompanist. The elocutionist engaged for the programme had been unable to attend and Rev. Mr. Bennie very capably supplied numbers to compensate for this disappointment in arrangements. Mr. Peter David, Welsh comedian, has not appeared for some time before an Acton audience. His songs, humor and character acting kept the audience amused and entertained. It was an ideal evening for an outdoor function. The booth did a busy trade and all enjoyable time was spent.

Recital by Pupils of Mrs. W. Gowdy

The pupils of Mrs. W. Gowdy gave a delightful recital at her home in Limehouse last week. The programme included piano solos and duetts, vocal selections and a playlet by seven girls. The pupils taking part were Helen McGowan, Helen Meredith, Gwendolyn Hill, Mary Norton and Jean Mitchell, all of Limehouse; and Kenneth Nisbet, Kenneth Hassard, Frances Chisholm, Dorothy Footitt, Vera Vickers and Margaret Brown, of Acton. An appreciated and well rendered number was the rendering of the part song, "Come Where the Lilies Bloom," by Rev. and Mrs. G. I. Stephenson and family, who have removed to Limehouse recently, where Mr. Stephenson has charge of the United Church. The serving of a dainty lunch culminated this little social event.

News of Acton and the District

Entrance Exams Over

The Entrance examinations were completed yesterday. Forty pupils wrote at Acton on these tests and of these nine were required to take them from the Acton School. Miss Phalen, formerly Principal of Acton Continuation School, presided over the class here.

Successful in Music

At the mid-summer examinations of the Toronto Conservatory of Music, Misses Reta Allan and Alberta Beswick passed their Introductory Piano examinations with honors. They are pupils of Miss Violet Kirkwood.

Fined for Being Drunk

Monte Logan and Edward Logan, of Georgetown, were fined $15 and cost each on charges of being intoxicated in a public place by Magistrate J. R. Elliott in Milton police court on Monday. They were arrested near Georgetown on Friday night by Chief W. G. Marshall. They will face charges of illegal possession today.

Picnicked at Bronte

The Catchecism Class of St. Joseph's Church, Acton, on Tuesday, July 4, held their picnic at the Beach Park, Bronte. Over fifty attended the picnic, which proved to be the best yet. All the way down to Bronte and back again the children sang and shouted. The youngsters thoroughly enjoyed themselves playing in the sand and swimming in the lake, which was lovely and warm. Then the races took place. Boys, 8 years and under, Charles Arnold, Fritz Bleuthner, James Robertson; boys, 11 years and under, Jack Cooney, Paul Bleuthner, Bernard Leatham; boys, open, Lino Marso, Jack Cooney, Francis Papillon; girls, 8 years and under, Rina Braida, Wanda Stanelk, Shirley Duval; 11 years and under, Dorothy Arnold, Annie Kelly, Kathleen Sweeney; open race, Theresa Campbell, Kathleen Sweeney, Dorothy Phillips. Then the children sat down to a wonderful supper, which was prepared by the ladies. After the girls played the boys at baseball and the boys won, 13 to 11. Then they went for another dip in the lake before returning home. All were tired but happy, awaiting anxiously for another.

The Homewood-Brown Wedding at Milton

Grace Anglican Church, Milton, was the scene of a pretty wedding when Miss Winnifred Rose Brown, daughter of Mr. and Mrs. William Brown, of Oakville, became the bride of Mr. Sylvester George Homewood, son of Mr. and Mrs. George Homewood, of Milton. The bride, who was given in marriage by her father, was becomingly gowned in white georgette and taffeta, made on princess lines with leg o' mutton sleeves, white crepe turban and matching accessories. Her flowers were talisman roses. Mrs. George Emery, sister of the groom, was matron of honor, wearing a blue crepe ensemble and carrying butterfly roses. The groom was supported by Mr. George Emery, of Toronto. Rev. Canon Naftel, Rector of the church, performed the ceremony in the presence of about 30 guests, and Miss A. Tickner, of Milton, played the wedding music. Following the ceremony a reception was held at the home of the groom's mother, Mrs. George Homewood, who received in a costume of black georgette with white trimming, black mohair hat and corsage of Butterfly roses. Mrs. Brown, mother of the bride, received with her, wearing a gown of brown and coral silk with coral crepe hat and corsage of Butterfly roses. In the evening Mr. and Mrs. George Vaughan entertained in honor of the bridal party. Mr. and Mrs. Homewood will reside in Campbellville.

Two Drown in Credit River

A father's desperate attempt to save his drowning son brought death to both on Sunday, when Jacob Lammerse, 49, and his son, Robert, 13, lost their lives in the Credit River, near the Erindale dam. A treacherous eight-foot-deep hole, where two children were drowned several years ago, was the scene of the double fatality. Unable to swim and clad in heavy rubber hip boots and a fishing coat, the father threshed through the water to a spot 30 feet from where he had been fishing, towards 13-year-old Robert, whose frightened cries were heard by several hundred picnickers on either bank. What happened when the father reached the boy is not clear to the minds of the spectators, but it is believed Robert, in his struggle, pulled his father into the hole. The boy, too, could not swim a stroke, and both went under, Robert holding to his father with a frantic death grip. An unidentified spectator dived in fully clothed to the rescue but he soon got into difficulties and was forced to get back to water within his depth. Other spectators recovered the body of Lammerse about 20 minutes later, but the body of Robert was not recovered until about an hour later, the current having carried the body out of the deep hole into [illegible] A[illegible] cut for [illegible] one [illegible] [illegible]

Council Upholds Daylight Saving Vote—Two Months of Two Times

Will Take No Action in View of Large Vote Opposing Issue at Municipal Elections—Enlargement of Bathing Beach Discussed—Whereabout of William Stewart or His Heirs is Sought—Legacy of £150 Awaiting in Glasgow, Scotland.

At the regular meeting of Acton Council on Monday evening, Councillors W. A. Lasby, E. Jones, J. E. McMillan and S. M. Lasby were present and Reeve E. Thetford presided.

Mr. J. P. Scarrow made inquiry on behalf of the Canadian Legion regarding the rental of the Town Hall and what performances were permissable under the license now held for the Town Hall. His objection was expressed to any individual having a monopoly on this type of business.

The Council gave particulars of the conditions of the license. Council also suggested that Mr. Scarrow write to the Provincial Department and secure a ruling on what type of entertainment could perform in the hall.

The fourteenth report of the Finance Committee recommended payment of the following accounts:

Acton Free Press, printing Voters' Lists, etc.	$122.05
R. M. McDonald, funds received for direct relief from Provincial Treasurer	125.74
Acton Public Utilities Commission, street lighting	147.00
Acton Public Utilities Commission, Town Hall lighting	2.38
Acton Public Utilities Commission, Arena lighting	7.25
Acton Public Utilities Commission, pump house lighting	.96
Acton Public Utilities Commission, power for pump	19.24
	$424.63

The report was adopted.

The closing by-law and the matter of Daylight Saving Time were discussed by the Council at some length, and the various phases of the confusion were rehearsed. It was pointed out that the majority had been almost two to one opposing the Daylight Saving measure, at the election. In view of the situation the Council decided to take no action in the matter.

A list of tax arrears was reviewed by the Council and each case taken up individually, and reported upon by the Clerk and the Municipal Officer. The list, as revised, was put in the hands of Chief McPherson for action regarding collection.

A letter was read to the Council with which had been enclosed a theatre license fee. The letter expressed pleasure at the consideration the Council had shown in the present times.

A communication was read from MacKay, Paterson & Chalk, solicitors, of Glasgow, Scotland, requesting information regarding the whereabouts of George Stewart or his heirs. The letter read, in part: "Information is desired as to the heirs of Mrs. Margaret Stewart (nee Paterson) who died many years ago at Clear Lake, Iowa, and is buried there. Her son, George Stewart, married many years ago, apparently somewhere in Texas. If George Stewart is living he must be a very old man, as we are informed that 60 years ago he and his wife, Mary Carlow, who came from Guelph, Canada, had three children, William, Margaret and James Stewart. George Stewart was a Presbyterian in religion and his mother and ancestors belonged to Perthshire, or Sterling, Scotland. A sum of approximately £150 is payable to the said George Stewart or his heirs, under deduction of the expenses of tracing them."

Endeavor was to be made to trace Mr. Stewart, as Councillor Lasby felt a man answering the description resided in Nassagaweya.

Complaint was made of the impropriety of bathers' costumes in going to and from the Park and on the streets about town.

The matter of purchasing an additional lot from Wm. Landsborough, adjacent to the Park, was discussed by the Council, but no action was decided upon. It was pointed out that this land would make the enlargement of the bathing beach possible and be a real asset to the present facilities of the Park.

Herd Bull Demonstrations

Political Meeting To-morrow Night

Another political meeting will be held in Acton Town Hall to-morrow (Friday) evening. Hon. Chas. McCrea, the Minister of Mines for Ontario, and Halton's member in the Dominion House, Dr. R. K. Anderson, will address this gathering. They will answer statements that were made by Mr. Hepburn, Provincial Liberal Leader, and Mr. Philpott, C. C. F. nominee for Halton, at their Acton meetings.

A Holiday Home Gathering

On Dominion holiday, at the home of Mrs. R. H. Wansbrough, on Lake Avenue, the following members of the family gathered: Mr. and Mrs. H. Roy Wansbrough, Betty and Donald, of Toronto; Mr. and Mrs. Frank Day and George, of Rockwood; Mr. and Mrs. Gordon Mackay, Bruce, Muriel and a girl friend, of Toronto; Mr. and Mrs. Allan Smith, Wannetta and Harold, of Acton; Mr. and Mrs. Harold Wansbrough, of Toronto. All enjoyed a good time with their mother.

Examining Some Fertility Tests in Halton

Early in the week an interested group of farmers, fertiliser manufacturers, College officials, and soil fertility specialists, visited the farm of Mr. L. DeVries, where there is being conducted an exceedingly interesting pasture management test. In accord with the European practice, Mr. DeVries, who is one of Halton's progressive dairymen, laid out his 13½ acre river bottom pasture into three fields. Two of these fields were fertilised in the spring of 1932 and received a light dressing of clover seed in the spring of 1933. Mr. DeVries keeps a herd of 12 adult dairy cows and considerable young stock. These he pastures in the field just mentioned, using one field at a time. During the rest period, when the cattle are not pasturing on the vacant fields, there is time for the grass and clover to recover. By the use of fertilisers supplementing this rest period exceedingly valuable results have been obtained. Time did not permit visiting all of the tests of Halton County, but the party were informed that another test is being conducted on the farm of Mr. George Burt, near Georgetown, where three fertilisers were applied to alfalfa. Another demonstration of great interest is being conducted on the farm of Mr. A. Swackhamer, at Acton, where 6 different fertilisers are being tested on turnips. These, of course, are not far enough along to show differences at present. The visitors were especially impressed with the splendid type of farms that prevail in Halton County.

TOWN WON FROM TANNERY

In Series of Four Games at the Acton Lawn Bowling Greens — Just Four Points Difference

The past two weeks have seen some splendid bowling games between four Town teams and four from the Beardmore Co. plants. The games were played on Tuesday and Thursday evenings. It seems that Tuesday was the lucky night for the tannery and the town had all the horseshoes on Thursday evenings.

When the third game had been played the Tannery teams were leading by 22 points on the series. Over-training, or overconfidence or something happened and the Town boys cut down the big lead on Thursday and added four more points to win.

The following are the skips of the rinks and the scores:
