HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA AFTER FIVE YEARS SUFFERING.

The following Testimonial has been sent to Professor Holloway, by a Gentleman name Middleton, of Scotland Road, Liverpool

Sir,—Your Pills have been the means, under providence of restoring me to sound health after five years of severe affliction. During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks duration, attended with a violent cough, and constant spitting of phlegm intermixed with blood. This outbook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

A PERMANENT CURE OF A DISEASED LIVER OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Billious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means, of saving her life.

An Astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital Incurable.

Copy of a Letter from Mr. W. Moon of the Square, Winchester.

To Professor Holloway,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and I was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town; but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go to the County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed I have felt no return whatever of the complaint.

An Extraordinary Cure of Dropsy, after Suffering for Eighteen Months.

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

Professor Holloway,

Sir,—I have much pleasure of informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that bloused his body and limbs to be much swollen, and water oozed as it were from his skin so that a daily change of apparel became necessary, notwithstanding the various remedies tried and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it.

(Signed) G. BRIGGS.

PRIVATE AND CONFIDENTIAL MEDICAL ADVICE

At the Buffalo Private Hospital, established for the cure of Syphilis, Seminal Weakness and the Secret Infirmities of Youth and Maturity, by Dr. AMOS & SON, Buffalo, N. Y. Office, corner of Main and Quay-sts., (Up Stairs.)

A MOST SCIENTIFIC INVENTION.

An instrument for the cure of genetal Debility, Impotence, Incontinence, or Nocturnal Emissions.

This Instrument has been used with the most happy effect in the practice of the most eminent physicians and surgeons in the British Empire, France and Germany. Indeed, so remarkable were the cures, that the late "Sir Astley" hailed it as the "Harbinger of Life." The use of this will fully sustain the high encomium.

YOUNG MEN TAKE PARTICULAR NOTICE.

Dr. Amos & Son are the only physicians in the State who are members of the Royal College of Surgeons, London, graduates of one of the most eminent colleges of the U. States take pleasure in announcing that they have invented a most important instrument for the cure of the above diseases. It has been subjected to an tested by the most eminent physicians in London, Paris, Philadelphia, and New York. It has been declared to be the only useful instrument ever yet discovered for the cure of seminal weakness or any disease of the genital organs arising from that solitary habit of self indulgence, which destroys both body and mind, unfitting man either for marriage or society.

Dr. Amos & Son, in order to satisfy the most sceptical as to the merits of their instruments, pledge themselves that in any instance where they may prove unsatisfactory, after a fair trial, the money will be refunded by returning the instrument in good order.

Persons wishing the above useful instrument will observe that the price with accompanying directions, securely packed, and sent by express is ten dollars.

NEW REMEDIES AND QUICK CURES.

For all private complaints, gleets, strictures, pains in the loins, affections of the kidneys, diseases of the head, throat, nose and skin, and all those dreadful affections arising from a secret habit of youth, which produce constitutional debility, render marriage impossible, and in the end, destroy both body and mind.

GENERATIVE DEBILITY.

Seminal Weakness, Impotency, &c., unhappily so frequent and prevalent, arising either from early abuse, intemperance, excess of pleasure, mental sympathy, or other injurious causes, have yielded in a short time to their mode of treatment, and they have in many cases, apparently hopeless, effected a complete restoration.

The above diseases are generally acknowledged to be the most important organs of the human frame. So manifold are the dangers to which they expose their victim, and the consequence which they may entail, not only on his health, but that of his offspring also, are so serious, that we are struck with surprise when we consider that the study has formed the exclusive object of so few Medical Men. It is doubtless in the very limited number of the latter, that we look for a reason why the treatment of those complaints is so inferior to that of all others, and that no sensible improvement has been made in it for a period of more than three centuries, during which the same means have been employed as continues to be prescribed at the present day. Thence it is by no means wonderful if the treatment of these disorders has become the domain as it were, of quacks and empirics, who, devoid of all medical science and legal right whatever, arrogate to themselves the power of deciding upon the health, and upon the life even, of their fellow-creatures. The purpose we have in view is, to snatch the victims of those pretenders from the snare which ignorance and cupidity are constantly laying for them. If we succeed, our task will receive the happiest accomplishment, and our long and laborious researches their noblest reward.

BEWARE OF IMPOSITION.

Dr. Amos & Son have for a long series of years been engaged in an extensive practice in the treatment of these delicate complaints, and are the only legally qualified physicians who, regardless of the taunts and envy of the hypocritical and mock-modest, have had the confidence through the medium of the public press, to direct attention to these enormous evils, from which no grade of society is free. In selecting this department of practice they have been amply rewarded by the great success that has attended their efforts in the treatment of these cases, which are too generally confined to the care of unqualified and ignorant empirics, who, with their pirated publications, assumed foreign names and titles, and pretended virtues of their patent nostrums, have inflicted serious injury on those who have been induced to place faith in their pretentions.—[Medical Review.

Dr. Amos & Son have made arrangements whereby packages can be forwarded with secrecy and dispatch to all parts of the world.

GOOD NEWS! GOOD NEWS!!

Those of our readers who have not tried that valuable preparation known as DR. JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA, for the cure of the very many diseases with which mankind are afflicted, are requested to read the annexed testimonial forwarded to DR. BULL a few days since, by JACOB G. FRENCH, Esq., a gentleman long connected with French's Hotel of this city, and extensively known as a man of unblemished integrity, who would not endorse any medical preparation unless thoroughly convinced of its efficacy.

French's Hotel, New York, December 6, 1854.

DOCTOR BULL, M. D.,—Dear Sir: The immense practical benefit I have derived from the use of your *Fluid Extract of Sarsaparilla* induces me to recommend it urgently to all who, like myself, have been subject to that distressing malady, *Complaint of the Kidneys*. I have found your preparation all I could desire, and regard it as one of the best remedies within my own personal knowledge. Sincerely grateful for the health I have received through your immediate agency, I beg leave to subscribe myself,

Very respectfully, yours,
JACOB G. FRENCH.

True American Office, New York, December 8, 1854.

DR. BULL, No. 2 GILSEY'S BUILDING, NEW YORK—

Dear Sir: Being personally acquainted with Mr. French, I take pleasure in superadding my corroboration in testimony of the cure effected in his case through the instrumentality of your invaluable compound. Having personally availed myself of the curative properties of your *Fluid Extract of Sarsaparilla*, particularly in the purification of the blood and the consequent anticipation of those universal disorders attendant upon the changes of the season, I would cordially recommend it as a family medicine which should be maintained in every household. A remarkable instance of the influence of your remedy upon the restoration of the frame, and the all-but miraculous resuscitation of a body weakened to the last degree by the excesses of animal indulgence, occurred in the case of an eminent manufacturer in this vicinity, whose modesty, and not want of inclination, precludes him from a publication of the detailed circumstances of his afflicting disease, which threatened to determine into settled rate of premature leprosy. I am assured by him, that by the use of your *Fluid Extract*, he has been completely restored to his former and correct enjoyment of unimpaired health.

Yours, sincerely,
THOMAS PICTON,
Editor of the True American, New York.

ASTONISHING AND RAPID CURE OF SCROFULA.

We urgently request our readers to read attentively the following statement presented to Dr. JOHN BULL last St. John's Day, by WILLARD A. GOLDSMITH, Esq., of this city, and solemnly sworn to before a Public Notary. It exhibits the case of a gentleman who has been afflicted by Scrofula *from his earliest infancy*. He had completely *exhausted* the skill of the medical faculty of New York, and was apparently a doomed man. A trial of *Dr. John Bull's Fluid Extract of Sarsaparilla* has given him health, and he now recommends to *others* that valuable and potent remedy which has saved him from a premature grave. The original affidavit, to which is affixed the Notarial Seal of Henry C. Banks, Esq., before whom the deposition was taken, can be seen at Dr. BULL's principal office, No. 2 Courtlandt-street (Gilsey Building), Near Broadway, New York.

STATE OF NEW YORK, CITY AND COUNTY OF NEW YORK, } ss.

WILLARD A. GOLDSMITH, being duly sworn, pursuant to law, deposes and says, that he resides in the City of New York; that he is engaged in the business of steel and copper-plate engraving;

That *Scrofulous Affections* have been hereditary in his family and hereditary; that all of his immediate relations have been more or less afflicted with it, and that he has not been free from the disease at any time since his earliest recollection; that being much bodily pain, and prevented from attendance to business, he tried many of the physicians, but found no substantial relief;

That about three months since, *Dr. John Bull's Sarsaparilla* was recommended to him as possessing some qualities which would relieve his difficulties and purify his blood;

That after using this medicine for a short time a feeling of improvement was manifest, and from that moment to this, a gradual but steady advance has been realized, and he is now, not only entirely free from all pain, but is enabled to give his business all attention, and is enjoying better health than he ever believed was in store for him;

That he has also used the *Sarsaparilla of Dr. Bull* in his family with similar results, and believes it to be the best purifier of the blood that can be used, and as a general tonic medicine *without an equal*;

That he can and does, with *the most positive confidence*, recommend the use of this medicine to *all* who may be similarly afflicted.

And further this deponent saith not.

(Signed) W. A. GOLDSMITH.

Dr. De Ross is one of the very few legally qualified physicians who through the medium of the public press have ventured to introduce appropriate remedies for the diseases treated upon in the above work, the peculiarities of which from long practical experience in the most celebrated institutions of this country and the continent, he has had perhaps unusual opportunities of observing. The necessity for sound practical judgment in such serious cases must be obvious, hence the inference that the greatest amount of benefit may be most reasonably expected at the hands of those members of the medical profession who have made these complaints their particular study, and to those only who possess the requisite qualifications can confidence be safely extended.

HOLLOWAY'S OINTMENT

A most Astonishing Cure of Scrofulous Ulcers,—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor Holloway,

Dear Sir,—Mrs. Sarah Dixon of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills; and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly,

(Signed) J. NOBLE.

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To Professor Holloway,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,
(Signed) ELIZABETH YEATES.

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. Dixon,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,
(Signed) JOHN SMITH.

Surprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th, 1853.

To Professor Holloway,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was pursuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,
(Signed) T. FORSTER KER.

AYER'S CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give *Directions* for their use in the complaints which they have been found to cure.

For Costiveness.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of Piles, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Dyspepsia, which is sometimes the cause of *Costiveness*, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the *heartburn, bodyburn*, and *soulburn* of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a Foul Stomach, or *Morbid Inaction of the Bowels*, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

For Nervousness, Sick Headache, Nausea, *Pain in the Stomach, Back, or Side*, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

For Scrofula, Erysipelas, *and all Diseases of the Skin*, take the Pills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

To Purify the Blood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

Liver Complaint, Jaundice, *and all Bilious Affections* arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhœa, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhœa, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

Rheumatism, Gout, *and all Inflammatory Fevers* are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a Dinner Pill, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.

DOCTOR HOOFLAND'S
CELEBRATED
GERMAN BITTERS,
PREPARED BY
DR. C. M. JACKSON,
GERMAN MEDICINE STORE,
No. 120 Arch St., one door below Sixth Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of the liver and lesser glands, exercising the most searching power in weakness and affections of the digestive organs, they are withal safe certain, and pleasant.

READ THE TESTIMONY:

Capt. Daniel Abbott, Brooklin, Maine, July 1853, says: "I was taken sick one year ago, last April, upon my passage from Havana to Charleston, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep, or appetite. At last taking up a newspaper having your advertisement of "Hoofland's German Bitters" in it, I sent for some immediately, this was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for suppef, and rested well that night, and the next day found me a well man. I have not been without your medicine since, having been sailing between Baltimore, Charleston and the West India Islands ever since. I have now given up going to sea, and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters, we think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 10 years, has been complaining of a pain in her side, for six or seven years, and about the first of January last, was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters" I was induced to try it in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now after taking one bottle, she is enjoying better health than she has for years. She feels no pain in her side or in any part of her body, and attributes her cure entirely to the German Bitters. WILLIAM CLARK,

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are entirely vegetabel, thereby possessing advantages over most of the preparations recommended for similar diseases.

For sale by respectable dealers and store keepers generally, and by E. W. Palmer and E. H. Parker, Kingston.

STARTLING, BUT TRUE!

THAT EVERY WOMAN SHOULD KNOW.

Reader, are you a husband or a father? a life or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety followed by sleepless nights, incapacitating the mind for its ordinary avocation and exhausting those means for medical attendance, medicines and advertised nostrums, which otherwise would provide for declining years, the infirmities of age and proper education of your children.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influence incident to the enjoyment of health, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery.

"And must this continue? Must this be? Is there no remedy? No relief? No hope?"

The remedy is by knowing the causes and avoiding them, and knowing the remedies and benefiting by them.

These are pointed out in
